AUTHOR'S NOTE

Why I Created the Four-Volume Series

My name is Janine of House Arabella and Walters.

Many threads of my life have led to this work: my love for Abba Father our Creator, my love for family and to protect the freedom of future generations, my professional background in occupational therapy, mental health, needs assessment, mediation, coaching, vocational and social rehabilitation, health-service development, business management, property development, building of homes, together with my work in community development and practical community problem-solving. Across all of these areas I have been guided by one persistent question: can we find a better way—one that protects life and freedom, strengthens families, restores what has been harmed and helps communities live together in love, truth, responsibility and peace?

I wanted men and women to be free from unnecessary control and able to participate meaningfully in the life of their own communities. Leadership should serve rather than rule. Authority should carry responsibility. Justice should protect, hold wrongdoing accountable and seek restoration wherever possible. No man or woman should place themselves above another; when harm occurs, each must answer for their own actions through a fair and transparent process.

I started a process firstly to hold those accountable for harm caused to me and my daughter with Health New Zealand when I discovered that the corporate and legal system was designed to avoid any liability of the big corporations and government. I saw a lot of injustice and decided that I would go the full distance to hold the big corporations and the officers that run them accountable for their actions with the goal to bring about change. Instead I discovered that the system was corrupt to its core so decided to challenge the whole system. Of special significance while I was still grieving for the loss of my daughter the COVID-19 pandemic and vaccine mandates occurred that had a lot of parallels to what had happened to my daughter. My daughter had been placed under the Mental Health Act and forced to take a medication against her will which had serious negative side effects which ultimately led to her death. As the district health board and the courts and government officials didn't want to have any liability they covered up lots of wrongful and neglectful actions. It was a horrific time that I wouldn't wish to happen to any other individual or family, where the corporation involved was also my employer, so didn't just harm me as a mother but also as an employee.

The investigation report into my daughter's death came out about 2 weeks before the COVID-19 vaccine mandates were announced around 1 November 2021. I placed myself off work straight after receiving the results of the investigation, for at that time I had been placed in an open plan office with about 100 others including the teams who were involved in my daughter's care. The environment no longer felt safe for me. For a couple of weeks I spent all my time researching all the laws that were changing while the country was supposedly in a state of emergency with the government holding full emergency powers to do so. Informed consent no longer existed and was not required for the vaccine or for euthanasia or for performing abortions. I started to get very concerned about the potential for horrific harm to start occurring. Then the vaccine mandates were announced, and after my background in mental health plus firsthand experience with my

daughter I saw clearly that the government was using emergency powers to place the whole country under the Mental Health Act to implement the mandates taking away freedom of choice. Since they took away freedom of choice they had to be held accountable for any harm that arose from their actions.

I was given the first vaccine death autopsy report for 26-year-old Rory Nairn and the Ministry of Health's own report and data showing the vaccine wasn't effective to prevent COVID-19. The government was actively promoting in the media that the vaccine was safe and effective when there was evidence that one of the risk factors is death and their own evidence showed it wasn't effective. I placed a liability notice with the evidence of the vaccine not being safe or effective to the CEO for the Bay of Plenty District Health Board (who from 1 July 2022 became Health New Zealand) that because they were promoting the vaccine to be safe and effective when the evidence clearly showed it wasn't they would be liable for every death caused and every severe adverse reaction and for all loss of livelihood and any other harm caused by enforcing of the mandates with a one-million-dollar charge for harm placed for every man, woman, boy and girl living in New Zealand. This charge went all the way through to the High Court level unrebutted and undefended. The High Court at that time refused to process summary judgement which led to the second set of charges laid for turning man into person to make him a debt slave. Another one-million-dollar charge was laid on behalf of every man, woman, boy and girl in New Zealand which again was undefended and unrebutted because all the evidence showed that this was true. All this you will discover as you read the documents in this volume. Another whole volume will be dedicated to expose the Trickery of the Legal System and the Difference Between Man and Person.

Volume 4 is the evidential companion to the first three volumes. Volume 1 records the statement of facts, standing and chronology. Volume 2 presents the Constitution, governance framework and practical community model. Volume 3 opens the biblical foundation and the Father's heart behind that framework. This volume brings together the primary documents, public records, legal research, financial material, notices, photographs, filing records and supporting authorities upon which the recorded conclusions and actions were based.

A central event occurred on 19 July 2024. On that morning I attended Parliament Buildings in Wellington with Tracey Fawcett. At 9:57 am one complete ten-document set was handed over for delivery to Nicola Willis, Minister of Finance, while I retained an identical set as my evidential copy. The hand-delivered material included the Immediate Summary Judgement, Notice of Service, six-page Promise of Honour, four original Bills of Exchange, Exhibits W, X and Y, the national-debt record and debt-clock screenshot, and the Coinage Act 1933. A 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II was also provided in its original presentation packaging.

The four Bills of Exchange were presented as the means by which the recorded debts could be paid, the national debt of just under $180 billion could be discharged and the burden of that debt could be lifted from the men, women, boys and girls living in the land commonly known as New Zealand. The documents also recorded conditions intended to protect life, health, homes, families, resources and the future wellbeing of communities. Soon afterward I spoke outside Parliament and publicly recorded what had occurred.

The documents in this volume then follow what occurred when the debts and conditions were not honoured. They record further notices and opportunities to settle, orders, commercial liens and financing statements, Companies Office and PPSR records, the decision to establish new courts under the Jurisdiction of Almighty God, the resulting insolvency records, the transfer and scheduling of assets into Janine and the People's Irrevocable Trust, and demands for full audits and accounts. The material is extensive because the record needed to preserve not only the conclusions, but the source documents, dates, service, amounts, responses, non-responses and consequences relied upon at each stage.

Readers should expect this volume to be documentary rather than merely narrative. It contains original instruments, notices, affidavits, court and insolvency records, public filings, financial research, legislation,

photographs, asset schedules and audit demands. Summary pages and chronological tables are included to make the evidence easier to follow, but the underlying documents are preserved so that readers can examine the record for themselves. Statements concerning summary judgement, authority, liabilities, jurisdiction and insolvency determinations record my standing and the conclusions documented throughout this collection.

My motivation has never been revenge, control or personal enrichment. My purpose is remedy, restoration and accountability: to protect men, women, boys and girls; to return resources to the communities they were intended to serve; to end systems that profit from harm, debt and division; and to show that another way is possible. I believe we can unite and live in harmony when we agree to shared standards and values grounded in love for our Creator, love for our neighbour, doing no harm, truth, personal responsibility, forgiveness, restorative justice and peaceful win/win solutions.

Because Volume 4 is large, its final contents pages will operate as a navigation system. The fourteen Parts and their principal sections will be linked so that readers can move directly from the contents to the relevant evidence and return to the wider chronology. I encourage readers to consider each Part in sequence and alongside Volumes 1, 2 and 3, because the facts, proposed remedy, constitutional framework and biblical foundation are intended to be understood together.

This volume preserves what I did, why I acted, the opportunities that were provided to resolve the matters peacefully, and the documentary path that followed. My hope is that the record will help bring truth into the light, protect what sustains life, restore accountability and open a practical path toward freedom, strong families, caring communities and a way of living together based upon love, respect and responsibility.

When I use the name Janine on its own, I am identifying myself as a living woman standing on equal footing with every other man and woman under Almighty God, our Creator. Crown-Janine, Commander-in-Chief and Statutory Manager are the titles by which I record positions of responsibility and authority arising from the summary judgement and the subsequent record contained within this collection. I do not desire to lord it over anyone. I have taken these positions to hold those responsible for harm and debt accountable, knowing that I too remain accountable for my own actions.

With love, faith and hope for the future!

This liability notice has been served at least four times with evidence of receipt provided in the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination and never at any time has any of the lien debtors disputed or rebutted these charges and the liability charges have remained current and valid.

Not one of Debtors has rebutted the Liability Notice or Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination or Notice of Dishonour with Opportunity to Cure or Certificate and Notice of Default with Notice of Administrative Judgement of the Lien Clamant where in Law an unrebutted Affidavit stands as truth in Commerce and judgement in Law.

The Lien Debtors were provided four opportunities and invoices to make payment of the charges in each of the notices and Affidavits and each time these charges have been ignored and now each of the debtors are in default with the Lien Claimant having the right to add punitive damages. The ledger for this True Bill is based on losses and damages claimed by the Lien Claimant and unrebutted by the Lien Debtors. These losses and damages that were outlined in depth in the unrebutted Liability Notice and unrebutted Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination include but are not limited to the following uncontested and unrebutted list:

- Claimant's daughter Talia forced to take a medication against her will by a District Health Board (who are now known as Health New Zealand/Te Whatu Ora) officer where she had a severe reaction that was not addressed with ongoing symptoms of severe constant pain and ultimately lead to her death, the ultimate loss of life and harm caused as a result of the actions and failure of duty of care of District Health Board officer while under the legal care of the district health board.
- Deliberate and intentional acts of District Health Board officers/agents (who are now known as Health New Zealand/Te Whatu Ora) to cover up events leading up to daughter's death to try and prevent liability of the District Health Board corporation.
- Straight after death of daughter the claimant was moved into an open plan office environment with over 100 District Health Board staff to hot desk where not even placed with own team and could be sitting next to anyone including the team of health workers that were involved in the neglect of care of her daughter where every single conversation could be heard in the office leading to the claimant feeling unsafe with an unsafe work environment.
- Claimant has a privacy confidentiality seal on her NHI file and did not discuss or provide her private medical information with any District Health Board staff member including her managers, whereas Scott Hart accessed her private information and informed her managers that she was not vaccinated. Breaching someone's private medical information without their consent is a fireable offence, where Claimant was fired without cause and Scott Hart remained in employment a double standard and another example of discrimination and wrongful dismissal.
- Claimant threatened with termination and loss of livelihood if she refused to take an untested experimental drug when claimant had provided evidence that it was classified by medsafe as experimental plus a copy of a coroner's report that of at least one person who had died of taking this drug, and claimant informed her employer including Chief Executive Officer that you can not force anyone to take a drug where one of the risk factors is death, and her employer knew what had happened to her daughter who had already died a serious event of harm with some liability on the officers of the District Health Board (who are now known as Health New Zealand/Te Whatu Ora) involved in her care where she was forced to take a medication against her will.
- The Claimant had provided conditional acceptance to take the drug conditional upon the Chief Executive Officer, her manager, the human resources manager and officer threatening her with termination of employment and the doctor administering the drug providing a signed guarantee of no harm accepting full liability in event of harm and all parties refused to sign the conditional acceptance.

With Inherent Rights In Jurisdiction

- Claimant informed her employers and the Debtors including Chief Executive Officer prior to being fired that she considered it a serious threat of harm and a crime against humanity to force someone to take a life threatening experimental drug where one of the risk factors is death.
- Claimant clearly identified herself as a living breathing woman prior to being terminated plus provided proof of life that she is not a legal fiction or corporation and is therefore not subject to corporation or Crown Law which the District Health Board subjected her to and breached her rights; that the Crown is actually a corporation with corporation law that only apply to its subsidiary companies and that she is not a subsidiary company to the government, but a living breathing woman created by God, and that men and women created corporations and that corporations can never have control over a living man or woman without their consent, and taking a drug was not part of her employment contract so could not force or threaten her with something that she had not agreed to prior to starting employment. See points 23 to 26 in her Affidavit.
- Claimant says that she was fired without cause where no one else's health or safety was jeopardized with loss of livelihood in a job she had planned on staying in until retiring aged 70 where almost every staff member leaving support net had retired at the age of 70.
- Failure of District Health Board now known as Health New Zealand/Te Whatu Ora and it's staff to address discrimination towards claimant and others who chose not to take the experimental drug and changing the rules where Claimant was allowed to work from home and with 2m social distancing and via video link until the time they questioned her vaccination status.
- Claimant had demonstrated and proved that she could do all aspects of her job with 2 metres of social distancing and had done so for two years prior and was not placing any other individual at risk, yet the District Health Board officers/debtors (who are now known as Health New Zealand/Te Whatu Ora) fired her anyway as an essential health worker.
- Claimant provided evidence that the District Health Board had exempted 11,000 employees from having the vaccine which showed favouritism and discrimination.
- Claimant had informed the Bay of Plenty District Health Board officers listed as debtors including the Chief Executive Officer that it was their duty to provide a safe work environment for her and they failed to do so of not providing her a safe space to work and they fired her rather than addressing her health and safety needs.
- The Ministry of Health position statement on unvaccinated individuals dated 19 November 2021 was released on the same day to all staff working within the District Health Boards where on page three it states that "transmission is more likely to occur from a vaccinated than an unvaccinated individual where there is high vaccine coverage". This was emailed to Lien Debtors Scott Hart, Don Sorrenson and Peter Chandler on 15 December 2021 and is found in Exhibit B and contradicts the message that the vaccine is 'Effective'. The truth exposed was that vaccination status did not protect anyone from contracting covid.
- The Chief Executive Officer Peter Chandler was provided by email on 20 December 2021 of the autopsy report of vaccine death by Claimant with proof provided in the Affidavit in Exhibit H plus a document released by the Ministry of Health emailed on 15 December 2021 stating that the Pfizer vaccine did not stop the spread of the disease where the Chief Executive Officer Peter Chandler straight afterward released false information to the staff and public stating that the vaccine was 'Safe and Effective' and is therefore accountable for spreading false information that helped increased the numbers of people being vaccinated, and Peter Chandler as the Chief Executive Officer of Bay of Plenty District Health Board now known as Health New Zealand has individual liability plus placed liability on the corporations for any adverse reactions and vaccine deaths that occurred within the Bay of Plenty.
- Claimant exposed with evidence in her Affidavit the fraudulent falsifying of information by District Health Board officers to increase the number of covid deaths to try and scare people into having the vaccine alongside the message from official information released by the Ministry of Health through each District Health Board that the vaccines were 'Safe and Effective' with the knowledge and support of each of the Chief Executive Officers where many individuals have been harmed by the vaccine and as such the District Health Board Officers and Chief Executive Officers now known as Health New Zealand/Te Whatu Ora Officers plus the corporations they represent are liable for his/her actions of spreading not just misinformation but fraudulent information.

- Claimant Janine had removed the Crown Corporate jurisdiction over her and is not subject to its corporation rules that only apply to its subsidiary companies, that living men and women are not subsidiary companies and corporations can not take control over a living man or woman and provided evidence of this to the staff involved in terminating her employment on 15th of December 2021 shown in Exhibit J in her Affidavit, therefore the District Health Board and its staff had no right to enforce taking of an experimental drug to remain in employment where one of the risk factors is death, and she can charge for breaches to her rights the charges in her unrebutted liability notice and unrebutted affidavit, and as not one individual challenged her liability notice and charges that were sent and received to the corporation and its successor and to individuals in the private who violated her rights and breached her health and safety multiples time and is fully within her rights to charge these amounts; plus has a compensation fee schedule found in the Affidavit 'Exhibit A' found on publicnoticesnz.com. The debtors were provided the information in Affidavit of where to find this public notice which included the full unrebutted affidavit including the compensation fee schedule where a serious event of harm invoked a one hundred and fifty million dollar charge where the claimant has the right to charge this for the liability of the District Health Board (who are now known as Health New Zealand/Te Whatu Ora) and it's officers for negligence and acts of harm in the care of her daughter which resulted in her death. Her daughter's death is directly linked to being forced to take a drug by a district health board officer with a severe adverse reaction that was not ever remedied and ultimately lead to her death.
- The claimant provided research evidence by email to Peter Chandler on 3 November 2021 found in exhibit C with proof in Affidavit to the District Health Board and Health New Zealand/Te Whatu Ora members and officers including the Chief Executive Officers that the treatment protocol of treating covid with the drug remdesivir or its generic equivalent Paxlovid had high death rate where ivermectin and hydroxychloroquine had low death rates where if there were excessive deaths they and the corporations would be liable of harm.
- The deliberate intentional acts of changing the name of the corporation over to a successor company and standing down of every Chief Executive Officer in the country about seven months after the vaccine roll out to try and prevent any liability on behalf of the corporation with the claimant showing that if a successor company takes over all the assets of a company including staff, buildings and all resources then they are liable for their debts therefore the District Health Board and it's previous Chief Executive Officers and Health New Zealand corporation are liable for the actions of harm of all the officers of the District Health Board during the vaccine roll out including co-ercement and loss of employment plus severe adverse reactions to taking the vaccine or remdesivir or Paxlovid plus death where family members have a claim of harm including the claimant.
- plus losses and damages caused by collusion and conspiracy of Health New Zealand to cover up actions of harm to try and prevent liability.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard.

No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully, outside of or without the Court.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of Health New Zealand Limited also trading as Te Whatu Ora and previously known as Bay of Plenty District Health Board.

Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the Affiant of this Affidavit within 14 Calendar days from first receipt or the following Allegations are PROVEN and resulting Obligations immediately enforceable.

Certifications Signed by Hand and Seal

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above Affidavit of Commercial Obligation and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" the above described acts have been committed contrary to the law (i.e 18 USC 4 misprison of felony).

Dear Don Sorrenson, Scott Hart, Pete Chandler, Meredith McKenzie, Tess Richardson and Rachel Whaanga.

I am over the games that the DHB are playing of keeping changing the names of staff responding to my emails and letters to try and avoid liability, so will now require a response from each of the 6 parties. I have included Rachel Whaanga in this email and are giving her until Friday 12pm to confirm refunding of tax taken out of my last 2 wages before tax fraud charges will be laid towards her in the private as well as all other staff. Every staff member concerned needs to take this email and letter seriously as the charges against you are very serious.
Everyone of the six staff that this email is sent to (with the attached letter plus the official document off the ministry of health website) is required to respond back to the attached letter and email by Friday 17 December 12pm.

COVID-19

Ministry of Health position statement on pre-consultation testing of unvaccinated individuals in healthcare settings

19 NOVEMBER 2021

The Ministry of Health position statement is in three parts:

- the principles on which the statement is based
- a discussion of the risks of transmission occurring from unvaccinated individuals seeking healthcare
- actions which can be taken and the rationale for these actions to mitigate those risks.

Purpose

The purpose of this statement is to address concerns from clinicians and providers regarding in person consultations with unvaccinated patients, and in particular the issue of requiring a negative test for COVID-19 prior to a non-urgent consultation.

Principles of this statement

Health services need to provide services in accordance with the Health and Disability Commissioner (Code of Health and Disability Services Consumers' Rights) Regulations 1996. Appropriate justification is needed if a health service is proposing to refuse access to services or to not comply with rights under the Code.

The onus is on the provider to make that justification. Justification should be made based on a risk assessment that considers both the provider and the patient, the other patients they see, the risk of attending a premise where there are unvaccinated persons present, and the requirements outlined in Clause 3 of the Code.

The Ministry is of the view that in in most cases, with vaccinated staff and other precautions in place, that the risks are unlikely to be high enough to provide sufficient justification to not follow the Code.

Consideration of a risk assessment should include the following:

1. Access to health care is a fundamental right.
    a. An individual seeking healthcare cannot be refused care because of their beliefs. In this case an individual who believes that a vaccine is harmful cannot be refused care for that belief.

    b. A practitioner's personal beliefs should not influence that practitioner's duty of care for any individual. In this case a practitioner must not allow their opinion of an individual who refuses to be vaccinated to influence the care that they offer that individual.

The risk of infection is determined by a wide range of factors in addition to vaccination, including:

- behavioural factors, such as spending time in at risk environments
- medical factors, such as immunocompromise due to medical conditions, therapy, or age.

The absolute risk of transmission will be highly dependent upon the prevalence of disease in the community.

When the rate of community spread is zero or very low, the risk of transmission from any consultation will be very low, unless a person is known to be at higher risk because they are symptomatic or a close contact of a confirmed case.

In addition, in this situation the difference in the risk of transmission between vaccinated and unvaccinated people will be negligible. When the prevalence of disease in the community is high, the risk of transmission from any individual is not negligible and is likely to warrant application of mitigations for all consultations.

When there is high COVID-19 vaccine coverage (i.e., above 80 percent of eligible people are fully vaccinated), transmission is more likely to occur from a vaccinated than an unvaccinated individual.[1]

Developing a separate pathway for vaccinated and unvaccinated individuals will not prevent the risk of inadvertently seeing an infectious person (regardless of vaccination status) without the health care worker being aware, using appropriate personal protective equipment and/or being in an appropriate physical environment.

Those under 12 years of age are not yet eligible for vaccination. In the event of different pathways being implemented to manage unvaccinated individuals, a decision will need to be made on whether children will be included in this pathway, considering that the risk of transmission to adults from children appears to be less than the risk of transmission between adults.

Actions to mitigate the risk of transmission

Current mitigations

Health services have instituted a wide range of interventions aimed at reducing the risk of transmission. These include but are not limited to:

- the identification of symptomatic patients
- virtual consultations
- routine use of medical masks
- management of appointment times and spacing in waiting rooms
- ventilation and air cleaning within indoor spaces.

Testing prior to health care

Testing as a screening tool vs targeted testing

Testing of individuals for COVID-19 can provide a high degree of reassurance that an individual does not have active infection.

Asymptomatic infection is the issue, not the vaccination status of the patient.

[1] As our vaccination numbers increase, we will see fewer cases but more of those cases will be in fully vaccinated people, meaning it is more likely transmission will occur from a vaccinated individual than an unvaccinated individual.

Dear Peter

Firstly I want to acknowledge that this has probably been the most difficult time in your career and the pressure and responsibility on your shoulders at times must be overwhelming. You have a team of 3000 under you and we need to know we can trust your leadership.

Some information has come to my attention from official government and research websites that is very relevant and I am compelled to share with you plus every staff member as this affects every one of us.

Currently it is being set up the new ward to manage Covid 19 patients with the recommended treatment being remdesivir. I attach a study during virus outbreak that used 4 treatment options randomly – Remdesivir, ZMapp, Mab114, REGN-EB3. Please see pages 7,8 and 9. You will see here that Remdesivir had the highest death rate of over 50%. It is extremely concerning that a drug has been chosen that had such a high death rate.

Also attached of US NIH website is official FDA approval of remdesivir, ivermectin and Nitazoxanide.

Here is the website. https://www.covid19treatmentguidelines.nih.gov/tables/table-2e/

Ivermectin is down as an official treatment option for treating covid. I want to know why it is being banned here.

I attach another study analysis taken from US CDC data that shows data using treatment of covid 19 for remdesivir and ivermectin. I note here the difference in prices for treatments plus overall death rates. Treatment cost Ivermectin average amount per patient: $ 24 Remdesivir average is $2340 to $3210 for one 5 day treatment. This data analysis was done of beneficiaries over the age of 65, so expected that the death rate is higher due to the age, it is also noted that other comorbities are not recorded here but give death rates following treatment with both ivermectin and remdesivir. Remdesivir(Veklury) deaths recorded in CMS database (2021):

7,960 beneficiaries prescribed Remdesivir for COVID-19, where 2,058 beneficiaries died 25.9% remdesivir patients died, 46% of those died within 14 days of remdesivir treatment

Universal Number Beneficiaries Prescribed Ivermectin in 2021

	Total No prescribed Ivermectin	Total no who died	% who died
All patients	142,778	5,093	3.5%
Covid patients	44,709	3,238	7.2%

This study shows that ivermectin is far more effective for treating covid at only a fraction of the cost of $24 per patient. Hydroxychloroquine is also recognised overseas as having a good success rate for treatment and cost is only $29 per patient. I can not understand why Remdesivir is being pushed as the drug to be used at such high cost $2400-$3200 with such a high death rate. If I had to come into hospital or one of my loved ones I would want us treated with the drug that has the best success rate. Ivermectin that is being used in multiple places worldwide has a much better success rate. There is huge amount of money being made by the pharmaceutical companies and we need to know that decisions are being made that are in the best interests of the patient, not the pharmaceutical company.

It is very concerning that the NZ government has indemnified Pfizer from any liability towards death or adverse reactions. The NZ government is also closing down the current health system by June 2022. The PHOs and DHBs have been the enforcers of giving the vaccine, is this so they also have no liability? Due to the amount of law changes that are going on in New Zealand under the "State of Emergency" I have been looking into who is liable if anything goes wrong either for vaccine or treatment. A mandate has just been handed out informing that all DHB staff are required to be vaccinated to keep their jobs. If a person knowingly gives someone a drug without informing them of the risks that person can be liable, and ultimately all this falls on the shoulders on the enforcers including CEO Pete Chandler, that if he allows and authorises use of a drug that he knows can do harm he has acted in bad faith and can be charged.

As we move into the next phase I ask our CEO Pete Chandler to look deep within himself as to the choices and consequences of those choices. I believe that deep down you are a man of integrity. I ask you take a stand to do what is right by your staff and patients. Is it right to mandate compulsory vaccination of all staff using an experimental drug that has such high adverse affects plus

has potential risk of death. Medsafe is way behind in their recording – so far in last 2 weeks there have been 3 deaths of teenagers in NZ that were heathy prior to having the vaccine. If remdesivir remains the only choice of treatment are you able to live with avoidable future deaths from treatment for covid in this hospital.

Hoping to see you take a stand for what is best for your staff and patients.

To all staff: I send my love to you all and state that I believe that every person has the right to choose over their own health and wellbeing. I stand alongside all staff vaccinated and unvaccinated and refuse to choose a side as we are all in this together. May we support each other and find a way to stand together to fight for the health, freedom and rights of all New Zealanders, as the rights and freedoms are affected for all.

An update shows 1.8 percent of all DHB workers have been stood down, resigned or had their employment terminated after refusing to get vaccinated against COVID-19.

According to data from Monday November 22, out of a workforce of around 80,000 a total of 1028 people have been stood down, 92 staff have resigned, and 341 have lost their jobs. This includes 52 doctors, 518 nurses and 90 midwives.

How many people lost their job due to "no compulsory vaccinations"

After Prime Minister Chris Hipkins bizarrely said there were "no compulsory vaccinations" in the weekend - here's a few OIA's I've come across on job losses due to mandates.

SEP 6, 2023

♡ 9 ◯ 3 Share

A video of current Prime Minister Chris Hipkins in a press conference has been doing the rounds for pulling a Trudeau, where he claims there was no compulsory vaccination.

In September 2020, then Prime Minister Jacinda Ardern stated she did not see any need for penalties or sanctions. Presumably that meant mandates or other restrictions such as the domestic vaccine pass.

All of which they implemented.

And all of which were based on 2 doses as a minimum, regardless of someone's age - which was despite the vaccination advisory group advice to the contrary. And even when Chris Hipkins in his role as Covid-19 Response Minister was given an out to exempt children - he didn't take it.

While there's now been a few cases in the media of people who have successfully been able to legally challenge their dismissal, how many people were terminated (I prefer the word fired so I use the terms interchangeably) or had their working life otherwise affected is incredibly hard to know.

Stats NZ were asked how many people left their place of work due to vaccination related termination, but they responded there was no way to know as the data collected was broad in nature and could be because a business closed due to lockdowns.

Being fired was the worst case scenario. You might have similar stories, but I know people who found other jobs before they were inevitably fired, or were instead made to work from home when work place policy became a de facto mandate and barred people.

In February 2022, news media reported a total of 2,600 people were stood down due to the government mandates, including 1,461 people in health care services.

Those numbers are really hard to accurately verify as since that was reported, there's been OIA's with differing numbers. For instance, according to the Nurses Professional Association of

CCN-HN2-JA-01

New Zealand (NPANZ), 621 nurses left in December 2021 from just the main public health system Te Whatu Ora/Health NZ, and a total of 1,500 staff had been terminated in total to June 2022 (boosters were added to the health care staff mandate in early 2022).

For government agencies, the State Services Commission instructed each agency to to conduct a health and safety risk assessment to figure out if they required vaccination. Thanks to some dedicated requestors, here's a collection of publicly available OIA's I've come across:

This Ministry of Social Development OIA from March 2022 discusses their policies and the fact that government agencies could not require people to show a vaccine pass when visiting their services. Ironic.

However a later OIA shows that 220 people were sent a preliminary notification of decision letter that they could be terminated. The Ministry of Social Development initially refused to answer how many were terminated in OIA requests, but a more recent request saw they actually terminated no one, as yet another OIA shows they instead adopted an "encourage but not require" Covid vaccination policy.

Inland Revenue did not fire anyone but did require 120 staff to work from home while the vaccination policy was in place.

At Corrections, 80 people were fired with the status recorded that it was due to vaccination status.

At Oranga Tamariki, 17 people were fired due to vaccination status.

The Ministry of Justice claimed no staff were fired over a policy requiring vaccination in their workplaces including courts, but doesn't address other measures, like requiring unvaccinated people to work from home.

The Ministry of Business, Innovation and Employment also claimed no staff were fired due to their vaccination policy, however 2 staff went on extended leave and like the others, the OIA didn't address if staff were required to work from home.

The New Zealand Defence Force fell under a mandate and they extended it to include civilian staff. An initial briefing said 200 uniformed staff declined to be vaccinated. A news media article from 2022, when the mandate was challenged in court, states 120 uniformed staff had been stood down.

Police also fell under a mandate and at the time of the February 2022 High Court ruling against the mandates, publicly said they had issued 42 termination notices and a further 100 staff had quit or taken leave due to the mandate.

I, Noelyn Ann HUNG state:

I am a qualified practicing Pathologist in New Zealand. At the request of the National Initial Investigation Office Duty Coroner, I made post mortem examination of the body identified to me as:

Identification Name:	**Rory James NAIRN**
CSU Number:	**CSU-2021-DUN-000335**
Identification Method:	**Ankle Band**
Mortuary Reference:	**Dunedin 21C179**

SUMMARY:

From the following detailed examination, it is my opinion that the cause of death is acute myocarditis, and in view of the history of symptoms since COVID-19 vaccination, and no other cause for myocarditis, is consistent with vaccine –related myocarditis. Vaccination with the first Pfizer dose had occurred 12 days earlier and myocarditis-related symptomatology was reported thereafter.

PRINCIPAL PATHOLOGICAL FINDINGS:

1. Myocarditis and Pericarditis,
    a. Lymphocytic, giant cell and eosinophil type
    b. Causally-associated 12 days post COVID-19 vaccination
2. Atherosclerosis, aortic, mild
3. COVID-19 negative
4. Meckel's diverticulum, incidental

CAUSE OF DEATH:

Part I.

a. Direct cause: Sudden Cardiac Death
b. Antecedent cause: Myocarditis
c. Underlying conditions: Symptoms since first COVID-19 vaccine administration

Part II. Other significant conditions contributing to the death, but not related to the disease or condition causing it: Nil identified

Reviewers:

Aspects of this case of been reviewed and their opinions incorporated into this report.

Professor Ian Morison, Dunedin SCL: Bone marrow

Dr Jane Velutic, Communio: Cardiac features

Dr James Ussher, Dunedin Hospital: Microbiology

data for 2015–22 in the HMD. Countries are designated by their two-letter ISO code (see here: https://en.wikipedia.org/wiki/List_of_ISO_3166_country_codes) except England and Wales (EW), Scotland (SC), and Northern Ireland (NI) who each have HMD data but do not have their own (sub-national) ISO codes. In panel (a) the excess mortality p-scores are based on Equation (1), from the K&K approach, with a time trend that ignores changes in population growth rates. In line with panel (a) of Figure 1, the p-score for New Zealand is negative, suggesting that there were fewer deaths than expected over the 2020–22 period. Likewise, in line with the claims by commentators, New Zealand seems to be one of just two countries to have this negative cumulative excess mortality (Luxembourg is the other).

Yet once the lower population growth rate from March 2020 is allowed for in panel (b), using the Equation (2) regression that controls for population, the apparent negative cumulative excess mortality in New Zealand over the 2020–22 period disappears. Instead, we are amongst a group of four countries (the others being Denmark, Germany and Belgium) with cumulative p-scores just below four percent.[9] There are a further six countries (Luxembourg, Canada, the Netherlands, Iceland, Israel and Australia) that have even lower (negative for some) cumulative p-scores.

There is a further reason for caution in making claims about New Zealand's uniquely negative cumulative excess deaths during the first three years of the COVID-19 era. There is statistical uncertainty in excess deaths estimates. To reduce clutter the bars in Figure 3 do not have confidence intervals shown, but New Zealand's cumulative p-score has a standard error of 0.9 and a 95% confidence interval from 1.7% to 5.3%. In fact, t-tests suggest that one has to go eight countries to the left of New Zealand, amongst the Figure 3(b) bars, to find the first country (France, FR) with a statistically significant ($p < 0.05$) higher cumulative p-score. In other words, the group of countries from Scotland through to Denmark in Figure 3(b) all have p-scores that are statistically indistinguishable from New Zealand's p-score, even though they have slightly higher point estimates. While one can claim that New Zealand is in the lower half of the countries in Figure 3(b) the data do not allow much beyond that.

5. Conclusions

Accurate health data are needed to evaluate responses to COVID-19. Local media, politicians and public health commentators have coalesced around a projection-based measure of excess deaths due to Karlinsky and Kobak (2021) that seemingly shows negative cumulative excess mortality for New Zealand in the first three years of COVID-19. This measure poorly suits the New Zealand context because it ignores the sharp fall in population growth rates after the border was closed in March 2020. Deaths (but not death rates) had risen sharply pre-COVID, alongside rapid population growth, and the projection-based method simply extrapolates that trend forward. Hence, a rising number of 'expected' deaths makes the actual rise in deaths in the post-2020 period seem less remarkable. To correct this flaw in the projections, population is included as a predictor and this shows that cumulative excess mortality for New Zealand was roughly four percent over the first three years of COVID-19, approximately 4000 excess deaths. This is similar to what is shown by measures of excess mortality based on death *rates* (such as in Figure 1(c)) that are readily available online and that show that cumulative excess deaths for New Zealand had already moved well into positive territory by mid-2022.

My final conclusion concerns disciplinary differences in research culture. It is offered to prompt thinking on the *why* question, of public health commentators coalescing around K&K projection-based excess mortality estimates rather than HMD ones that use death rates and that clearly showed positive cumulative excess mortality from mid-2022 onwards, as Figure 1(c) shows. Peer review in economics is adversarial, conditioning economists to build in responses to likely criticisms from the outset. Public health seems more collegial; reviews are faster and lighter and author teams larger (internalizing different views). For example, Baker *et al.* (2023) has 15 authors. If economists were more prominent in the public square in the COVID-era, it may more quickly have become apparent that claimed negative cumulative excess mortality was just an artefact of an inappropriate way to predict expected deaths in a country with a fluctuating population growth rate. With our obsession for robustness tests and sensitivity analyses, the odds of data from the same source (OWID) or an upstream source (HMD) that showed different patterns of excess mortality remaining undisclosed would have been lower and flaws in the K&K approach might have been brought to light more quickly.

These disciplinary differences usually don't matter. No one discipline has a monopoly on the best way to find truth. But it matters this time because New Zealand lacks checks and balances. A few cabinet ministers, perhaps just the Prime Minister, can change the course of the country, with no subnational variation or second chamber debates to see (at least *ex post*) if the changes helped. For example, in the United States, Florida's Surgeon-General advocates against mod-RNA vaccines due to

Due to no action of DHB to resolve matters after 6 weeks off work because of failure to provide a safe work environment for me to work.

To all of the above people, you are liable in your private capacity as well as professional roles you act as agent for the BOPDHB and government of New Zealand. This is due to breach of the Wages Protection Act 1983, H+S Act 2015, Employment relations Act 2000, NZ Bill of Rights Act 1990, Human Rights Act 1993, Crimes Act 1961 and Criminal Procedure Act 2011 and I have the legal right to charge you in the private. Other Laws and Acts relevant that you are in breach of are: Universal declaration of human rights 1948, Nuremberg Principles, Declaration of Helsinky 1964, International Covenant on Civil and Political Rights United Nations 1967, plus the Secret Commissions Act 1910, plus International Crimes and Criminal Act 2000 sections 9-21.

I, Janine Arabella have been off work since 13 October due to failure of the DHB to provide a safe work environment for me. The date of this letter is 25 November, 43 days since I first went off work. On 2 November the DHB stopped paying my wages and started unlawfully and in bad faith deducting my annual leave. They were requested on 10 November by email to do this via my team leader and manager, then Rachel Waanga at Employee Solutions, then letter sent on 11 November to Pete Chandler, Don Sorenson, Scott Hart and Tessa Richardson.

I will outline multiple breaches with more to follow once I go through all the legislation including employment law, criminal and civil laws.

1. **DHB uploading my private sensitive information onto clinical intranet without my permission and refusing to remove it**
2. **Any fellow staff members and DHB employees able to access my private sensitive medical information; privacy officer putting privacy screen on my NHI stating that no one able to access my private information without my written consent, then Scott Hart breaches my private medical information and passes this on to other DHB staff members**
3. **DHB covering up information regarding failure of duty of care of DHB staff members towards my daughter who died earlier this year that has not only affected me as a mother but also as an employee as this was done by my employer**

4. DHB including all these people named in private capacity co-ercing me to take an experimental drug with serious risk factors including death in order for me to keep my employment

5. Lodging of 4 incidents of harm onto Datix, failure of DHB to address

6. 15 November sent multiple emails requesting via Rachel Waanga from Employee solutions to stop deducting tax from my wages as now tax exempt and section 4 of Wages protection act is subject to section 5 (can only take deductions with my written consent) Taking deductions without my consent is act of fraud and harm.

7. DHB Employee solution representative Rachel Waanga and my manager Don Sorrenson allowed DHB to deduct 2 weeks so far of annual leave out of my pay; when DHB failed to provide me a safe work place, and are therefore required to pay my wages until such a time they can provide a safe work environment for me to return to.

8. Failure of DHB to provide me with a safe work space – put me in hot desk environment with no privacy in with mental health service staff who caused harm towards my daughter, environment now hostile due to discrimination created by DHB revealing my vaccination status without consent to access my medical information. In order for me to return they have to eliminate all threats against me including hostile reactions from other staff plus eliminating virus from the work place, plus address all my health and safety needs.

9. DHB declared there is an unsafe virus in the work place, it is therefore their responsibility to remove it. Failure of DHB to eliminate a virus from my work place, making it an unsafe place for me to be regardless of vaccination status as both vaccinated and unvaccinated can transmit the disease. See official government website page 3 written in bold in paragraph 4; I also note here that the government website also clearly says that masks do not protect you from transmission.

ministry_of_health_position_statement_on_the_management_of_unvaccinated_individuals_in_healthcare_settings.pdf

10. Failure of DHB and its representatives identified here to address any of my health and safety needs including 22 questions asked in letter dated 11 November.

11. As so much hostility and work health and safety hazards identified and now remaining unresolved after 6 weeks of going off work, I do not see that the DHB can create a safe work environment for me to return to. I had fully intended on working in my current job up until the time I am 70, as many of my other colleagues have done so. I am currently 54, so this is another 16 years.

I have been off work since 13 October with multiple emails, letters and injury claims lodged with not one attempt to address these. 2 meetings in last week have been set to discuss my vaccination status, but not address any of my health and safety issues. I am not willing to meet until such time all of my health and safety issues and breaches of my rights under national and international law here in New Zealand.

Under common law I am able to claim for damages and harm not only to the DHB but to all staff addressed in writing in their private capacity. My claim for damages is $1000 per day plus interest from 13 October plus payment of $709.70 of deductions from my wages plus 2 weeks of wages that were taken illegally and in bad faith out of my annual leave, plus costs plus interest to claim money due to me. I loved my job and fully intended working

there until the age of 70, as many of my colleagues have. As the DHB is unable to provide a safe work environment for me to return to my claim goes up until the time I turn 70 on 5 October 2037. This is 16 years x $5000 per week x 52 = $4,160,000.00 plus $709.70 plus $3079.30 = $4,163,789.00 plus costs and interest at 15% accruing daily from the date this liability notice is written. I also lay claim to my loss of wages for 16 years plus inflation adjusted I am expecting a wage increase early next years under PSA pay equity claim and anticipate my salary will go up to $85,000 allowing for 3% inflation per year this figure comes to $1,713,421 for loss of wages accruing at 15% daily from 25/11/21. As I am now tax exempt this amount would need to be paid in full. You have my bank account details for payment of $4,163,789 + $1,713,421 =$5,877,210. If the DHB does not pay out my claims to harm I have the legal right to charge each person identified in their private capacity, and I will have the ability to seize your personal property.

Please note further charges will apply and be added once I review all the breaches of the above acts. I note that many offenses have charges $100-500,000 per act, with many breaches that have occurred towards me, plus there are criminal charges of fraud, co-ercement and threats to my life, and due to staff being co-erced to have the experimental drug and some having severe adverse side effects and maybe even death there are likely to be charges for Crimes Against Humanity. I add here that failing to offer treatment protocols where there is very low risk of death in favour of the one the government puts forward that has high risk of death is also a crime against humanity, and failing to record severe adverse effects after having the vaccine or death is also failure in duty of care and a crime against humanity. Now that you have been informed you have no excuses and you can expect to be brought before a world court for crimes against humanity.

Please note it is to my advantage the longer you take to address your failure to address my employment issues and health and safety needs it is to my advantage due to the accruing interest that I can claim.

2022. It is noted that Tess Richardson no longer works for the BOPDHB also known as Te Whatu Ora. I will involve her if required. Even though Peter Chandler and all other CEOs in the country have stood down they are still liable for their actions in the private. I contacted Scott Hart on 13 November 2023 via email plus left him voicemail at 3.31pm on 15th November and he chose not to respond back to either the email or voicemail, so on 22 November I resent the liability notice with my charges to Scott Hart and Don Sorrenson and Peter Chandler, and as a result Scott Hart chose on 24 November 2023 to acknowledge my first email sent on 13 November and said 'We would respond back in ten working days'. A further email was sent on 26 November saying that he had already had two weeks and a further two weeks was unacceptable with the liability notice attached for the third time and placed in a courier bag with Scott Hart tasked with printing the liability agreement and providing a hard copy to Pete Chandler and Don Sorrenson. Scott Hart then sent another email on 27 November saying "Acknowledging receipt of your email (dated 26 November which included the attached liability notice), we aim to have a response to you within ten working days." Today is Wednesday 13th day of December 2023, 12 working days after Scott Hart saying he would respond within ten working days and there has been no response from him or Don or Peter Chandler who had been sent the liability notice four times. Debra Fast the executive director of People and Culture sent an email on Wednesday 29 November (where she said she was responding to my email sent on 13 December but also had in the content my email dated 26 November) where she stated there was no process in place for addressing claims of past employees and also said that she had not received an attachment with the forwarded email sent to her from Scott, so she was also emailed and received the liability notice from me for her own knowledge. I have multiple examples of being treated with dishonor and bad faith, which means that private individuals can be charged for his/her actions. The main individuals holding responsibility is Peter Chandler and Scott Hart and Don Sorrenson and Tess Richardson as the terminators of my employment. Debra Last is now involved due to being in charge of People and Culture within the organization and corporation and Fepulea'i Margie Apa is involved due to being the Chief Executive Officer of Te Whatu Ora the successor company to BOPDHB holding the assets as well as the liabilities from the DHB. If the Corporation's representatives make things right and compensate my losses and harm done by paying me out from the funds of the Corporations I will not pursue liability on behalf of the individuals.

The Corporations that represent the Bay of Plenty District Health Board and Health New Zealand and Te Whatu Ora plus the individuals that acted or made decisions on behalf of the corporations are called to account for their actions. In the event of cover ups to prevent liability or discrimination or unfair or unequal treatment, individuals can be charged in the private as well as charges to the corporations.

Each individual named at the top of this letter who have been sent the Affidavit are called to account for their actions with 28 calendar days from first receipt to respond and rebut this affidavit point by point signed with their wet ink signature and sent back by courier to the author and principal Janine with her address at the top of this letter. No response or no rebuttal point by point will be taken as tacit acceptance that this claim and its contents in its entirety stands as fact and truth in commerce and judgement in Law. The normal time frame to rebut an affidavit is 10 to 21 days but the author Janine has extended this to 28 calendar days this due to the Christmas shutdown period.

Part B – Affidavit –

1. i, Janine of the house of Arabella am the author and Principal of this Affidavit, and declare I am above the age of consent and of sound mind, am alive and of good health, competent and capable of making this Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination; and

2. I, Janine hold all Government, Bay of Plenty District Health Board, and its successor companies Te Whati Ora and Health New Zealand and its corporations and its agents or anyone assuming authority over men and women accountable for it's actions and duties to the men and women; and

3. i, living soul author, Janine entered into signed contract with Bay of Plenty District Health Board [BOPDHB] for full time permanent employment with the commercial trade name 'Janine Arabella' as an occupational therapist and needs assessor on 1st April 2013 and was a valued member of the team at Support Net with high productivity, and I confirm this was a full time permanent position co-signed by the wet ink signature of my manager; and

4. i, Janine was considered an essential health worker and remained working throughout the whole covid 19 pandemic until going off on leave on 18th of October 2021 four weeks prior to the mandate on 15 November 2021, and since the first lock down in March 2020 I had managed to perform my role either with no client contact at employer request or 2m of social distancing with every single client that I was requested to see by the BOPDHB; and

5. on 18th day of March 2021 my daughter Talia took her life while under the mental health act and under the care of the DHB, where we as her family believe and reported that one of the main reasons that that she took her life was because she had uncontrolled pain that had not been addressed and she had only been allowed while under the mental health act to take 15mg codeine three times per day, where Talia said her pain levels were 8-9/10 all the time day and night, and we also believe her pain came about from taking a medication against her will where she had a severe adverse reaction with constant electric nerve shock pains, where Talia would be told that the pain was 'all in her head' and DHB staff wouldn't treat it, however rather than lay blame we as a family wanted lessons to be learned from this situation so this would not happen to any other family, so we were contacted approximately four months later by staff at the DHB to participate in a formal 'independent review' of our daughter's care where the person in charge was psychiatrist Peter Dean from Waikato DHB, where I put together a six page report of what we believed went wrong that was supposed to be included as part of the review; and

6. our six page report was never included as part of the serious incident report and we were informed by Peter Dean with a witness standing alongside me when I was on the phone, that he was told who he was allowed to talk to, who he was not allowed to talk to, what questions he was allowed to ask and what questions he was not allowed to ask with the agenda to ensure that no liability or neglect would be found on the behalf of the DHB with the official report sent to us on the 8th of October 2021, where it was clear to me that the DHB were not being transparent into what went wrong but were more interested in ensuring there was liability on their part, where the district health board and its representative's in Talia's care not only did this to me as a mother but also as an employee; and

7. I request Peter Chandler to provide full disclosure of what knowledge he had of the formal investigation into our daughter's death and the instructions given to Peter Dean or any other individual of who the investigation team were allowed to talk to, who they were not allowed to talk to, what questions they were was allowed to ask and what questions they were not allowed to ask with the agenda to ensure that no liability or neglect would be found on the behalf of the DHB, and a non response and no wet ink signature in his full private and commercial capacity from Peter Chandler will be taken that he did have knowledge and is aware that the DHB deliberately and intentionally covered up information around our daughter's care to prevent any liability; and

8. on 18th day of October 2021 I, Janine went off work due to multiple health and safety issues and failure of the DHB to provide a safe work environment for me to work, where part of this was related to my daughter Talia dying while under the care of the DHB who was also my employer and covered up events prior to her death to prevent any liability, then being asked to work in an open hot desk environment with the team of mental health

workers that were involved in the failure of care of my daughter, plus a breach of my private confidential medical information, plus the BOPDHB had failed to remove the virus from the work place and could not guarantee my safety; and

9. on 8th November 2021 I received a letter from the email address of DHB employee Scott Hart stating that the DHB had information that I was unvaccinated, whereas I had not shared my vaccination status with my employer or manager and had not consented to anyone obtaining my private medical information and had a privacy seal on my NHI number so Scott Hart or anyone obtaining this information did it unlawfully and breached and violated my personal and medical privacy; and

10. I request that Scott Hart provide full disclosure how he obtained private medical information about me without my consent, and non response without full disclosure and no wet ink signature in his full private and commercial capacity will be taken that Scott Hart accepts full responsibility for breaching my private medical information which is a fireable offence; and

11. on 11 November 2021 due to pressure and coercion and threats of termination of employment I provided conditional acceptance to have the first shot of Pfizer vaccine, where one of the proven risk factors is death, [with evidence provided of a medically confirmed Pfizer vaccine death in Exhibit H], conditional upon having a personal guarantee liability signed of no harm by my manager Don Sorrenson, CEO Peter Chandler, human resources representative Jesse Jarlov plus the medical doctor who will administer the injection, then the human resources person kept changing so Tess Richardson and Meredith McKenzie and Scott Hart's names were added to the liability agreement, where all confirmed they had read the agreement but refused to sign it, and were not willing to take any liability for coercing me to have the vaccine, which means that they did not believe the vaccine was safe otherwise they would have been able to sign this agreement without any hesitation; and

12. on 25 November 2021, which was six weeks after being off work on stress leave with no progress to resolve the health and safety issues, I lodged a notice of liability with compensation charges to all parties complicit in breaches and duty of care towards me as an employee due to failure to provide me with a safe work environment and discrimination shown against me, where this was sent to Don Sorrenson, Tess Richardson, Peter Chandler, Scott Hart, Meredith McKenzie, Rachel Waanga and all BOPDHB council members at that time – Sharon Shea, Geoff Esterman, Ron Scott, Hori Ahomiro, Bev Edlin, Ian Finch, Marion Guy, Leonie Simpson, Arihia Tuoro and Wayne Williams, where no one rebutted or disputed this charge, however an email was received on 26 November 2021 from CEO Pete Chandler to acknowledge receiving the liability notice and that each of my issues raised would be addressed in time, but never at any point has anyone rebut or dispute my charges if matters were not addressed, and I was dismissed without having any of my health and safety issues addressed, and this notice of liability still stands as current and valid and is found in 'Exhibit A' and has been sent total of four times with no rebuttal ever received; and

13. over the next four weeks of November and December 2021 there were multiple correspondences between me and different staff at the BOPDHB with emails sent saying that if I did not attend a zoom meeting my employment would be terminated, so in an email dated 15th day of December 2021 with a letter attached dated 14 December included in Exhibit J, I agreed to attend the zoom meeting based on every single person attending confirming they had read every single letter I had sent including personal guarantee and liability agreement dated 25 November 2021 [Exhibit A] so that they understood they can be charged in their private capacity if they break any laws or breach any of my rights including discrimination, where email confirmation of having read all my past correspondence was received from Don Sorrenson, Scott Hart and Tess Richardson; and

14. the zoom meeting occurred on 20 December 2021 with me and my support person and witness Julien Philippin, Don Sorrenson, Tessa Richardson and Scott Hart who had all confirmed that they had read all previous correspondence including liability notice, and at the start of the zoom call I emailed a letter with same date with summary of all the ten breaches of the DHB and staff towards me plus proof of a vaccine death found in 'Exhibit B' and 'Exhibit H', and the breaches included failure to address discrimination towards me and changing the rules where I was allowed to work from home with no patient contact or with 2 metre social distancing until the time they questioned my vaccination status, quoting the **Employment Relations Act 2000** including sections 92 and 144 on liability of individuals for fines and private prosecutions plus section 104 on Discrimination as follows "an

employee is **discriminated against** if the employee's employer or a representative of that employer, by reason directly or indirectly,

(a) refuses or omits to offer or afford to that employee the same terms of employment, conditions of work, fringe benefits, or opportunities for training, promotion, and transfer as are made available for other employees of the same or substantially similar qualifications, experience, or skills employed in the same or substantially similar circumstances; or

(b) dismisses that employee or subjects that employee to any detriment, in circumstances in which other employees employed by that employer on work of that description are not or would not be dismissed or subjected to such detriment; or

(c) retires that employee, or requires or causes that employee to retire or resign."; and

15. on 22 December 2021 my manager Don Sorrenson sent a letter to terminate my employment effective from 21 January 2022 with main reason based on me being unvaccinated that my job requires me to be within 2 metres of a member of the public or other health practitioner for more than 15 minutes a day; even though I had managed to do all assessments and all other components of my job prior to that date with 2m of social distancing, where this letter can be found in 'Exhibit C'; and

16. on 3 January 2022 I replied to the letter from Don Sorrenson sent by email to Don Sorrenson, Scott Hart and Tess Richardson denying that my job requires me to be within 2 metres of a member of the public or other health practitioner for more than 15 minutes a day with the following response- "since the first covid 19 lockdown in March 2019 I have social distanced more than 2m when meeting with clients, our desks in the office were placed more than 2 metres apart, so this reasoning is not based on fact or truth; even though I can perform all of my job with social distancing of 2m, I said I can also do 100% of my job of doing assessments and attending meetings via zoom, where I clearly stated that I only require to do 4-5 assessments per week to meet my KPI performance indicators each week, and at any time there are 200-500 assessments sitting in the data base, and I only have to find up to 5 each week to do via zoom, so in summary I can do my 100% of my job with 2m social distancing or via zoom, so if you terminate my employment you are doing it illegally without justification, and I know of another staff member within DHB who has been allowed to continue working remotely and you have the authorisation and ability to allow me to return to working with social distancing, and the only reason I can come up with for you terminating my employment is because you either can't or won't address all my other health and safety issues or personal grievances, and are trying to take the easy way out,"; with email found in 'Exhibit D'; and

17. on 18 January 2022 I received an email from Tess Richardson [Exhibit E] who said that my employment was terminated due to 'being a certified provider', even though my work could be done completely by 2m social distancing which verifies that I have been discriminated against plus further evidence that has just been revealed that the DHB and government allowed over 11,000 staff to continue working even though unvaccinated; and

18. on stuff new media on 13 October 2023 stuff.co.nz in article written by Olivia Wannan it was announced that over 11,005 essential health care DHB workers were made exempt to have the vaccine [Exhibit F], where this demonstrates and proves and verifies favouritism towards some DHB employees and discrimination against others, as many thousand others were denied exemption including me where I have multiple emails where I requested to continue working unvaccinated as I posed no risk to any one if I continued to social distance 2m while working with a client or staff member, and this verifies my claim that I have been unfairly discriminated against; and

19. in November 2021 I went through a lawful process to change my tax status to exempt, and informed the DHB and formally forbade in writing for the DHB to take tax payments out of my wages, and in early 2022 my wages went up to $85,000 per year which is $1635 per week, and I state clearly that any money paid out to me will be compensation and do not consent to taking off any tax, that all funds are to be paid out to me in full; and

20. my liability claim made on 25th day of November 2021 in Exhibit A has remained active due to being uncontested now four times sent and received by Peter Chandler, Scott Hart, and Don Sorrenson plus others for unfair and wrongful termination and discrimination where I was treated unfairly and different to other staff members given preferential treatment, and under Maxims of Law once I formally notify this unrebutted liability notice as a public notice that my claim has gone uncontested four times it stands as truth in law and commerce; and

all rights reserved without recourse

non-accumpsit errors and omissions excepted - strictly no rights of usufruct

21. my claim is for loss of wages since date of 21st January 2021 the official date of termination, plus 15% accruing interest with liability on the staff and Bay Of Plenty District Health Board plus its Successor Company Te Whatu Ora for terminating my employment plus $1000 per day for damages and harm and failure to provide a safe work place to work in until such a time I am paid out with accruing interest at 15% left outstanding, where the date of this Affidavit is 13 December 2023 where the outstanding amount owed on wages is 99 weeks of $1635 which comes to total of $161, 865 plus accruing 15% interest with current interest being $46,537 bringing lost wages and interest claim to $208,402, plus my second claim for harm to date of Affidavit is $5000 per week for 99 weeks equals $495,000 plus 15% accruing interest of $142,313 with harm claim balance on 29 November 2023 being $637,313, so this brings my total claim to the 13th day of December 2023 for lost wages and harm and damages and interest is $208,402 plus $637,313 which equals eight hundred and forty five thousand seven hundred and fifteen dollars [$845,715], and this figure will continue to go up by six thousand six hundred and thirty five dollars per week [$6635 per week] plus 15% accruing interest until the time I am paid out; and

22. in the event that the DHB successor company Te Whatu Ora offered me my previous job to return to including compensating me for loss of wages for two years to 20th day of January 2024 there is no means for them to address all my safety issues to provide a safe environment for me to return to, so they would require to continue paying weekly compensation out until the age that I planned on retiring from this job which was age of 70; and

23. i, Janine also have two unrebutted Affidavits sent to national and international government corporation officials that stand as truth in law and commerce and have rebutted the 12 presumptions of law, that make it clear that the Crown is actually a corporation with corporation law that only apply to its subsidiary companies and that I am not a subsidiary company to the government, but am a living breathing woman created by God, and that men and women created corporations and that corporations can never have control over a living man or woman without their consent, and these affidavits can be found on publicnoticesnz.com; and

24. i, the author Janine declare that I am a living breathing woman going about her every day business with the following rights being the right to manage my daily affairs, right to life, liberty, security, equality, dignity plus right to work, access to water, food, travel, medical care, my bank account and funds and basic needs and visit my loved ones without interference, be free of any discrimination, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to not be subjected to scientific or medical experimentation, right to refuse medical treatment, right to choose how I manage my own health and life, right to be treated fairly, right to privacy, right to freedom of movement and residence, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to protect myself and my property and right to social security and social service, and these rights can not be taken away, where I have the right to charge compensation fees to any individuals or agents acting on behalf of any corporation that tries to take authority over me or breach my rights; and

25. as i, Janine had removed the Crown Corporate jurisdiction over me I am not subject to its corporation rules that only apply to its subsidiary companies, that living men and women are not subsidiary companies and corporations can not take control over a living man or woman and provided evidence of this to the staff involved in my terminating my employment on 15th of December 2021 shown in Exhibit J, therefore the DHB and its staff had no right to insist me to take an experimental drug where one of the risk factors is death, with the threat of loss of employment if I did not take the experimental drug; and

26. as I am no longer under Crown corporate law or jurisdiction are not subject to it's rules and regulations, but can charge whatever I like for breaches to my rights, and as not one individual challenged my liability notice and charges that were sent and received four times I am fully within my rights to charge these amounts found in 'Exhibit A' to the corporation and its successor and to individuals in the private who violated my rights and breached my health and safety; and

27. Peter Chandler is requested to answer that in his role as CEO of BOPDHB he allowed the release of information to be dispersed throughout the Bay of Plenty DHB that the Pfizer vaccine was 'safe and effective' and also received the official MOH data that it did not stop the spread of the disease and the autopsy report of a Pfizer vaccine death from me via email on 20 December 2021 so he was fully aware that the vaccine was not effective and can not be classified as safe if one of the risk factors is death, and as he was fully aware of this information but did nothing to challenge the message being publicly promoted of the Pfizer vaccine being safe and effective,

all rights reserved without recourse
non-assumpsit errors and omissions excepted, strictly no rights of usufruct

then he is liable for any severe adverse reactions or death that occurred as a result of individuals within the BOPDHB region having the vaccine based on the trusting the information provided to them with a non response taken that Peter Chandler is accepting full liability and responsibility for any severe adverse reaction or vaccine related death within the BOPDHB area; and

28. Peter Chandler is requested to answer that as he did nothing publicly to oppose the New Zealand government mandate for all health workers to be vaccinated or lose their employment where one of the known risk factors was death, then he is liable for any vaccine death and severe adverse reactions that occurred within the BOPDHB area with a non response is accepted that Peter Chandler is accepting full liability and responsibility for any vaccine related death and severe adverse reactions within the BOPDHB area; and

29. Peter Chandler is requested to answer that if the BOPDHB enforced the vaccine mandate upon any of its employees where one of its risk factors was death, then this is considered a serious threat of harm to its employees and as CEO he is liable for actions of threat of harm to its employees with a non response accepted that Peter Chandler accepts full liability for actions of threat and harm to the employees of the BOPDHB; and

30. Peter Chandler is requested to answer was the BOPDHB provided with money or incentive or directive for writing down covid death as the cause of death on death certificates regardless of other health conditions including the fatal gunshot victim Robert Hart occurring in New Lyn Auckland in November 2021 where his death was recorded as 'covid' with Ashley Bloomfield quoted in Washington Post article in Exhibit G saying "that even if Covid 19 wasn't the cause of death New Zealand was recording deaths with any link to coronavirus", with non response from Peter Chandler accepted that he knew this was occurring and is therefore liable for fraudulent actions to falsify information to make it look like there were more covid deaths than actually occurred; and

31. Peter Chandler is requested to answer that he received an email from me on 15th day of December 2021 including a letter attached dated 14 December [Exhibit J] outlining that the BOPDHB had implemented using the government recommended protocol of treating covid using remdesivir or its generic equivalent that has a high associated death rate and stopping the use of ivermectin which has a low death rate, and as he received this email he has no excuse that he knew that there is a high associated death rate using remdesivir for treating covid as shown in Exhibit I, with non response taken as Peter Chandler accepts that the BOPDHB implemented the New Zealand government recommended treatment protocol of using remdesivir with his knowledge and approval and if this caused unnecessary loss of life that he is fully liable for any and all deaths associated in BOPDHB with use of remdesivir and that deaths written down as covid deaths where the individual had been treated with remdesivir could have been due to the drug, not the disease; and

32. Peter Chandler is requested to answer if he arranged or authorised any staff member of the BOPDHB to be exempt or allow to continue working without having the first two shots of Pfizer vaccine with non response taken as acceptance as truth that he allowed unvaccinated staff to continue working within the DHB demonstrating that discrimination occurred as all staff were not treated equally; and

33. Peter Chandler is requested to answer if he knew or knows about any DHB employee that was exempted or allowed to continue working without having the first two shots of Pfizer vaccine with non response taken as acceptance as truth that he did know of DHB employees working without requiring having the vaccine, and allowed them to continue working, demonstrating that discrimination occurred as all staff were not treated equally; and

34. does Peter Chandler confirm that he did not have both the first two shots of Pfizer vaccine in his arm with the needle and the contents of the vial going into his arm under the skin and that the vial contents were the same as every other staff member or member of the public that was requested to take with non response taken as confirmation he did not take the double doses of vaccine that he was requesting all others to take showing a double standard and that he was treated with preferential treatment confirming discrimination has occurred where he also did not set the example of doing what he was requiring other DHB employees to do; and

35. Peter Chandler is to confirm that he was the CEO of the BOPDHB corporation at the time of the vaccine roll out and mandate of DHB employees to have two doses of the Pfizer vaccine to retain their employment which was not written or signed into anyone's employment contract, and now it is clear that discrimination has occurred the CEO is ultimately the individual responsible for wrongful dismissal of any and all staff members with non

NOTICE OF LIABILITY dated 25 November 2021 from Janine Arabella

Att Don Sorrenson in role and acting as manager Support Net plus in private capacity

Att Tessa Richardson, Executive Director – People & Culture plus in her private capacity

Att Peter Chandler, CEO BOPDHB plus in his private capacity

Att Scott Hart, working for People and Culture BOPDHB plus in his private capacity

Att Meredith Mckenzie as employee representative of Employee Solutions BOPDHB plus in private capacity

Att Rachel Waanga as employee representative BOPDHB and in her private capacity

Att all BOPDHB council members in the role of council member as well as in private capacity named here as Sharon Shea, Geoff Esterman, Ron Scott, Hori Ahomiro, Mark Arundel, Bev Edlin, Ian Finch, Marion Guy, Leonie Simpson, Arihia Tuoro, Wayne Williams

I am left with no choice for course of action other than to issue liability notice to all parties that are complicit in breaches and duty of care towards me as an employee. Due to no action of DHB to resolve matters after 6 weeks off work because of failure to provide a safe work environment for me to work.

To all of the above people, you are liable in your private capacity as well as professional roles you act as agent for the BOPDHB and government of New Zealand. This is due to breach of the Wages Protection Act 1983, H+S Act 2015, Employment relations Act 2000, NZ Bill of Rights Act 1990, Human Rights Act 1993, Crimes Act 1961 and Criminal Procedure Act 2011 and I have the legal right to charge you in the private. Other Laws and Acts relevant that you are in breach of are: Universal declaration of human rights 1948, Nuremberg Principles, Declaration of Helsinky 1964, International Covenant on Civil and Political Rights United Nations 1967, plus the Secret Commissions Act 1910, plus International Crimes and Criminal Act 2000 sections 9-21.

I, Janine Arabella have been off work since 13 October due to failure of the DHB to provide a safe work environment for me. The date of this letter is 25 November, 43 days since I first went off work. On 2 November the DHB stopped paying my wages and started unlawfully and in bad faith deducting my annual leave. They were requested on 10 November by email to do this via my team leader and manager, then Rachel Waanga at Employee Solutions, then letter sent on 11 November to Pete Chandler, Don Sorrenson, Scott Hart and Tessa Richardson.

I will outline multiple breaches with more to follow once I go through all the legislation including employment law, criminal and civil laws.

1. **DHB uploading my private sensitive information onto clinical intranet without my permission and refusing to remove it**
2. **Any fellow staff members and DHB employees able to access my private sensitive medical information; privacy officer putting privacy screen on my NHI stating that no one able to access my private information without my written consent, then Scott Hart breaches my private medical information and passes this on to other DHB staff members**
3. **DHB covering up information regarding failure of duty of care of DHB staff members towards my daughter who died earlier this year that has not only affected me as a mother but also as an employee as this was done by my employer**

4. DHB including all these people named in private capacity co-ercing me to take an experimental drug with serious risk factors including death in order for me to keep my employment

5. Lodging of 4 incidents of harm onto Datix, failure of DHB to address

6. 15 November sent multiple emails requesting via Rachel Waanga from Employee solutions to stop deducting tax from my wages as now tax exempt and section 4 of Wages protection act is subject to section 5 (can only take deductions with my written consent) Taking deductions without my consent is act of fraud and harm.

7. DHB Employee solution representative Rachel Waanga and my manager Don Sorrenson allowed DHB to deduct 2 weeks so far of annual leave out of my pay; when DHB failed to provide me a safe work place, and are therefore required to pay my wages until such a time they can provide a safe work environment for me to return to.

8. Failure of DHB to provide me with a safe work space – put me in hot desk environment with no privacy in with mental health service staff who caused harm towards my daughter, environment now hostile due to discrimination created by DHB revealing my vaccination status without consent to access my medical information. In order for me to return they have to eliminate all threats against me including hostile reactions from other staff plus eliminating virus from the work place, plus address all my health and safety needs.

9. DHB declared there is an unsafe virus in the work place, it is therefore their responsibility to remove it. Failure of DHB to eliminate a virus from my work place, making it an unsafe place for me to be regardless of vaccination status as both vaccinated and unvaccinated can transmit the disease. See official government website page 3 written in bold in paragraph 4: I also note here that the government website also clearly says that masks do not protect you from transmission.

ministry_of_health_position_statement_on_the_management_of_unvaccinated_individuals_in_healthcare_settings.pdf

10. Failure of DHB and its representatives identified here to address any of my health and safety needs including 22 questions asked in letter dated 11 November.

11. As so much hostility and work health and safety hazards identified and now remaining unresolved after 6 weeks of going off work, I do not see that the DHB can create a safe work environment for me to return to. I had fully intended on working in my current job up until the time I am 70, as many of my other colleagues have done so. I am currently 54, so this is another 16 years.

I have been off work since 13 October with multiple emails, letters and injury claims lodged with not one attempt to address these. 2 meetings in last week have been set to discuss my vaccination status, but not address any of my health and safety issues. I am not willing to meet until such time all of my health and safety issues and breaches of my rights under national and international law here in New Zealand.

Under common law I am able to claim for damages and harm not only to the DHB but to all staff addressed in writing in their private capacity. My claim for damages is $1000 per day plus interest from 13 October plus payment of $709.70 of deductions from my wages plus 2 weeks of wages that were taken illegally and in bad faith out of my annual leave, plus costs plus interest to claim money due to me. I loved my job and fully intended working

there until the age of 70, as many of my colleagues have. As the DHB is unable to provide a safe work environment for me to return to my claim goes up until the time I turn 70 on 5 October 2037. This is 16 years x $5000 per week x 52 = $4,160,000.00 plus $709.70 plus $3079.30 = $4,163,789.00 plus costs and interest at 15% accruing daily from the date this liability notice is written. I also lay claim to my loss of wages for 16 years plus inflation adjusted I am expecting a wage increase early next years under PSA pay equity claim and anticipate my salary will go up to $85,000 allowing for 3% inflation per year this figure comes to $1,713,421 for loss of wages accruing at 15% daily from 25/11/21. As I am now tax exempt this amount would need to be paid in full. You have my bank account details for payment of $4,163,789 + $1,713,421 =$5,877,210. If the DHB does not pay out my claims to harm I have the legal right to charge each person identified in their private capacity, and I will have the ability to seize your personal property.

Please note further charges will apply and be added once I review all the breaches of the above acts. I note that many offenses have charges $100-500,000 per act, with many breaches that have occurred towards me, plus there are criminal charges of fraud, co-ercement and threats to my life, and due to staff being co-erced to have the experimental drug and some having severe adverse side effects and maybe even death there are likely to be charges for Crimes Against Humanity. I add here that failing to offer treatment protocols where there is very low risk of death in favour of the one the government puts forward that has high risk of death is also a crime against humanity, and failing to record severe adverse effects after having the vaccine or death is also failure in duty of care and a crime against humanity. Now that you have been informed you have no excuses and you can expect to be brought before a world court for crimes against humanity.

Please note it is to my advantage the longer you take to address your failure to address my employment issues and health and safety needs it is to my advantage due to the accruing interest that I can claim.

Kia ora Janine

This is just to acknowledge your letter and confirm the DHB is working on a response. This is not straightforward because of the range of issues you've raised and the fact that many of them are beyond the DHB's ability to influence in that we are required to adhere to the law.

Similarly it is not possible for us to eliminate one of the key hazards you have identified – ie the virus – but as you know there is free vaccination miligation which is the best worldwide defence at this point and has been available to all staff for six months and now with two vaccine options available.

However, we acknowledge there are a number of issues in your letter and I'm sure you'll appreciate we have had a number of similar letters which are all being worked through.

I also acknowledge the various Datix incidents citing workplace harm as a result of the government's vaccine mandate.

We will endeavour to respond to you on all points raised during the coming week.

Best regards

Dear Don, Scott, Peter

This is a reminder that the liability notice still stands as attached and received initially by you on 25 November 2021, as my health and safety employment issues were never resolved and be aware that these charges continue to go up with accruing interest. I received confirmation from each one of you that all my past correspondence was read. therefore you should all have a full understanding of your private liability.
My understanding is that Tess and Meredith have left the organisation. If I am wrong you are welcome to forward this email to them

Dear Scott

I refer you to my email sent below at 6.42pm on Monday 13 November and voicemail left for you on Wednesday 15 November at 3.31pm requesting you to contact me to inform me of the process of how to make a claim for wrongful termination. You completely ignored these and chose not to respond and were acting in dishonour until I reminded you 10 days later of your private liability and re-sent you my liability notice on Wednesday 22 November.

It is unacceptable to request a further two weeks before responding. I request a response by 5pm Monday 27 November which is two weeks since you were originally contacted. All I have asked for is the official dhb process to place a wrongful dismissal claim. To ensure there is no confusion or further delay tactics I now attach the liability notice so you have received it a third time plus have also placed it in signature required courier post bag today and as you are the manager of People and Culture will task you with printing the liability notice and providing a printed copy of it to Don Sorenson and Peter Chandler and any other person you consider appropriate. You now have no excuses and and no response by Monday 5pm on 27 November will be taken as a further action of dishonour on your behalf.

As there was no attachment to that. and if I refer back to the correspondence you are relying upon, it appears it is a communication for January 20222, when the Gvt imposed a PHO related to covid vaccinations.
We have not been advised to provide any remedial action to claimants who believe they have a case against their employer at that time, being BOP DHB.

You have requested advice on how to pursue this claim you state below.
As this case would be covered under Employment Law and MBIE you would / could speak with someone there or engage your own advocate to validate your findings below.

To reiterate, we have not been advised that there are actions that we as an employer need to undertake.

It is unacceptable to request a further two weeks before responding. I request a response by 5pm Monday 27 November which is two weeks since you were originally contacted. All I have asked for is the official dhb process to place a wrongful dismissal claim. To ensure there is no confusion or further delay tactics I now attach the liability notice so you have received it a third time plus have also placed it in signature required courier post bag today and as you are the manager of People and Culture will task you with printing the liability notice and providing a printed copy of it to Don Sorenson and Peter Chandler and any other person you consider appropriate. You now have no excuses and and no response by Monday 5pm on 27 November will be taken as a further action of dishonour on your behalf.

Dear Peter

As you are past CEO for BOPDHB I have needed to keep you fully informed as to where things are at, as my health and safety plus discrimination issues were never addressed, especially now it has come to light that over 11,000 DHB employees were exempted of having the vaccine showing clear evidence of discrimination towards those whose employment was wrongfully terminated including mine.

I contacted Scott Hart on 13 November 2023 via email plus left him voicemail at 3.31pm on 15th November and he chose not to respond back to either the email or voicemail, so on 22 November I resent the liability notice with my charges to Scott Hart and Don Sorrenson and yourself to your DHB email address which appears to still be current as past employee emails receive an email rejection notice.

This is the original liability notice that was sent to you on 25 November 2021 where you responded back by email on the following day Friday November 26th 2021 to acknowledge that you received this email and letter attached and your letter was Cc'ed back to all the original DHB staff it was sent to – Don Sorrenson, Tess Richardson, Scott Hart, Rachel Whaanga and Meredith McKenzie.

On 24th day of November 2023 Scott Hart sent me an email acknowledging the original email sent on 13th of November that he would aim to have a response to me within 10 working days. I responded back that this was unacceptable on 26 November as he had already two weeks and requested a response by 5pm on 27 November and reattached the liability notice and Cc'ed this to you and Don Sorrenson, and requested him to print a copy and provide the hard copy to you and Don.

On 27th day of November Scott Hart then sent me another email acknowledging the receipt of the email on 26 November which had the liability notice attached and said I will have a response to this email within ten working days which ends on Monday 11 December.

Can you please inform me by my email janine.arabella1@gmail.com or by courier post by 5pm on 13th December 2023 that the email pete.chandler@bopdhb.govt.nz is current and that you did receive the emails discussed above being 22 November and 26 November 2023 from me with the liability notice attached and can you also please also advise that Scott Hart did provide you with a printed out copy.

Please note that a non-response is acting in bad faith and a non response will be taken as silent acquiescence that you did receive these emails with attachments.

To ensure that you have received the hard copy of the three page liability notice I have resent it via tracked courier to your current work address and home address, as the liability notice has remained current and valid due to the issues never being addressed. As you were the CEO at the time you still carry the responsibility to address these issues. Hoping that you will assist to speed up the process, and now that I have evidence that you have received the liability notice three times you have no excuses. You will be informed of the next step in my claim for wrongful dismissal shortly.

Exhibit B - 6 pages

To BOPDHB Employee Representatives: Don Sorrenson, Tess Richardson, Scott Hart, Pete Chandler, Meredith McKenzie and Rachel Waanga

From Janine Arabella, employee at Support Net

20 December 2021

Dear Don, Tess, Scott, Pete, Meredith and Rachel

I have made it very clear that I have many personal grievances towards the DHB organisation and staff members acting in authority positions where many of my individual, employment and health and safety rights have been breached. Since the DHB are making their primary focus around the vaccine mandate I have highlighted these in yellow, but every aspect of my health and safety and every breach is important.

I will summarise the breaches here.

(1) Fraudulent cover up of events that occurred that lead to the death of my daughter while under the mental health act and care of the DHB. Covering up important information to avoid liability are criminal chargeable acts. This is failure of responsibility towards my daughter, me as a mother and me as an employee.

(2) Breach of my private medical information, firstly private sealed documents uploaded onto clinical Intranet without my permission and failure to remove them, then breach to obtain information of my vaccination status.

(3) DHB taking out unauthorised funds from my wages after being informed on 15 November that I am now tax exempt from 11 November. The contact person at IRD who is responsible for processing my tax exempt status is Bernadette Newman, who can be contacted by email on bernadette.newman@ird.govt.nz. I ask that I receive a copy of any correspondence from her or any other representative from IRD.

(4) Failure to provide safe work environment due to placing me in open hot desk office with no own space or privacy with sharing the space with some of staff from mental health services involved with my daughter's failed care.

(5) Failure to provide safe work space due to declaring there is a virus in the work place and failure to remove it.

(6) Failure to address discrimination towards me and changing the rules where I was allowed to work from home with no patient contact until the time they questioned my vaccination status.

(7) Co-ercement to take an untested drug where one of the risk factors is death plus many having severe adverse reactions and sickness and threatened with termination of employment and loss of income if I do not take it. It is a lie that it is my choice, as I have been threatened with loss of employment. (please see attached autopsy report of person who died of vaccine as proof that one of risk factors is death).

(8) Prohibited to come to work based on discrimination due to vaccination status when government official document provided 14 December clearly states that both vaccinated and unvaccinated can transmit the disease, and as both can transmit any form of segregation is discrimination.

(9) Conditional acceptance given to have vaccine based on all people involved in the decision making of my termination including Don Sorrenson, Meredith McKenzie, Scott Hart, Pete Chandler, Tess Richardson and Rachel Waanga plus the doctor or person administering the drug providing personal guarantee and liability signed agreement that the drug is safe and effective and I shall come to no harm and if I did they will take full responsibility and liability.

(10) If Don, Pete, Tess, Meredith, Rachel and Scott 'follow orders' of enforcing taking the vaccine as co-ercement, you are therefore complicit with the government in the vaccine roll out and can potentially be charged for any adverse reactions, deaths including the government recommended treatment protocol for treatment of covid 19 which has high death rate compared to other low risk death treatment options. There are international charges under the Nuremburg Code for Crime Against Humanity and Criminal Procedure Act 2011 Schedule 1 Category 4 offences part 2 International Crimes sections 9 and 10 which have penalties of up to life imprisonment and death. Please see attached

official medsafe document with final recommendations regarding Pfizer where Medsafe clearly states that they are unable to recommend this product for consent in New Zealand. I state clearly here that I do not wish for any harm to occur to any staff member within the DHB, but believe I have a responsibility to inform them of potential consequences and accountability of their decisions and actions. Nuremberg Principle number 4 states "The fact that a person acted pursuant to order of his Government or of a superior does not relieve him from responsibility under international law, provided a moral choice was in fact possible to him."
There is no threat of harm of any form from me and I also state clearly that I am of sound mind. I provided DHB staff members with an opportunity to remedy themselves by showing that they are trying to correct actions of harm by acting in good faith and removing actions of bad faith, as actions of bad faith lead to you being charged in the private. It is now in your hands what you decide to do.

Crimes Act 1961 section 201 Infecting with disease: Every one is liable to imprisonment for a term not exceeding 14 years who, wilfully and without lawful justification or excuse, causes or produces in any other person any disease or sickness.

Criminal Procedure Act 2011 Schedule 1 Category 4 offences part 2 International Crimes sections 9 and 10

Section 9- Genocide the penalty is the same for murder which in world court is death penalty or life imprisonment

Section 10 – Crimes against humanity is the same for murder which in world court is death penalty or life imprisonment

Health and Safety at Work Act 2015

I went off work on 13 October due to failure of DHB to provide me with a safe work environment. To date the work environment has not changed. The DHB has been given multiple opportunities to remedy this. My health and safety issues far exceed the vaccine mandate.

83 Right of worker to cease or refuse to carry out unsafe work

(1) A worker may cease, or refuse to carry out, work if the worker believes that carrying out the work would expose the worker, or any other person, to a serious risk to the worker's or other person's health or safety arising from an immediate or imminent exposure to a hazard.
(2) A worker may continue to refuse to carry out the work if—
(a) the worker attempts to resolve the matter with the PCBU as soon as practicable after first refusing to do the work; and
(b) the matter is not resolved; and

(2) For the purposes of this section, detriment includes anything that has a detrimental effect on the employee's employment, job performance, or job satisfaction.

Tēnā koe Janine,

Final Decision

This letter relates to the Covid-19 Public Health Response (Vaccinations) Order 2021 ("the Order"), and its impact on your employment. As you know I issued a preliminary decision on 13 December 2021, and invited you to a meeting, which occurred by Zoom on 20 December 2021.

Scott Hart and Tess Richardson attended with me, and a member of your household, Julian, attend with you. We had advised you that we would arrange a recording of the meeting, which we did. A private and confidential transcript is attached. Below is a summary of comments made during the meeting (I have not captured everything below):

- You introduced yourself, and Julian, and asked that everyone acknowledge the humanity of one another, and appreciate that it was a difficult situation.
- You read from a prepared letter and advised that we would be provided with a copy straight after the meeting (you letter of 20 December 2021).
- We reiterate that we were acting under a law, and that the Order required us to ensure that the people undertaking certain work were vaccinated. We asked you to confirm your vaccination status. You indicated that you had given conditional acceptance, but required certain things of us as a condition of your becoming vaccinated (answering 22 questions which you feel we have not adequately answered and signing personal liability guarantees). You confirmed you were not vaccinated and advised that your position was that if we really believed the vaccine was safe and effective, we would sign the personal liability guarantee that you had asked us to sign.
- We asked you about whether you believed that your role was covered by the Order. You said you believed it was not, because it could be undertaken remotely. We discussed this in detail with you (I have recorded more about your comments about this later in this letter).
- We asked if there was anything else that you wanted to raise, and you said the issue of trust and the requirement that you not desk in an environment with staff members who were involved in your daughter's care.
- You advised that you understood you would never be able to attend the workplace if we implemented a 'segregated' environment, and you remained employed working from home.
- We asked if you felt it would be useful for us to arrange a meeting for you with a clinician to discuss your concerns. You declined.
- We reiterated that the choice to be vaccinated was yours, and that DHB is seeking to comply with the Order. You disagree with this, as you feel there is definitely coercion, as there is a loss of income for people and you were aware of people who felt coerced.

Exhibit C Page 1 of 7

- You advised that your view was that in trying to comply with the Order, we were actually breaking lots of other laws, and these laws were ones you saw as more important as they related to human rights and discrimination, and you feel there will be liability for us in 'private' if we continue with our actions.

You have provided me with the following letters about this matter:

- 28 October 2021
- 11 November 2021
- 15 November 2021
- 25 November 2021 Notice of Liability
- 29 November 2021
- 14 December 2021 (including the Ministry of Health document you provided with it); and
- The letter you provided on 20 December 2021 for the meeting, and the two documents accompanying it.

I have read and considered all of these, as well as the other comments you have made about this. This letter sets out my final decision and the reasons for it.

Order Coverage

The Covid-19 Public Health Response (Vaccinations) Order 2021 ("the Order") was amended effective from 25 October 2021, and provides that in order to perform certain work in the health and disability sector, you must be vaccinated. It covers:

- Health practitioners providing health services to patients in person
- Workers who carry out work where health services are provided to members of the public by 1 or more health practitioners and whose role involves being within 2 metres or less of a health practitioner or a member of the public for a period of 15 minutes or more
- Workers who are employed or engaged by certified providers and carry out work at the premises at which health care services are provided
- Care and support workers

My decision is that your role is covered by this Order.

In this regard, we note that the definition of 'care and support workers' is "*...a person employed or engaged to provide care and support services within a home or place of residence*".

Your work as Needs Assessor/Service Co-ordinator for Support Net requires you to provide 'care and support services' within the homes of clients, as your role requires you to enter the homes of people and work with them to undertake assessments to ensure that their needs for care and support are met to enable them to continue to live in their home, including ensuring that they receive the appropriate personal care and household managements services needed. I note that the definition of care and support services is as follows:

"care and support services means services that are funded by the Ministry of Health, a DHB, or ACC and provided to a person for the purpose of—

> *(a) assisting the person to continue to live in the person's home or in the community (such as personal care and household management services); or*

(b) providing mental health and addiction support services, or vocational and disability support services; or

(c) if the person has a disability, assisting the person to work in the community; or

(d) if the person has an injury covered by the Accident Compensation Act 2001, supporting the person's rehabilitation from the injury or supporting them to achieve and sustain their maximum level of participation in everyday life"

You are also employed by a certified provider, and your role also requires you to carry out work at the premises where health care services are provided, as you undertake some of your duties as Tauranga Hospital.

Further, your role requires you to work within two metres for more than 15 minutes of Health practitioners where they provide health services to members of the public, as you work in an open plan office with other NASC workers and they are providing healthcare services from the same location to members of the public.

I have considered the comments you have made about undertaking work from home for periods of time during the last two years due to Covid-19. However, my view is that the role you are employed to perform is covered by the Order, and any question about whether it could be undertaken from home on an ongoing basis, should be considered as an 'alternative option' (which I have done below).

My view is therefore that the role you are employed to perform is covered by the Order.

Your Vaccination Status

We asked for your vaccination status, and you confirmed that you are not vaccinated.

You said that you had asked us to answer 22 questions and provide personal liability guarantees for you, and said that if we were confident the vaccine was safe and effective we would have no problem signing the personal liability guarantee. Tess reiterated to you in the meeting, that we were implementing legislation, and it was the legislation, not the DHB, that was requiring vaccination for your role.

I have considered the reasonableness of your request that a number of employees of the DHB (including myself) sign personal liability guarantees, and determined it is not reasonable that we do so. It is not our choice or decision that you be vaccinated. As Tess explained in our meeting, the DHB is subject to legislation that requires that it not allow people to undertake certain work without being vaccinated. We are acting on behalf of the DHB in implementing its legal obligations under the Order.

Alternative Options

We discussed in some detail your view that your role could be undertaken completely remotely. You said you had done this for periods of time both last year and this year, and you felt you could continue to do that. You said you had obtained support from your colleagues and Team Leader as necessary, in undertaking work remotely, and you said that you could Zoom into Team Meetings. Your view was the between 75%-80% of assessments could be done remotely.

We do not consider that this is a good option as we believe to provide the right level of service to our patients, in-person assessments are necessary. Your role is to primarily to facilitate "interRAI" Home Care Assessments which involves observing and talking to clients (and their support people) in their own homes, and we consider that if you work from home doing fully remote work that you would not be able to complete these face-to-face assessments. Any remote assessments are not, in our view, of the same level of effectiveness or at the same standard of quality, as a face-to-face assessment, and would not be a satisfactory replacement for in-person assessments on an ongoing basis. While we have had to use remote assessments due to concerns relating to Covid-19, this is not our preferred way of undertaking this work. It was always intended to be a stop-gap measure to get us through a difficult period of time where undertaking assessments in person created unacceptable risks to health and safety, or where it could not occur due to lockdown.

Further, as you indicated, you could never undertake all assessments this way. According to you, 20-25% cannot occur remotely.

Lastly, this issue does not only relate to the performance of your role, but also to the way in which the DHB, as your employer, is able to engage with you as an employee. If you remained unvaccinated, you would be unable to attend DHB premises on an ongoing basis, and this is a position which would constrain the ability of the DHB to engage with you, and support you, as its employee.

I have also considered whether there are any redeployment options which may be available. However, I have not identified anything suitable due to the coverage of the Order, and its wide application across our services.

Your Responses

You have raised a number of issues in the course of your correspondence, and in our discussions with you. We have tried to address these with you, and have sought to provide ways forward for you, including the process to make a complaint about your daughter's care, and advising you that we would work with you to ensure your working environment was one that you felt comfortable in, given your concerns about being in a workplace with those who had treated your daughter while she was in DHB care.

You have raised privacy concerns, which we tried to address with you, but I noted in your most recent letter (20 December 2021) you said you were concerned about your medical records being accessed to ascertain your vaccination status. I note that the Privacy Act 2020 is subject to other laws, and the Order allows employers to access the Ministry of Health vaccine register to check the vaccination status of employees covered by the Order. That is where the information was obtained from (as opposed to a search of your broader medical records).

You have also been concerned about our inability to provide reassurances that Covid-19 will be kept out of the workplace. As advised, we cannot provide certainty about that, but we are taking all reasonably practicable steps to prevent the risk of harm from Covid-19. I was prepared and willing to discuss our mitigation measures further in our meeting.

I note that you provided us with two documents alongside your 20 December 2021 letter. One purported to be a report produced by Noelyn Ann Hung regarding a post-mortem examination (or part of one) which linked the death of an individual to the vaccine. The other document you told us in our meeting was part of Court documents that showed that there were concerns with approving the vaccine but that these were overruled. I have looked at the documents. However, as indicated, it is not our decision to impose the vaccination requirement on you. Rather, it is the result of the Order. I also note that there have been two options for vaccination in New Zealand since the end of November 2021.

You have raised a lot of legal arguments with us. I have tried to address some of these specifically below. However, I note your broader argument is that you understand that our actions are required by law, and that we are acting in accordance with legislation, but you believe that there are other more important laws that we should follow. I acknowledge you feel this way, but I do not believe our actions are in breach of any laws.

With respect to some of the specific legal arguments you raised:

- No one is willfully causing you to be sick, or obtain a disease (you referenced section 201 of the Crimes Act 1961). As we have made clear, you can choose whether to be vaccinated, our involvement is to determine what impact your decision will have on your employment if you are not vaccinated.
- You referred to Sections 9 and 10 of Part 2 of Schedule 1 of the Criminal Procedure Act:
    - Genocide relates to intending to destroy all or part of a national, ethnical, racial or religious group. That does not apply here.
    - Nothing occurring in this situation is of the nature of a 'crime against humanity'.
- You have indicated that you have the right not to carry out unsafe work. We have not required you to undertake unsafe work. This process is about whether you agree to be vaccinated, and if not, what the potential impact could be on your employment. We have also reassured you that we are taking mitigation measures with respect to Covid-19, consistent with our health and safety obligations, and that your concerns about working with members of the mental health services team can be addressed and resolved if you were to return to work. We offered to arrange a meeting for you with a clinician, but you declined this.
- You have quoted section 88 of the Health and Safety at Work Act 2015 which is a definition of adverse conduct. We note this definition is used in section 89, and applies only to the extent that the adverse conduct is **because of** one of the reasons listed in section 89. We are making a decision about your employment based on the Order, and are not taking any action against you as a result of the issues you have claimed arise with respect to health and safety at work. Rather, we continue to be open to resolving those concerns for you, although we are not able to completely remove all risk of Covid-19 from the workplace.
- You have quoted section 92 of the Health and Safety at Work Act 2015 in respect of 'coercion'. That definition relates to situations where someone attempts to 'coerce' another person in respect of their powers, functions or roles under that Act. This does not appear to be relevant with respect to whether or not you are vaccinated, and what impact non-compliance with the Order may have on your employment.
- You have referenced good faith duties under the Employment Relations Act 2000. We agree that good faith is relevant to our process, and we have acted in good faith and consulted with you about the Order, and its potential impact on your employment, including providing you with information relevant to our decision and allowing you the opportunity to comment on that, before we make a decision. We have not done anything to mislead or deceive you.
- You have referenced section 104 of the Employment Relations Act 2000, which is about union discrimination. We are not taking any actions against you in respect of union activities, and therefore this section is not relevant.

- You have also referenced unlawful discrimination under the Human Rights Act 1993, and quoted section 22 which prevents discrimination in employment on the basis of any of the prohibited grounds of discrimination. Being unvaccinated is not a prohibited ground of discrimination, and therefore unvaccinated people are lawfully able to be treated different in their employment on the basis of their vaccination status. You have not advised of any prohibited ground of discrimination that applies to you, which is relevant to this matter.

- You have also referred to some remedies for personal grievance and sentencing criteria, as well as liability of officers. However, as no unlawful action is occurring, these are not relevant.

My decision

I have carefully considered all the information you have provided, including the content of our meeting on 20 December 2021. However, my decision is that:

- Your role is covered by the Order;
- You are not vaccinated in accordance with the Order, and therefore cannot currently perform your position;
- You are unable to become compliant by becoming fully vaccinated by 1 January 2022 (as there is a period of three weeks required between Pfizer doses, and four weeks between Astra Zeneca doses), and you do not intend to become fully vaccinated in the foreseeable future;
- Your role cannot be altered to enable it to be performed to our satisfaction from home on an ongoing basis;
- No other alternative or redeployment options have been identified at this time

Therefore, having considered the information available to me, I am hereby giving you four weeks notice of the termination of your employment. That means your employment will end on 21 January 2022. As you are unable to attend the workplace at the current time, you will continue not to work during your notice period, but you will be paid.

There are two other points to be aware of, during your notice period:

- If you become fully vaccinated, your notice will be cancelled, unless it would cause unreasonable disruption for us. I note that you have an obligation under the Order to advise us as soon as practicable if you are vaccinated, and confirm the name of the vaccine and date you received it;

- We will continue to explore any redeployment options – to this end if you believe there is an appropriate redeployment option which you could perform, could you please let us know what it is urgently, so we can consider it while you remain our employee. While our initial view, as advised to you, is that there are no suitable positions currently being advertised by the DHB which are not covered by the Order, if you disagree, or believe any of them are suitable, you are welcome to let us know urgently.

Janine, I sincerely hope that you will reconsider your decision during your notice period. I remind you that if you need assistance with access to the vaccine, we remain willing to assist you with this. I appreciate that you feel there are other issues impacting on your employment relationship with us, including your daughter's death. However, I am confident that we could work together to try and resolve your concerns and continue our employment relationship in good faith. I hope that you will consider this. However, I also respect you right to make the decision that is right for you, and I wish you well for the future.

Yours sincerely,

From Janine Arabella, employee at Support Net

3 January 2022

Dear Don, Tess, Scott

I am going to keep things very brief. According to the letter provided by Don on 22 December the decision made to terminate my employment was based on that my job requires me to be within 2 metres of a member of the public or other health practitioner for more than 15 minutes a day. Since the first covid 19 lockdown in March 2019 I have social distanced more than 2m when meeting with clients, our desks in the office were placed more than 2 metres apart, so this reasoning is not based on fact or truth. Even though I can perform all of my job with social distancing of 2m, I said I can also do 100% of my job of doing assessments and attending meetings via zoom. I clearly stated that I only require to do 4-5 assessments per week to meet my KPI performance indicators each week. At any time there are 200-500 assessments sitting in the data base, and I only have to find up to 5 each week to do via zoom. So in summary I can do my 100% of my job with 2m social distancing or via zoom, so if you terminate my employment you are doing it illegally without justification. I know of another staff member within DHB who has been allowed to continue working remotely and you have the authorisation and ability to allow me to return to working remotely. The only reason I can come up with for you terminating my employment is because you either can't or won't address all my other health and safety issues or personal grievances, and are trying to take the easy way out.

Kia ora Janine,

I have received your communication from 3 January 2022.

In that letter you have said that you understand that your employment was terminated: "...based on my job requires me to be within 2 metres of a member of the public or other health practitioner for more than 15 minutes a day."

There are four different ways in which a health and disability worker can be covered by the Order. An employee only needs to come under one of those four limbs. to be covered, and they have to remove themselves from all four in order to escape coverage.

Your employment was terminated because your role was covered by the Order, and we were not able to identify a reasonable alternative which would move you outside of the coverage of the Order. If you have a look at pages 2-3 of Don's 22 December 2021 letter, you will see Don determined that you were covered under more than one limb. The parts of the Order he determined applied to you were:

- Workers who carry out work where health services are provided to members of the public by 1 or more health practitioners and whose role involves being within 2 metres or less of a health practitioner or a member of the public for a period of 15 minutes or more

- Workers who are employed or engaged by certified providers and carry out work at the premises at which health care services are provided

- Care and support workers

In this regard, there were other reasons, beyond keeping two metres away from others, for why your role was covered by the Order. Even if you remained two metres away from others, you fall within the definition of a 'care and support worker', and you are also employed by a 'certified provider' to carry out work at premises where health care services are provided (Whakatane Hospital).

After Don determined that your role was covered by the Order, he worked through whether there were potential alternatives which would move you outside the coverage of the Order. As you will see in that letter, he considered your proposal to make your role fully remote, but felt it was not a reasonable alternative in the circumstances. His decision and reasons in relation to this are set out on pages 3-4 of his letter.

Janine, I can assure you that the other issues you have raised are not the reason your employment has been terminated. We have consistently advised you that we are willing to work through the matters you raised. Having said that, in relation to your Covid-19 related health and safety concerns, we have made it clear that we are not, and will not, be able to promise you an environment which is definitely free from Covid-19, but that we would always continue to take reasonably practicable steps to manage the risks arising from it.

Fact check: Did 11,000 people really get a vaccine exemption?

Interviewing Winston Peters, New Zealand First

After being asked about anti-vaccination supporters, "11,500 people got the exemption from the health department".

When vaccine mandates were in force, two exemptions were available. Medical exemptions might be granted to those with a recent infection (since the Ministry of Health recommends six months between catching Covid and getting a jab), plus those with life-threatening health issues or who'd experienced an adverse reaction to the first injection – though applications were tightly scrutinised. These exemptions last a maximum of six months.

Healthcare organisations could also apply for an exemption on behalf of their employees, lasting eight weeks at most. They'd need to prove that significant disruption to services would occur if workers did not remain in place, and they'd tried to make alternative arrangements.

While the 11,000-plus figure is astonishing, Peters' claim is not without evidence.

NZ First provided an Official Information Act response from Te Whatu Ora Health NZ – the central organisation which replaced District Health Boards.

The letter said 103 applications for an exemption to avoid significant service disruption had been successful between November 2021 and September 2022. A figure of "approximately 11,005" came from adding up the health and disability workers covered by these 103 applications.

NZ First said the person that gave Peters the data transposed the third and fifth digits, so the veteran politician said 11,500 not 11,005.

Asked to clarify, Te Whatu Ora confirmed the 11,005 figure. Many, though not all, were employed by the former DHBs.

Some DHB applications covered hundreds of employees.

In total, the DHBs had 85 successful applications, the agency said.

With only 20 DHBs, some were granted recurring permission to let unvaccinated staff work between November 2021 and September 2022.

Because of that, employees could have been counted multiple times in the 11,005 statistic.

Te Whatu Ora Health NZ spokesperson Matt Hannant said the exemptions allowed health services to continue uninterrupted. Applicants "had to outline their plan to avoid Covid-19 transmission and confirm that no alternate service delivery option was possible".

In addition, another 6410 people received a temporary medical exemption between November 2021 and September 2022, according to Te Whatu Ora with 89% of these covering those with a recent Covid-19 infection.

The figures are significantly higher than previously-released data.

In March, Covid-19 Minister Chris Hipkins answered National MP Chris Bishop's questions, stating up to 2600 people had received a service disruption exemption and up to 304 a medical exemption between November 2021 and February 2022. (The data provided monthly figures, so a person with an exemption granted in both November and February could have been counted multiple times.)

New Zealand man who died of gunshot wound to be recorded as COVID-19 death: Report

by Sydney Shea, Trending News Editor November 11, 2021 03:16 PM

A New Zealand man who died of a gunshot wound is reportedly being tallied as a coronavirus-related death until an investigation is completed.

Robert Hart, the 40-year-old who died on Nov. 5 after allegedly being shot in Auckland, tested positive for the coronavirus, according to a report that cited police.

"An additional death in Auckland has today been added to the national Covid-19 figures," the New Zealand Ministry of Health said. "This person's death is subject to a police investigation and the Ministry will not be commenting further on it, at this stage."

"Health authorities may test a deceased person for COVID-19 if their cause of death is not clear and if there is some concern that COVID-19 may have been involved, for example, where there is a link to a known case, or considering symptoms prior to death," a Ministry of Health spokesperson told the *New Zealand Herald*. "A deceased person testing positive for COVID-19 may also assist public health officials in identifying close contacts and taking any further action if needed."

There was reportedly a change in the way New Zealand reports deaths that have any link to the coronavirus, even if COVID-19 wasn't the cause, said Dr. Ashley Bloomfield, director-general of the country's Health Ministry, at a briefing.

"The clinical criteria will continue to be guided by [World Health Organization] definition, which is basically to report any death where the person had an acute COVID-19 infection regardless of what the cause of death might be,"

Employee Representatives: Don Sorrenson, Tess Richardson, Scott Hart, Pete Chandler, Meredith McKenzie and Rachel Waanga

From Janine Arabella, employee at Support Net

14 December 2021

A letter was provided to every one of you except Rachel Waanga on 29 November plus a notice of liability on 25 November that did include Rachel. Scott on behalf of all of you was requested to respond back and address the content of the letter dated 29 November by 12pm and this did not occur. He has failed in action and actions of bad faith remain in place for every single one of you. I now request that every single one of you respond back in writing to this letter dated 14 December and answer the specific questions asked to remove actions of bad faith, as you are all without excuse.

I also state that the letter from Don Sorrenson dated 13 December contains lots of incorrect information. I have given conditional acceptance to have the vaccine and the DHB has not met my requests to cover their actions of coercion and fraudulent behaviour. I have also agreed to meet based on my health and safety questions being answered and health and safety issues addressed and actions of bad faith being removed and all 22 questions answered properly. As they haven't, I have now added further questions that have to be answered.

I have now written 5 formal letters plus the current one, totalling 6. They are dated 28/10, 11/11, 15/11, 25/11, 29/11 and now this letter dated 14/12.

My third letter dated 15/11 had 22 questions that needed to be answered where I specifically asked the following near bottom of second page '**I request that none of my own writing be changed, deleted or reinterpreted. If the wording gets changed it is acting in bad faith towards me.**' The wording was changed and this shows further actions of bad faith towards me. This is unacceptable and needs to be remedied. Questions 10 and 20 were the same but were asked in 2 different sections, one to do if I returned to work with no patient contact as unvaccinated. The second in context if I was vaccinated. I requested each of 5 staff named in this letter to confirm they had read my 3 letters, so there requires to be a yes next to each of these names. Question 21 was regarding personal liability, Don and Scott have indicated that none of you are willing to sign a personal guarantee and liability agreement. If you do not agree to sign a personal guarantee and liability agreement you are basically saying that the vaccine is not 'safe and effective' and are therefore complicit with the government in participating in the vaccine roll out and all the adverse reactions, vaccine deaths, and co-ercion of DHB staff and public to have the vaccine. To state I have a choice is a lie as you are threatening me with removal of my livelihood if I do not have this vaccine. Each of 6 staff members named in this agreement now have to respond to each of the questions bellow and respond back to my email by 12pm Friday 17 December to help remove actions of bad faith.

10) Please confirm that my letters dated 28/10 and 11/11 and 15/11 have been read by all the 6 parties that this letter is addressed to, as each of these people can be charged in their private capacity if they break any laws or breach any of my rights.	**Letter 28/10 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 11/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 15/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes
20) Please confirm that my letters dated 28/10 and 11/11 and 15/11 have been read by all the 6 parties that this letter is addressed to, as each of these people can be charged in their private capacity	**Letter 28/10 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 11/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 15/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes

if they break any laws or breach any of my rights.			
21) Will all 6 parties who named in this letter sign the personal guarantee and liability agreement for accepting full liability if any harm happened to me after taking the vaccine? Each person to confirm that they have said 'no'. I give permission to change to yes	Don no Scott no Tess no Peter no Meredith no Rachel no	Don no Scott no Tess no Peter no Meredith no Rachel no	
23) Please confirm that my letters dated 25/11, 29/11, 14/12 have been read by all the 6 parties that this letter is addressed to, as each of these people will be charged in their private capacity if they break any laws or breach any of my rights.	**Letter 25/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 29/11 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes	**Letter 14/12 read** Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes
24) Please confirm that the pdf attachment of the ministry of health statement of position on the management of unvaccinated dated 18 November has been read by all 6 parties.	Don yes Scott yes Tess yes Peter yes Meredith yes Rachel yes		
25) Has the DHB removed the virus from my work place, yes or no, I give permission to remove the incorrect word yes or no but not to add any further words as this is action of bad faith. Further comments just below. Response required from all 6 parties	Don yes or no Scott yes or no Tess yes or no Peter yes or no Meredith yes or no Rachel yes or no		

Question 25) continued: From my letter dated 25 November DHB declared there is an unsafe virus in the work place, it is therefore their responsibility to remove it. Failure of DHB to eliminate a virus from my work place, making it an unsafe place for me to be regardless of vaccination status as both vaccinated and unvaccinated can transmit the disease. See official ministry of health document itemised in question 23 off government website page 3 written in bold in paragraph 4: "Where there is high COVID 19 vaccine coverage (i.e above 80% of eligible people are fully vaccinated), transmission is more likely to occur from a vaccinated rather than unvaccinated individual." The DHB has clearly provided an unsafe work environment plus showing discrimination towards unvaccinated by using the traffic light system and each of you are liable in your private capacities if you carry out this order of mandate or of the traffic light system or any other current government orders due to breaking many other and higher laws. I also note here that the government website also clearly says that masks do not protect you from transmission. Please advise in question asked in box above from all 6 parties named in this letter – has the DHB removed the virus from my work place yes or no – remove the word that is incorrect. You have been given permission to delete incorrect word yes or no but not allowed to make any other changes to this question and response as all that is required is a yes or no response or your actions show bad faith. If the virus has not been removed then the environment is still unsafe and the DHB have to continue paying me until such time that it is safe.

I do not see any way that the DHB can provide a safe work environment for me, and I have evidence of many actions of fraud, crimes committed, breaches of health and safety and employment law, plus tax law and tax fraud. My next course of action depends on the actions of the 6 staff members that this is addressed to. As you are all liable in your private capacity as well as professional capacity it may be easier to pay me out. Please be aware that that legal documents are already drawn up with more information being added every day, including more charges. Please note that I have close contact with an American doctor and lawyer plus many New Zealand lawyers who are advising me of steps of action. The only place

In the world that charges that are related to Pfizer can be made are in New York, so it is very convenient that I have close contacts that can take it to this level if required. So charges are being laid using New Zealand and England common law plus all NZ laws, plus American law and International law. I am surprised that any of you can sleep at night knowing how much liability you are up against as individuals with further monetary charges being added daily due to my extensive research into laws being broken and penalties plus the 15% incurring interest. I suggest you read sections 5-13 of the Secret Commissions Act 1910, where the penalties of giving or delivering false receipt of any kind of documents is up to 7 years imprisonment, and Crimes against Humanity charges are up to life imprisonment or the death penalty.

You each have until 12pm Friday 17 December to respond by email exactly as requested to each questions 10, 20,21, 23, 24 and 25. If the questions are responded to as requested to help remove actions of bad faith I will attend a zoom meeting by invitation for Monday 20 December at 3pm. I will be leading this meeting and the first question will be have you removed the virus and if not then work environment remains unsafe and the DHB has failed to provide a safe environment for me to return to and therefore there is no point addressing any more questions until there is a safe work environment for me to return to. I had requested to work from home but you have denied me the ability to do so, you have threatened to fire me based on discrimination and are still liable to pay me and find a way to provide a safe work environment for me to work in. Please note if I attend there will be in attendance an American doctor plus my legal team listening in plus it will be recorded.

Please note this letter is written by the living breathing :Janine: who trades as Janine Arabella and as I am not a Crown entity I am not subject to Crown Law and you will all be called to higher account for all of your actions. I strongly suggest the DHB finds a way to pay me out of the costs to you all as individuals could even be your lives if you continue with current actions, as I am recording the onflow of all your actions particularly to do with tax fraud, fraudulent cover up over failure of duty of care towards my daughter, coercion of any staff member or public who was not given proper informed consent to having the vaccine or treatment protocol and ended up with medication or vaccine reaction or has or will die as a result of failure to act on the knowledge of exposure of cover ups. This includes the treatment protocol that is in place to treat COVID 19 which has a high death rate compared using a high price drug compared to a low price drug of Ivermectin and Hydroxychloroquine with very low death rate overseas. I have given Pete Chandler a way to redeem your actions and how to show that you are trying to correct harm caused by your actions.

Pete Chandler is fully aware of the cover ups regarding the care of my daughter while under the DHB that contributed to her death, and that this gives me extreme motivation to find the DHB and individuals liable for any type of actions that led or lead to the harm of others, and that I will follow through with all the actions that I have set in place. Pete Chandler is the only one who holds the power in his hands to redeem each of the staff members. This redemption involves paying me out until the time I am 70 in full plus damages as per liability notice given on 25 November with no tax taken out as I am now tax exempt, (I had fully intended to work at Support Net until the age of 70, as have most of my work colleagues). This would be showing good faith of honouring of my employment contract, that the DHB has no right to change the terms of my employment contract without my consent. Once this occurs I will let go and not seek to lay further charges against the DHB or its individual staff members in their professional and private capacity. The money I receive will be used to set up a health service in honour of my daughter who died, so I can honour her memory and help others. This is the only thing that will redeem each of you as individuals, so it is now in Pete Chandler's hands as to whether he will agree to pay me out and end the serious consequences towards you as individuals.

STATEMENT OF FACTS

1. That an Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination by the living woman author and claimant Janine dated the thirteenth day of December in the year of 2023 was received by all five individuals Debra East, Scott Hart, Don Sorrenson, Peter Chandler and Margie Apa as individuals and on behalf of the corporations they represent being BAY OF PLENTY DISTRICT HEALTH BOARD and HEALTH NEW ZEALAND and HLALTH NZ and TE WHATU ORA on the fourteenth day of December 2024 with 28 Calendar days to respond and rebut point by point via post to 37A Glue Pot Road Oropi, Tauranga 3173 by 5pm on Thursday 11th of January 2024 addressed to the Author and claimant, Janine.

2. That on 21 December 2023 Debra East sent a letter via email challenging the validity of the claim and requesting all correspondence regarding the corporation Te Whatu Ora/Health New Zealand and the five individuals that the Affidavit was addressed to be directed to Debra East at debra.east@bopdhb.govt.nz and/or 829 Cameron Road Tauranga appointing herself as the spokeswoman with the responsibility to inform

all the other four individuals. The living woman author Janine was willing to honour this request as long as every correspondence Debra East receives from the claimant Janine via email or courier post or any other manner she confirms in writing that she has passed on to the other four individuals and the representatives of the corporations of BOPDHB, Te Whatu Ora and Health New Zealand on the day of receipt.

3. That the claimant Janine sent a letter dated 2 January 2024 by email on 3 January 2024 to Debra East to her email address debra.east@bopdhb.govt.nz and courier post to all five individuals being Debra East, Peter Chandler, Don Sorrenson, Scott Hart and Margie Apa with the author and claimant Janine having evidence of receipt from all five individuals, but requesting Debra East to confirm that she had acted in honour and forwarded this communication to all other parties. The letter from claimant Janine confirmed that the Affidavit is a claim of harm, not a personal grievance case, and is a much higher claim under the Maxims of Law. Included with this letter was the last two pages 10 and 11 of the Affidavit were updated to give further affirmation and validity of the laws of claim of the affidavit. The Affidavit author and claimant Janine gave a further seven calendar days to respond and rebut the add the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination with final date for response being the 18th day of January 2024 with all five individuals and the corporations aware that non response is tacit acceptance of all content of the Affidavit and the exhibits as true and correct.

4. That on the 3rd of January 2024 Debra East emailed the living woman author Janine and Cc'ed the communication to Don Sorrenson and Scott Hart acknowledging receipt of the letter dated the 2nd of January sent by the living woman author and claimant Janine on 3rd of January. There was no acknowledgement that she had sent this communication to Don Sorrenson, Scott Hart, Peter Chandler or Margie Apa. Debra East sent another email that same day being third of January 2024 stating that Peter Chandler was no longer an employee and was a private citizen.

5. That on 11 January 2024 the living woman author and claimant Janine sent an email to Debra East requesting her to respond to the correspondence sent and received on 3 January 2024 to confirm she has forwarded this communication to all the other four parties and the corporations they represent being Scott Hart, Don Sorrenson, Peter Chandler and Margie Apa and the corporations Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand and the author and claimant Janine confirms that no response was received back from Debra East.

6. That on the nineteenth day of January 2024 the living woman author Janine sent a Notice of Acceptance of Claim via email to Debra East and to the postal address that Debra East requested her to send correspondence out to all other parties the Notice was addressed to. The Notice of Acceptance confirmed that no rebuttal was received by any of the five individuals in the private or on behalf of the corporations Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand, and that an unrebutted response is now taken and accepted as silent acquiescence and tacit acceptance that all content in this Affidavit and its exhibits 'A to J' is true and correct with the living woman author and claimant Janine having the rightful claim to charge the compensation fees in the Affidavit and the liability notice in Exhibit A. An unrebutted Living Testimony in the form of Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination including Exhibits A to J under Maxims of law and commerce stands as truth and correct in Law and commerce in its entirety, where Janine the living author and claimant holds the original signed copy, and holds the lawful right to claim assets until paid out in full for the unrebutted claims.

7. That this Notice of Acceptance dated 19 of January 2024 notified the individuals Debra East, Scott Hart, Don Sorrenson, Peter Chandler and Margie Apa and the corporations Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand that according to point 49 of the unrebutted Affidavit that payment of total of nine hundred and twenty eight thousand five hundred and eighty three dollars ($928,583) being $914,303 plus owed eight weeks of holiday pay (8 x $1635= $13,080) plus the one off missed pay $1200 from allied health pay negotiations without any removed taxes made into the author's chosen account being 'House of Talia Dawn Private Foundation' with account number Kiwibank 38-9024-0122732-00 was due by twentieth day of January 2024 being the following day, and if no payment occurred by 20th day of January 2024 that author Janine has the lawful right to claim the higher amount on her liability notice in 'Exhibit A' of pay out of wages and damages plus 15% accruing interest until age 70 which was when the author and claimant Janine was planning on retiring from this employment role which is total of 16 years. In the letter

All rights reserved without recourse, non assumpsit errors excepted, strictly no rights of usufruct

from author and claimant Janine received on 3 January 2024 it was noted that Te Whatu Ora had given around 20% pay increase to all allied health staff from May 2023, and that if no payment was received by 20 January 2024 then the wages would be adjusted to the equitable amount, which increases the claimant's wages from $85,000 for 1.33 years to $103,000 per year for a further 14.67 years with 3% inflation adjustment per year plus 15% accruing interest per year totals the amount of $7,907,852 plus claim of harm $1000 per day for 16 years at 15% accruing interest for 16 years being $365,000 per year for 16 years at 15% accruing interest totaling $20,336,877 plus $7,907,852 equals the grand total of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729], with the lawful ability to seize and liquidate assets owned by the individual or corporation, or place the District Health board corporation and its successor corporation Te Whatu Ora also known as Health New Zealand into liquidation for non payment, where the author and claimant Janine is able to be the liquidator as the secured party creditor plus claim any costs she accumulates to take this action plus she can make claim off any individuals. The notice of Acceptance and invoice is included with this current NOTICE OF FAULT AND OPPORTUNITY TO CURE being the second time sent to all five parties with Debra East appointing herself responsible to ensure that all parties received the first Notice of Acceptance and invoice on 19th of January 2024.

8. That according to the unrebutted affidavit and Notice of Acceptance in the event of non payment of nine hundred and twenty eight thousand five hundred and eighty three dollars [$928,583] by 20th day of January 2024 by the corporation Te Whatu Ora and Health New Zealand then the author living woman claimant Janine could claim the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] with invoice going to the corporations and the individuals until payment received in full and the right to charge penalty interest plus place lien on property and liquidate assets of the corporations and individuals. The author living woman claimant Janine confirmed that she was ready with paperwork to file for the next steps in event of non payment, and that it was to the advantage of the individuals and the corporations to settle this matter now, and included an invoice for $928,583, and that the consequences of non payment by 20th of January 2024 was the lawful ability to claim the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729].

9. That living woman author and claimant Janine confirms that no payment of nine hundred and twenty eight thousand five hundred and eighty three dollars [$928,583] was received by 20th day of January 2024 by the corporations Te Whatu Ora or Health New Zealand or Bay of Plenty District Health Board and the corporations are in breach with the claimant Janine having the lawful right to charge the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] plus make claims off the individuals due to no rebuttals to the affidavit of claim.

10. That on 22 January 2024 the author living woman Janine received an email from Debra East with an official response letter dated 19 January 2024 with letter head from Health New Zealand and Te Whatu Ora signed by Debra East and Cc'ed to Chloe Chai Employment Relations Specialist of Te Whatu Ora. The letter stated that 'Te Whatu Ora did not recognise the legal validity of the Claim of Affidavit of Truth and Harm or accept the Notice of Acceptance of Claim.' Firstly this letter from Debra East was received after 20th of January 2024 where the last days to respond to Affidavit was 18 January 2024 and last day for payment was 20 January 2024. Secondly just because Debra East as individual and on behalf of the corporation Te Whatu Ora states in writing in a letter received on 22 January that she and Te Whatu Ora do not recognise the claim of the living woman author claimant Janine does not mean that the claim is not correct, as an unrebutted affidavit of claim stands as truth in law and commerce and there is a difference between legal and law. It is noted that Debra East did not mention the corporations Health New Zealand or Bay of Plenty District Health Board, and left the claims open to these corporations and the individuals by her own omission. The author and claimant Janine states that her claims are very real and lawful where she has been advised of her rights and claims from someone very high up in law and she is willing to give the individuals and corporations one final and third opportunity to pay out in way of remedy the initial claim of $928,573 by 5pm 16th of February 2024 as outlined in point 8 and 9. If no payment of nine hundred and twenty eight thousand five hundred and eighty three dollars is received by 5pm on 16 February 2024 then the author and claimant will move ahead and take her full rightful unrebutted claim of twenty eight million two hundred and forty four thousand dollars seven

All rights reserved without recourse, non assumpsit errors excepted, strictly no rights of usufruct

hundred and twenty nine dollars [$28,244,729] with 15% accruing interest until paid in full from any or all of the debtors in money into the bank account provided or seize assets up to that same value plus all costs.

11. That on 24 January 2024 the living woman author and claimant Janine requested Debra East by email to confirm that she had acted in honour and sent the notice of Acceptance of Claim dated and received on 19 January 2024 to the other four individuals being Scott Hart, Peter Chandler, Don Sorrenson, Margie Apa plus any other relevant representative of the corporations being Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand. The author claimant Janine confirms that Debra East did not reply and is now acting in dishonour and bad faith and is now fully liable in the private to be charged.

12. That the living woman author claimant Janine gives a third and final opportunity to the individuals and corporations with seven calendar days from day of receipt being 9th day of February and final deadline of 5pm on 16th day of February 2024 for remedy of payment in full of $928,573 into the bank account House of Talia Dawn Private Foundation kiwibank 38-9024-0122732-00 with the debtors being Debra East, Don Sorrenson, Scott Hart, Peter Chandler as individual and as representative of Bay of Plenty District Health Board and its successor company Health New Zealand also known as Te Whatu ora and Margie Apa as individual and representative of Te Whatu Ora and Health New Zealand, and if payment is not received by 5pm on 16th day of February 2024 then the Claimant Janine will move ahead and take her full rightful unrebutted claim from the debtors of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] with 15% accruing interest until paid in full in money into the bank account provided or seize assets up to that same value plus all costs.

13. That Debra East appointed herself as the official informer of notification to all individuals and the corporations that they represent with further liability in event of not honouring this role. The living woman and claimant Janine provides Debra East remedy to remove her dishonour and actions of bad faith by confirming in writing via post and signed with her wet ink signature that she has forwarded all communication sent to her via email and post on 3 January 2024 and 19 January 2024 to the other four individuals being Don Sorrenson, Scott Hart, Peter Chandler as individual and as representative of Bay of Plenty District Health Board and its successor company Health New Zealand, Margie Apa as individual and representative of Te Whatu Ora and Health New Zealand. The last day for Debra East to confirm in writing she has taken this action is by 5pm on Friday 16th day of February 2024 to remove her actions of dishonour and bad faith.

1. That the Claimant Janine served the Liability Notice firstly on 25 November 2021 to Don Sorrenson, Tess Richardson, Peter Chandler, Scott Hart, Meredith McKenzie, Rachel Waanga and to all Bay of Plenty District Health Board members being Sharon Shea, Geoff Esterman, Ron Scott, Hori Ahomiro, Bev Edlin, Ian Finch and

Marion Guy, Leonie Simpson, Arihia Tuoro and Wayne Williams where no one rebutted or disputed this liability Notice or the charges within it. Never at any point has anyone rebutted or disputed the charges if matters were not addressed and that claimant was wrongfully dismissed without having any of her health and safety and harm issues addressed and this notice of liability stands as current and valid. The Notice of liability has been sent at least four times via email to Scott Hart, Don Sorrenson, Peter Chandler on 25 November 2021, 22 November 2023, 26 November 2023, 29 November 2023 including Debra East and via post with postal reference numbers LW121245355NZ to Scott Hart received 27 November 2023 tasked to provide the liability notice to Don Sorrenson and Peter Chandler and any other representative of Te Whatu Ora and Health New Zealand formerly known as Bay of Plenty District Health Board and to Peter Chandler with postal reference number LW123841911NZ received 12 December 2023 and LW123841925NZ received 18 December 2023 plus LW123841960NZ plus LW123841973NZ, and received by Margie Apa on 14 and 15th of December 2023, with no rebuttal ever received by any of the parties/Debtors and therefore stands as truth in law and commerce.

The Affidavit also included the Liability Notice as Exhibit A and the first notice that payment of nine hundred and twenty eight thousand five hundred and eighty three dollars ($928,583) was due by 20th January 2024 with non rebuttal, and that this amount would increase to full amount of claim in the liability notice in the event of non-payment. The defendants were requested to provide a copy of this affidavit to any other living man or woman who is considered the Principal or representative of The Bay of Plenty District Health Board or Health New Zealand also known as Te Whatu Ora to give them the opportunity to rebut this affidavit due to the commercial liability of the corporations and had 28 Calendar days to respond and rebut point by point via post to 37A Glue Pot Road Oropi, Tauranga 3173 by 5pm on Thursday 11th of January 2024 addressed to the Author and claimant. Janine, the author and claimant Janine confirms that no rebuttal point by point was received by any of the debtors/defendants by 11 January 2024.

3. That the claimant Janine sent a letter dated 2 January 2024 by email on 3 January 2024 to Debra East to her email address debra.east@bopdhb.govt.nz and courier post to all five individuals in their private capacity plus as representatives of the corporations BAY OF PLENTY DISTRICT HEALTH BOARD and HEALTH NEW ZEALAND and HEALTH NZ and TE WHATU ORA being Debra East, Peter Chandler, Don Sorrenson, Scott Hart and Margie Apa with the author and claimant Janine having evidence of receipt from all five individuals on 4th January 2024 with postal reference numbers LW124150325NZ, LW124150373NZ, LW124150356NZ, LW124150360NZ with LW124150339N received 8 January and LW124150342NZ to Margie Apa received on 17 January also confirmed by her administrator Dinah Nicholas on 16 January 2024. The letter from claimant Janine dated 2 January confirmed that the Affidavit is a claim of harm, not a personal grievance case, and is a much higher claim under the Maxims of Law. Included with this letter was the last two pages 10 and 11 of the Affidavit were updated to give further affirmation and validity of the laws of claim of the affidavit. The Affidavit author and claimant Janine gave a second opportunity to rebut the Affidavit to all five individuals in their private capacity being Debra East, Peter Chandler, Don Sorrenson, Scott Hart and Margie Apa plus as representatives of the corporations BAY OF PLENTY DISTRICT HEALTH BOARD and HEALTH NEW ZEALAND and HEALTH NZ and TE WHATU ORA with a further seven calendar days to respond and rebut the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination with final date for response being the 18th day of January 2024 with all five individuals and the corporations BAY OF PLENTY DISTRICT HEALTH BOARD and HEALTH NEW ZEALAND and HEALTH NZ and TE WHATU ORA aware that non response is tacit acceptance of all content of the Affidavit and the exhibits as true and correct.

4. That on the nineteenth day of January 2024 the living woman author and Claimant Janine sent a Notice of Acceptance of Claim and invoice to Health New Zealand's appointed spokeswoman Debra East for communication via email with first receipt by email to Debra.East@bopdhb.govt.nz on 19 January 2024 and mail with proof of delivery with postal reference LW124150387NZ. The Notice of Acceptance confirmed that no rebuttal of the **Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination with Exhibits 'A to J'** was received by any of the five individuals in the private or on behalf of the corporations or any Principal or representatives of the Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand, and that an unrebutted Affidavit is now taken and accepted as silent acquiescence and tacit acceptance that all content in this Affidavit and its exhibits 'A to J' is true and correct with the living woman author and claimant Janine having the rightful claim to charge the compensation fees in the Affidavit and the Liability Notice in Exhibit A. An unrebutted Living Testimony in the form of Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination including Exhibits A to J under Maxims of law and commerce stands as truth and correct in Law and commerce in its entirety, where Janine the living author and claimant holds the original signed copy, and holds the lawful right to claim assets until paid out in full for the unrebutted claims and liability notice.

5. That this Notice of Acceptance dated 19 of January 2024 with invoice 1006 informed and reminded the individuals Debra East, Scott Hart, Don Sorrenson, Peter Chandler and Margie Apa and the corporations Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand that according to point 49 of the unrebutted Affidavit that was received on 14 December 2023 payment of total of nine hundred and twenty eight thousand five hundred and eighty three dollars ($928,583) was due by twentieth day of January 2024 into the author's chosen account being 'House of Talia Dawn Private Foundation' with account number Kiwibank 38-9024-0122732-00 and if no payment occurred by 20th day of January 2024 that author Janine has the lawful right to claim the higher amount on her liability notice in 'Exhibit A' of pay out of wages and damages plus 15% accruing interest until age 70 which was when the author and claimant Janine was planning on retiring from this employment role which is total of 16 years. In the letter from author and claimant Janine received on 3 January 2024 it was noted that Te Whatu Ora had given around 20% pay increase to all allied health staff from May 2023, and that if no payment was received by 20 January 2024 then the wages would be adjusted to the equitable amount, which increases the claimant's wages from $85,000 for 1.33 years to $103,000 per year for a further 14.67 years with 3% inflation adjustment per year plus 15% accruing interest per year totals the amount of $7,907,852 plus claim of harm $1000 per day for 16 years at 15% accruing interest for 16 years being $365,000 per year for 16 years at 15% accruing interest totaling $20,336,877 plus $7,907,852 equals the grand total of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729], with the lawful ability to seize and liquidate assets owned by the individual or corporation, or place the District Health board corporation and its successor corporation Te Whatu Ora also known as Health New Zealand into liquidation for non payment, where the author and claimant Janine is able to be the liquidator as the secured party creditor plus claim any costs she accumulates to take this action plus she can make claim off any individuals. The notice of Acceptance and invoice 1006 was also included with the NOTICE OF FAULT AND OPPORTUNITY TO CURE received on ninth day of February 2024 being the third opportunity all parties had to respond and remedy their default.

6. That according to the unrebutted affidavit and Notice of Acceptance in the event of non payment of nine hundred and twenty eight thousand five hundred and eighty three dollars [$928,583] by 20th day of January 2024 by the corporation Te Whatu Ora and Health New Zealand then the author living woman claimant Janine could claim the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] with invoice going to the corporations and the individuals until payment received in full and the right to charge penalty interest plus place lien on property and liquidate assets of the corporations and individuals. The author living woman claimant Janine had confirmed that she was ready with paperwork to file for the next steps in event of non payment, and that it was to the advantage of the individuals and the corporations to settle this matter now, and included an invoice for $928,583, and that the consequences of non payment by 20th of January 2024 was the lawful ability to claim the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729].

All rights reserved without recourse, non assumpsit errors excepted, strictly no rights of usufruct

7. That living woman author and claimant Janine confirms that no payment of nine hundred and twenty eight thousand five hundred and eighty three dollars [$928,583] was received by 20th day of January 2024 by the corporations Te Whatu Ora or Health New Zealand or Bay of Plenty District Health Board and the corporations are in breach with the claimant Janine having the lawful right to charge the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] plus make claims off the individuals due to no rebuttals to the affidavit of claim plus 15% accruing interest plus costs.

8. That on 22 January 2024 the author living woman Janine received an email from Debra East as the appointed spokes-woman for Health New Zealand also known as Te Whatu Ora. Attached on this email was a word document dated 19 January 2024 with letter head from Health New Zealand and Te Whatu Ora with a picture at the bottom of a signature for Debra East and Cc'ed to Chloe Chai Employment Relations Specialist of Te Whatu Ora. The letter stated that 'Te Whatu Ora' did not accept the Notice of Acceptance of Claim for the unrebutted the Affidavit of Claim and Truth and Harm and Wrongful dismissal and Discrimination. Firstly this letter from Debra East was received after 20th of January 2024 where the last days to respond to Affidavit was 18 January 2024 where each debtor had 35 calendar days to rebut and 37 Calendar days to make payment, with the last day for payment being 20 January 2024. Secondly just because Debra East as individual and on behalf of the organisation Te Whatu Ora states in writing in a letter received on 22 January that she and Te Whatu Ora do not recognise the claim of the living woman author claimant Janine does not mean that the claim is not correct or true, as an unrebutted affidavit of claim stands as truth in law and commerce and there is a difference between legal and law. It is noted that Debra East did not mention the corporations Health New Zealand or Bay of Plenty District Health Board, and left the claims open to these corporations and the individuals by her own omission and by each of the debtors failing to rebut the affidavit point by point.

9. That on 24 January 2024 the living woman author and claimant Janine requested the appointed spokes-woman of Health New Zealand Debra East by email to confirm that she had acted in honour and sent the notice of Acceptance of Claim dated and received on 19 January 2024 to the other four individuals being Scott Hart, Peter Chandler, Don Sorrenson, Margie Apa plus any other relevant representative of the corporations being Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand. The author claimant Janine confirms that Debra East did not reply and is now acting in dishonour and bad faith and is now fully liable in the private to be charged. As none of the individuals being Debra East, Scott Hart, Peter Chandler, Don Sorrenson, or Margie Apa rebutted the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination then each one is liable for in the private until full payment of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] is made plus 15% accruing penalty interest plus costs.

10. A Liability Notice with commercial charges was sent to the following parties by email on 25 November 2021 to Don Sorrenson, Tess Richardson, Peter Chandler, Scott Hart, Meredith McKenzie, Rachel Waanga and to all Bay of Plenty District Health Board members being Sharon Shea, Geoff Esterman, Ron Scott, Hori Ahomiro, Bev Edlin, Ian Finch and Marion Guy, Leonie Simpson, Arihia Tuoro and Wayne Williams where no one rebutted or disputed this liability Notice or the charges within it with Chief Executive Officer Peter Chandler acknowledging the liability Notice on 26 November 2021. with tracking number LW123841939NZ, Scott Hart LW123841942NZ, Don Sorrenson LW123841956NZ, Chief Executive Officer Peter Chandler postal tracking number LW123841911NZ received 12 December 2023 and LW123841925NZ received 18 December 2023 plus LW123841960NZ plus LW123841973NZ received 14 December 2023 and received by Chief Executive Officer Health New Zealand Margie Apa on 14 and 15th of December 2023 with postal tracking numbers LW123841995NZ and LW123841987NZ, plus via email on 14th day of December 2023. This liability notice has been served at least four times with evidence of receipt provided in the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination and never at any time has any of the lien debtors disputed or rebutted these charges and the liability charges have remained current and valid.

Not one of Debtors has rebutted the Liability Notice or Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination or Notice of Dishonour with Opportunity to Cure or Certificate and Notice of Default with Notice of Administrative Judgement of the Lien Clamant where in Law an unrebutted Affidavit stands as truth in Commerce and judgement in Law.

The Lien Debtors were provided four opportunities and invoices to make payment of the charges in each of the notices and Affidavits and each time these charges have been ignored and now each of the debtors are in default with the Lien Claimant having the right to add punitive damages. The ledger for this True Bill is based on losses and damages claimed by the Lien Claimant and unrebutted by the Lien Debtors. These losses and damages that were outlined in depth in the unrebutted Liability Notice and unrebutted Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination include but are not limited to the following uncontested and unrebutted list:

- Claimant's daughter Talia forced to take a medication against her will by a District Health Board (who are now known as Health New Zealand/Te Whatu Ora) officer where she had a severe reaction that was not addressed with ongoing symptoms of severe constant pain and ultimately lead to her death, the ultimate loss of life and harm caused as a result of the actions and failure of duty of care of District Health Board officer while under the legal care of the district health board.
- Deliberate and intentional acts of District Health Board officers/agents (who are now known as Health New Zealand/Te Whatu Ora) to cover up events leading up to daughter's death to try and prevent liability of the District Health Board corporation.
- Straight after death of daughter the claimant was moved into an open plan office environment with over 100 District Health Board staff to hot desk where not even placed with own team and could be sitting next to anyone including the team of health workers that were involved in the neglect of care of her daughter where every single conversation could be heard in the office leading to the claimant feeling unsafe with an unsafe work environment.
- Claimant has a privacy confidentiality seal on her NHI file and did not discuss or provide her private medical information with any District Health Board staff member including her managers, whereas Scott Hart accessed her private information and informed her managers that she was not vaccinated. Breaching someone's private medical information without their consent is a fireable offence, where Claimant was fired without cause and Scott Hart remained in employment a double standard and another example of discrimination and wrongful dismissal.
- Claimant threatened with termination and loss of livelihood if she refused to take an untested experimental drug when claimant had provided evidence that it was classified by medsafe as experimental plus a copy of a coroner's report that of at least one person who had died of taking this drug, and claimant informed her employer including Chief Executive Officer that you can not force anyone to take a drug where one of the risk factors is death, and her employer knew what had happened to her daughter who had already died a serious event of harm with some liability on the officers of the District Health Board (who are now known as Health New Zealand/Te Whatu Ora) involved in her care where she was forced to take a medication against her will.
- The Claimant had provided conditional acceptance to take the drug conditional upon the Chief Executive Officer, her manager, the human resources manager and officer threatening her with termination of employment and the doctor administering the drug providing a signed guarantee of no harm accepting full liability in event of harm and all parties refused to sign the conditional acceptance.

All rights reserved without recourse, non assumpsit errors excepted. strictly no rights of usufruct

- Claimant informed her employers and the Debtors including Chief Executive Officer prior to being fired that she considered it a serious threat of harm and a crime against humanity to force someone to take a life threatening experimental drug where one of the risk factors is death.
- Claimant clearly identified herself as a living breathing woman prior to being terminated plus provided proof of life that she is not a legal fiction or corporation and is therefore not subject to corporation or Crown Law which the District Health Board subjected her to and breached her rights; that the Crown is actually a corporation with corporation law that only apply to its subsidiary companies and that she is not a subsidiary company to the government, but a living breathing woman created by God, and that men and women created corporations and that corporations can never have control over a living man or woman without their consent, and taking a drug was not part of her employment contract so could not force or threaten her with something that she had not agreed to prior to starting employment. See points 23 to 26 in her Affidavit.
- Claimant says that she was fired without cause where no one else's health or safety was jeopardized with loss of livelihood in a job she had planned on staying in until retiring aged 70 where almost every staff member leaving support net had retired at the age of 70.
- Failure of District Health Board now known as Health New Zealand/Te Whatu Ora and it's staff to address discrimination towards claimant and others who chose not to take the experimental drug and changing the rules where Claimant was allowed to work from home and with 2m social distancing and via video link until the time they questioned her vaccination status.
- Claimant had demonstrated and proved that she could do all aspects of her job with 2 metres of social distancing and had done so for two years prior and was not placing any other individual at risk, yet the District Health Board officers/debtors (who are now known as Health New Zealand/Te Whatu Ora) fired her anyway as an essential health worker.
- Claimant provided evidence that the District Health Board had exempted 11,000 employees from having the vaccine which showed favouritism and discrimination.
- Claimant had informed the Bay of Plenty District Health Board officers listed as debtors including the Chief Executive Officer that it was their duty to provide a safe work environment for her and they failed to do so of not providing her a safe space to work and they fired her rather than addressing her health and safety needs.
- The Ministry of Health position statement on unvaccinated individuals dated 19 November 2021 was released on the same day to all staff working within the District Health Boards where on page three it states that "transmission is more likely to occur from a vaccinated than an unvaccinated individual where there is high vaccine coverage". This was emailed to Lien Debtors Scott Hart, Don Sorrenson and Peter Chandler on 15 December 2021 and is found in Exhibit B and contradicts the message that the vaccine is 'Effective'. The truth exposed was that vaccination status did not protect anyone from contracting covid.
- The Chief Executive Officer Peter Chandler was provided by email on 20 December 2021 of the autopsy report of vaccine death by Claimant with proof provided in the Affidavit in Exhibit H plus a document released by the Ministry of Health emailed on 15 December 2021 stating that the Pfizer vaccine did not stop the spread of the disease where the Chief Executive Officer Peter Chandler straight afterward released false information to the staff and public stating that the vaccine was 'Safe and Effective' and is therefore accountable for spreading false information that helped increased the numbers of people being vaccinated, and Peter Chandler as the Chief Executive Officer of Bay of Plenty District Health Board now known as Health New Zealand has individual liability plus placed liability on the corporations for any adverse reactions and vaccine deaths that occurred within the Bay of Plenty.
- Claimant exposed with evidence in her Affidavit the fraudulent falsifying of information by District Health Board officers to increase the number of covid deaths to try and scare people into having the vaccine alongside the message from official information released by the Ministry of Health through each District Health Board that the vaccines were 'Safe and Effective' with the knowledge and support of each of the Chief Executive Officers where many individuals have been harmed by the vaccine and as such the District Health Board Officers and Chief Executive Officers now known as Health New Zealand/Te Whatu Ora Officers plus the corporations they represent are liable for his/her actions of spreading not just misinformation but fraudulent information.

All rights reserved without recourse, non assumpsit errors excepted, strictly no rights of usufruct

- Claimant Janine had declared prior to being fired over the mandate that she is a living breathing woman going about her every day business with the following unalienable rights being the right to manage her daily affairs, right to life, liberty, security, equality, dignity plus right to work, access to water, food, travel, medical care, her bank account and funds and basic needs and visit my loved ones without interference, be free of any discrimination, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to not be subjected to scientific or medical experimentation, right to refuse medical treatment, right to choose how she manages her own health and life, right to be treated fairly, right to privacy, right to freedom of movement and residence, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to protect herself and my property and right to social security and social service, and these rights can not be taken away, where she has the right to charge compensation fees to any individuals or agents acting on behalf of any corporation that tries to take authority over her or breached her rights.
- Claimant Janine had removed the Crown Corporate jurisdiction over her and is not subject to its corporation rules that only apply to its subsidiary companies, that living men and women are not subsidiary companies and corporations can not take control over a living man or woman and provided evidence of this to the staff involved in terminating her employment on 15th of December 2021 shown in Exhibit J in her Affidavit, therefore the District Health Board and its staff had no right to enforce taking of an experimental drug to remain in employment where one of the risk factors is death, and she can charge for breaches to her rights the charges in her unrebutted liability notice and unrebutted affidavit, and as not one individual challenged her liability notice and charges that were sent and received to the corporation and its successor and to individuals in the private who violated her rights and breached her health and safety multiples time and is fully within her rights to charge these amounts; plus has a compensation fee schedule found in the Affidavit 'Exhibit A' found on publicnoticesnz.com. The debtors were provided the information in Affidavit of where to find this public notice which included the full unrebutted affidavit including the compensation fee schedule where a serious event of harm invoked a one hundred and fifty million dollar charge where the claimant has the right to charge this for the liability of the District Health Board (who are now known as Health New Zealand/Te Whatu Ora) and it's officers for negligence and acts of harm in the care of her daughter which resulted in her death. Her daughter's death is directly linked to being forced to take a drug by a district health board officer with a severe adverse reaction that was not ever remedied and ultimately lead to her death.
- The claimant provided research evidence by email to Peter Chandler on 3 November 2021 found in exhibit C with proof in Affidavit to the District Health Board and Health New Zealand/Te Whatu Ora members and officers including the Chief Executive Officers that the treatment protocol of treating covid with the drug remdesivir or its generic equivalent Paxlovid had high death rate where ivermectin and hydroxychloroquine had low death rates where if there were excessive deaths they and the corporations would be liable of harm.
- The deliberate intentional acts of changing the name of the corporation over to a successor company and standing down of every Chief Executive Officer in the country about seven months after the vaccine roll out to try and prevent any liability on behalf of the corporation with the claimant showing that if a successor company takes over all the assets of a company including staff, buildings and all resources then they are liable for their debts therefore the District Health Board and it's previous Chief Executive Officers and Health New Zealand corporation are liable for the actions of harm of all the officers of the District Health Board during the vaccine roll out including co-ercement and loss of employment plus severe adverse reactions to taking the vaccine or remdesivir or Paxlovid plus death where family members have a claim of harm including the claimant.
- plus losses and damages caused by collusion and conspiracy of Health New Zealand to cover up actions of harm to try and prevent liability.

Context and Basis in Fundamental Doctrines:

(This is a verified plain statement of fact)

That a commercial Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination including the Liability Notice with charges and date for payout being twentieth day of January 2024 was served on all debtors including Peter Chandler past Chief Executive Officer Bay of Plenty District Health Board and Margie Apa current Chief Executive Office of Health New Zealand plus Officers Debra East, Don Sorrenson and Scott Hart as individuals and representatives of Health New Zealand also known as Te Whatu Ora and Bay of Plenty District Health Board on fourteenth day of December 2023 with 28 Calendar Days to rebut point by point and signed with own wet ink signature in private and commercial capacity by 5pm on 11th day of January 2024.

That all debtors were provided a seven calendar day extension to rebut the commercial Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination including the Liability Notice with charges to rebut point by point by 5pm on eighteenth day January 2024 with no rebuttal point by point received by any of Debtors with three witnesses confirming this.

That all Debtors had until 5pm on twentieth day of January 2024 to make payment with no payment received.

That on the nineteenth day of January 2024 the Lien Claimant sent a Notice of Acceptance of Claim with invoice to Health New Zealand's appointed spokeswoman Debra East via email with first receipt by email to Debra.East@bopdhb.govt.nz on 19 January 2024 plus by post. The Notice of Acceptance confirmed that no rebuttal of the **Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination with Exhibits 'A to J'** was received by any of the five individuals in the private or on behalf of the corporations or any Principal or representatives of the Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand, and that an unrebutted Affidavit is now taken and accepted as silent acquiescence and tacit acceptance that all content in this Affidavit and its exhibits 'A to J' is true and correct with the living woman author and claimant Janine having the rightful claim to charge the compensation fees in the Affidavit and the Liability Notice in Exhibit A. An unrebutted Living Testimony in the form of Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination including Exhibits A to J under Maxims of law and commerce stands as truth and correct in Law and commerce in its entirety, where Janine the living author and claimant holds the original signed copy, and holds the lawful right to claim assets until paid out in full for the unrebutted claims and liability notice.

That this Notice of Acceptance dated 19 of January 2024 informed the lien debtors Debra East, Scott Hart, Don Sorrenson, Peter Chandler and Margie Apa and the corporations Bay of Plenty District Health Board, Te Whatu Ora and Health New Zealand that if no payment was received by 20 January 2024 then the loss of wages would be adjusted to the equitable amount of the Allied Health wages increase, which increases the claimant's wages from $85,000 for 1.33 years to $103,000 per year for a further 14.67 years with 3% inflation adjustment per year plus 15% accruing interest per year totals the amount of $7,907,852 plus claim of harm $1000 per day for 16 years at 15% accruing interest for 16 years being $365,000 per year for 16 years at 15% accruing interest totaling $20,336,877 plus $7,907,852 equals the grand total of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729], with the lawful ability to seize and liquidate assets owned by the individual or corporation, or place the District Health board corporation and its successor corporation Te Whatu Ora also known as Health New Zealand into liquidation for non payment, where the author and claimant Janine is able to be the liquidator as the secured party creditor plus claim any costs she accumulates to take this action plus she can make claim off any individuals. The notice of Acceptance

and invoice was also included with the NOTICE OF FAULT AND OPPORTUNITY TO CURE received on ninth day of February 2024 being the third opportunity all parties had to respond and remedy their default.

That the living woman author Lien Claimant Janine gave a third and final opportunity in NOTICE OF FAULT WITH OPPORTUNITY TO CURE with failure to cure constituted as an operation of law, the FINAL admission of the obligation by Debtor(s) through tacit procuration to the AFFIDAVIT OF TRUTH and CLAIM of HARM and WRONGFUL DISMISSAL and DISCRIMINATION and the whole matter shall be deemed res judicata and stare decisis where the Claimant Janine has the lawful right to claim the higher amount of twenty eight million two hundred and forty four thousand dollars seven hundred and twenty nine dollars [$28,244,729] with fifteen percent [15%] accruing interest until paid in full in money into the bank account provided or seize assets up to that same value plus all collection costs from the Debtor(s). That failure to rebut point by point the Affidavit of Truth and Claim of Harm and Wrongful Dismissal and Discrimination with Exhibits 'A to J' has resulted in an automatic default judgment of twenty eight million two hundred and forty four thousand seven hundred and twenty nine New Zealand dollars [NZ$28,244,729] with 15% accruing interest until paid in full and permanent and irrevocable estoppel by acquiescence barring the charges of damages under any Statute or Act against the injured party Janine. Ref: UCC 1-308 - 309 Remedy and Recourse.

That a Certificate and Notice of Default with Notice of Administrative Judgement was served on Heath New Zealand Corporation and it's officers/agents/debtors during the day of the twenty first day of February 2024 received by all parties and debtors for first receipt on that same day with following tracking numbers – LW124150912NZ, LW124150930NZ, LW124150943NZ, LW124150957NZ, LW124150965NZ, LW124150974NZ, LW124150988NZ and second copies to Debra East LW124150926NZ received 22 February and second copy to CEO Margie Apa LW124150991NZ received by the Health New Zealand office but rejected and collection card left and no officer or agent going to collect from the Post Office showing an act of dishonour and due to this act of dishonour the notice was required to be sent to Margie Apa via her home address. The Debtors were notified that payment of twenty eight million two hundred and forty four thousand seven hundred and twenty nine New Zealand dollars [NZ$28,244,729] was due by the First of March 2024.

That if the debtors failed to settle the full amount of twenty eight million two hundred and forty four thousand seven hundred and twenty nine New Zealand dollars [NZ$28,244,729] by the first day of March 2024 where they were informed by the lien claimant and injured party Janine in the Certificate of Default received on 21 February 2024 that a penalty collection charge will be added immediately in event of non payment by 1 March 2024 of NZ$4,237,000.00 (Four million two hundred and thirty seven five thousand dollars) to the original amount bringing the new total to thirty two million four hundred and eighty one thousand four hundred and thirty eight dollars ($32,481.438.00) plus penalty interest at 15% accruing from 2 March 2024 until payment received in full plus further collection costs may be added if seen to be necessary. Attached with this Certificate of Default was invoice for payment plus proof of life of Janine the claimant to confirm she is a real live woman and not a legal fiction who has been harmed by the debtors as individuals and corporations and has the right to charge compensation fees according to the unrebutted liability notice and affidavit.

Judgement in law has already been made for payment of $32,481,438.00 with the claimant having the lawful right to add further charges and now the Claimant has added from her compensation schedule one hundred and fifty million dollars ($150,000,000.00) charge of harm from loss of her daughter while under the care of the district health board as her true and rightful lawful claim in her compensation schedule in Exhibit A for charge of one hundred and fifty million dollars for any type of harm happening to the Claimant where the individuals and the corporations were informed in point 23 in the Affidavit that she has two unrebutted Affidavits on publicnoticesnz.com which stand as truth in law and commerce where the compensation schedule is part of these affidavits and the claimants had every opportunity to read these Affidavits on a public notice board so ignorance is no excuse plus the unrebutted liability notice affirms extra charges can be added as deemed necessary.

The Lien Claimant provides Health New Zealand and the debtors until 5pm on 20th day of March 2024 to pay her out one hundred and eighty two million dollars four hundred and eighty one thousand four hundred and thirty eight New Zealand dollars ($182,481,438.00) into the kiwi bank account House of Talia Dawn Private Foundation kiwibank 38-9024-0122732-00 or she will proceed with the actions of liquidating the Corporation Health New Zealand also known as Te Whatu Ora and will add the following charges in next three paragraphs:

This means the liquidation and takeover of Health New Zealand and all of its assets including building, vehicles, equipment and staff where the Claimant Janine steps in and takes over all of the assets with the ability to terminate the employment of any employee/officer within the corporation that has acted in dishonour or caused harm to others and the right to reinstate the employment of any staff member that was mandated out of employment or terminated for their stance of exposing information with the right to receive compensation for harm and loss of wages

That as of second day of March 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard.

No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully, outside of or without the Court.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of Health New Zealand Limited also trading as Te Whatu Ora and previously known as Bay of Plenty District Health Board.

Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the Affiant of this Affidavit within 14 Calendar days from first receipt or the following Allegations are PROVEN and resulting Obligations immediately enforceable.

Certifications Signed by Hand and Seal

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above Affidavit of Commercial Obligation and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" the above described acts have been committed contrary to the law (i.e 18 USC 4 misprison of felony).

Presumption means: An idea that is taken to be true on the basis of probability is a presumption which must be agreed upon by the parties to be true. The presumption then has no standing or merit in fact.

Probability means: The extent to which something is probable, the likelihood of something happening or being the case. By definition then this is not substantive as it is only a probability of what may be and therefore has no substance in material fact. Dear Don Sorrenson, Scott Hart, Pete Chandler, Meredith McKenzie, Tess Richardson and Rachel Whaanga.

I am over the games that the DHB are playing of keeping changing the names of staff responding to my emails and letters to try and avoid liability so will now require a response from each of the 6 parties. I have included Rachel Whaanga in this email and are giving her until Friday 12pm to confirm refunding of tax taken out of my last 2 wages before tax fraud charges will be laid towards her in the private as well as all other staff. Every staff member concerned needs to take this email and letter seriously as the charges against you are very serious.
Everyone of the six staff that this email is sent to (with the attached letter plus the official document off the ministry of health website) is required to respond back to the attached letter and email by Friday 17 December 12pm.

COVID-19

Ministry of Health position statement on pre-consultation testing of unvaccinated individuals in healthcare settings

19 NOVEMBER 2021

The Ministry of Health position statement is in three parts:

- the principles on which the statement is based
- a discussion of the risks of transmission occurring from unvaccinated individuals seeking healthcare
- actions which can be taken and the rationale for these actions to mitigate those risks.

Purpose

The purpose of this statement is to address concerns from clinicians and providers regarding in person consultations with unvaccinated patients, and in particular the issue of requiring a negative test for COVID-19 prior to a non-urgent consultation.

Principles of this statement

Health services need to provide services in accordance with the Health and Disability Commissioner (Code of Health and Disability Services Consumers' Rights) Regulations 1996. Appropriate justification is needed if a health service is proposing to refuse access to services or to not comply with rights under the Code.

The onus is on the provider to make that justification. Justification should be made based on a risk assessment that considers both the provider and the patient, the other patients they see, the risk of attending a premise where there are unvaccinated persons present, and the requirements outlined in Clause 3 of the Code.

The Ministry is of the view that in in most cases, with vaccinated staff and other precautions in place, that the risks are unlikely to be high enough to provide sufficient justification to not follow the Code.

Consideration of a risk assessment should include the following:

1. Access to health care is a fundamental right.
    a. An individual seeking healthcare cannot be refused care because of their beliefs. In this case an individual who believes that a vaccine is harmful cannot be refused care for that belief.

    b. A practitioner's personal beliefs should not influence that practitioner's duty of care for any individual. In this case a practitioner must not allow their opinion of an individual who refuses to be vaccinated to influence the care that they offer that individual.

The risk of infection is determined by a wide range of factors in addition to vaccination, including:

- behavioural factors, such as spending time in at risk environments
- medical factors, such as immunocompromise due to medical conditions, therapy, or age.

The absolute risk of transmission will be highly dependent upon the prevalence of disease in the community.

When the rate of community spread is zero or very low, the risk of transmission from any consultation will be very low, unless a person is known to be at higher risk because they are symptomatic or a close contact of a confirmed case.

In addition, in this situation the difference in the risk of transmission between vaccinated and unvaccinated people will be negligible. When the prevalence of disease in the community is high, the risk of transmission from any individual is not negligible and is likely to warrant application of mitigations for all consultations.

When there is high COVID-19 vaccine coverage (i.e., above 80 percent of eligible people are fully vaccinated), transmission is more likely to occur from a vaccinated than an unvaccinated individual.[1]

Developing a separate pathway for vaccinated and unvaccinated individuals will not prevent the risk of inadvertently seeing an infectious person (regardless of vaccination status) without the health care worker being aware, using appropriate personal protective equipment and/or being in an appropriate physical environment.

Those under 12 years of age are not yet eligible for vaccination. In the event of different pathways being implemented to manage unvaccinated individuals, a decision will need to be made on whether children will be included in this pathway, considering that the risk of transmission to adults from children appears to be less than the risk of transmission between adults.

Actions to mitigate the risk of transmission

Current mitigations

Health services have instituted a wide range of interventions aimed at reducing the risk of transmission. These include but are not limited to:

- the identification of symptomatic patients
- virtual consultations
- routine use of medical masks
- management of appointment times and spacing in waiting rooms
- ventilation and air cleaning within indoor spaces.

Testing prior to health care

Testing as a screening tool vs targeted testing

Testing of individuals for COVID-19 can provide a high degree of reassurance that an individual does not have active infection.

Asymptomatic infection is the issue, not the vaccination status of the patient.

[1] As our vaccination numbers increase, we will see fewer cases but more of those cases will be in fully vaccinated people, meaning it is more likely transmission will occur from a vaccinated individual than an unvaccinated individual.

Dear Peter

Firstly I want to acknowledge that this has probably been the most difficult time in your career and the pressure and responsibility on your shoulders at times must be overwhelming. You have a team of 3000 under you and we need to know we can trust your leadership.

Some information has come to my attention from official government and research websites that is very relevant and I am compelled to share with you plus every staff member as this affects every one of us.

Currently it is being set up the new ward to manage Covid 19 patients with the recommended treatment being remdesivir. I attach a study during virus outbreak that used 4 treatment options randomly – Remdesivir, ZMapp, Mab114, REGN-EB3. Please see pages 7,8 and 9. You will see here that Remdesivir had the highest death rate of over 50%. It is extremely concerning that a drug has been chosen that had such a high death rate.

Also attached of US NIH website is official FDA approval of remdesivir, ivermectin and Nitazoxanide.

Here is the website. https://www.covid19treatmentguidelines.nih.gov/tables/table-2c/

Ivermectin is down as an official treatment option for treating covid. I want to know why it is being banned here.

I attach another study analysis taken from US CDC data that shows data using treatment of covid 19 for remdesivir and ivermectin. I note here the difference in prices for treatments plus overall death rates. Treatment cost Ivermectin average amount per patient: $ 24 Remdesivir average is $2340 to $3210 for one 5 day treatment. This data analysis was done of beneficiaries over the age of 65, so expected that the death rate is higher due to the age, it is also noted that other comorbities are not recorded here but give death rates following treatment with both ivermectin and remdesivir. Remdesivir(Veklury) deaths recorded in CMS database (2021):

7,960 beneficiaries prescribed Remdesivir for COVID-19, where 2,058 beneficiaries died 25.9% remdesivir patients died. 46% of those died within 14 days of remdesivir treatment

Universal Number Beneficianes Prescribed Ivermectin in 2021

	Total No prescribed ivermectin	Total no who died	% who died
All patients	142,778	5,093	3.5%
Covid patients	44,709	3,238	7.2%

This study shows that ivermectin is far more effective for treating covid at only a fraction of the cost of $24 per patient. Hydroxychloroquine is also recognised overseas as having a good success rate for treatment and cost is only $29 per patient. I can not understand why Remdesivir is being pushed as the drug to be used at such high cost $2400-$3200 with such a high death rate. If I had to come into hospital or one of my loved ones I would want us treated with the drug that has the best success rate. Ivermectin that is being used in multiple places worldwide has a much better success rate. There is huge amount of money being made by the pharmaceutical companies and we need to know that decisions are being made that are in the best interests of the patient, not the pharmaceutical company.

It is very concerning that the NZ government has indemnified Pfizer from any liability towards death or adverse reactions. The NZ government is also closing down the current health system by June 2022. The PHOs and DHBs have been the enforcers of giving the vaccine, is this so they also have no liability? Due to the amount of law changes that are going on in New Zealand under the "State of Emergency" I have been looking into who is liable if anything goes wrong either for vaccine or treatment. A mandate has just been handed out informing that all DHB staff are required to be vaccinated to keep their jobs. If a person knowingly gives someone a drug without informing them of the risks that person can be liable, and ultimately all this falls on the shoulders on the enforcers including CEO Pete Chandler, that if he allows and authorises use of a drug that he knows can do harm he has acted in bad faith and can be charged.

As we move into the next phase I ask our CEO Pete Chandler to look deep within himself as to the choices and consequences of those choices. I believe that deep down you are a man of integrity. I ask you take a stand to do what is right by your staff and patients. Is it right to mandate compulsory vaccination of all staff using an experimental drug that has such high adverse affects plus

has potential risk of death. Medsafe is way behind in their recording – so far in last 2 weeks there have been 3 deaths of teenagers in NZ that were heathy prior to having the vaccine. If remdesivir remains the only choice of treatment are you able to live with avoidable future deaths from treatment for covid in this hospital.

Hoping to see you take a stand for what is best for your staff and patients.

To all staff: I send my love to you all and state that I believe that every person has the right to choose over their own health and wellbeing. I stand alongside all staff vaccinated and unvaccinated and refuse to choose a side as we are all in this together. May we support each other and find a way to stand together to fight for the health, freedom and rights of all New Zealanders, as the rights and freedoms are affected for all.

An update shows 1.8 percent of all DHB workers have been stood down, resigned or had their employment terminated after refusing to get vaccinated against COVID-19.

According to data from Monday November 22, out of a workforce of around 80,000 a total of 1,029 people have been stood down, 92 staff have resigned, and 341 have lost their jobs. This includes 52 doctors, 518 nurses and 90 midwives.

How many people lost their job due to "no compulsory vaccinations"

After Prime Minister Chris Hipkins bizarrely said there were "no compulsory vaccinations" in the weekend - here's a few OIA's I've come across on job losses due to mandates.

SEP 6 2023

♡ 9 ◯ 3 Share

A video of current Prime Minister Chris Hipkins in a press conference has been doing the rounds for pulling a Trudeau, where he claims there was no compulsory vaccination.

In September 2020, then Prime Minister Jacinda Ardern stated she did not see any need for penalties or sanctions. Presumably that meant mandates or other restrictions such as the domestic vaccine pass.

All of which they implemented.

And all of which were based on 2 doses as a minimum, regardless of someone's age - which was despite the vaccination advisory group advice to the contrary. And even when Chris Hipkins in his role as Covid-19 Response Minister was given an out to exempt children - he didn't take it.

While there's now been a few cases in the media of people who have successfully been able to legally challenge their dismissal, how many people were terminated (I prefer the word fired so I use the terms interchangeably) or had their working life otherwise affected is incredibly hard to know.

Stats NZ were asked how many people left their place of work due to vaccination related termination, but they responded there was no way to know as the data collected was broad in nature and could be because a business closed due to lockdowns.

Being fired was the worst case scenario. You might have similar stories, but I know people who found other jobs before they were inevitably fired, or were instead made to work from home when work place policy became a de facto mandate and barred people.

In February 2022, news media reported a total of 2,600 people were stood down due to the government mandates, including 1,461 people in health care services.

Those numbers are really hard to accurately verify as since that was reported, there's been OIA's with differing numbers. For instance, according to the Nurses Professional Association of

New Zealand (NPANZ), 621 nurses left in December 2021 from just the main public health system Te Whatu Ora/Health NZ, and a total of 1,500 staff had been terminated in total to June 2022 (boosters were added to the health care staff mandate in early 2022).

For government agencies, the State Services Commission instructed each agency to to conduct a health and safety risk assessment to figure out if they required vaccination. Thanks to some dedicated requestors, here's a collection of publicly available OIA's I've come across:

This Ministry of Social Development OIA from March 2022 discusses their policies and the fact that government agencies could not require people to show a vaccine pass when visiting their services. Ironic.

However a later OIA shows that 220 people were sent a preliminary notification of decision letter that they could be terminated. The Ministry of Social Development initially refused to answer how many were terminated in OIA requests, but a more recent request saw they actually terminated no one, as yet another OIA shows they instead adopted an "encourage but not require" Covid vaccination policy.

Inland Revenue did not fire anyone but did require 120 staff to work from home while the vaccination policy was in place.

At Corrections, 80 people were fired with the status recorded that it was due to vaccination status.

At Oranga Tamariki, 17 people were fired due to vaccination status.

The Ministry of Justice claimed no staff were fired over a policy requiring vaccination in their workplaces including courts, but doesn't address other measures, like requiring unvaccinated people to work from home.

The Ministry of Business, Innovation and Employment also claimed no staff were fired due to their vaccination policy, however 2 staff went on extended leave and like the others, the OIA didn't address if staff were required to work from home.

The New Zealand Defence Force fell under a mandate and they extended it to include civilian staff. An initial briefing said 200 uniformed staff declined to be vaccinated. A news media article from 2022, when the mandate was challenged in court, states 120 uniformed staff had been stood down.

Police also fell under a mandate and at the time of the February 2022 High Court ruling against the mandates, publicly said they had issued 42 termination notices and a further 100 staff had quit or taken leave due to the mandate.

Exhibit F p 2 of 2 Ep 27 of 30 ASC-JA-P 132 of 161

I, Noelyn Ann HUNG state:

I am a qualified practicing Pathologist in New Zealand. At the request of the National Initial Investigation Office Duty Coroner, I made post mortem examination of the body identified to me as:

Identification Name:	**Rory James NAIRN**
CSU Number:	**CSU-2021-DUN-000335**
Identification Method:	**Ankle Band**
Mortuary Reference:	**Dunedin 21C179**

SUMMARY:

From the following detailed examination, it is my opinion that the cause of death is acute myocarditis, and in view of the history of symptoms since COVID-19 vaccination, and no other cause for myocarditis, is consistent with vaccine –related myocarditis. Vaccination with the first Pfizer dose had occurred 12 days earlier and myocarditis-related symptomatology was reported thereafter.

PRINCIPAL PATHOLOGICAL FINDINGS:

1. Myocarditis and Pericarditis,
    a. Lymphocytic, giant cell and eosinophil type
    b. Causally-associated 12 days post COVID-19 vaccination
2. Atherosclerosis, aortic, mild
3. COVID-19 negative
4. Meckel's diverticulum, incidental

CAUSE OF DEATH:

Part I.

a. Direct cause: Sudden Cardiac Death
b. Antecedent cause: Myocarditis
c. Underlying conditions: Symptoms since first COVID-19 vaccine administration

Part II. Other significant conditions contributing to the death, but not related to the disease or condition causing it: Nil identified

Reviewers:

Aspects of this case of been reviewed and their opinions incorporated into this report.

Professor Ian Morison, Dunedin SCL: Bone marrow

Dr Jane Velutic, Communio: Cardiac features

Dr James Ussher, Dunedin Hospital: Microbiology

Cardiac Inherited Disease Group: Review but do not consider that they can contribute.

data for 2015–22 in the HMD. Countries are designated by their two letter ISO code (see here: https://en.wikipedia.org/wiki/List_of_ISO_3166_country_codes) except England and Wales (EW), Scotland (SC), and Northern Ireland (NI) who each have HMD data but do not have their own (sub-national) ISO codes. In panel (a) the excess mortality p-scores are based on Equation (1), from the K&K approach, with a time trend that ignores changes in population growth rates. In line with panel (a) of Figure 1, the p-score for New Zealand is negative, suggesting that there were fewer deaths than expected over the 2020–22 period. Likewise, in line with the claims by commentators, New Zealand seems to be one of just two countries to have this negative cumulative excess mortality (Luxembourg is the other).

CLN-HNZ-JA-01

Yet once the lower population growth rate from March 2020 is allowed for in panel (b), using the Equation (2) regression that controls for population, the apparent negative cumulative excess mortality in New Zealand over the 2020–22 period disappears. Instead, we are amongst a group of four countries (the others being Denmark, Germany and Belgium) with cumulative p-scores just below four percent.[9] There are a further six countries (Luxembourg, Canada, the Netherlands, Iceland, Israel and Australia) that have even lower (negative for some) cumulative p-scores.

There is a further reason for caution in making claims about New Zealand's uniquely negative cumulative excess deaths during the first three years of the COVID-19 era. There is statistical uncertainty in excess deaths estimates. To reduce clutter the bars in Figure 3 do not have confidence intervals shown, but New Zealand's cumulative p-score has a standard error of 0.9 and a 95% confidence interval from 1.7% to 5.3%. In fact, t-tests suggest that one has to go eight countries to the left of New Zealand, amongst the Figure 3(b) bars, to find the first country (France, FR) with a statistically significant ($p < 0.05$) higher cumulative p-score. In other words, the group of countries from Scotland through to Denmark in Figure 3(b) all have p-scores that are statistically indistinguishable from New Zealand's p-score, even though they have slightly higher point estimates. While one can claim that New Zealand is in the lower half of the countries in Figure 3(b) the data do not allow much beyond that.

5. Conclusions

Accurate health data are needed to evaluate responses to COVID-19. Local media, politicians and public health commentators have coalesced around a projection-based measure of excess deaths due to Karlinsky and Kobak (2021) that seemingly shows negative cumulative excess mortality for New Zealand in the first three years of COVID-19. This measure poorly suits the New Zealand context because it ignores the sharp fall in population growth rates after the border was closed in March 2020. Deaths (but not death rates) had risen sharply pre-COVID, alongside rapid population growth, and the projection-based method simply extrapolates that trend forward. Hence a rising number of 'expected' deaths makes the actual rise in deaths in the post-2020 period seem less remarkable. To correct this flaw in the projections, population is included as a predictor and this shows that cumulative excess mortality for New Zealand was roughly four percent over the first three years of COVID-19; approximately 4000 excess deaths. This is similar to what is shown by measures of excess mortality based on death rates (such as in Figure 1(c)) that are readily available online and that show that cumulative excess deaths for New Zealand had already moved well into positive territory by mid-2022.

My final conclusion concerns disciplinary differences in research culture. It is offered to prompt thinking on the *why* question, of public health commentators coalescing around K&K projection-based excess mortality estimates rather than HMD ones that use death rates and that clearly showed positive cumulative excess mortality from mid-2022 onwards, as Figure 1(c) shows. Peer review in economics is adversarial, conditioning economists to build in responses to likely criticisms from the outset. Public health seems more collegial; reviews are faster and lighter and author teams larger (internalizing different views). For example, Baker *et al.* (2023) has 15 authors. If economists were more prominent in the public square in the COVID-era, it may more quickly have become apparent that claimed negative cumulative excess mortality was just an artefact of an inappropriate way to predict expected deaths in a country with a fluctuating population growth rate. With our obsession for robustness tests and sensitivity analyses, the odds of data from the same source (OWID) or an upstream source (HMD) that showed different patterns of excess mortality remaining undisclosed would have been lower and flaws in the K&K approach might have been brought to light more quickly.

These disciplinary differences usually don't matter. No one discipline has a monopoly on the best way to find truth. But it matters this time because New Zealand lacks checks and balances. A few cabinet ministers, perhaps just the Prime Minister, can change the course of the country, with no subnational variation or second chamber debates to see (at least *ex post*) if the changes helped. For example, in the United States, Florida's Surgeon-General advocates against mod-RNA vaccines due to

Public Notices NZ

Unrebutted Affidavit of Status and Truth living woman known as Janine Barbara

My name is Janine Barbara of the house of Arabella and Walters. I have two unrebutted Affidavits presented to National and International heads of government where I have removed the jurisdiction of the Crown corporation over my life with the right to self govern and right to charge compensation fees to anyone who breaches my unalienable rights. God made men and women and men and women created corporations. A corporation can never control a living man or woman without their consent and I do not consent to any corporation having control over me. Inside this Affidavit you will find my copyright notice, and compensation fees for any agent acting on behalf of a corporation who tries to take control over me and breach my rights. I also have Hold Harmless Indemnity Agreements, Security Agreements and many other documents that can be produced as required.

This Affidavit plus accompanying letters were presented to the living men and woman known as "Nicholas Lyons" acting as "Lord Mayor of City of London Corporation, plus the first Lord of His Majesty's Treasury Rishi Sunak and second Lord of His Majesty's Treasury Jeremy Hunt; plus Louise Di Mambro, Registrar of the Privy Council and The Supreme Court of the United Kingdom. The above four men and woman had thirty (30) calendar days to rebut this affidavit point by point with irrefutable proof from the time of receipted delivery notice from the mail company. The thirty days ended with no response. They were notified that no response was taken as tacit acceptance that they consent it stands as truth, and they have honoured the request and sent the letter and Affidavit to any and all relevant others who also had 30 days to challenge and rebut. An unrebutted Affidavit stands as truth in Law and Commerce.

1. A workman is worthy of his hire.
2. All are equal under the law (both moral and natural law).
3. In commerce truth is sovereign.
4. Truth is expressed by means of an affidavit.
5. An unrebutted affidavit stands as truth in commerce.
6. An unrebutted affidavit becomes the judgement in commerce.
7. A matter must be expressed to be resolved.
8. He who leaves the battle first loses by default.
9. Sacrifice is the measure of credibility (if one has neither been damaged nor incurred a risk, and is unwilling to swear an affidavit- i.e "true, correct and complete," the commercial equivalent of, "the truth, the whole truth and nothing but the truth" on his own unlimited commercial liability for the veracity of his statements and the legitimacy of his actions, he has no credibility, and therefore no basis for asserting claims/charges or claiming authority.
10. A lien or claim can be satisfied only through rebuttal by counter affidavit point-for point resolution by jury or payment.

1. That the Debtors had until five pm on third day of April 2024 to pay the plaintiff the sum of one ($182,481,438.00NZ) or the plaintiff had the lawful right to add further charges as outlined on invoice and Commercial Lien Notice and Admiralty Statement of Claim being eighty billion dollars where the claimant has added the charges for every man woman or child to date that has had a severe reverse reaction or died from being co-erced or lied to. The claimant has provided evidence of her compensation schedule of one-million-dollar charge of for any harm to any man, woman and child in her land being the land of New Zealand. The plaintiff confirms that no payment was received by the due date.

4. The Plaintiff and Claimant has provided an attached provisional list of the assets of the individuals and the corporations being three hundred and forty two properties of the corporation and four properties of the individuals plus the staff contracts of approximately two hundred and twenty thousand staff plus equipment and fleet vehicles. The provisional total only comes to thirty two billion dollars and it is determined that the individuals and the corporation does not have sufficient assets to pay out the Claimant, so the only option presented is for full seizure and possession and control of the assets and the corporation.

5. The Plaintiff and Claimant has the intention of operating the corporation as the new commander of the ship/corporation with the goal to restore justice and accountability for actions resulting in harm so that the individuals involved have to make amends for his/her actions plus returning the inalienable rights of every individual man and woman living in New Zealand having the ability to manage their own affairs and right to make informed choices over how they manage their health and every aspect of life.

Maxims of Law

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce. An unrebutted affidavit is acted upon as the judgement in commerce.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard -because no Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as corporate vehicles.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

Respondent(s) failure to perform by the terms of the Presentment, constitutes as Respondent's acceptance and approval of the granting and conveying of the agreed actions contained therein.

Respondent(s) failure to perform by the terms of the fault notice, constitutes as Respondent's acceptance and approval of the granting and conveying of a Specific Power of Attorney to the Principal to perform the duties of the Respondent(s) stipulated therein.

Respondent(s) has defaulted.

As an operation of law Respondent(s) dishonor of the Presentment and the Fault Notice has created a default.

Memorandum Two of Plaintiff

The Plaintiff Informs the High Court and the Debtors of the Following

1. That the Debtors had until five pm on third day of April 2024 to pay the plaintiff the sum of one ($182,481,438.00NZ) or the plaintiff had the lawful right to add further charges as outlined on invoice and Commercial Lien Notice and Admiralty Statement of Claim being eighty billion dollars where the claimant has added the charges for every man woman or child to date that has had a severe reverse reaction or died from being co-erced or lied to. The claimant has provided evidence of her compensation schedule of one-million-dollar charge of for any harm to any man, woman and child in her land being the land of New Zealand. The plaintiff confirms that no payment was received by the due date.

2. The updated invoice as the third and final demand notice is attached with the full amount charged to the individual debtors and the corporation with the amount being eighty billion, one hundred and eighty two million four hundred and eighty one thousand four hundred and thirty eight new zealand dollars ($80,182,481,438.00NZ) where the Debtors have a further ten working days until five pm on eighteenth day of April in the year of 2024 to provide a signed affidavit of defence of every single debtor with evidence or with immediate effect from 5pm on 18th day of April the claimant will step in and take possession of the corporation and its assets until paid in full or remain in charge until paid out in full.

3. The Plaintiff and Claimant is Janine of the House of Arabella and Walters who is the authorised representative of Janine ARABELLA, also known as Janine WALTERS. Janine is the Secured Party and holds Power of Attorney of the trade names Janine ARABELLA and Janine WALTERS but is not surety to them as debtor.

4. The Plaintiff and Claimant has provided a provisional list in memorandum two of the assets of the individuals and the corporations being three hundred and forty two properties of the corporation and four properties of the individuals plus the staff contracts of approximately two hundred and twenty thousand staff according to internet plus equipment and fleet vehicles. The provisional total only comes to thirty two billion dollars and it is determined that the individuals and the corporation does not have sufficient assets to pay out the Claimant, so the only option presented is for full seizure and possession and control of the assets and the corporation.

5. That the Plaintiff and Claimant had four of the individual debtors served personally where the fifth debtor Scott Hart denied his identity, then hid behind a locked door so was not able to serve the documents. As a result the Plaintiff removed the debtor due to not having managed to serve the documents personally, but in event of full takeover will address the liability and responsibility of this debtor separately. The serving documents were included with memorandum two.

6. The Plaintiff and Claimant has been informed of a recent tragic death of close family member of debtor Debra East and due to the fact the evidence so far presented has

All Rights Reserved

only shown minor involvement of this debtor, so the plaintiff has chosen to remove Debra East as being a debtor and will remove her home off the asset list, so as not to cause her any extra stress as this time and no longer required to provide an affidavit of defence.

7. That the Plaintiff and Claimant also chooses to remove Don Sorrenson's home from the list of assets as evidence at this time only shows that he was involved in breaching of rights and terminating two to three staff members at the time of the mandates.

8. The full accountability remain on the two debtors Peter Chandler as the previous Chief Executive Officer of the Bay of Plenty District Health plus Margie Apa the current Chief Executive Officer where evidence shows breaching of rights of many thousands of individuals, implementing of vaccine roll out and mandates where liability remains in place for every death and severe adverse reaction plus all cover ups to prevent any liability, plus falsifying of documents to increase number of covid deaths, where the debtors knew that the vaccine was not safe or effective prior to the roll out, plus cover ups to do with knowledge of excessive deaths, plus ongoing use of drug remdesivir or its generic equivalent to treat covid which has a high death rate associated with using this drug, plus the harm caused to the claimant with loss of her daughter while under the legal care of the district health board with cover ups of her death, plus loss of employment and her livelihood plus psychological harm plus discrimination.

9. The Plaintiff and Claimant has the intention of operating the corporation as the new commander of the ship/corporation with the goal to restore justice and accountability for actions resulting in harm so that the individuals involved have to make amends for his/her actions plus returning the unalienable rights of every individual man and woman living in New Zealand having the ability to manage their own affairs and right to make informed choices over how they manage their health and every aspect of life.

10. The plaintiff has also claimed All Rights Reserved so in the event of any honest mistakes or errors or omissions has the right to correct these.

11. The Debtor's lawyer representing them Chris Jury has stated that he wishes to receive court documents electronically to chris.jury@tewhatuora.govt.nz with first receipt of Admiralty Statement of Claim on Monday 18 March 2024 with the hard copy received by courier post on Tuesday 19 March at 6.30am, and first receipt of Memorandum One being 25 March 2024 and first day of receipt of Memorandum Two being fourth day of April 2024 with last day for defence being 5pm on Thursday the eighteenth day of April 2024.

12. The lawyer Chris Jury representing Health New Zealand and the individual debtors was requested to provide a copy of the high court documents to all the debtors and gave no clear indication that he had done this, so each of the individual debtors had the high court documents served to him or her with evidence of the times and dates of the serving attached to memorandum two. Chris Jury was required to confirm in writing that he has distributed a copy of Memorandum Two to all the debtors, and he has not responded, so the Plaintiff has sent them copies of memorandum two and three.

7 April 2024

Dear Debra

I have just heard about the recent loss of your only son. I am so sorry for your loss and that the serving of documents I believe came on the day of his funeral – that was terrible timing and if I had been informed the day would have changed.

I want to assure you that I have no intention of claiming your home. You had been appointed as the central spokes person on behalf of the defendants and then communication stopped and no one informed me that you were no longer in this role. I am not sure what the truth is as when the deponent came to the hospital to serve you the documents someone said that you left working there a long time ago, so documents were served at your home address. My last direct communication with you was in January 2024.

While you are going through this terrible time of grief and pain I do not want to add to it, so know your home and employment are secure and that any actions by yourself that have been dishonouring or in breach of the rights of others for implementing the mandates and addressing others like me who were terminated there are ways that you can be involved in remedying this to fully restore your integrity and credibility.

After this is over, I hope one day to sit down with you as two mothers who have both lost children before their time and hear about your wonderful son.

I am removing your name as a debtor so you no longer are required to put up a defence.

Thinking of you at this time. Please see court memorandum attached for your knowledge.

Janine of the House of Arabella.

FUTURE OF HEALTH

TE ANAMATA O TE ORANGA

For the health sector / Mō te rāngai hauora

Te Whatu Ora – Health New Zealand is the largest single employer in the country, made up of about 220,000 highly skilled, dedicated and professional people who work directly or indirectly for the organisation.

Around 400 people will work for Te Aka Whai Ora – Maori Health Authority as it gears up to provide policy and health service commissioning advice.

How will things be different for the people who work in health care?

For the people who work in the health care system, the health reform isn't changing *what* they do, but it is changing how it supports what they do and how they do it.

The reformed health system will include a focus on providing training and development to grow the contemporary workforce of tomorrow, so our healthcare workers will always have the skills they need. And they will have modern tools and better real time information.

Healthcare workers will have more opportunities to develop their skills and there will be more people recruited to provide healthcare.

They will experience fewer barriers to working across geographic boundaries and with other health providers to give people and whānau the care they need.

In 2021 the Transition Unit held a series of roadshows across the motu. We had a lot of questions from the workforce. While we answered many on the day, we are continuing to provide follow up information on the key areas of interest.

Audience questions from the roadshows

Dear Chris

An error was spotted and has been corrected with change to the last two pages of the memorandum two being the maxims of law. Please find the corrected memorandum two consisting of 32 pages attached. For your knowledge the property valuation information was obtained from corelogic.co.nz from the current registered valuation of each property. The file is too large to send via email, however the PPSR finance statement has the legal description and valuation data.

Please provide written confirmation that you have provided this information to all the debtors..This amended Memorandum Two plus email plus yesterday's emails will be uploaded onto the HIgh Court site soon after this is sent.

YOUR UNALIENABLE RIGHTS

Unalienable Rights are the Inherent, Sovereign, Natural Rights that existed before the creation of the State, and which, being antecedent to and above the State, can never be taken away, diminished, altered, or liened upon by the State, subject only to the Due Process of the Common Law. Nor can any Unalienable Right be fundamentally removed, whether mistakenly by contract through non-disclosure, which is fraud and unenforceable in Law, or knowingly by renunciation, which is contrary to Natural Law.

The Right to Refuse to Kill under command, by reason of Conscience

The Right to Live in Peace and be left alone when Law-Abiding

Surely, the most critical failure of The People is their failure to ensure the teaching and common knowledge of their Unalienable Rights. If you do not know your Rights, you effectively have none. By the path of Ignorance, whether by Apathy or Deception, The People arrive in a state of Exploitation, Oppression, and Tyranny.

You received the high court documents at your request via email on Monday 18 March 2024 as the first receipt. A full set of the hard copy of high court documents were sent via courier post with tracking number LW123450838NZ to Debra East as the formally appointed representative of all the debtors. Please see the attachment. The documents were received on Tuesday 19 March at 8.30am, however Debra chose to 'return to sender' acting in bad faith and with dishonour making her fully chargeable in the private. The ten working days commenced from the day after first receipt being 19 March 2024. Taking into account Easter Friday and Monday the due date for formal response from the debtors is 5pm on Wednesday 3 April 2024 served to me via my postal address 37A Glue Pot Road, Ocopi, Tauranga 3173.

An error was spotted and has been corrected with change to the last two pages of the memorandum two being the maxims of law. Please find the corrected memorandum two consisting of 32 peges attached. For your knowledge the property valuation information was obtained from corelogic.co.nz from the current registered valuation of each property. The file is too large to send via email, however the PPSR finance statement has the legal description and valuation data.

Please provide written confirmation that you have provided this information to all the debtors..This amended Memorandum Two plus email plus yesterday's emails will be uploaded onto the High Court site soon after this is sent.

Dear Stephen

The High Court process states that need to inform the Registrar that Servings have occurred. Please see serving notices attached also filed online with main filing references **T216290 and T 210900 and T215430**. The defendants have until 5pm on 18 April 2024 to file a defence. The affidavit of service documents are on memorandum two. Memorandum three is removal of one of the defendants.

The defendants have gone into hiding since knowing they were being personally served (and therefore required serving all parties at the home address) with no communication from lawyer Chris Jury who is supposed to provide the information to them. They have not been going into the work place and not answering at the home address. The memorandums two and three have managed to serve to two of parties. With signature required mail they have been returning. Can you please advise if emailing the lawyer Chris Jury is sufficient plus email to defendant plus postal tracking. Trying to ensure proper process is followed.

As we were walking away Donald started yelling at us to get off his property, which we were already doing. We both felt threatened as he was behaving in an aggressive manner. He also had a barking dog at his feet. Prior to the home visit I had tried to serve these documents to the work address however would be told he was not there or not available.

1. Statement of Claim of Commercial Lien by Force of International Admiralty and Common Law for payment of three billion and three million dollars ($3,003,000,000.00NZ) with ten percent interest added per week from ninth day of March in year of 2024. All charges were clearly identified in claimant's affidavit and compensation schedule and every document sent with proof of receipt of every document outlined in the sequence of events.

2. The initial charge was for three million five hundred and thirty eight thousand and seventy dollars ($3,538,074.00) as the amount the claimant had calculated that she was aware that the ASB had fraudulently taken from her, but had formally requested Vittoria Shortt to confirm how much they had taken out of her estate with the high likelihood of the amount being higher and in event of non payment and no response that as the Secured Party Creditor for three billion dollars that Janine could claim the higher amount of three billion dollars. Vittoria Shortt as the Chief Executive Officer and formal representative of the ASB Bank was also informed that any withdrawals of money taken by the ASB bank from 1 December 2023 would invoke a one million dollar compensation fee charge and so far as of 21 March 2024 the ASB bank has done this four times. There were three charges at the time of the commercial lien and one further one million dollar charge has occurred since then.

3. Vittoria Shortt has had every opportunity to rebut or remedy the claimant's charges and has acted in dishonour and bad faith and has not provided full disclosure with the claimant having lawful right for summary judgement for the amount of claim for three billion and three million dollars plus one million dollars charge for all further events of taking money out of the claimant's authorised bank accounts plus penalty interest of 10% per week from the ninth day of March 2024. Vittoria Shortt on behalf of ASB Bank has made no rebuttal and no defence where an unrebutted Affidavit stands as truth in law and commerce according to the ten Commerce Maxims in law.

4. That the Claimant Janine has gone through a full lawful process and claimed back complete Power of Attorney to manage and administer all her affairs and estate and property having revoked all previous power of attorneys and is now the Secured Party Creditor.

5. That the Claimant Janine has had three witnesses overseeing, observing, affirming and certifying all notices sent to the Debtors where two Corinthians chapters thirteen

verse one declares that from the mouth of two or three witnesses that every word is established as truth.

6. That a foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law. An official (officer of the court, policeman, etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

7. That an official who impairs, debauches, voids or abridges an obligation of contract or the effect of a Commercial Lien without proper cause becomes a lien debtor, and his/her property becomes forfeited as a pledge to secure the lien.

8. Full explanation and details of the Claim is in the attached Commercial Lien by Force Document plus all supporting documents in the Sequence of Events from April 2013 to March 2024.

9. In commerce, it is a felony for the Officer of a Political Party/Public Office/Banking Corporation to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

Claimant: Janine of the House of Arabella and Walters

Debtors: ASB Bank corporation and ASB Holdings Corporation plus all associated directors Vittoria Annabel June ShORTT, Carl Roy FERGUSON, Amie Marie SMITH, Ross James Patrick BUCKLEY, Roderick Marshall CARR, David Antony Keith COHEN, Victoria Helen CRONE in his/her full private and commercial capacity

Sequence of Events from June 2012 to March 2024

1. Claimant Janine has had four properties and four mortgages with ASB Bank with first home and loan and mortgage commencing 22nd of June 2012 with the four properties and loans concerned being for 22 Monticello Key, Papamoa with mortgage placed on title for $431,000 plus interest for four years, next home 3 Pukehina Parade with mortgage of 1.147 million plus interest for 5.75 years, 293 Pukehina Parade with mortgage on title for $414,000 plus interest for 2.33 years and finally 37A Glue Pot Road Oropi with a mortgage transfer occurring from 3 Pukehina Parade on 17 December 2021 with balance reduced to 1.135 million dollars plus interest where the ASB Bank did not require any paperwork signing which lead to the suspicion of the claimant that there was some undisclosed activity occurring by officers acting on behalf of the ASB Bank with her banking affairs.

2. Claimant Janine sent a letter to the ASB Bank chief executive officer Vittoria Shortt on 16 October 2023 with postal tracking number LW120997089NZ with one hundred questions with request for full disclosure of all contracts signed for loans and mortgages for property purchases or refinancing or sale of property with specific questions asked about the four properties in above point one. Vittoria Shortt was requested to answer all one hundred questions with full disclosure by the 30th day of November 2023 with failure to do so accepted as silent acquiescence that lack of disclosure confirms fraudulent activity and the lawful right to nullify all contracts including loans, mortgages and powers of attorney. The claimant confirms that no response was received by Vittoria Shortt. Refer Exhibit 1 p3-10

3. That the Claimant Janine send a 24 page Affidavit of Status and Truth and Claim including the one hundred questions in point 2 to Vittoria Shortt with postal tracking number LW121245338NZ received on 8th of November with 21 days to rebut with final day being 30th day of November 2023 where failure to rebut point by point with supporting evidence certified to be true that Vittoria Shortt as the representative of ASB Bank provided tacit acceptance that all the content in the Affidavit including exhibits stood as truth in it's entirety with the claimant having the lawful right with immediate effect in case of non rebuttal to cancel all loans and mortgages plus claim back all money plus interest paid out due to fraud. Refer Exhibit 2 p11-34

4. That the Claimant Janine sent two notices to business and home address of Vittoria Shortt a notice of acceptance letter plus affidavit of three witnesses confirming there was no rebuttal of the Affidavit with postal tracking numbers LW121245390NZ and LW121245386NZ with both received on 5 December 2023. This notice included a formal cancellation in writing of the mortgage from 1 December 2023 and formal removal of ASB bank off the property title 37A Glue Pot Road plus formal demand with invoice 1004 for payout of three million five hundred and thirty eight thousand and seventy dollars ($3,538,074.00) by 19th day of December or could claim the higher amount of three billion dollars as the claimant holds a lawful Security agreement as the Secured party creditor to the value of three billion dollars that as Vittoria Shortt had not disclosed the full amount owed back to the Claimant due to fraud making all contracts null and void. Refer Exhibit 3 p35-44

5. That a third notice with postal tracking number LW123842007NZ was sent on 5th day of December to business address received 15th of December 2023 and fourth notice with postal tracking number LW124150311NZ received on 19th day of December and both were also emailed on 14th and 17th day of December 2023 to vittoria.shortt@asb.co.nz containing invoice 1004 for payment due of three million five

hundred and thirty eight thousand and seventy dollars ($3,538,074.00) by 19th day of December or could claim the higher amount of three billion dollars as the Secured party creditor or step in to liquidate the company. The notice also contained the compensation schedule of Claimant Janine with one million dollar fee for causing harm/loss by deception or stealing funds from the Claimants bank account. No payment was received and funds were taken out of the bank account on 18 December invoking a one million dollar compensation charge. Refer Exhibit 4 p45-60

6. Notice from Principal to Principal, Notice to Principal is Notice to Agent, Notice to Agent is Notice to Principal

This is to advise you that the author and Principal :Janine Barbara: has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'The Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom. Since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law. The living author, (me) Janine Barbara of the House of Bell and Arabella and Walters has removed the jurisdiction of the Crown over her own life and over her property, with true lawful claim to have my property and estate returned to me. Both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records. The author: Janine Barbara: holds the original documents printed on cotton paper.

For context, this letter and Affidavit uses only plain simple English and Counting Systems. You are considered informed that all meanings in this/all communication/s are taken from the Oxford Dictionary of English unless otherwise definition given or as commonly understood by living men and women. If any definition or meaning is unclear to the reader the interpretations are that of the living woman author of this affidavit. The position in this communication is that of a living woman standing under God's law, also known as the creator's law, natural law, and operating outside the jurisdiction of statutory rules or man-made legislation. Where there are colons around either side of the christian name or names of the Living Soul Author, the author is directing the attention of the reader that these are the names she wishes to be communicated to with.

I am requesting full disclosure in writing from you as the living agent, CEO and representative of ASB Bank and ASB Bank limited of all contracts signed for loans and mortgages for property purchases or refinancing or sale of property by wet ink signature of me or my husband as individual, guarantor, director, trustee, or trustee director in any other capacity from May 2012 to the present time being 16th day of October 2023. This includes answers to every question in this letter. This includes answering for 4 grouping of 25 questions under numbers 1 to 4 labelled a) to y). I am requesting to be provided with full disclosure of all rightful ownership and beneficiary and estate claims that came about from loan and mortgage documents signed by mine or my husband's wet signature with the ASB Bank since 2012 until the present time being the month of October in year 2023 either as individual or trustee or director or guarantor under the following entity names that have been created **JANINE ARABELLA or JANINE WALTERS or JANINE WALTER or GREGORY WILLIAM WALTER or RICHARD WALTERS or director AGED CARE ENTERPRISES LIMITED or trustee for JANINE and RICHARD WALTERS FAMILY TRUST or trustee for JANINE AND GREGORY WALTER FAMILY TRUST or COMMUNITY VISION LIMITED or GREGORY WALTER or RICHARD WALTERS**. I also advise that I have permission and enduring power of attorney from my husband to obtain information regarding any rightful claim of full disclosure of anything he signed with his wet ink signature. (Evidence of this is provided at the end of this letter). The properties which had loans and mortgages registered on the title were as follows:

1. 22 Monticello Key, Papamoa (loan and mortgage 22nd of June 2012 to April 2016 when loan repaid in full with borrowing of up to four hundred and thirty one thousand New Zealand Dollars ($431,000 plus interest payments at 5.25 to 6.25% interest per annum plus principal payments purchased by family trust with mine and my husband's wet ink signature required as guarantors and trustees or trustee directors)
2. 3 Pukehina Parade, Pukehina Beach from March 2016 to 17 December 2021 with borrowing of 1.1 to one million one hundred and forty thousand NZ dollars (1.47 million NZ dollars plus interest payments) bought by Janine and Richard Walters Family Trust with mine and my husband's wet ink signature required as trustee and director and trustee director and guarantor)

There was no communication regarding if the current loan for 37A Glue Pot Road was carried over from 3 Pukehina Parade. On the family trust bank account it appears that the loan was carried over with the loan balance being $1,147,000 with $12,000 required to be paid off on 17th December 2021 with interest payments continuing at 2.99% per annum and a further $485,000 paid off by me author :Janine Barbara: on 22nd of September 2022 with the current loan balance being $650,232. Full disclosure is required of the mortgage documents – the loan is with the family trust however the mortgage and security was placed on Janine Walters as the guarantor with no disclosure of what the mortgage is or what the security is making Janine Walters fully liable for a debt that was not hers, but the family trust. Notice from Principal to Principal, Notice to Principal is Notice to Agent, Notice to Agent is Notice to Principal

Dear Christine and Vittoria

An email came from CustomerCare@asb.co.nz addressed to 'Mrs J Walters' to my email address janine.a.walters@gmail.com on Thursday 14th day of December with a letter attached dated 12 December also addressed to 'Mrs J Walters' and signed with the name 'Christine Fletcher'

This name 'Mrs J Walters' represents a legal fiction corporation trade name that the copy right is owned by me, as per unrebutted affidavit received by you on 8th day of November 2023. As this letter was responding to correspondence sent to Vittoria Shortt including lawful request for full disclosure on 100 questions, an Affidavit which also included the 100 questions where a response was required back by 30th day of November 2023, then neither of you have any excuse to the understanding of the difference between a legal fiction and a living man or woman. The living woman Vittoria Shortt has already acted twice in dishonor and bad faith by not responding to the request for full disclosure and secondly not responding back to an Affidavit that also requested full disclosure with non response taken as tacit acceptance that everything written by me was true and correct. An unrebutted Affidavit stands as truth in law and commerce. As you are aware of this correspondence then you have no excuses of understanding that it is fraudulent in nature to address a letter to a legal fiction corporate person to try and make the reader believe it is addressed to him/her, and this is a chargeable offence on my compensation fee schedule. Please see item one for charge one million dollars for unauthorised use of any of my trade names and using deceit.

As long as my requirements are met in the next two below paragraphs I will not add the extra compensation charge of one million dollars which can be charged to you in the private for unauthorized and deceitful use of my trade name 'Mrs J Walters', and if I find out that 'Christine Fletcher does not exist but is a computerized fictional name or entity as another attempt at deceit I can lay further charges.

This is the fourth notice that the payment of three million five hundred and thirty eight thousand and seventy four dollars ($3,538,074.00) is due on Tuesday 19th of December 2023 with invoice also attached for this same amount. The bank account for payment is as follows: House of Talia Dawn Private Foundation Kiwibank 38-9024-0122732-00 As per Affidavit received 8th of November and letter and three witness affidavits received 5th of December and letter received via email on 14th December and received by post on 15th day of December that in the event of non payment by 19th day of December I have the lawful right to act as liquidator to seize property and assets of the acting agent or parent company that is in default or its successor up to the value of three billion new Zealand dollars as the secured party creditor.

I have also attached the compensation schedule which was part of the unrebutted affidavit for your reference. Please note the compensation charges 6 and 7 are for one million dollars for causing loss/harm by deception or stealing from me or bank accounts that I have authority over. I remind you that the mortgage 12324652.3 and associated loan was cancelled immediately from first day of December and any further payments taken out are fraudulent and without my consent and will result in a one million dollar charge per event/item. It is your responsibility to ensure that the bank account 12-3491-0044887-92 is closed with nil balance and the four hundred and eighty five thousand and twelve thousand dollars of payments reversed and placed back as credit into the 12-3491-0044887-00 account by 19th day of December 2023. You have received notice of required payment and consequences of non payment four times so have no excuses

Parties: Janine Barbara of the house of Bell and Arabella and Walters / **Claimant**
Claimant address: 37A Glue Pot Road, Oropi, Tauranga 3173
And
To the living woman known as "Vittoria Shortt", acting as the Chief Executive Officer (CEO) and representing ASB BANK LIMITED
in her private and commercial capacity **/ Debtor**
Debtor Address: ASB North Wharf, 12 Jellicoe Street, Auckland Central 1011

Date: **12th day of January 2024**

For context, this document uses only plain simple English and Counting Systems. You are considered informed that all meanings in this/all communication/s are taken from the Oxford Dictionary of English unless otherwise definition given or as commonly understood by living men and women. Any content or character or page layout is not to be confused with legalese or any other language. STATEMENT OF FACTS

1. **A letter dated 16th of October 2023 was sent to the living woman known as "Vittoria Shortt" and CEO representative of the corporation ASB Bank Limited on Wednesday 18th of October 2023 with tracking number LW120997089NZ and was received at the business office on Thursday 19th day of October 2023 at 1.19pm, and the home address on Friday the 20th day of October 2023 at 12.10pm with tracking number LE010511587NZ. There was a spelling error in name as 'Victoria' on the letter but it was spelt correct on both courier bags as 'Vittoria Shortt' and very clearly addressed to the CEO of ASB Bank Limited, so Vittoria can not deny that she received this letter two times and I have proof of courier receipt. This was an eight page letter with one hundred questions requesting full disclosure of Vittoria Shortt as living agent, CEO and representative of ASB Bank and ASB Bank limited of all contracts signed for loans and mortgages for property purchases or refinancing or sale of property by wet ink signature of me or my husband as individual, guarantor, director, trustee, or trustee director in any other capacity from May 2012 to the 16th day of October 2023. This included answering four grouping of 25 questions under numbers 1 to 4 labelled a) to y). Failure to respond with full disclosure in writing with her wet ink signature as individual, CEO and director in her full private and commercial capacity by the 30th day of November 2023 was deemed as silent acquiescence that fraudulent activity has occurred with each loan and mortgage without full disclosure and all monies repaid on loans plus interest needed to be returned to me as the claimant on behalf of all entities that I hold authority over and to act on behalf of. No response was ever received to either letter by Vittoria Short which is two counts of dishonour of failure to respond to request for full disclosure.**

All Rights Reserved

2. An Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023 was sent on 7th day of November 2023 with tracking number LW121245338NZ notification received of proof of delivery to the debtor living woman Vittoria Shortt on Wednesday 8th day of November in year of 2023 at 9.01am with 22 days to rebut the affidavit point by point including 47 points plus eight Exhibits labelled 'A' to 'H' which also included one hundred questions asked of Vittoria Shortt with her name spelt correctly and with this being the third time of receipt of these one hundred questions with the final date to rebut being the 30th day of November 2023 and no response constituting as tacit acceptance. I confirm that no response or rebuttal to the affidavit or one hundred questions requesting full disclosure was ever received.

3. On the fifth day of December 2023 Vittoria Shortt received two documents to her office address with tracking number LW121245386NZ and home address LW121245390NZ. The courier bags contained an Affidavit of Truth of three witnesses dated 2nd day of December 2023 with the three witnesses affirming that they had first hand knowledge that the Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023 was sent to the debtor known as "Vittoria Shortt and Chief Executive Officer of ASB Bank Limited and had proof that it was received on the eighth day of November 2023 with proof attached of delivery receipt attached to the three affidavits as Exhibit 'A'. The three witnesses confirmed there was no evidence of response or rebuttal received back by Vittoria Shortt by the 30th day of November in year of 2023. The two courier bags also contained the notice sent by claimant Janine Barbara to Vittoria Shortt dated 1st day of December 2023 with the notice confirming that no rebuttal was received and that Janine Barbara had the lawful right to cancel all contracts and loans and mortgages and exercised that right in this notice with Janine Barbara now the secured Party creditor of the property owned by her and of ASB Bank Limited to pay all outstanding debts with the notice request for ASB Bank Limited to pay out three million, five hundred and thirty eight thousand and seventy four New Zealand dollars by 18th day of December 2023 into the following bank account Kiwibank 38-9024-0122732-00 and if this amount was not paid out by 19th December then the claimant had the full lawful right to claim and seize the higher amount of three billion dollars off ASB Bank Limited or its successor companies. I confirm that payment was not made and that instead ASB unlawfully took out funds out from the ASB account 12-3491-0044887-00 on 18th of December 2023 which invoked a one million dollar charge of theft according to my compensation schedule in Exhibit 'B' of the Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023.

4. On the fifth day of December the Claimant Janine Barbara sent another notice to Vittoria Shortt with tracking number LW123842007NZ received on 15th day of December 2023 containing notice for payment of three million, five hundred and thirty eight thousand and seventy four New Zealand dollars due 18th day of December 2023 plus compensation charge of one million dollars for harm if ASB fraudulently takes out any money from a bank account that claimant has authority over. This notice included an invoice for three million, five hundred and thirty eight thousand and seventy four New Zealand dollars plus the compensation fee schedule.

5. On the fourteenth day of December 2023 the claimant Janine Barbara sent an email to vittoria.shortt@asb.co.nz addressed to Vittoria Shortt with a courtesy reminder that payment for three million, five hundred and thirty eight thousand and seventy four New Zealand dollars was due on Tuesday 19th day of December 2023. This email had attached four documents being scanned notice dated 1 December with invoice and scanned affidavit three witnesses plus scanned letter dated 5th day of December and the compensation schedule.

6. On the fifteenth day of December 2023 the Claimant Janine Barbara sent via email to Vittoria Shortt vittoria.shortt@asb.co.nz plus courier post tracking number LW124150311NZ with delivery receipt of 19th of December at 2.29pm a fourth notice of payment of three million, five hundred and thirty eight thousand and seventy four New Zealand dollars including invoice the fee schedule plus previous notice dated 5th of December 2023 plus delivery receipt prrof of all communications. I confirm that four notices were sent to Vittoria Shortt and ASB Bank Limited with non payment and that if payment wasn't made by 19th day of December 2023 that I, Janine Barbara could claim the higher amount of Three Billion Dollars off ASB Bank Limited due to actions of dishonor.

7. The debtor was informed in point 44 that my unrebutted testimony in the form of Affidavit that was received on eighth day of November 2023 stands as truth in law and commerce. The content of the affidavit contained the following forty seven claims numbered in this notice and affidavit statement of facts points 8 to 54 with all exhibits referring to the original Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023. MAXIMS OF LAW

All men and women know that the foundation of law and commerce exists in telling the truth, the whole truth, and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce. An un-rebutted affidavit stands as truth in commerce. An un-rebutted affidavit is acted upon as judgment in commerce.

All corporate government is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments cannot exercise the power to expunge commercial process.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard–because no Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as corporate vehicles.

The Corporate Legal Power is secondary to Commercial Guarantors. Case law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, states and national governments, have no commercial reality without bonding the entity, its vehicle (statutes), and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political/Public Office to not receive and report a Claim to its Bonding Company, and it is a felony for the agent of a Bonding Company to not pay the Claim

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractice within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or any commercial process based upon an Affidavit.

Judicial non-jury commercial judgments and orders originate from a limited liability entity called a municipal corporation–hence, must be reinforced by a Commercial Affidavit and Commercial Liability Bond.

Governments cannot make un-bonded rulings or statutes which control commerce, free enterprise citizens, or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman, etc.) must demonstrate that he/she is individually bonded in order to use summary process.

An official who impairs, debauches, voids or abridges an obligation of contract or the effect of a commercial lien without proper cause, becomes a lien debtor and his/her property becomes forfeited as the pledge to secure the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a judge to summarily remove, dismiss, dissolve or dismiss a Commercial Lien. Only the Lien Claimant or a jury can dissolve a commercial lien.

1. That letter dated 16th of October 2023 was sent to the living woman known as "Vittoria Shortt" and CEO representative ASB Bank and the corporation ASB Bank Limited on Wednesday 18th of October 2023 with tracking number LW120997089NZ and was received at the business office on Thursday 19th day of October 2023 at 1.19pm, and the home address on Friday the 20th day of October 2023 at 12.10pm with tracking number LE010511587NZ. There was a spelling error in name as 'Victoria' on the letter but it was spelt correct on both courier bags as 'Vittoria Shortt' and very clearly addressed to the CEO of ASB Bank Limited, so Vittoria can not deny that she received this letter two times and the claimant Janine has proof of courier receipt. This was an eight page letter with one hundred questions requesting full disclosure of Vittoria Shortt as living agent, CEO and representative of ASB Bank and ASB Bank limited of all contracts signed for loans and mortgages for property purchases or refinancing or sale of property by wet ink signature of claimant Janine or her husband as individual, guarantor, director, trustee, or trustee director in any other capacity from May 2012 to the 16th day of October 2023. This included answering four grouping of 25 questions under numbers 1 to 4 labelled a) to y). Failure to respond with full disclosure in writing with her wet ink signature as individual, CEO and director in her full private and commercial capacity by the 30th day of November 2023 was deemed as silent acquiescence that fraudulent activity has occurred with each loan and mortgage without full disclosure and all monies repaid on four loan plus interest needed to be returned to the claimant Janine in a bank account of her choosing on behalf of all entities that she holds authority over and to act on behalf of. No response was ever received to either letter by Vittoria Short which is two counts of dishonour of failure to respond to request for full disclosure.

2. That an Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023 was sent on 7th day of November 2023 with tracking number LW121245338NZ notification received of proof of delivery to the debtor living woman Vittoria Shortt as individual and representative of the ASB Bank and it's associated corporations on Wednesday 8th day of November in year of 2023 at 9.01am with 22 days to rebut the affidavit point by point including 47 paragraphs plus eight Exhibits labelled 'A' to 'H' which also included one hundred questions asked of Vittoria Shortt with her name spelt correctly and with this being the third time of receipt of these one hundred questions with the final date to rebut being the 30th day of November 2023 and no response constituting as tacit acceptance. The claimant Janine confirms that no response or rebuttal to the affidavit or one hundred questions requesting full disclosure was ever received.

3. That on the fifth day of December 2023 Vittoria Shortt received two documents to her office address with tracking number LW121245386NZ and home address LW121245390NZ. The courier bags contained an Affidavit of Truth of three witnesses dated 2nd day of December 2023 with the three witnesses affirming that they had first hand knowledge that the Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023 was sent to the debtor known as "Vittoria Shortt and Chief Executive Officer of ASB Bank Limited and had proof that it was received on the eighth day of November 2023 with proof attached of delivery receipt attached to the three affidavits as Exhibit 'A'. The three witnesses confirmed there was no evidence of response or rebuttal received back by Vittoria Shortt by the 30th day of November in year of 2023. The two courier bags also contained the notice sent by claimant Janine Barbara to Vittoria Shortt dated 1st day of December 2023 with the notice confirming that no rebuttal was received and that Janine Barbara had the lawful right to cancel all contracts and loans and mortgages and exercised that right in this notice with Janine Barbara now the secured Party creditor of the property owned by her and of ASB Bank Limited to pay all outstanding debts with the notice request for ASB Bank Limited to pay out three million, five hundred and thirty eight thousand and seventy four New

Zealand dollars by 18th day of December 2023 into the following bank account Kiwibank 38-9024-0122732-00 and if this amount was not paid out by 19th December then the claimant had the full lawful right to claim and seize the higher amount of three billion dollars off ASB Bank Limited or its associated companies. The claimant Janine confirms that payment was not made and that instead ASB unlawfully took out funds out from the ASB account 12-3491-0044887-00 on 18th of December 2023 which invoked a one million dollar charge of theft according to the claimant's compensation schedule in Exhibit 'B' of the Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023.

4. That on the fifth day of December the Claimant Janine Barbara sent another notice to Vittoria Shortt with tracking number LW123842007NZ received on 15th day of December 2023 containing notice for payment of three million, five hundred and thirty eight thousand and seventy four New Zealand dollars due 18th day of December 2023 plus compensation charge of one million dollars for harm if ASB fraudulently takes out any money from a bank account that claimant has authority over. This notice included an invoice for three million, five hundred and thirty eight thousand and seventy four New Zealand dollars plus the compensation fee schedule which is included in this document page 11.

5. That on the fourteenth day of December 2023 the claimant Janine Barbara sent an email to vittoria.shortt@asb.co.nz addressed to Vittoria Shortt with a courtesy reminder that payment for three million, five hundred and thirty eight thousand and seventy four New Zealand dollars was due on Tuesday 19th day of December 2023. This email had attached four documents being the scanned notice dated 1 December with invoice and scanned affidavit three witnesses plus scanned notice letter dated 5th day of December and the compensation schedule.

6. That on the fifteenth day of December 2023 the Claimant Janine Barbara sent via email to Vittoria Shortt vittoria.shortt@asb.co.nz plus courier post tracking number LW124150311NZ with delivery receipt of 19th of December at 2.29pm a fourth notice of payment of three million, five hundred and thirty eight thousand and seventy four New Zealand dollars including invoice plus the fee schedule plus previous notice dated 5th of December 2023 plus delivery receipt proof of all communications. The claimant confirms that four notices were sent to Vittoria Shortt and ASB Bank and it's associated corporations with non payment and that if payment wasn't made by 19th day of December 2023 that claimant Janine Barbara could claim the higher amount of Three Billion Dollars off ASB Bank and its associated corporations as the SECURED PARTY CREDITOR and as outlined in the unrebutted Affidavit of Status and Truth and Claim.

7. That the Debtor(s) were informed in paragraph 44 in Claimant Janine's unrebutted testimony in the form of Affidavit that was received on eighth day of November 2023 stands as truth in law and commerce. The content of the affidavit contained forty seven paragraphs of claims plus eight exhibits labelled 'A to H' in the Affidavit of Status and Truth and Claim of the claimant Janine Barbara dated 28th day of October in the year of 2023. Most of these claims are listed in this Notice of Administrative Judgement, however the Debtors need to refer back to the original document and exhibits making special note of the compensation fee schedule that was in 'Exhibit C' where Claimant Janine has the right to charge compensation fees for actions of harm and this schedule can change without notice.

8. That claimant Janine has confirmed her status as a living sentient being over the age of consent with sound Mind, Body, Spirit and Soul being able to administer and manage all her affairs and estate with regards to her property and has provided proof of life and attached this proof with this Certificate of Default s 'Exhibit A' on page 10.

That Claimant Janine Barbara rescinded all prior assumed and presumed Powers of Attorney that were taken over me using debased Dog Latin Glossa fraud or any other method, including all powers of attorney taken over by the ASB Bank limited, which were signed over without full disclosure or fully informed consent with fraudulent content and unlawful conversion which nullifies any and all contracts and powers of attorney as they are now claimed back to the rightful owner being a living breathing women above the age of consent and of sound Mind, Body, Spirit and Soul; a living sentient being able to administer and manage all affairs with regards to her property and estate, and having the right to charge anyone who tries to claim ownership over her or her property or estate or anyone acting with fraud and deceit towards her.

Context and Basis in Fundamental Doctrines:

(This is a verified plain statement of fact)

1. **That letter containing request for full disclosure from Vittoria Short as CEO for ASB Bank with one hundred questions related to all contracts signed for loans and mortgages for property purchases or refinancing or sale of property by wet ink signature of claimant Janine or her husband as individual, guarantor, director, trustee, or trustee director in any other capacity from May 2012 to the 16th day of October 2023. This included answering four grouping of 25 questions under numbers 1 to 4 labelled a) to y). Failure to respond with full disclosure in writing with her wet ink signature as individual, CEO and director in her full private and commercial capacity by the 30th day of November 2023 was deemed as silent acquiescence that fraudulent activity has occurred with each loan and mortgage without full disclosure and all monies repaid on four loan plus interest needed to be returned to the claimant Janine in a bank account of her choosing on behalf of all entities that she holds authority over and to act on behalf of. No response was ever received to either letter by Vittoria Short which is two counts of dishonour of failure to respond to request for full disclosure. The tracking number were LW120997089NZ received on Thursday 19th day of October 2023 at 1.19pm and LE010511587NZ received at the ASB Auckland head office on, and the home address on Friday the 20th day of October 2023 at 12.10pm.**

28. That Claimant Janine Barbara has formally challenged, abrogated, rebutted and renounced all the 12 presumptions of law asserted by the private bar guilds in the two unrebutted affidavits to heads of government corporations nationally and internationally and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt.

29. That Claimant Janine Barbara is now the entitlement holder to all previous equity estates / trusts, also of divine inheritance and hereditaments both corporeal and incorporeal, without recourse.

30. That Claimant Janine Barbara sent to Vittoria Shortt a letter on 16th day of October 2023 requesting full disclosure and answering of 100 questions related to the purchase and financing of four real estate properties being 22 Monticello Key Papamoa, 3 Pukehina Parade Pukehina Beach, 293 Pukehina Parade Pukehina Beach and 37A Glue Pot Road, where it was made clear in the letter that failure to respond by the 30th day of November in the year 2023 was accepted as silent acquiescence that lack of disclosure confirms fraudulent activity and the lawful right to nullify all contracts including loans, mortgages and so called irrevocable power of attorney which are also fraudulent in nature and the lawful right for me to claim back all monies paid back on all the loans listed in this letter plus interest, where this letter was included as 'Exhibit H', where the minimum claim of monies to be paid back is three million, five hundred and thirty eight thousand and seventy four New Zealand dollars ($1,196,260 plus $453,961 plus $1,372,000 plus $515,853 which total together to equal $3,538,074.00NZ), and if Vittoria Shorrt refused to disclose the full amount of money taken or claimed fraudulently from her or her husband's estate or trust that Claimant Janine Barbara now holds authorisation for as the preferred and secured creditor, then can claim the higher amount of three billion new zealand dollars or seize assets to the same value from ASB Bank limited or any parent or successor company, where the account to have the funds deposited into is Kiwibank 38 -9024-0122732-00 with account name " House of Talia Dawn Private Foundation". Claimant confirms that Vittoria Short did not respond and Clamant Janine now has the lawful right to claim the higher amount being Three billion dollars.

31. That the Claimant Janine now holds the land known as 37A and 37B Glue Pot Road in allodium where Claimant janine barbara has absolute property right and not a mere estate and claim and declare supreme authority over these lands using God's Law, Natural Law Genesis 1:27-30 and therefore this land is freely held and occupied by living men and women without obligation or service or fee to any overlord or landlord or government or local authority.

32. That Claimant Janine holds the allodial designation over this physical land is established through careful observation and consideration of the following facts:

32.a. That the land that Claimant janine Barbara is living on is not artificial as it has physical substance; and

32.b. That Claimant Janine and other living men and women gain life, sustenance and shelter from and upon the physical land and gardens; and

32.c. That physical land is real, whereas a non-physical corporation cannot own anything of physical substance and therefore the ASB Bank and the Crown and the New Zealand Government et al as corporate entities cannot own land of substance and use artificial construct of legal titles and registration to claim control and ownership of something of physical substance; this is misleading and therefore fraud has been detected; and

32.d.That as fraud is identified this renders the legal title contract/s a nullity in their entirety, as the Crown and New Zealand Government et al are companies and bound by contract Law; and

 All Rights Reserved without recourse, non assumpsit errors excepted, strictly no rights of usufruct

32.e. That the legal title and registers held by the Crown and New Zealand Government et al to make a claim upon this land is now established as fraudulent; and

That all jurisdiction of the Crown and any of it's companies including but is not limited to New Zealand Local Government Funding Agency Limited and Quayside Holdings Limited and Bay Venues Limited and BOP Lass Limited plus ASB Bank Limited is removed from this land including any monetary charges with any further charges taken or sent without Claimant Janine's written consent liable for charges in her latest compensation schedule 'CS-05101967-JA-005' attached on page 9 of this document and can change without notice, and

32.g. That no corporate entity or their agents have any jurisdiction to administer, enter, obstruct, harm or injure et al on this physical land nor cause harm to nor claim ownership over, any physical land, resources, living man or woman, animal, water, air, soil, flora and fauna in their entirety.

33. That all facts of the certificate of Certificate of Notice of Default and Notice of Administrative Judgement are created with the first-hand knowledge of the Claimant who affirms they are true and correct.

34. The fourteen day period ends 5pm on Friday the eighth day of March 2024.

35. Claimant has autographed this Certificate of Notice of Default and Notice of Administrative Judgement with three witnesses affirming that all the facts stated herein are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge. That Payment is now overdue of three billion and three million dollars [$3,003,000,000.00] to be deposited into the bank account House of Talia Dawn Private Foundation kiwibank 38-9024-0122732-00 with 15% accruing interest plus costs from the date of Default being 9 March 2024 plus liens placed over the property owned by the Debtors with 14 calendar days from 11 March to receive payment in full with the last day for payment being 5pm on 25 March 2024 before the Lien Claimant can step in and be the liquidator and liquidate all assets belonging to the Debtors until paid in full including bonds and security certificates plus the ability to cancel any or all loans and mortgages.

That as of ninth of March 2024 there has been no rebuttal or any proof or verification received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard.

No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.
A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Not a Point of Law

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully, outside of or without the Court.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of ASB Bank, ASB Bank Limited, ASB Group Investments Limited, ASB Holdings Limited, ASB Securities Limited, ASB Investments Limited, ASB Management Services Limited, ASB Independent Trustee Company Limited, ASB Nominees Limited, ASB McLarin Trustees Limited, ASB Investments 1997 Limited, ASB Australia Limited, ASB Global Net Limited, ASB Brothers Limited, ASB Group Life Limited, ASB Nominees Limited, ASB Construction PTY Limited, ASB Investments PTE Limited, ASB Marketing PTY Limited, Lawford Family Trustee Limited, Common Wealth Bank of Australia.

Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the Affiant of this Affidavit within 14 Calendar days from first receipt or the following Allegations are PROVEN and resulting Obligations immediately enforceable.

Certifications Signed by Hand and Seal

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above Affidavit of Obligation and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" the above described acts have been committed contrary to the law (i.e 18 USC 4 misprison of felony).

Dear Vittoria

Thank you for confirming by email that you and all of the board of directors of ASB Bank and ASB Holdings received the Admiralty Statement of Claim on 22 March 2024 plus the further support documents on 25 March 2024. I came as witness with an authorised person to serve the hard copies on Monday 8 April 2024 to ASB Bank at 12 Jellicoe Street Central Auckland to you and all other directors and was informed you were out of the country and all other directors refused to come and receive the documents. The reception woman was asked to check which directors were in the building. She was specifically asked to contact Auckland based directors Carl Ferguson, Amie Smith, Ross Buckley, and Victoria Crone, she indicated that they were in the building but would not make themselves available to come down for one minute to receive the documents. We were prepared to wait but not one man or woman or director would come down to receive the documents.The directors were and are acting in dishonour.

I contracted an agent to serve the hard copy documents on my behalf. The ASB Bank received these documents on 9 April 2024. In 6.8 of High Court Rules if reasonable efforts have been made to serve a document to a defendant or defendants and the documents have come to the knowledge of the person or persons to be served, then the documents are to be treated as served on the expiry date. The board of directors had full knowledge of the full set of documents that were also emailed to them on 22 and 25 March 2024 the same day you received them. The affidavit of service documents will be filed with the High Court tomorrow with this email attached as evidence and will extend the timeframe for you and all the directors of ASB Bank and ASB Holdings for a defence until Thursday 18 April 5pm and if no defence received by that date I will be seeking immediate summary judgement.

The Plaintiff Informs The Court Registrar and the Debtors of the Following

1. That on the eleventh day of May 2022 a Western Bay of Plenty District Council member came onto my property uninvited to the entry door of my home located on Glue Pot Road where there is a letter box near the driveway entrance with the number 37. He requested to be given permission to inspect my property. This is my private property and I did not give consent to enter this property and asked him to leave. He made further contact by letter dated 9th day of August 2022 addressed to Janine WALTERS' which is a legal fiction name with a formal request to enter the property.

2. A further letter addressed to the legal fiction 'Janine WALTERS' from Council Officer Matthew Barrett dated 12th day of August 2022 came requesting to come and inspect my private property stating that he and Ross Watson would be coming on 22 August 2022 onto my private property.

3. On 19 August 2022 I went to the office of the Western Bay of Plenty District Council and requested to see the two men known as Matthew Barrett and Ross Watson. Ross Watson was not there, but Mathew came to meet with me in the front reception area. He was presented with a Liability and Trespass Notice for him and Ross stating clearly that my property was private and I did not consent to them entering. He was also presented with a notice of Claim on the land of Substance known as 37A and 37B Glue Pot Road plus copy right notice plus compensation fee schedule for any Crown or Council agent coming onto my property and interfering in my private affairs. All documents presented were stamped as proof of receipt. Matthew was instructed to provide these documents to all departments in the Western Bay of Plenty District Council, Bay of Plenty District Council and Regional Bay of Plenty District Council including the rates department. These documents are listed as event 1 in the sequence of events.

4. On the fifth day of September 2022 two rates notices were in the letter box for 37A Glue Pot Road addressed to the legal fiction WALTERS, JANINE. A letter was sent to Matthew Barret on eighth day of September 2022 declaring these notices discharged for

 All Rights Reserved

misrepresentation under section 240 of the Crimes Act 1961 and I had not consented to pay these fees. Matthew was informed in writing that it was his responsibility to ensure all other agents within the council had instructions that any further notices sent would invoke fees where he and other agents representing the council could be charged in his/her full private and commercial capacity and a lien lodged on the Personal Properties Securities Register. See event 2 in the sequence of events.

5. An email was received from Matthew Barrett on 9 September 2022 confirming that he had sent the Liability Notice and compensation fee schedule to the finance department of the Western Bay of Plenty District Council, but refused to give the name of the man or woman he sent them to.

6. On 20 October 2022 two further unsolicited letters were in the letter box for 37A Glue Pot Road addressed to the legal fiction WALTERS, JANINE. The compensation schedule at that time for unsolicited communication was $10,000 per email or letter. An email was sent to John Holyoake at john.holyoake@westernbay.govt.nz with Notice of Lodgement of Financial Statement on the Personal Property Securities Register also informing him of the Liability and Trespass Notice and Claim on the land of Substance known as 37A and 37B Glue Pot Road and the compensation fee schedule provided to the Council via Matthew Barrett on 19 August 2022 for any breaching of Our Unalienable Rights and he was instructed it was his responsibility to notify all agents to ensure no further contact or communication from any agent within the Western Bay of Plenty District Council plus provided ten working days to provide a higher 'claim of right' under his full and unlimited private commercial capacity. At that time there had been five unsolicited letters from the Western Bay of Plenty District Council since 19 August 2022. No reply was received back with stipulation that failure of response would consider the matter discharged. See event 3 in sequence of events.

7. That I was left alone until thirteenth day of March 2023 where two more unsolicited letters addressed to the legal fiction 'WALTERS, JANINE' demanding payment for fees that I had not consented to. I sent a registered letter dated 16 March 2022 to the Chief Executive Officer John Holyoake via mail with tracking number HD081384515NZ collected on 17 March 2023 but not received until 1.22pm on 29 March 2023. This notice informed him that there was now seven unsolicited letters received from the Western Bay of Plenty District Council addressed to the legal fiction 'WALTERS, JANINE 'invoking charges of $70,000.00. He was informed that this name represents a corporate entity that is artificial and does not exist and that I was not that entity or DEBTOR and not liable for the debts of that entity, nor had consented to pay rates. He was given the benefit or error and informed that any further unsolicited communication from him or any other agent within the Western Bay of Plenty District Council would invoke fees and he was requested a second time to inform all agents within the council knew about charges for unsolicited communication plus requested to remove the name 'WALTERS JANINE' from the data base. See event 4 in sequence of events.

8. That on twenty first day of April 2023 two further unsolicited letters were found in the letter box for 37A Glue Pot Road. A registered letter was sent to John Holyoake dated 24 April 2024 with tracking number LW119730260NZ received 26 April 2023 at 8.25am. This letter informed him of the further two unsolicited letters and that he was now in dishonour and was issued an invoice for $90,000 with 30 days to make payment and notified that the compensation fee schedule had been updated to the charge now being one million dollars for unauthorised use of my copyrighted trade names including 'WALTERS, JANINE'. He was also informed that I now had an unrebutted Affidavit that

 All Rights Reserved

had been presented to the heads of the New Zealand government that now stands as truth in law. See event 5 in sequence of events.

9. That on the twenty fifth day of September 2023 two more unsolicited rates notices were found in the letter box for 37A and 37B glue Pot Road addressed to 'WALTERS JANINE'. A letter dated 28 September 2023 was sent via registered tracking number LW120997092NZ and received by John Holyoake on second day of October 2023 at 8.52am. John was notified that he was in dishonour for not removing the legal fiction name 'WALTERS, JANINE' from the district council data base. Two invoices were included with this letter. One was a second demand notice for $90,000.00 and the second was for two million dollars for two more unsolicited fraudulent rates notices sent. He was given ten days opportunity to respond with written apology and confirm the name 'WALTERS, JANINE' had been removed from the data base. See event 6 in sequence of events.

10. On the first day of November 2023 at 8.38am the debtor known as John Holyoake as Chief Executive Officer of Western Bay of Plenty District Council and in the private received the Notice and Affidavit of Status of Janine Barbara and Claim on Land of Substance known as 37A and 37B Glue Pot Road with Trespass Notice. The postal tracking number of the fourteen page Affidavit with Exhibits 'A to J' is LW121245315NZ, with contents of Affidavit and Exhibits containing April and September letters and invoices with the latest at that time served invoices being the third and final demand invoice 1002 for ninety thousand dollars and second demand notice 1003 for two million dollars. The debtor had twenty one calendar days to rebut the affidavit point by point and send back to the Claimant signed with his wet ink signature in his full private and commercial capacity and informed that failure to do so is accepted in law as tacit acceptance and silent acquiescence that all contents of the affidavit stand as fact and truth in commerce and judgement in law. The final time for rebuttal was 8.38am on Wednesday 22nd of November 2023. See event 7 in sequence of events.

11. That me, the Claimant Janine had included with the affidavit the third and final demand notice for invoice 1002 in 'Exhibit I' with amount being ninety thousand dollars and second demand notice for invoice 1003 in 'Exhibit J' with amount being two million dollars, with the letter in 'Exhibit H' plus 'Affidavit point 14' providing remedy with this Affidavit that if you respond back in writing within twenty one calendar days of receipt of this affidavit to apologise and confirm that the name 'WALTERS, JANINE' has been removed from your data base and there will be no further unsolicited letters to be sent from Western Bay of Plenty District Council, then the two invoices with charges would be cancelled and John Holyoake chose not to apologise or respond therefore these charges remain in place. No rebuttal was received and this is confirmed by three witnesses in this notice. The facts presented in this Affidavit are included in this Admiralty Statement of Claim.

12. That Fiona McTavish also received the received the Notice and Affidavit of Status of Janine Barbara and Claim on Land of Substance known as 37A and 37B Glue Pot Road with Trespass Notice. The postal tracking number is LW121245324 received on first of November at 10.37am with twenty one days to respond by 10.37am on Wednesday 22 November 203 with no rebuttal received and a Notice of Acceptance letter was sent and received on 5 December 2022 at 3.17pm. See event 8 in sequence of events.

13. That on the thirteenth day of November 2023 an envelope was found in the letter box with number 37A on Glue Pot Road dated 9 November 2023 addressed to 'Janine Walters'. It was unclear who it was from so the letter was opened to identify the sender. The sender was Steven Petersen, employee of Western Bay of Plenty District Council who requested to have a site inspection of the property at 37 Glue Pot Road on Wednesday 22 November 2024. Of important relevance this was the last day for response of John Holyoake Chief Executive Officer of Western Bay of Plenty District Council to the Affidavit. I suspected that Steven Peterson had no idea that there was an Affidavit and why John Holyoake had instructed that he come out to the property on that date, so I sent a return letter stating "I do not understand who this letter was addressed to and who is the 'Janine Walters' referred to, and don't think I am the person he is referring to, but would come and meet with him on Friday 24 November 2024 to clear the matter up." See event 9 in sequence of events.

14. That on 24 November 2024 I went into the Western Bay of Plenty District Council offices on 1484 Cameron Road Tauranga to meet with Steven Petersen at 9am with a witness from my property named Nathan. I presented him with a Liability and Trespass Notice plus Compensation schedule plus Notice to Agent with list of questions for him to ask John Holyoake for full disclosure of why he had been asked to come to 37 Glue Pot Road. These documents were all stamped and dated by the council plus Steven was instructed to place them on the council file so that all agents within the council informed of the content and liability of individuals if they breach my unalienable rights and interfere in my private matters. See event 10 in secuence of events. I went through the list of questions with Steven Petersen and he visibly went white and started shaking confirmed by my witness. Steven had no idea of the liability and commercial charge that would have been against him if he came onto my private property and interfered in my private affairs being a charge of $100,000 per second that he and any other agent was on my property. Before I left Steven at that time he composed himself and stated that he would be obtaining a search warrant to come on my property. I informed him that if he did so it would be unlawful as I had committed no crime and that this was a civil matter that required my consent and I did not give my consent and I would fully charge him in the private. As a result Steven Petersen chose not to come to my property.

15. To help ensure no further interference or breaching of my unalienable rights and privacy I sent a letter on twenty eighth day of November 2024 to the living man Tim Anderson who is Bay of Plenty District Commander of the New Zealand Police informing him that I had an unrebutted Affidavit presented to the council plus national and international heads of government including Kiri Allan who at that time was the Minister of Justice. Tim was fully aware that I have removed the jurisdiction of the Crown over my life and over my property. He was informed that officers of the Western Bay of Plenty District Council were doing unlawful surveillance of my property and were trying to force entry into my property. He was also aware that I had committed no crime and that this was a civil matter requiring consent and that the jurisdiction of the Police was only in criminal matters. Tim Anderson was provided instructions for immediate distribution of this information including the liability and trespass notice and compensation fee schedule presented to Western Bay of Plenty District Council to all the local police offices so that they know of the consequences of interfering in my private affairs and their duty to serve and protect me and my private land and uphold peace. The postal tracking number for the information sent to Tim Anderson was LW121245369NZ received at 6.11pm on Thursday thirtieth day of November 2024. This letter is included in event 11 sequence of events and included all documents in event 10 plus was uploaded onto a public notice board.

16. That on the 27th day of November 2023 at 9.07am with the postal tracking number LW121245341NZ John Holyoake received a Notice of tacit acceptance letter that the unrebutted Affidavit now stood as truth in law and commerce with lawful charges remaining in place. Included with this letter was the third and final demand invoice 1003 for two million dollars plus ninety thousand from invoice 1002 totalling two million and ninety thousand dollars. All of these notices, Affidavits and invoices were delivered to the Debtor John Holyoake in his role as CEO and his full commercial capacity in the private. The ninety thousand dollar charge is for the first nine unsolicited letters and the two million dollar charge is for two more unsolicited fraudulent rates notices received in September 2023. The April letter 2023 had notified John Holyoake that any further unauthorized use of Janine's copyrighted names would have the charge of one million dollars per use. See event 12 in sequence of events.

17. That the debtor John Holyoake as Chief Executive Officer of Western Bay of Plenty District Council and in the private had been notified on at least two occasions by registered letter that the allodial claim was first handed to Matthew Barrett, staff member at the Western Bay of Plenty District Council on 19th day of August 2022 with two copies of this provided to him prior to the Affidavit being sent, so at the time of the Affidavit has received the Allodial claim three times.

18. That the Claimant and Principal Janine notified John Holyoake that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names.

19. That on the eleventh day of March 2024 there were two further unsolicited council notices in an envelope in the letter box of 37A Glue Pot Road addressed to WALTERS, JANINE where each have a charge rate of one million dollars bringing a further two million dollars of charges to John Holyoake who is in charge of ensuring that the Debtor Name WALTERS, JANINE or JANINE WALTERS was removed from the council data base to ensure that no further council letters or notices went out.

 All Rights Reserved

20. That a Notice of Dishonour and Fault with Opportunity to Cure was sent by me Janine the Clairmant To John Holyoake on twelfth day of March 2024 with postal tracking number LV203837592NZ received on 15 March 2024 at 8.48am. Included with this notice were the further charges of two million dollars for the unsolicited letters in paragraph 15 with the charges at that time totalling four million and ninety thousand dollars with payment due by twenty second of March 2024. The interest charge at that time was 15% accruing interest, however I notified the Debtors that in event of non payment by twenty-fifth day of March 2024 the interest will increase to 10% per week on full outstanding balance from that date. See event 13 in sequence of events.

21. That a Certificate and Notice of Default dated 26 March 2024 with postal tracking number LW124150872NZ was received at 8.52am on twenty eighth day of March 2024. The debtors were notified that if they failed to settle the debt within seven days of first receipt this will result in Judgement being registered on the Personal Properties Security Register and international UCC through a formal commercial lien process. See event 14 in sequence of events.

22. That two further unsolicited letters were found in the letter box for 37 Glue Pot Road addressed to 'WALTERS, JANINE' dated 27 March 2024 but received on 22 April 2024 resulting in two lots of two million dollars of charges added for fraudulent and deceitful content and unauthorised use of the copyrighted trade name. See event 15 in sequence of events.

23. That on 29 April 2024 the Commercial Affidavit of Obligation with Commercial Lien by Force of International Admiralty and Common Law was sent to the debtors with tracking number LW126036019NZ received at 8.47am on first of May 2024 with the debt outstanding at that time being) with ten percent accruing interest per week continuing until paid out in full. See event 16 in sequence of events.

24. That on 30 April 2024 me Janine the Clairmant obtained proof that the contracted party doing surveillance over me and my property is Western Bay of Plenty District Council of which Murray John Holyoake is the Chief Executive of, and now I have evidence of this can add the charges for unlawful surveillance using drones and helicopters over me and my property. There are many occasions that this has occurred, but will list here the events that I have proof or photo or video or witness testimony of two or more people. These events are helicopter flying over the property with large video camera attached for over 2 minutes on June 5 2024, 10th of August 2022 for over one minute, 8th of November 2022 for 3-4 minutes, 14 April from 1.40pm to 2.24pm (44 minutes) personally saw a car with man near my property sitting in a car looking down operating a device at the same time a drone was flying over my property with photo evidence of the man plus number plate with further witness testimony, this same vehicle spotted near my property looking suspicious by neighbours and reported to police on 10,11,12 and 16 April, Sunday 14 April 8.40pm to 9.00pm (20 minutes) a drone flying above my home in the dark while I was sitting with my husband naked in our external spa pool next to our house. It was still there when we got out. We were in the dark however my husband turned on the light as we were getting out and I was fully exposed to the video surveillance of the drone which is an extreme breach of my privacy at my own home, 17 April 2024 9.43am for 30-40 seconds a drone on property above one of houses seen by three people who felt their privacy was breached and safety threatened, 18 April 2024 for 30 seconds flying over whole property with large video camera witnessed by two adults and 5 children who also felt their privacy was breached and safety threatened, 3 May 2024 a helicopter flying over the houses at low attitude just above tree height around 8pm with a large spotlight shining on and into two of the houses for over 2

 All Rights Reserved

minutes with 4 people witnessing including children and feeling a breach of their privacy plus the children feeling scared and unsafe, 4 May 2024 a drone flying over for one minute sometime between 11 and 12pm witnessed by two teenagers on my property . The charge rate for surveillance and breaching my unalienable rights to privacy and peaceful living is one hundred thousand per second on my private property plus one million dollar charge per individual harmed on my property plus one hundred and fifty million dollar charge of harm to me. Due to the high level of surveillance over me and my property in the last four weeks it is now causing me psychological harm of being on high alert every time a helicopter flies over my property, plus having to lock my doors at night where to date I have not needed to due to having a locked security gate, plus not felt safe to use my own spa pool at night. Drones have been flying over me while sitting naked in supposed privacy of my own spa pool and helicopters now flying over at night with spotlights going over the houses on my property including my dwelling. There are at least fifteen other individuals including children who have been harmed on my property. I have recorded all events in my diary plus have signed affirmed affidavits of myself and others plus photos and videos recording drones and helicopters. To date I have proof of one hour and ten minutes of surveillance at one hundred thousand per second plus fifteen million dollar charge to other individuals on my property plus one hundred and fifty million dollar charge of harm to me. This adds a further charge of five hundred and eighty five million dollars to my claim. This brings the new total to five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property from the time of signing this document until the time my claim is processed and paid out in full. This has been lodged as a commercial lien on the Personal Properties Securities Register and UCC and in the event that John Holyoake does put forward a defence the full evidence will be supplied for trial, but if it goes to trial I will also be laying criminal charges. This information has also been reported to the police.

25. That me the claimant Janine of the house of Arabella and Walters sui juris has claimed and declared that the land of substance and all the resources, living and otherwise thereon, commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173] are held in allodium by the Claimant Janine; and from herein any and all parts of this claim all references to land/this land/these lands means the land of substance commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173].

26. That me, the Claimant Janine of the house of Arabella and Walters handed the original 2 page allodial claim including compensation schedule to agent Matthew Barrett and lodged and stamped at the Western Bay of District Council on 19 August 2022, where the agent Matthew Barret was instructed to provide this notice to the heads of both Western Bay of Plenty District Council and the Bay of Plenty Regional Council.

27. That me, the Claimant Janine has absolute property right and not a mere estate and claim and declares supreme authority over these lands known as 37A and 37B Glue Pot Road Oropi Tauranga 3173 using God's Law, Natural Law Genesis 1:27-30 and therefore this land is freely held and occupied by living men and women without obligation or service or fee to any overlord or landlord or government or local authority; and

28. That the allodial designation over this physical land is established through careful observation and consideration of the following facts:

28.a. the me, Claimant Janine is a live, sovereign, living, breathing sentient being with soul, spirit, breath, conscience and competence and not a dead fictitious entity; and

 All Rights Reserved

28.b the me, Claimant Janine is a living woman and having come of age have supreme authority over any and all corporate entities; and

28.c. that the land that me the Claimant Janine is living on is not artificial as it has physical substance; and

28.e. physical land is real, whereas a non-physical corporation cannot own anything of physical substance and therefore the Crown and the New Zealand Government et al as corporate entities cannot own land of substance and use artificial construct of legal titles and registration to claim control and ownership of something of physical substance; this is misleading and therefore fraud has been detected; and

28.f. as fraud is identified this rendered the legal title contract(s) a nullity in their entirety, as the Crown and New Zealand Government et al are companies and bound by contract Law; and

28.g. the legal title and registers held by the Crown and New Zealand Government et al to make a claim upon this land is now established as fraudulent; and

29. That all government/corporate entities and all claimed jurisdiction, authority and administration are removed in relation to the affairs of living woman Janine and the land of physical substance commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173] and all resources upon it in the entirety absolute; however the Debtors including John Holyoake as the Chief Executive of Western Bay of Plenty Council are bound by the law of the Crown and New Zealand legislative law including the Secret Commissions Act 1910 chapters six to thirteen where giving false receipt or invoice and receiving secret reward is an offence liable for imprisonment, where the Claimant Janine had drawn to the attention of John Holyoake the charges of one million dollars per action or event in the compensation schedule of the Claimant Janine for schedule charges one and six for unauthorised use of author's copyrighted names and obtaining or causing loss/harm by deception.

response and non rebuttal has been taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

32. That a non-response placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim of this land of substance as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to this declaration and claim of land of substance other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response and therefore non response; and any rebuttal to this declaration and claim of land of substance are to be signed in wet ink; and

50. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 6th day of May 2024. See event 17 in sequence of events.

51. That the Commercial Lien was placed on publicnoticesnz.com on 6th of May 2024. See event 18 in sequence of events.

52. That a Notice of Authenticity of Lien Documents signed by three witnesses dated 6th of May 2024. See event 19 in sequence of events.

53. That as of the sixth day of May 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

54. Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

55. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

56. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation

 All Rights Reserved

of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

57. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

58. That the AD5 form Notice of Proceeding is attached with the Admiralty Statement of Claim where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has been served this notice of Proceeding with the Statement of Claim then the judge according to High Court Rules 25.33 can arrest the property against which the action was brought.

59. The Summary Judgement G13 form is also attached that in the event of no defence as described in paragraph 49 within ten working days of receipt of the served High Court Documents or non payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) by that same date with immediate effect by Summary Judgement then me Janine, the claimant has the lawful right to step in and take possession of the corporation WESTERN BAY OF PLENTY DISTRICT COUNCIL and its assets or liquidate the company or its parent company BOP LASS or NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY.

60. That me Janine the Claimant and plaintiff has also claimed All Rights Reserved so in the event of any honest mistakes or errors or omissions has the right to correct these.

61. That me Janine the claimant sign the twenty page Admiralty Statement of Claim plus Support Documents in Sequence of Events numbered 1 to 19 plus Notice of Summary Judgement to take effect at 5pm on the tenth working day that the defendants receive the Served High Court Documents with three witnesses believing that all the facts stated are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and to the best of my ability, so 'help me God'. By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

Dear John Holyoake, as CEO Western Bay of Plenty District Council plus in private capacity;

We write on behalf of beneficiary Janine in being, and Crown Entity BELL, JANINE BARBARA to notify John Holyoake, and confirm the lodgment of Financing Statement FJ3Z66ZGF362T9M6 on the PPSR which was registered on 17th of August 2022, by Janine, as the Secured Party and Power of Attorney for Crown Entity BELL, JANINE BARBARA (DEBTOR). (debtor also known as Janine WALTERS from 37 Glue Pot Road)

A liability and trespass notice plus claim on land of substance of 37A and 37B Glue Pot Rd plus fee schedule and notification to do with PPSR was given to WBOP council agents Ross Watson and Matthew Barrett on 19th August 2022 with Matthew Barrett instructed to provide this information to all other regulatory service agents in the WBOP District Council including the rates department. An email from Matthew Barrett on 9 September confirmed that he had sent liability notice and fee schedule to the finance department WBOP District Council.

Since the fee schedule has been provided there has been 2 x 2 rates notices and one letter from Matthew Barrett. Fees to date is $50,000. As Matthew Barrett had the responsibility to notify all regulatory agents within WBOP District Council and refused to provide the name of person within the finance department, he is liable for these fees. As CEO you are also responsible to notify all agents to ensure no further contact or communication.

This notice is to confirm that the fee schedule has been uploaded onto the PPSR and any further communication or contact will result in fees uploaded onto PPSR against names of agents that have breached Our inalienable and substantive rights.

Failure to comply will also result in Legal action being instituted against John Holyoake and Matthew Barrett and any other agent that breaches our rights for breach of s.219 & s.240 Crimes Act 1961.

If John Holyoakes believes he has a higher claim than Our "claim of right" We request that John Holyoakes make the claim in writing within 10 working days under his own full and unlimited private commercial liability with his own wet ink signature **and disclose the capacity he claims as a right to levy Us** with the stipulation that failure to do so will see this matter discharged under s.40 Contract and Commercial Law Act 2017.

Dear John Holyoake

On the 13th day of March a letter was found in the letter box for 37A Glue Pot Rd. Inside the letter were two rate notice letters for 37A and 37B Glue Pot Road addressed to 'WALTERS, JANINE'. This name represents a corporate entity that is artificial and does not exist. I am not that entity or DEBTOR and are not liable for the debts of that entity, nor consented to pay rates.

On 21st day of October I contacted you in writing to inform you that a finance statement had been lodged on the PPSR with a fee schedule for any unsolicited communication from you, your company or agency, making you responsible to ensure that no further communication was sent to me. This correspondence is attached below and makes note of all other previous stamped and registered notices sent to the WBOP Council removing your jurisdiction over the land of substance known as 37A and 37B Glue Pot Rd, and over the debtor JANINE WALTERS. At that time you were requested to reply if you had a higher claim than mine of being the Secured Party over the debtor JANINE WALTERS with the stipulation that failure to do so saw this matter discharged under s.40 Contract and Commercial Law Act 2017. There was no response of a higher claim and the matter has been discharged.

I am giving you the benefit of error in receiving these two notices, but inform you that any further communication from yourself or any agent working for the Western Bay District Council will result in all previous charges being uploaded against your name and a lien placed against your name in your full private and commercial capacity, as you are the person responsible to ensure that no further communication or rates notices get sent. Charges to date are $70,000 for 7 lots of unsolicited communication charged on fee schedule at $10,000 each. I strongly commend that you ensure that the name JANINE WALTERS or WALTERS, JANINE or any other derivatives of this name gets removed from your data base so that no further notices or communication are received.

On the 21st day of April a letter was found in the letter box for 37A Glue Pot Rd. Inside the letter were two tax invoice notice letters for 37A and 37B Glue Pot Road addressed to 'WALTERS, JANINE'. I am now going to pursue the lawful banking and invoice process for claiming of compensation. Inside this letter you will find two invoices. One is second demand notice for $90,000 and second claim is for $2,000,000 for two more unsolicited fraudulent rates notices. **I am willing to give you remedy that if you respond to this letter within ten working days of the postal tracking receipt to apologise and confirm that the name 'WALTERS, JANINE' has been removed from your data base and there will be no further unsolicited letters to be sent from WBOP Council , then I will cancel the charges made.** Now I have two unrebutted affidavits that have been publicized - one with New Zealand government, the second internationally I have the lawful right to charge you $1,000,000 for using my trade names without my permission. Notice and Affidavit of Status of Janine Barbara and Claim on Land of Substance

This is a self-executing claim and declaration

Notice Principal to Principal
Notice to Agent is Notice to Principal and Successors
Notice to Principal and Successors is Notice to Agent

For context, this Notice and Affidavit of Status and Claim uses only plain simple English and Counting Systems. You are considered informed that all meanings in this/all communication/s are taken from the Oxford Dictionary of English unless otherwise definition given or as commonly understood by living men and women. If any definition or meaning is unclear to the reader the interpretations are that of the living woman author of this affidavit. The position in this communication is that of a living woman standing under God's law, also known as the creator's law, natural law, and operating outside the jurisdiction of statutory rules or man-made legislation. Where there are colons around either side of the christian name or names of the Living Woman or Living Soul Author, the author is directing the attention of the reader that these are the names she wishes to be communicated to with.

This fourteen page document is presented for the reader's benefit to provide notice of Status of :janine barbara: and allodial claim over the land of substance known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173]. The reader John Holyoake has been notified on at least two occasions by registered letter that the allodial claim was handed to Matthew Barrett, staff member at the Western Bay District Council on 19th day of August 2022. Due to being treated with dishonour the author of the allodial claim has now formalised her claim into an affidavit to be rebutted point by point by John Holyoake as the Chief Executive Officer of the Western Bay of Plenty District Council in his full private and commercial capacity with his wet ink signature within twenty one [21] calendar days of receipt with failure to do so accepted as tacit acceptance and silent acquiescence that this claim and its contents in its entirety including exhibits stands as fact and truth in commerce and judgement in Law:

1. I, the living soul author and Principal :Janine Barbara: notify the reader John Holyoake that I have two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the living author, (me) Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that has removed the jurisdiction of the Crown over my life and over my property, and had my property and estate returned to me as

2. I living woman :janine barbara: of the house of Arabella and Walters sui juris hereby claim all rights nunc pro tunc; and as of the date known as 28th day of the month of October in the year two thousand and twenty-three [2023]; and I living woman :janine barbara: do hereby claim and declare that the land of substance and all the resources, living and otherwise thereon, commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173] identified on 'Exhibit A' by the yellow and blue outlines, are henceforth considered to be held in allodium by i living woman :janine barbara:; and from herein any and all parts of this claim all references to land/this land/these lands means the land of substance commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173] identified on 'Exhibit A' by the blue and yellow outlines; and

   5.e. physical land is real, whereas a non-physical corporation cannot own anything of physical substance and therefore the Crown and the New Zealand Government et al as corporate entities cannot own land of substance and use artificial construct of legal titles and registration to claim control and ownership of something of physical substance; this is misleading and therefore fraud has been detected; and

   5.f. as fraud is identified this renders the legal title contract(s) a nullity in their entirety, as the Crown and New Zealand Government et al are companies and bound by contract Law; and

   5.g. the legal title and registers held by the Crown and New Zealand Government et al to make a claim upon this land is now established as fraudulent; and

Dear John Holyoake

On the 21th day of April a letter was found in the letter box for 37A Glue Pot Rd. Inside the letter were two tax invoice notice letters for 37A and 37B Glue Pot Road addressed to 'WALTERS, JANINE'. This name represents a corporate entity that is artificial and does not exist. I am not that entity or DEBTOR and are not liable for the debts of that entity, nor consented to pay rates.

A previous letter was sent to you on 17th of March by courier and received on 29th March also outlining all previous communication and notices sent to you including stamped and registered notices sent to the WBOP Council removing your jurisdiction over the land of substance known as 37A and 37B Glue Pot Rd, and over the debtor JANINE WALTERS. You were informed that any further communication from yourself or any agent working for the Western Bay District Council will result in all previous charges being uploaded against your name and a lien placed against your name in your full private and commercial capacity, as you are the person responsible to ensure that no further communication or rates notices get sent. Charges at that time were $70,000 for 7 lots of unsolicited communication charged on fee schedule at $10,000 each. As two further notices have been received on 21 April you are now acting in dishonor and are issued with a notice for payment of $90,000. You have 30 days to make payment. Please find enclosed an updated fee schedule that has also been revised on the finance statement. This now includes $1,000,000 fee for unauthorized use of my copy righted trade names including WALTERS, JANINE. There is also an unrebutted affidavit that has been presented to the government that stands as truth in law and will be gazetted shortly by public notice.

Dear John Holyoake

On the 25th of September of year 2023 two more unsolicited rates notice letters were found in the letter box for 37A and 37B Glue pot Road addressed to 'WALTERS, JANINE'. I am now going to pursue the lawful banking and invoice process for claiming of compensation. Inside this letter you will find two invoices. One is second demand notice for $90,000 and second claim is for $2,000,000 for two more unsolicited fraudulent rates notices. **I am willing to give you remedy that if you reepond to this letter within ten working days of the postal tracking receipt to apologise and confirm that the name 'WALTERS, JANINE' has been removed from your data base and there will be no further unsolicited letters to be sent from WBOP Council , then I will cancel the charges made.** Now I have two unrebutted affidavits that have been publicized - one with New Zealand government, the second internationally I have the lawful right to charge you $1,000,000 for using my trade names without my permission. Please see publicnoticesnz.com for two affidavits of status and truth for Janine Barbara.

Dear Steven

On the 13th day of November in year 2023 an envelope was found in a letter box with number 37A on Glue Pot road Oropi addressed to 'Janine Walters'. As it was unclear who this person is the envelope was opened to see if the person the letter was addressed to could be identified.

It was no clearer after opening the envelope other than that the letter was from you. I do not understand who this letter is addressed to and who 'Janine Walters' is referring to. My name is Janine but I don't think I am the person you are referring to. I am not able to meet until 24 November and willing to come and meet with you at the WBOP council offices on Friday 24 November at 9am to clear this matter up.

Kind Regards

To the living man known as "Steven Petersen"
Acting as agent for Western Bay of Plenty (WBOP) District Council and its Corporations
From 'Janine' the living woman who owns and care takes of the land known as 37A and 37B Glue Pot Road
Presented to Steven in the flesh at the WBOP council offices on the 24th day of November 2023

Notice-to-Agent-is-Notice-to-Principal-and-Successors – Notice-to-Successors-and-Principal-is-Notice-to-Agent

You are requested to place this letter and liability notice today on the council file for 37A and 37B Glue Pot Road plus provide this information to all compliance officers, inspectors and regulatory service employees and agents within the WBOP District Council so that they are informed of the content and its liability towards individuals and Council.

Did your CEO John Holyoake or any representative of the council or its corporations inform you why you have been requested to come out to see the property at 37B Glue Pot Road? You need to ask John Holyoake to provide you with full disclosure as he is using you as a pawn and a test case guinea pig without informing you that the actions you have been asked to do could have very serious consequences to you and your family.

Did John Holyoake inform you that he was sent an Affidavit of Claim from the author of this letter 'Janine' and he has chosen not to rebut it as he knows that what was stated is the truth?

Did any other representative of the WBOP district council or the corporations it represents disclose that the author 'Janine' and owner of the land known as 37A and 37B Glue Pot Road sent an Affidavit of Claim to John Holyoake as CEO and representative of the Council and its corporations and that he has chosen not to rebut it as he knows that what was stated is the truth? Did you know that an unrebutted Affidavit stands as truth in law and commerce?

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents provide you with a copy of this affidavit and explain the consequences and the compensation schedule of fees you could be charged in the private if you breach my rights or interfere in my private affairs?

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that the jurisdiction of the WBOP district council and the Crown have been removed off this land?

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that the jurisdiction of the WBOP district council have been removed off the owner of this land?

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that the author of this letter has copyrighted her legal fiction names and unauthorized use of it invokes a one million dollar fee?

Did John Holyoake or one any other representative of the WBOP district council or the corporations it represents provide full disclosure of why you address letters sent out to the first name and SURNAME and that you are sending something out that is fraudulent and represents a legal fiction that was created by the Crown Corporation, not a living man or woman?

Did you realise that sending out a fraudulent letter you can be charged for it?

Did you know that the Crown is an incorporated company? The majority of New Zealand law comes from the Crown. When the law says this act binds the crown, what it means that it is the law that binds all subsidiary companies. When you send out letters from the council do you wonder why you are sending it out to Dear 'Joe Blogg' adding the

surname, as that is not how you address people, the person you are addressing is the subsidiary company set up under the Crown company to represent them. This is the depth of fraud that the government and council and banks have gone to gain control. Everything is set up to make money off the people and about commercial gain rather than acting in the best interests of the people and the land.

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that the living woman 'Janine' is not the DEBTOR but the secured party and creditor and can not be charged for debts or fees sent from the council to the legal fiction 'JANINE WALTERS', and the council and its corporations have no jurisdiction over her to interfere in private affairs?

Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that some of every day English word terms you use mean something different in law?

Person: Includes a corporation sole, a body corporate, and an unincorporated body (From Legislation Act 2019 definition in section 13)

Understand: to stand under the authority of another

To **Register:** to voluntarily sign over partial or complete ownership to another to control
This gives a different meaning to the word register when looking at voting and registering anything you own, that you are giving your control over to another.
Did John Holyoake or any other representative of the WBOP district council or the corporations it represents inform you that the title for a piece of land is just a piece of paper with geographical lines on it and numbers. The Crown law is only attached to that piece of paper, not to the land. The piece of paper is legal fiction whereas land and people are real physical substance. A legal fiction can not have authority over a living man or woman without their consent. God created men and women, men and women created corporations. Corporations are legal fiction and can never have control over living men and women without their consent.

Did you know that all the councils are now under one umbrella called the New Zealand Local Government Funding Agency Limited? Did you know that all these councils signed a document that states that if the councils do not make their debt payments they can go after the guarantors (the rate payers) which means that everything is now in place for full takeover of private land in New Zealand, but it is being done by deception and fraudulently.

So how can you make a difference and ensure you act in honour with good intent?
If you are called out to someone's property and they don't consent now you know the truth, do you have the authority to go against their wishes or are you committing an act of slavery which is a crime in New Zealand.
If you are told to visit someone' property and they decline you can record that they declined and step away and not be charged with crime of trying to enslave a living man or woman and their property.

If you are called out to visit someone's property and they are doing something different than the norm but they are doing no harm, let them be. (People are not doing harm if growing own food or having cows or researching and using natural remedies or collecting own water or living off grid or trying to be self sufficient)

Please see the liability notice and compensation fee schedule presented with this letter and you are now considered informed of the consequences of your actions that you can be charged in the private for interfering in my private affairs and rights and freedoms. You have also been asked to inform all others in the council.

I declare that I am a living woman going about her every day business, with the right to make all decisions over how I run my life and are able to self determine and administer my own estate. I am only bound by the lore of Nature and my creator God's lore. I am not a company, I am not property of the Crown or any other governing body, so you and the governing body you represent have no authority over me. Companies can only control other companies and artificial persons, not living men and women. My estate can only be taken over if I am dead. If you are acting on behalf of a company or governing body these are subject to commerce and contract law which requires informed consent. Your boss has clearly misled you to believe you have some control over me. I say clearly, I do not consent for you to enter my property or interfere in my affairs. If you continue with your actions, you are accountable in your full private and commercial capacity. Ignorance of the law is no excuse; actions of bad faith remove your immunity to civil and criminal prosecution. If you claim authority over me and my property, you are guilty of the crimes of fraud and enslavery with intent. Slavery charges are imprisonment up to 7 years, fraud charges are from 3 to 30 years with one million dollars charge per fraudulent activity. You have been warned and are now served this LIABILITY NOTICE that if you continue with the action you are taking, I have the authority to charge you for your crimes and with my own compensation schedule of fees. I have gone through the complete lawful process into self governance over my own life and my property and have removed the jurisdiction of the Crown over my life and my property and land, plus now own copyright of the legal fictions set up to represent me. Please see four unrebutted Affidavits of Status and Truth for Janine Barbara on publicnoticesnz.com in the category 'Affidavits- Unrebutted'. These affidavits were presented and unrebutted by authorised agents and government heads of the Crown locally, nationally and internationally. An unrebutted affidavit stands as truth in law and commerce.

I, 'Janine Barbara' declare I have the right to manage my daily affairs, right to life, liberty, security, equality, dignity plus right to work, access to water, food, travel, medical care, my bank account and funds and basic needs and visit my loved ones without interference, be free of any discrimination, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to not be subjected to scientific or medical experimentation, right to refuse medical treatment, right to choose how I manage my own health and life, right to be treated fairly, right to privacy, right to freedom of movement and residence, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to protect myself and my property and right to social security and social service. These rights can not be taken away, and anyone acting on behalf of the Crown or as agent of the Crown or any other corporation or party that interferes with any one of these basic rights can be charged per act or as per my compensation fee schedule on next page.

As the Principal in this matter, We now NOTICE Steven Peterson the living man and the agency and Corporations that he/she represents **that this is a cease and desist order and trespass notice and liability notice that any further contact or action from you or the company or agency you represent will invoke the compensation fees contained in Our schedule (attached) with the lawful right to seize your property and the property of the company you represent and liquidate your assets if not paid out in full with ten days of recipt that my invoice is received.**

My name is Janine. I am writing to you out of respect and honour and have had many past positive experiences in dealing with the police and read in your profile that you wish to restore the trust of the New Zealand people back in the police. At the beginning of your career as a police officer you will have sworn an oath to the best of your power to keep the peace and prevent offences against the peace, so help me God. Before explaining my request I would like to share a little bit about some of my life story on first of two pages that will help you understand who I am and the motivations around my actions.

I would like to share a couple of my really positive experiences I have had with the police. My first major experience I had with the police was when I left my first husband fifteen years ago. The initial judge was fooled by him and the protection order turned down, however the police took seriously that he had taken two previous attempts on my life and was owing millions of dollars with a two million dollar life insurance policy on me claiming I was suicidal to everyone that we knew setting up the situation for taking me out. The police saw through the façade and considered me high risk and turned up within minutes when I called them which was 2-3 times a week for 3 to 6 months before his behaviour settled. My second major event was when my daughter died 2 5 years ago in a tragic manner and it was the police who informed us and supported us daily for over a week with a lot of genuine care and sensitivity. I am forever grateful to the police officers who supported me through these two major events that have happened in my life, so I believe in the goodness of most police officers to serve others.

There were major contributing factors to the death of our daughter Talia where she was under the mental health act and under care of the DHB where she was forced to take a medication against her will with a severe adverse reaction of constant electric nerve shock pains where they would not remove her off the medication and barely allowed treatment of her pain symptoms and due to her being in constant 24/7 pain she took her life in a very dramatic way. The DHB was also my employer and in the formal investigation into her death covered up actions of neglect and failure in duty of care. They failed me as an employee and a mother. This occurred at the same time as the vaccine roll out being enforced on everyone with many others having severe adverse reactions and some deaths, plus others losing employment because they chose to make informed decisions on how they managed their own health. I have seen and witnessed the DHBs and government try and cover up their harmful actions, and due to what I have been through personally have chosen to take a stand against any wrongful or corrupt actions of the government corporations and hold individuals accountable for their actions. I have seen how everything is now money or control driven rather than in the best interests of the people and the land. In the last two years there have been multiple laws passed without going through a democratic process that have serious implications to the health and welfare of all people living in New Zealand. There has never been such an exchange of wealth in the world as what has occurred in the last two years with the richest getting richer with many businesses going under and multitudes of others moving into poverty. What I see is individuals at the top placing New Zealand under the United Nations and the World Health Organization and World Economic Forum to implement a one world government and one set of rules for everyone where everything is

now in place for full seizure of private property in New Zealand through corrupt council corporations and it is for this reason that me and many others are removing jurisdiction of the government and councils over their life and property to protect our own land and health and welfare.

My status is that of a living woman who wants to live peacefully, where I have stepped into being fully able to administer and manage my own private affairs and property. I have four unrebutted affidavits presented to heads of the local councils, national government plus international government which can be found on publicnoticesnz.com in the category 'Affidavits- Unrebutted Affidavit of Status and Truth for 'Janine Barbara'. This was also presented to Kiri Allan the living woman acting as the Minister of Justice. It was her job to send this out to the Police and you will know if this has occurred or not.

An unrebutted affidavit stands as truth in law and commerce. You will be aware that both the councils and the New Zealand Police are corporations and so is the Crown. God created men and women and men and women created corporations. A corporation is a legal fiction and can never have control over a living man or woman without their consent. The values I live by is to love the Lord our God and to love our neighbour as ourselves and to do no harm. I have no desire to do harm to anyone and just want to live peacefully. You will see that there is a compensation fee schedule included in my affidavits for charges to anyone interfering in my private affairs or breaching my rights. My fees are high as I want others to realise how serious it is to breach the rights of others.

My purpose in writing to you is to inform you that the Western Bay of Plenty District Council have been doing unlawful surveillance of me and my property and trying to force entry onto my property at 37 Glue Pot Road in Oropi Tauranga. As a result I have gone through a total and complete lawful process to remove the jurisdiction of the Crown and local Councils over my land, my life and my property. I was informed by compliance officer Steven Petersen on Friday 24 November 2023 at the WBOP district council that they are going to obtain an unlawful search warrant. I have served the council with a liability notice and trespass notice that I have attached for your records. I have done no harm and committed no crime, so any agent or officer taking authority over me is committing the crime of slavery and activates charges in my compensation fee schedule. I request that you inform all local police stations that if they are called out by the council to force entry onto my property then they are stepping in to administering my affairs and can also be charged in their full private and commercial capacity, plus I am lawfully able to charge the NZ Police Corporation. The cost to enter my property without my consent is $100,000 per second per individual which brings the costs into hundreds of millions, so need the police informed of the consequences of their actions if they act in a harmful or dishonouring way towards me.

With respect and believing you will honour my request for distribution of information to prevent any liability or consequences occurring to the NZ Police corporation or its fellow officers. Thank you for your service to the people of New Zealand to serve and protect and uphold peace.

Now that I have informed you of this and provided instructions for this information to be distributed immediately to the local police offices there is no excuses for any police officer from the day you receive this information to involve themselves in my private affairs unless I request their support in the event someone is trying to cause me or others that I love harm. My desire is to see the police to step up into their role of serving and protecting the people of New Zealand first and foremost.

3. That the Claimant and Principal Janine notified John Holyoake that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent me, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names.

The final time for rebuttal was 8.38am on Wednesday 22nd of November 2023. No rebuttal was received and this is confirmed by three witnesses in this notice. The facts presented in this Affidavit are included in this notice.

2. That the debtor John Holyoake as Chief Executive Officer of Western Bay of Plenty District Council and in the private had been notified on at least two occasions by registered letter that the allodial claim was first handed to Matthew Barrett, staff member at the Western Bay of Plenty District Council on 19th day of August 2022 with two copies of this provided to him prior to the Affidavit being sent.

3. That the Claimant and Principal Janine notified John Holyoake that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names.

7.f. as fraud is identified this rendered the legal title contract(s) a nullity in their entirety, as the Crown and New Zealand Government et al are companies and bound by contract Law; and

That John Holyoake representing the Crown and Western Bay of Plenty District Council failed to rebut point by point these claims of the claimant Janine and the non response and non rebuttal has been taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

11. That a non-response placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim of this land of substance as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to this declaration and claim of land of substance other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response and therefore non-response; and any rebuttal to this declaration and claim of land of substance are to be signed in wet ink; and

That on the first day of November 2023 at 8.38am the debtor known as John Holyoake as Chief Executive Officer of Western Bay of Plenty District Council and in the private received the Notice and Affidavit of Status of Janine Barbara and Claim on Land of Substance known as 37A and 37B Glue Pot Road with Trespass Notice. The postal tracking number of the fourteen page Affidavit with Exhibits 'A to J' is LW121245315NZ. The debtor had twenty one calendar days to rebut the affidavit point by point and send back to the Claimant signed with his wet ink signature in his full private and commercial capacity and informed that failure to do so is accepted in law as tacit acceptance and silent acquiescence that all contents of the affidavit stand as fact and truth in commerce and judgement in law. The final time for rebuttal was 8.38am on Wednesday 22nd of November 2023. No rebuttal was received and this is confirmed by three witnesses in this notice. The facts presented in this Affidavit are included in this notice.

2. That the debtor John Holyoake as Chief Executive Officer of Western Bay of Plenty District Council and in the private had been notified on at least two occasions by registered letter that the allodial claim was first handed to Matthew Barrett, staff member at the Western Bay of Plenty District Council on 19th day of August 2022 with two copies of this provided to him prior to the Affidavit being sent.

3. That the Claimant and Principal Janine notified John Holyoake that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names.

4. That me, the Claimant Janine of the house of Arabella and Walters sui juris has claimed and declared that the land of substance and all the resources, living and otherwise thereon, commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173] are held in allodium by the Claimant Janine; and from herein any and all parts of this claim all references to land/this land/these lands means the land of substance commonly known as [37A] and [37B] Glue Pot Road Oropi Tauranga [3173].

By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

That as of the seventeenth day of April 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard.

No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days).

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

CLN-WBOP-JA-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully, outside of or without the Court.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim a facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of Western Bay of Plenty District Council and BOP LASS and New Zealand Local Government Funding Agency hold liability.

Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the Affiant of this Affidavit within 14 Calendar days from first receipt or the following Allegations are PROVEN and resulting Obligations immediately enforceable.

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to you to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and all the documents that were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-payportal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of just over eighty billion dollars with Notice of Proceeding provided to the defendants and the Civil High Court and yourself for immediate Summary Judgement to occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. We have included the stamped copy of receipt T210900 of the lodged claim as **Exhibit A.**

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to you to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 and that the Proceeding needed to occur immediately after that time was emailed direct to you to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure you were very clear that Summary Judgement would occur on nineteenth day of April 2024

where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt T212290 of the lodged claim is in **Exhibit B.**

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. You appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, and we came in and out of the court at least three times, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and you informed us that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let you know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that you knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point you went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters,dronesand cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see you, where you came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. You stated again " I can not help you today and I have not yet even looked at your claims". You asked me to confirm and clarify what jurisdiction were these documents under, as you believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when you would look at the claims and you replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. Your response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" You then said that you need to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed you three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to you and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented you with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. You stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent you and stamped that as well. You informed me that We didn't have the

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

New Zealand

address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that you have at least glanced over Our documents enough to notice this. You again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to you to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt T223938 for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and it's Officers and corporations with Liability is included as **Exhibit C**.

8. We took notice of your comments that were made and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'In' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to you at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter claim in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms are included as **Exhibits D, E and** F.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to your colleague and fellow deputy Registrar who sits beside your desk and she said you were out of the office and she was not sure if you would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day you received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite you a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on your desk with the bright pink hand written note on top, and said she would ask you to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from you and choose to come back into the court to see you in person. We met you at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello and that We were here to remind you that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given seven days to respond and either accept or reject or counter offer the terms of each if the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. You then told me that you had been extremely busy and had not had the chance to look at any of Our documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. You then said to us that civil Law is not a contract. We reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to us that you had not decided at that time if you were going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least four witnesses who confirm this is correct, where two of these witnesses also sign this affidavit.

9c. You then pointed at your desk showing that you did have the hard copy of each of Our three full claims and contracts on your desk. We asked you did you ever have any intention of processing Our claims. Your response was that you are extremely busy and you didn't know when you would get to them but it was your intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts terms that were presented by us in person to the counter the day before when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address Our claims to in event you did not have authority to do so. We showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and We provided you with a fourth option on this form of giving Us a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.

9e. We informed you that there had been an attempt on my life this last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. You responded that you had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g was emailed to you to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where you have no excuses now having received these documents three times and We informed you that if you do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that you are acting in dishonor and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from you by the end of that day five pm and would accept a response by email to keep you in honour and prevent any personal liability, otherwise would need to send you a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance you would have been able to simply reject them, and the very fact that you haven't rejected them indicates that you

know We have a true and rightful claim in each of the three cases. You could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

OPPORTUNITY TO CURE

11. We agree to provide you with a further ten working days to accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within ten working days and allowing a further ten working days from that point for the Summary Judgement Hearing to occur before a judge on each of the three claims. As long as this occurs within ten working days from receipt of this Notice of Dishonour and Notice of Liability this will bring you back into honour. We make it clear that there will be no further time extension as two of Our claims have no defence and the Defendants of the third Admiralty Statement of Claim have until Wednesday 22 May 2024 for a defence or payment where extremely unlikely to put forward a defence, and where there is no defence to a signed commercial affidavit a judge has to rule in favour of the Claimant and Plaintiff which is Us. Attached with this notice are three contract response forms, one for each contract.

12. That if Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND fails to rebut point by point these claims of the claimants Janine and the trade names she represents being JANINE WALTERS and JANINE ARABELLA, then the non-response and non- rebuttal will be taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

Exhibit D

Notice to the Civil High Court of My Contract Terms

Regarding: Admiralty Statement of Claim and Summary Judgement against HEALTH NEW ZEALAND and its officers

HIGH COURT
07 MAY 2024
TAURANGA

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters

On 18 March 2024 the Tauranga Civil High Court were in possession of my Admiralty Statement of Claim against HEALTH NEW ZEALAND corporation and some of the officers with liability as debtors. The documents related to this claim of liability and harm were labelled 'A', 'B', 'C', 'D', 'E', 'F', 'G' and 'H' plus Notice of Service on Debtors and Notice of Summary Judgement on Admiralty Statement of Claim to take Effect 5pm on 18th day of April 2024. The full set of these documents were served on the debtors and they were required to respond with a defence or make payment by 5pm on 18th day of April 2024. I confirm that no payment or defence was received and that I already have judgement in law and commerce to receive payment for eighty billion, one hundred and eighty two million four hundred and eighty one thousand four hundred and thirty eight new zealand dollars ($80,182,481,438.00NZ) with the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with me the Claimant to action steps of Restorative Justice. There is a commercial lien for the full amount in place on the Persona, Properties Securities Register and also UCC against the debtors. I have claimed all Rights Reserved with the lawful right to correct any honest errors, mistakes or omissions. It is noted here that there was an error of mathematical addition of the total owed and this has also been corrected. On the invoice 1008 there were two figures being $182,481,438.00 plus $80,279,000,000.00. Adding these two figures together the correct total owed is eighty billion dollars four hundred and sixty one million, four hundred and eight one thousand, four hundred and thirty eight dollars. ($80,461,481,438.00NZ) You informed me that the address for service needs to be on the front page as well as at the back on each document. I have corrected this and provide you with this letter a hard copy of all front pages plus have confirmed the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (the month of May 2024 excluding 24-27 May when I am out of the Area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 0.1% administration fee out of my trust for the processing of my claim. 0.1% of $80,461,481,438.00NZ is $8,461,481.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent from that time to take over the running of the corporation HEALTH NEW ZEALAND using the funds received from summary judgement (excluding the amount of my own personal claim) with the goal of actioning steps of restorative justice to address and right the wrongs of the last four years of mandates and vaccine injuries and preventable deaths that have occurred to help determine the best way to meet the health needs of the New Zealand people going forward. I aim to work in partnership with the new government of New Zealand and with the

officers within HEALTH NEW ZEALAND where I am adding value and contributing towards improving the health system in New Zealand, so I am no threat to the justice system or to the New Zealand Government.

The research is showing that MRNA technology does have the potential and is changing human DNA, so the steps of action I am taking is literally to help save the future of mankind. Due to this fact there is an urgency for someone with honour and integrity to step in to prevent further harm and I believe that I am the right individual also having lawful claim to do so with all the necessary skills sets from past experiences to co-ordinate a team of managers and oversee the health system putting in place protective measures to allow people to be provided with full disclosure of health treatment options available so that they can make informed choices about his/her own health and wellbeing.

You have now had my Admiralty Statement of Claim in your possession since 18 March 2024 for over seven weeks and the last day for defence was three weeks ago on 18 April 2024. I stipulate that a response must be received in writing from yourself within seven working days of receipt of this notice to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned or do a counter offer including a court hearing date before end of May 2024. My contract can only be rejected if evidence presented shows that it is untrue or incorrect and no defence or evidence has been produced by the defendants or debtors, therefore you know it needs to be processed, so providing you with an opportunity for the court to claim a processing fee.

Except for a Jury, it is a fatal offense for any person, even a Judge or Registrar, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. It is also against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

A date provided for court by end of May is considered as an acceptance of this contract.

Notice to the High Civil Court of My Contract Terms

Regarding: Processing of Admiralty Statement of Claim and Summary Judgement Against ASB BANK

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters, the Claimant and Plaintiff

Date: Fourth Day of May in year of 2024

HIGH COURT
07 MAY 2024
TAURANGA

On 22 March 2024 the Tauranga Civil High Court were in possession of my Admiralty Statement of Claim against ASB BANK corporation and some of the officers with liability as debtors. The documents related to this claim of liability and harm were labelled 'A', 'B', 'C', and 'D' plus Notice of Service on Debtors and Notice of Summary Judgement on Admiralty Statement of Claim To Take Effect at 5pm on 18th day of April 2024. The full set of these documents were served on the debtors and they were required to respond with a defence or make payment by 5pm on 18th day of April 2024. I confirm that no payment or defence was received and that I already have judgement in law and commerce to receive payment for three billion and three million dollars plus so far a further two million dollars where funds have unlawfully been removed from my bank account since my contract with them was made null and void on 1 December 2023 due to fraud. I have the lawful right to step in and demand payment or take possession of the assets of ASB BANK. There is a commercial lien for the full amount in place on the Personal Properties Securities Register and also UCC against the debtors. I have claimed All Rights Reserved with the lawful right to correct any errors, mistakes or omissions. You informed me that the address for service needs to be on the front page as well as at the back on each document. I have corrected this and provide you with this letter a hard copy of all front pages plus have confirmed the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (before end of month of May 2024 excluding 24-27 May as I am out of the area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 0.1% administration fee out of my trust for the processing of my claim. 0.1% of $3,005,000,000.00NZ is $3,005,000.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent from that time to use the funds received from summary judgement to help addressing some of the housing needs in New Zealand where I am adding value and contributing towards the housing crisis in New Zealand, so I am no threat to the justice system or to the New Zealand Government.

You have now had my Admiralty Statement of Claim in your possession since 22 March 2024 for seven weeks and the last day for defence was three weeks ago on 18 April 2024. I stipulate that a response must be received in writing from yourself within seven working days of receipt to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned before the end of May 2024 or do a counter offer including the court hearing date before the end of May 2024. My contract can only be rejected if evidence presented shows that it is untrue or incorrect and no defence or evidence has been

Debtor's and defendant's failure to respond to the NOTICE of DISHONOUR and NOTICE of LIABILITY with OPPORTUNITY to CURE with ADMINISTRATIVE REMEDY has placed the debtors liable for the debts associated with the three unprocessed Admiralty Statements of Claims of Janine being the CLAIMANT, CREDITOR and SECURED PARTY against Health New Zealand, ASB Bank and Western Bay of Plenty District Council with the three invoices of amounts owed attached with the NOTICE Of LIABILITY that now also have penalty charges added. The TOTAL CURRENT DEBT Is $92,963,542,987.84NZ which in writing is ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents as on the fifth day of June 2024 with further charges to be added in event on non payment by 20 June 2024 of five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 for a one million dollars charge rate for making every man woman, boy and girl in New Zealand debt slaves for the National County debt with stipulation that all monies owed being paid out exempt from any tax or other charges and if not paid out the lawful right to continue to add penalty fees plus seize assets to the same value until paid out in full. STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-pay portal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars ($80,461,481,438.00NZ) and request for immediate Summary Judgement to

occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some

obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and BOP LASS and it's Officers and corporations with Liability was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim of the full amount owed plus ten per cent weekly interest with the current debt owed on sixth day of June 2024 being seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars in numeric value being $718,678,169.00NZ.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to

step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the associated corporations of the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND and MINSTRY OF JUSTICE failed to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

13. That a non-response has placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

CODAJ-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

14. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

15. That we, the Claimant Janine is Holder in Due Course of any Ens Legis, legal and any other relevant stramineous homo. Chattel and instruments are duly claimed by Holder in Due Course held under published Common Law since nativity; and this is a Mandatory Notice: all chattels and instruments are owed material rights, duties, exemptions, insurances, treaties, bonds, agreements, and guarantees including indemnity and full faith with credit and also hereby be advised these chattels and instruments are not subject to Territorial or Municipal New Zealand law and are owed The Law of Peace from all Territorial and Municipal officers, agents and employees who otherwise have no permission to administrate her properties without right and any harm resulting from trespass upon her properties, or the use of fictitious names or titles related to them shall be subject to full liability and penalties in her compensation charge schedule.

16. That we, the Claimant Janine has declared that the one true almighty God created men and woman, and men and woman created corporations; and a corporation can never have control or authority over a living man or woman without their consent and she has not consented to any corporation having control or authority over her; and

17. That we, the Claimant Janine has declared that if anyone acts in bad faith towards us that we have the right to charge them for their actions and that now Stephen Hewlett and the Corporations he represents including but not limited to the Crown corporations, High Court of New Zealand, Tauranga Civil High Court and the Ministry of Justice are now clearly in Dishonour and have brought all the corporations Stephen Hewlett represented into dishonour for the total current debt outstanding of ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents ($92,963,542,987.84NZ) with this amount continuing to go up with ten percent accruing penalty interest being added until paid out in full, plus further charges to be added effective immediately from 5pm on twentieth day of June 2024 as outlined in paragraph 27.

18. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. The CROWN corporation names are HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND with company number 0000216105 and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 with evidence of these found **in Exhibit** J

19. That due to the seriousness of events that are occurring in New Zealand where the corporations and their officers have liability the Claimant Janine has decided to add the following charges that the CROWN corporations and the Chief Executive Officers and directors representing each corporation have liability. The Debtors and Defendants now include High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and Brooke Barrington in private and representing MINISTRY OF FORFIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and Stephen Hewlett as Registrar and in full private and commercial capacity where they are accomplices in making every man, woman, boy and girl living in New Zealand responsible for the National debt of over one hundred and eighty billion dollars with $90,000 allocated to every household with annual interest charge of $4500 and have made Us all debt slaves by deceit with the corporation officers being the enforcers of making

individuals pay this debt. Proof of this debt being allocated to individuals living in New Zealand is included as **Exhibit K**

20. That we, the Claimant Janine has declared that if anyone tries to deceive her with intent to harm her or tries to enslave her they have committed crimes of slavery and fraud and she has lawful right and authority to charge them according to her compensation charge fee schedule which can also change and be updated without notice; and that we have added the charge of one million dollars per every man, woman, boy and girl living in our land being the land of New Zealand for deceit with the intent to harm or enslave on behalf of to be distributed to them included as **Exhibit L**

21. That according to one news on 15th of May 2024 that the New Zealand population on 31 March 2024 was estimated at five million three hundred and thirty-eight thousand nine hundred people (5,338,900) with a one million dollar compensation charge for each individual brings the total charge against the New Zealand government corporations being five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00NZ) where this information can be found on website link https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed and is included as **Exhibit M**

22. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

23. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

24. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 25 which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

25. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with

true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Government and Crown has been provided with this information

26. That We enclose a copy of the three current bills of debt with up to date penalty fees added associated with each of the three Admiralty Statement of Claims plus place all three debt claims outstanding on one true bill ledger to you and the corporations you represent have ten working days to pay out this money or have me before a judge by 20 June 2024 to obtain summary judgement being the last date for this to occur in the unrebutted Notice of Dishonour and Notice of Liability affidavit with Opportunity to Cure, and if this does not occur that we the Claimant Janine has the lawful right to add five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) for a charge on behalf of every individual living in New Zealand where each individual has right of claim of one million dollars for being harmed and made into debt slaves by deceit- **See Exhibit N as 4 pages**

27. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

28. That if no payment of ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents ($92,963,542,987.84NZ) is made by twentieth day of June 2024 by the defendants being Stephen HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OFNEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 with the seizure of assets to the same value if not paid out in full.

29. That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any others charges.

30. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

31. That we the claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take my life she has someone to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on. so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where one of the next steps if not resolved by 20 June 2024 will be to notify all New Zealanders that there is a rightful and lawful claim before the high court on behalf of every man woman boy and girl living in New Zealand and there will be an uprising and we the claimants are doing everything to prevent this from happening and believe it is in the best interests of the Debtors to settle and work in partnership with us to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to harm and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

32. That if the officers and directors and corporations that are debtors due to liability work with me, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

33. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows get culled there is intentional actions of harm not only towards cows but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** with supporting evidence of facts contained in this paragraph.

34. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts,

causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal that been affected by intentional acts of weather and environment manipulation, and that the Crown is involved and complicit in using HARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P**

35. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

36. That we the claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days) where sixty days occurs on 18th day of June 2024 for the officers and corporations Health New Zealand and ASB Bank and ASB Holdings and the sixty day period ends on 22 July 2024 for Western Bay of Plenty District Council and BOP Lass Limited.

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations listed in paragraph 18, the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the **Affiant of this Affidavit within 10 Calendar days from first receipt of first debtor with twentieth day of June final day for rebuttal or the following Allegations are PROVEN and resulting Obligations immediately enforceable.**

Nz Government is listed in the stock exchange Market in America as Queen in Right of New Zealand and registered as A Corporation and using IRD to employ us at birth as future employees by getting signed consent from parents in a form of a registration and the receipt of transaction is the birth certificate (bill of exchange) and cause you are a registered employee of the Government all laws rules statutes they make apply to you cause you work for them and the birth cert is used as a security for the queen in right of New Zealand's debt and they can use it legally cause you work for them kinda like a slave thing really in a tricky way but there are thousands of truth seekers out there willing to risk a lot of things to find the real facts when the truth to all this should be in clear view with no interference

Wake Up Call: Government Debt Hits $90,000 Per Household Today - "$90k Debt Day"

Sunday, 19 May 2024, 1:16 pm
Press Release: New Zealand Taxpayers' Union

Based on the latest Treasury forecasts, New Zealand Government debt will tick above $90,000 per household for the first time ever at 10pm today, Sunday 19 May 2024. The Taxpayers' Union is calling it "$90k Debt Day".

Commenting on this, Taxpayers' Union Policy and Public Affairs Manager, James Ross, said:

"For the first time ever, the New Zealand Government Debt Clock will pass $90,000 per household. Our kids and grandkids will spend their lives paying this off, and it means less money for core services like health, policing and education.

"This means the average household is now having to stump up about $4,500 a year just paying the interest on the debt. That's more than the cost of the defence force, police, corrections and customs combined.

"And it's nowhere near stopping. Right now, Nicola Willis is borrowing $75 million a day to keep an over-bloated Government afloat. Her so-called 'cuts' barely scratch the surface of what is needed to get the books back into black.

"Kiwis can only bend so far before they break. Struggling families need Nicola Willis to take an axe to wasteful spending and deliver serious savings in the Budget on 30 May."

The Taxpayers' Union's debt clock is based on Treasury's official fiscal forecasts in the 2023 Half Year Economic and Fiscal Update. It can be viewed at www.debtclock.nz.

New Zealand's population (illustration). (Source: 1News) dated 15 May 2024

https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed

New Zealand's population has risen by more than 100,000 people in the past year, Stats NZ revealed today.

The year ended March 2024 saw New Zealand's population grow by 2.5%, or about 130,700 people, the agency said this morning.

That figure stems from an estimated natural increase (births minus deaths) of 19,500 and an estimated net migration (migrant arrivals minus migrant departures) of 111,100 people.

And New Zealand saw fewer births and deaths in the year ended March 2024 than the year before.

The agency said there were 56,277 live births registered in New Zealand in the year ended March 2024.

That's down from 58,707 in the year ended March 2023, a decrease of about 2500.

And there were 37,623 deaths registered in the year ended March 2024, over 1000 less than the 38,635 deaths registered in the year ended March 2023.

"The total fertility rate was 1.52 births per woman, down from 1.65," Stats NZ said. "The infant mortality rate was 3.8 deaths per 1000 live births, up from 3.5 per 1000, but down from 4.2 per 1000 in the year ended March 2022."

The agency also released New Zealand's provisional national population statistics for the same period.

"At 31 March 2024: New Zealand's estimated resident population was provisionally **5,338,900**.

"There were 2,680,900 females and 2,658,000 males.

"The median age of females and males was 38.9 and 37.1 respectively."

Today's release comes after Stats NZ's population insights analyst Rebekah Hennessey said in February that 2023 had seen the "lowest number of births registered in 20 years".

Hennessey explained the number of deaths "generally increases as the population both grows and becomes older".

"The number of births, however, is driven by a more complex mix of social and demographic factors that change over time."

Current H5N1 Bird Flu Situation in Dairy Cows

Taken from Centre for Disease Control website
https://www.cdc.gov/flu/avianflu/mammals.htm

Domestic Summary

A multistate outbreak of HPAI A(H5N1) bird flu in dairy cows was first reported on March 25, 2024. This is the first time that these bird flu viruses had been found in cows. On April 1, CDC confirmed one human HPAI A(H5N1) infection in a person with exposure to dairy cows in Texas that were presumed to be infected with the virus. This is thought to be the first instance of likely mammal to human spread of HPAI A(H5N1) virus. In May 2024, CDC began reporting additional, sporadic human cases in people who had exposure to infected dairy cows. That latest human case counts are available at H5N1 Bird Flu: Current Situation Summary | Avian Influenza (Flu) (cdc.gov).
In the United States, since 2022, USDA APHIS has reported HPAI A(H5N1) virus detections in more than 200 mammals.

Background

While rare, mammals can be infected with highly pathogenic avian influenza (HPAI) A(H5N1) ("H5N1 bird flu") viruses. Reports of these sporadic infections in mammals have occurred globally amid widespread outbreaks of bird flu infections in wild birds and poultry.

Mammals can be infected with H5N1 bird flu viruses when they eat infected birds, poultry, or other animals and/or if they are exposed to environments contaminated with virus. Spread of H5N1 bird flu viruses from mammal to mammal is thought to be rare, but possible.

Global Summary

Globally, sporadic HPAI A(H5N1) virus infections in mammals have been reported across the continents of Asia, North America, South America, and Europe. More information about the global impact of avian influenza can be found here: Avian Influenza – WOAH – World Organisation for Animal Health.
Specifically, recent HPAI A(H5N1) infections in mammals have been detected in sea lions in Peru and Chile, sea elephants in Argentina, and foxes in Canada, France, and other countries. A list of significant HPAI outbreaks, including in mammals, can be found here: Highlights in the History of Avian Influenza (Bird Flu) Timeline – 2020-2024.

Risk to Humans

The wide geographic spread of HPAI A(H5N1) viruses in wild birds, poultry, and some other mammals, including in cows, could create additional opportunities for people to be exposed to these viruses. Therefore, there could be an increase in sporadic human infections resulting from bird and animal exposures, even if the risk of these viruses spreading from birds to people has not increased. CDC believes the current risk to the general public from bird flu viruses is low. People who have job-related or recreational exposure to infected birds or animals, including cows, are at greater risk of contracting HPAI A(H5N1) virus. CDC has recommendations related to testing, treatment of HPAI A(H5N1) infection and prevention of exposure to these viruses: Highly Pathogenic Avian Influenza A(H5N1) Virus in Animals: Interim Recommendations for Prevention, Monitoring, and Public Health Investigations.

Fonterra CEO on NZ's 'emotional' links to brands up for sale

Fonterra's chief executive has admitted the company's proposal to sell of a number of its well-known brands has been met with a small amount of resistance from people with "emotional connections to these brands" amid a "generally positive" response from shareholders.

The dairy cooperative announced last week it's looking to sell all or part of its global consumer business as it shifts its focus to becoming a global business-to-business provider of dairy nutrition products.

Fonterra's consumer business brands included Anchor, Mainland, and Kāpiti among others.

Fonterra CEO Miles Hurrell told 1News today that the reaction from farmers and other shareholders has "generally been positive", adding the "backbone" of the company "has always been" the business-to-business side.

"There's always the odd person that gives a concern when it comes to the iconic brands in New Zealand," Hurrell later added.

"We understand and acknowledge that, and I think it actually shows the importance of what we've done to grow those brands.

"So we should take pride in that fact – but at the same time we need to acknowledge and understand that people have emotional connections to these brands, and recognise that as well."

Where to from here?

"We announced last Thursday that we are embarking on this review of the business, to have a good look," Hurrell said.
"We're in day two or day three of that, so it's too early to say who will come out of the woodwork as a potential buyer.
"Overwhelming positive [feedback from farmers and shareholders] at this point in time."
Hurrell expected it to be 12-18 months before "we see any sort of movement in this area" – "but the work starts now".
And the money from any potential sale "could go anywhere", he added.
"At one end of the spectrum, farmers, shareholders may look for a return," Hurrell said.
"Or at the same time, we could invest in some growth projects.
"We need to start engaging with the bankers and understanding the international market to see who may be a potential suitor but, until we get through that phase, it's too early to start to communicate anything more to our farmers."

Cow-less dairy products firm gets green light for huge expansion

A company developing dairy proteins in the laboratory without cows has been given the green light to scale up production by a factor of 500.
Auckland-based Daisy Lab uses genetically modified organisms to create milk protein. However, there are concerns about what this technology could mean for the dairy industry.
Co-founder and chief scientific officer Nikki Freed said genetically modified yeast is used to make proteins.
"What we're interested in doing is making proteins that are typically found in cow's milk but doing that without the cow."
A process known as precision fermentation uses microbes as "factories" to produce specific ingredients.
It is commonly used in the pharmaceutical industry, but the team at Daisy Lab believes dairy proteins, such as whey, casein and lactoferrin, can be produced in the same way.
Freed added: "Our next steps will be basically creating or partnering with another company to create consumer formulations, so you see this on the supermarket shelf."
The Environmental Protection Authority has granted approval for the company to scale up production 500-fold from its existing allowance.
Genetically modified organisms are considered a new organism and thus require approval, said general manager of hazardous substances and new organisms Chris Hill
"The kind of genetic modifications they are doing are also low risk; I mean, they're not producing anything that could mimic a virus or anything like that."
Agriculture and trade expert Alan Renwick said demand for protein is growing rapidly.
"It will be taking part of a growing market, but of course longer term, once they become very competitive, once they are able to produce at scale cheaply, then it may begin to erode into the dairy market."
Freed said she does not think Daisy Lab will disrupt the dairy industry "too much."
"I think even Fonterra recognises they cannot keep growing their herds. We can't keep using the land that we have like we're using right now.

In a statement, Fonterra said it has been actively researching and investing in precision fermentation since 2018.
It added there are numerous challenges to overcome before the technology can produce protein at similar costs to those sourced from milk.

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and

JV

made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what

jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ

received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We

provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting

evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

14. That we, the Claimant Janine is Holder in Due Course of any Ens Legis, legal and any other relevant stramineous homo. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. 19. That we, the Claimant Janine has declared that if anyone tries to deceive her with intent to harm her or tries to enslave her they have committed crimes of slavery and fraud and she has lawful right and authority to charge them according to her compensation charge fee schedule which can also change and be updated without notice; and that we have added the charge of one million dollars per every man, woman, boy and girl living in our land being the land of New Zealand for deceit with the intent to harm or enslave on behalf of to be distributed to them included as **Exhibit** L in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

20. That according to one news on 15th of May 2024 that the New Zealand population on 31 March 2024 was estimated at five million three hundred and thirty-eight thousand nine hundred people [5,338,900] with a one million dollar compensation charge for each individual brings the total charge against the New Zealand government corporations being five trillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00NZ) where this information can be found on website link https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed and was included as **Exhibit M** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

21. **That included in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT We the Claimants included 4 pages in Exhibit N with the Bill statements for each of the three Admiralty Statements of Claim plus an overall Bill Statement which gave the total amount of debt due by** twentieth day of June 2024 was ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents [$92,963,542,987.84NZ] by the defendants being Stephen HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in

private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, and in the event of non payment or rebuttal then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five trillion three hundred and thirty eight billion nine hundred million dollars [$5,338,900,000,000.00NZ] effective immediately from 5pm on twentieth day of June 2024 or the lawful right to seize assets to the same value if not paid out in full.

22. **That We the Claimants confirm that there was no response or rebuttal or payment received by 5pm on the twentieth day of June 2024 to the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT by any of the Debtors or Defendants listed on page one and in paragraph 17 and 18 confirmed by the three witnesses of events, and that this has led to further penalties and charges being added with the updated Statement of Claim Bill dated twenty first day of June 2024 attached with this Commercial Affidavit with the current charge being five trillion four hundred and forty one billion six hundred and fifty-one million fand forty seven thousand seven hundred and sixty-one dollars and sixty eight cents [$5,441,651,047,761.68NZ] immediately payable with further penalty charges to be added if not paid out by 5pm NZ time zone on 12 July 2024 with the current Bill Statements separated into 4 Claims found in Exhibit S with this Commercial Lien document.**

23. **That the Obligations are now enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment by 5pm on twelfth day of July 2024 have the lawful right to add further penalty charges or claim payment off the parent or successor companies.**

24. **That We enclose a copy of the four current bills of debt with up to date penalty fees added associated with each of the Statement of Claims in Exhibit S plus place all four debt claims outstanding onto one overall true bill ledger to you and the corporations you represent have ten calendar days to pay out this money or rebut point by point and sign with wet ink signature in full commercial capacity by 12 July 2024.**

25. **That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any other charges.**

26. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

27. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference

from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

28. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 29 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

29. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

30. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

31. To show the Claimants are acting in honour each of the debtors are being provided three opportunities to rebut, so he/she/they have no excuses in law. This is the third formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had two opportunities to provide a rebuttal. This is the second opportunity with ten calendar days for rebuttal from the first date of receipt of this document for the High Commissioner Phil Goff in private and representing the CROWN Corporations and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN

RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 plus and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law.

32. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

33. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

34. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

35. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and

developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

36. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

37. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

38. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

SURETY COLLECTABLE IN SATISFACTION OF CLAIM:

Any and all accounts, bonds, securities, profits, proceeds, fixtures, assets owned and /or managed by any of the Debtors and its subsidiary and/or parent company and/or successor company at any location in New Zealand or outside New Zealand including Stephen Hewlett in his full commercial and private capacity.

That by the twentieth day of June 2024 5pm there was no point by point rebuttal or any proof or verification signed with wet ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described verifiable facts to the contrary.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.
An unrebutted affidavit stands as truth in commerce.
An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.
The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 18 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the

four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

Something killed millions of bees in North San Diego County last fall.

Officials now know what it was

By Jacob Aere / General Assignment Reporter

Contributors: Carolyne Corelis / Video Journalist

Published January 9, 2024 at 3:35 PM PST

Roughly 3 million honey bees died over a few days at the San Diego Bee Sanctuary last September.

That was about two-thirds of their overall bee population.

"All these colonies here, you just see piles of dead bees, pile of dead bees, pile of dead bees," co-owner Dominick Peck said, recalling what it was like to find the dead colonies.

Beekeeper Dominick Peck examines bees in from one of his Valley Center colonies, Jan. 8, 2024.

Beekeeper Dominick Peck examines bees in from one of his Valley Center colonies, Jan. 8, 2024.

The sanctuary had two locations. Its Escondido site had to completely shut down because millions of bees were poisoned, but its Valley Center location is still operating with about 1.5 million bees.

"We can't control every single bee that's out here," co-owner Paul Gunn said. "So all we can do is find places that are friendlier for bees and keep going."

Bees fly out from their box hive, Jan. 8, 2024.

What both owners wanted to know was why and how so many bees died.

The County of San Diego Department of Agriculture ran tests and found the bees tested positive for a toxic dosage of Fipronil, a chemical usually used to control insects like ants and termites.

"At this point, the source of that Fipronil is undetermined," said the county's Deputy Director of Agriculture, Garrett Cooper.

He said a bee poisoning this large is rare.

RELATED: More Bad Buzz For Bees: Record Number Of Honeybee Colonies Died Last Winter

"We had surveyed a lot of the pest control businesses that provided use reports and were in the area. None of them had used that insecticide. We also looked at the ag(riculture) operations," Cooper said.

He said mass bee die-offs happen — in fact, Nieh said the research apiary at UCSD saw about eight colonies die around the same time.

And certain pesticides, like Fipronil, are one reason for these mass deaths.

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared

 All Rights Reserved

to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnessas who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our

 All Rights Reserved

documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. Those documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Howlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. That Stephen Hewlett received this information three times and had no excuses for not receiving or responding, and chose not to respond. The three two page contract terms were included as **Exhibits D, E and** F in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our

 All Rights Reserved

documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnessas, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

 All Rights Reserved

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hawlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability. Proof of this communication can be found in **Exhibit** T with this High Court Document.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hawlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

 All Rights Reserved

14. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

15. That we, the Claimant Janine is Holder in Due Course of any Ens Legis, legal and any other relevant stramineous homo. Chattel and instruments are duly claimed by Holder in Due Course held under published Common Law since nativity; and this is a Mandatory Notice: all chattels and instruments are owed material rights, duties, exemptions, insurances, treaties, bonds, agreements, and guarantees including indemnity and full faith with credit and also hereby be advised these chattels and instruments are not subject to Territorial or Municipal New Zealand law and are owed The Law of Peace from all Territorial and Municipal officers, agents and employees who otherwise have no permission to administrate her properties without right and any harm resulting from trespass upon her properties, or the use of fictitious names or titles related to them shall be subject to full liability and penalties in her compensation charge schedule.

16. That we, the Claimant Janine has declared that the one true almighty God created man and woman, and men and woman created corporations; and a corporation can never have control or authority over a living man or woman without their consent and she has not consented to any corporation having control or authority over her; and

17. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. The CROWN corporation names are HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND with company number 0000216105 and that this also has been allocated another company number and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 with evidance of these found in **Exhibit J** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

18. That a CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT was sent on 6 June 2024 to the Debtors and due to the seriousness of events that are occurring in New Zealand where the corporations and their officers have liability the Claimant Janine added the following charges that the CROWN corporations and the Chief Executive Officers and directors representing each corporation have liability. 20. and was included as **Exhibit M** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

22. That included in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT We the Claimants included 4 pages in Exhibit N with the Bill statements for each of the three Admiralty Statements of Claim plus an overall Bill Statement which gave the total amount of debt due by twentieth day of June 2024 was ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents [$92,963,542,987.84NZ] by the defendants being Stephan HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, and in the event of non payment or rebuttal then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five trillion three hundred and thirty eight billion nine hundred million dollars [$5,338,900,000,000.00NZ] effective immediately from 5pm on twentieth day of June 2024 or the lawful right to seize assets to the same value if not paid out in full.

23. **That We the Claimants confirm that there was no response or rebuttal or payment received by 5pm on the twentieth day of June 2024 to the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT by any of the Debtors or Defendants listed on page one and in paragraph 18 and 19 confirmed by the three witnesses of events, and that this has led to further penalties and charges being added with the updated Statement of Claim Bill dated twenty first day of June 2024 attached with the Commercial Affidavit with the current charge being five trillion four hundred and forty one billion six hundred and fifty-one million fand forty seven thousand seven hundred and sixty-one dollars and sixty eight cents [$5,441,651,047,761.68NZ] immediately payable with further penalty charges to be added if not paid out by 5pm NZ time zone on 12 July 2024 with the current Bill Statements separated into 4 Claims found in Exhibit S with the Commercial Lien document.**

24. **That due to non rebuttal of the Certificate of Default a Commercial Lien was put in place after 5pm on 20 June 2024 and before opening of business operations on 21 June 2024 over every single Debtor Corporation on Page one of this Admiralty Statement of Claim on that day with 21 June being the first day of default of payment by law of all the debtors for the fourth claim.**

25. **That the Obligations are now enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment by 5pm on twelfth day of July 2024 have the lawful right to add further penalty charges or claim payment off the parent or successor companies.**

 All Rights Reserved

26. **That We enclosed a copy of the four current bills of debt with up to date penalty fees added associated with each of the Statement of Claims in Exhibit S of the Commercial Lien Notice plus placed all four debt claims outstanding onto one overall true bill ledger to the Defendants and the corporations they represent with ten calendar days to pay out this money or rebut point by point and sign with wet ink signature in full commercial capacity by 12 July 2024.**

27. **That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any other charges.**

28. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

29. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

30. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 29 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

31. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have

been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

32. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

33. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OFNEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

34. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

 All Rights Reserved

35. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

36. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

37. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and

 All Rights Reserved

environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

39. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

40. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

41. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be

 All Rights Reserved

reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

42. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

43. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
44. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

45. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

46. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

47. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all

All Rights Reserved

other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

48. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

49. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

50. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

51. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

52. That as of the first day of July 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

53. That the AD5 form Notice of Proceeding is attached with the Admiralty Statement of Claim where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought.

54. The Summary Judgement G13 form is also attached that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

55. That the Claimant Janine has provided proof of life document and this can be found in **Exhibit V** with this Admiralty Statement of Claim

That We Janine the Claimants sign the twenty page Admiralty Statement of Claim plus Support Documents including Exhibits A to V and Sequence of Events numbered 1 to 13 plus Notice of Summary Judgement to take effect at 5pm on the 18th day of July being the ninetieth day of default of the first two Admiralty Statements of claim in points one and two and the tenth working day that

the defendants receive the Served High Court Documents with three witnesses believing that all the facts stated are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and to the best of my ability, so 'help me God'. By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

janine walters <janine.a.walters@gmail.com>
To: Stephen.Hewlett@justice.govt.nz

Thu, May 16, 2024 at 2:45 PM

Please find attached a letter with information also written below that if you do not respond today to my three contracts of offer you are acting in dishonor and can be held personally liable for all the debts associated with my claims. I hope to hear from you by the end of today five pm and will accept a response by 5pm today by email to keep you in honour and prevent any personal liability otherwise I will need to send you a notice of dishonour and notice of liability.

To Stephen Hewlett, Registrar Tauranga Civil High Court in full private and commercial liability
From Janine from the House of Arabella and Walters, the principal and Claimant representing Janine ARABELLA and Janine WALTERS in Three Admiralty Statements of Claim and Summary Judgement before the Court,
16th Day of May in Year 2024
Dear Stephen
I came in and met with you for five minutes at 11:30 a.m. this morning on 16th day of May 2024 and have formalised this meeting into minutes as follows.
1. I said hello and that I was here to remind you that today is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given 7 days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 19 March and the second on 22 March and third on 7 May 2024.
2. You then told me that you had been extremely busy and had not had the chance to look at any of my documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May containing the offer of terms of the three contracts. You then said to me that civil Law is not a contract. I reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to me that you had not decided at that time if you were going to accept my contracts.
3. You then pointed at your desk showing that you did have the hard copy of each of my three full claims and contracts on your desk. I asked you did you ever have any intention of processing my claims. Your responses was that you extremely busy and you didn't know when you would get to them but it was your intention it's some point in time to process these.
4. I had in front of us on the counter the three stamped contracts that were presented by me in person to the counter yesterday when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address my claim to in event you did not have authority to do so. I showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and I provided you with a fourth option on this form of giving me a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.
5. I informed you that there had been an attempt on my life this last week and I wouldn't be doing what I am doing unless I 100% believed in it. I stated that I believe I am acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of my claims is to step in and take over the running of Health New Zealand. I indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and I was trying to prevent this from happening, and had requested the court to process my true and accurate claim.
6. You responded that you had not read any of my claims and that could not comment on whether any of them were true or accurate.
7. I ended the meeting stating that I believe you are an honorable man and I believe in you, and that you will do the right thing. I need to inform you, that if you do not respond today to my three contracts of offer you are acting in dishonor and can be held personally liable for all the debts associated with my claims. I hope to hear from you by the end of today five pm and will accept a response by 5pm today by email to keep you in honour and prevent any personal liability, otherwise I will need to send you a notice of dishonour and notice of liability.

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to you to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and all the documents that were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-payportal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of just over eighty billion dollars with Notice of Proceeding provided to the defendants and the Civil High Court and yourself for immediate Summary Judgement to occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. We have included the stamped copy of receipt T210900 of the lodged claim as **Exhibit A**.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to you to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 and that the Proceeding needed to occur immediately after that time was emailed direct to you to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure you were very clear that Summary Judgement would occur on nineteenth day of April 2024

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt T212290 of the lodged claim is in **Exhibit B.**

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. You appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, and we came in and out of the court at least three times, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and you informed us that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let you know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that you knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point you went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters,dronesand cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see you, where you came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. You stated again " I can not help you today and I have not yet even looked at your claims". You asked me to confirm and clarify what jurisdiction were these documents under, as you believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when you would look at the claims and you replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. Your response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" You then said that you need to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed you three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to you and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented you with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. You stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent you and stamped that as well. You informed me that We didn't have the

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that you have at least glanced over Our documents enough to notice this. You again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to you to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt T223938 for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and it's Officers and corporations with Liability is included as **Exhibit C.**

8. We took notice of your comments that were made and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to you at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter claim in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms are included as **Exhibits D, E and F**.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to your colleague and fellow deputy Registrar who sits beside your desk and she said you were out of the office and she was not sure if you would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day you received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite you a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on your desk with the bright pink hand written note on top, and said she would ask you to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from you and choose to come back into the court to see you in person. We met you at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello and that We were here to remind you that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given seven days to respond and either accept or reject or counter offer the terms of each if the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

Not a Point of Law

9b. You then told me that you had been extremely busy and had not had the chance to look at any of Our documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. You then said to us that civil Law is not a contract. We reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to us that you had not decided at that time if you were going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least four witnesses who confirm this is correct, where two of these witnesses also sign this affidavit.

9c. You then pointed at your desk showing that you did have the hard copy of each of Our three full claims and contracts on your desk. We asked you did you ever have any intention of processing Our claims. Your response was that you are extremely busy and you didn't know when you would get to them but it was your intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts terms that were presented by us in person to the counter the day before when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address Our claims to in event you did not have authority to do so. We showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and We provided you with a fourth option on this form of giving Us a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.

9e. We informed you that there had been an attempt on my life this last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. You responded that you had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g was emailed to you to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where you have no excuses now having received these documents three times and We informed you that if you do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that you are acting in dishonor and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from you by the end of that day five pm and would accept a response by email to keep you in honour and prevent any personal liability, otherwise would need to send you a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance you would have been able to simply reject them, and the very fact that you haven't rejected them indicates that you

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

know We have a true and rightful claim in each of the three cases. You could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

OPPORTUNITY TO CURE

11. We agree to provide you with a further ten working days to accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within ten working days and allowing a further ten working days from that point for the Summary Judgement Hearing to occur before a judge on each of the three claims. As long as this occurs within ten working days from receipt of this Notice of Dishonour and Notice of Liability this will bring you back into honour. We make it clear that there will be no further time extension as two of Our claims have no defence and the Defendants of the third Admiralty Statement of Claim have until Wednesday 22 May 2024 for a defence or payment where extremely unlikely to put forward a defence, and where there is no defence to a signed commercial affidavit a judge has to rule in favour of the Claimant and Plaintiff which is Us. Attached with this notice are three contract response forms, one for each contract.

12. That if Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND fails to rebut point by point these claims of the claimants Janine and the trade names she represents being JANINE WALTERS and JANINE ARABELLA, then the non-response and non- rebuttal will be taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

13. That a non-response will place the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to this NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response and therefore non-response; and any rebuttal to this declaration and claim of land of substance are to be signed in wet ink; and

19. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and

20. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits presented to National and International Government Officers which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

Notice to the Civil High Court of My Contract Terms

Regarding: Admiralty Statement of Claim and Summary Judgement against HEALTH NEW ZEALAND and its officers

HIGH COURT
07 MAY 2024
TAURANGA

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters

On 18 March 2024 the Tauranga Civil High Court were in possession of my Admiralty Statement of Claim against HEALTH NEW ZEALAND corporation and some of the officers with liability as debtors. The documents related to this claim of liability and harm were labelled 'A', 'B', 'C', 'D', 'E', 'F', 'G' and 'H' plus Notice of Service on Debtors and Notice of Summary Judgement on Admiralty Statement of Claim to take Effect 5pm on 18th day of April 2024. The full set of these documents were served on the debtors and they were required to respond with a defence or make payment by 5pm on 18th day of April 2024. I confirm that no payment or defence was received and that I already have judgement in law and commerce to receive payment for eighty billion, one hundred and eighty two million four hundred and eighty one thousand four hundred and thirty eight new zealand dollars ($80,182,481,438.00NZ) with the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with me the Claimant to action steps of Restorative Justice. There is a commercial lien for the full amount in place on the Personal Properties Securities Register and also UCC against the debtors. I have claimed all Rights Reserved with the lawful right to correct any honest errors, mistakes or omissions. It is noted here that there was an error of mathematical addition of the total owed and this has also been corrected. On the invoice 1008 there were two figures being $182,481,438.00 plus $80,279,000,000.00. Adding these two figures together the correct total owed is eighty billion dollars four hundred and sixty one million, four hundred and eight one thousand, four hundred and thirty eight dollars. ($80,461,481,438.00NZ) You informed me that the address for service needs to be on the front page as well as at the back on each document. I have corrected this and provide you with this letter a hard copy of all front pages plus have confirmed the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (the month of May 2024 excluding 24-27 May when I am out of the Area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 0.1% administration fee out of my trust for the processing of my claim. 0.1% of $80,461,481,438.00NZ is $8,461,481.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent from that time to take over the running of the corporation HEALTH NEW ZEALAND using the funds received from summary judgement (excluding the amount of my own personal claim) with the goal of actioning steps of restorative justice to address and right the wrongs of the last four years of mandates and vaccine injuries and preventable deaths that have occurred to help determine the best way to meet the health needs of the New Zealand people going forward. I aim to work in partnership with the new government of New Zealand and with the

NOD + NOL - SH - 01

officers within HEALTH NEW ZEALAND where I am adding value and contributing towards improving the health system in New Zealand, so I am no threat to the justice system or to the New Zealand Government.

The research is showing that MRNA technology does have the potential and is changing human DNA, so the steps of action I am taking is literally to help save the future of mankind. Due to this fact there is an urgency for someone with honour and integrity to step in to prevent further harm and I believe that I am the right individual also having lawful claim to do so with all the necessary skills sets from past experiences to co-ordinate a team of managers and oversee the health system putting in place protective measures to allow people to be provided with full disclosure of health treatment options available so that they can make informed choices about his/her own health and wellbeing.

You have now had my Admiralty Statement of Claim in your possession since 18 March 2024 for over seven weeks and the last day for defence was three weeks ago on 18 April 2024. I stipulate that a response must be received in writing from yourself within seven working days of receipt of this notice to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned or do a counter offer including a court hearing date before end of May 2024. My contract can only be rejected if evidence presented shows that it is untrue or incorrect and no defence or evidence has been produced by the defendants or debtors, therefore you know it needs to be processed, so providing you with an opportunity for the court to claim a processing fee.

Except for a Jury, it is a fatal offense for any person, even a Judge or Registrar, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. It is also against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

A date provided for court by end of May is considered as an acceptance of this contract.

Notice to the Civil High Court of My Contract Terms

Regarding: Admiralty Statement of Claim and Summary Judgement against WESTERN BAY OF PLENTY DISCTRICT COUNCIL and BOP LASS and its officers

HIGH COURT
07 MAY 2024
TAURANGA

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters

Date: Sixth day of May 2024

By the time you receive this notice the Tauranga Civil High Court will be in possession of my Admiralty Statement of Claim against WESTERN BAY OF PLENTY DISCTRICT COUNCIL and BOP LASS and its officers with liability as debtors. These high court documents will be served on the debtors in the next few days who are required to provide a signed affidavit of defence of every single debtor with evidance or make payment due of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus aote to add all further charges occurring of unlawful surveillance or entry into my property from the time of signing this document until the time my claim is processed and paid out in full and in event of no defence and no payment with immediate effect by Summary Judgement from 5pm on tenth working day after last Debtor served the claimant has the lawful right to stop in and seize assets until paid out in full. There is a commercial lien for the full amount in place on the Personal Properties Securities Register and also UCC against the debtors. I have claimed all Rights Reserved with the lawful right to correct any honest errors, mistakes or omissions.

I confirm the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (the month of May 2024 excluding 24-27 May when I am out of the area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 1% administration fee out of my trust for the processing of my claim. 1% of $593,948,900.00NZ is $5,939,489.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent to add value and contribute towards improving roads and services within the Bay of Plenty area, so I am no threat to the justice system or to the New Zealand Government.

You have now have my Admiralty Statement of Claim in your possession. I stipulate that a response must be received in writing from yourself within seven working days of receipt of this notice to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned or do a counter offer including a court hearing date before end of May 2024. My contract can only be rejected if evidance presented shows that it is untrue or incorrect and no defence or evidence has been produced by the defendants or debtors, therefore you know it needs to be processed, so providing you with an opportunity for the court to claim a processing fee.

Except for a Jury, it is a fatal offense for any person, even a Judge or Registrar, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. It is also against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

A date provided for court by end of May 2024 is considered as an acceptance of this contract.

Ledgering and True Bill:

The ledger and True Bill is based on a Certificate and Notice of Default with Notice of Administrative Judgement served on the debtors Stephen Hewlett and Phil Goff and Brooke Barrington and Adrian Orr and Andrew Kibblewhite and Peter Mersi and Susan Freeman-Greene and Caralee McLiesh and Nicola Willis and Kim Martin as individuals in the private plus all the corporations they represent listed as the Debtor Parties at the commencement of this commercial affidavit document on page one.

Debtor's and defendant's failure to respond to the NOTICE of DISHONOUR and NOTICE of LIABILITY with OPPORTUNITY to CURE with ADMINISTRATIVE REMEDY has placed the debtors liable for the debts associated with the three unprocessed Admiralty Statements of Claims of Janine being the CLAIMANT, CREDITOR and SECURED PARTY against Health New Zealand, ASB Bank and Western Bay of Plenty District Council with the three invoices of amounts owed attached with the NOTICE Of LIABILITY that now also have penalty charges added. The TOTAL CURRENT DEBT is $92,963,542,987.84NZ which in writing is ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents as on the fifth day of June 2024 with further charges to be added in event on non payment by 20 June 2024 of five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 for a one million dollars charge rate for making every man woman, boy and girl in New Zealand debt slaves for the National County debt with stipulation that all monies owed being paid out exempt from any tax or other charges and if not paid out the lawful right to continue to add penalty fees plus seize assets to the same value until paid out in full. Health New Zealand and ASB Bank are already 49 days overdue with penalties added, and Western Bay of Plenty District Council is now in default of payment due on 22 May 2024 with ten percent penalty added per week and currently two weeks overdue. The three outstanding charges are as follows eighty eight billion five hundred and seven million six hundred and twenty nine thousand five hundred and eighty one dollars eighty cents ($88,507,629,581.80NZ) associated with Health New Zealand with accruing ten percent per month penalties being added on 19th day of each month plus Western Bay of Plenty District Council debt of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars with two weeks of ten percent accruing interest added brings new total to seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars ($718,678,169.00NZ) plus ASB Bank having a debt of three billion and eighty-eight million six hundred and twenty-four thousand one hundred and sixty two dollars and eighty four cents with two weeks of ten percent penalty interest bringing current amount owing to three billion seven hundred and thirty-seven million two hundred and thirty-five thousand two hundred and thirty-seven dollars ($3,737,235,237.04NZ). Combining the three current amounts owed brings the OVERALL CURRENT TOTAL owed ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents, with further charges to be added if payment not made out by 5pm on 20 June 2024 as witnessed by the three witnesses as Acceptors in the sequence of events

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-pay portal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars ($80,461,481,438.00NZ) and request for immediate Summary Judgement to

occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some

CODAJ-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and BOP LASS and it's Officers and corporations with Liability was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim of the full amount owed plus ten per cent weekly interest with the current debt owed on sixth day of June 2024 being seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars in numeric value being $718,678,169.00NZ.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to

step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the associated corporations of the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND and MINSTRY OF JUSTICE failed to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

13. That a non-response has placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

14. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

15. That we, the Claimant Janine is Holder in Due Course of any Ens Legis, legal and any other relevant stramineous homo. Chattel and instruments are duly claimed by Holder in Due Course held under published Common Law since nativity; and this is a Mandatory Notice: all chattels and instruments are owed material rights, duties, exemptions, insurances, treaties, bonds, agreements, and guarantees including indemnity and full faith with credit and also hereby be advised these chattels and instruments are not subject to Territorial or Municipal New Zealand law and are owed The Law of Peace from all Territorial and Municipal officers, agents and employees who otherwise have no permission to administrate her properties without right and any harm resulting from trespass upon her properties, or the use of fictitious names or titles related to them shall be subject to full liability and penalties in her compensation charge schedule.

16. That we, the Claimant Janine has declared that the one true almighty God created men and woman, and men and woman created corporations; and a corporation can never have control or authority over a living man or woman without their consent and she has not consented to any corporation having control or authority over her; and

17. That we, the Claimant Janine has declared that if anyone acts in bad faith towards us that we have the right to charge them for their actions and that now Stephen Hewlett and the Corporations he represents including but not limited to the Crown corporations, High Court of New Zealand, Tauranga Civil High Court and the Ministry of Justice are now clearly in Dishonour and have brought all the corporations Stephen Hewlett represented into dishonour for the total current debt outstanding of ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents ($92,963,542,987.84NZ) with this amount continuing to go up with ten percent accruing penalty interest being added until paid out in full, plus further charges to be added effective immediately from 5pm on twentieth day of June 2024 as outlined in paragraph 27.

18. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. The CROWN corporation names are HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND with company number 0000216105 and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 with evidence of these found in **Exhibit J**

19. That due to the seriousness of events that are occurring in New Zealand where the corporations and their officers have liability the Claimant Janine has decided to add the following charges that the CROWN corporations and the Chief Executive Officers and directors representing each corporation have liability. The Debtors and Defendants now include High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and Stephen Hewlett as Registrar and in full private and commercial capacity where they are accomplices in making every man, woman, boy and girl living in New Zealand responsible for the National debt of over one hundred and eighty billion dollars with $90,000 allocated to every household with annual interest charge of $4500 and have made Us all debt slaves by deceit with the corporation officers being the enforcers of making

individuals pay this debt. Proof of this debt being allocated to individuals living in New Zealand is included as **Exhibit K**

20. That we, the Claimant Janine has declared that if anyone tries to deceive her with intent to harm her or tries to enslave her they have committed crimes of slavery and fraud and she has lawful right and authority to charge them according to her compensation charge fee schedule which can also change and be updated without notice; and that we have added the charge of one million dollars per every man, woman, boy and girl living in our land being the land of New Zealand for deceit with the intent to harm or enslave on behalf of to be distributed to them included as **Exhibit L**

21. That according to one news on 15th of May 2024 that the New Zealand population on 31 March 2024 was estimated at five million three hundred and thirty-eight thousand nine hundred people (5,338,900) with a one million dollar compensation charge for each individual brings the total charge against the New Zealand government corporations being five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00NZ) where this information can be found on website link https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed and is included as **Exhibit M**

22. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

23. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

24. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 25 which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

25. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with

true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Government and Crown has been provided with this information

26. That We enclose a copy of the three current bills of debt with up to date penalty fees added associated with each of the three Admiralty Statement of Claims plus place all three debt claims outstanding on one true bill ledger to you and the corporations you represent have ten working days to pay out this money or have me before a judge by 20 June 2024 to obtain summary judgement being the last date for this to occur in the unrebutted Notice of Dishonour and Notice of Liability affidavit with Opportunity to Cure, and if this does not occur that we the Claimant Janine has the lawful right to add five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) for a charge on behalf of every individual living in New Zealand where each individual has right of claim of one million dollars for being harmed and made into debt slaves by deceit- **See Exhibit N as 4 pages**

27. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

28. That if no payment of ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents ($92,963,542,987.84NZ) is made by twentieth day of June 2024 by the defendants being Stephen HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OFNEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 with the seizure of assets to the same value if not paid out in full.

29. That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any others charges.

30. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

31. That we the claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take my life she has someone to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where one of the next steps if not resolved by 20 June 2024 will be to notify all New Zealanders that there is a rightful and lawful claim before the high court on behalf of every man woman boy and girl living in New Zealand and there will be an uprising and we the claimants are doing everything to prevent this from happening and believe it is in the best interests of the Debtors to settle and work in partnership with us to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to harm and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

32. That if the officers and directors and corporations that are debtors due to liability work with me, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

33. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows get culled there is intentional actions of harm not only towards cows but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** with supporting evidence of facts contained in this paragraph.

34. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts.

causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal that been affected by intentional acts of weather and environment manipulation, and that the Crown is involved and complicit in using HARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P**

35. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

36. That we the claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

SURETY COLLECTABLE IN SATISFACTION OF CLAIM:

Any and all accounts, bonds, securities, profits, proceeds, fixtures, assets owned and /or managed by any of the Debtors and its subsidiary and/or parent company and/or successor company at any location in New Zealand or outside New Zealand including Stephen Hewlett in his full commercial and private capacity.

By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

That as of the sixth day of June 2024 there has been no point by point rebuttal or any proof or verification signed with wet Ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days) where sixty days occurs on 18th day of June 2024 for the officers and corporations Health New Zealand and ASB Bank and ASB Holdings and the sixty day period ends on 22 July 2024 for Western Bay of Plenty District Council and BOP Lass Limited.

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Not a Point of Law

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations listed in paragraph 18, the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the **Affiant of this Affidavit within 10 Calendar days from first receipt of first debtor with twentieth day of June final day for rebuttal or the following Allegations are PROVEN and resulting Obligations immediately enforceable.**

Nz Government is listed in the stock exchange Market in America as Queen in Right of New Zealand and registered as A Corporation and using IRD to employ us at birth as future employees by getting signed consent from parents in a form of a registration and the receipt of transaction is the birth certificate (bill of exchange) and cause you are a registered employee of the Government all laws rules statutes they make apply to you cause you work for them and the birth cert is used as a security for the queen in right of New Zealand's debt and they can use it legally cause you work for them kinda like a slave thing really in a tricky way but there are mousands of truth seekers out there willing to risk a lot of things to find the real facts when the truth to all this should be in clear view with no interference

Wake Up Call: Government Debt Hits $90,000 Per Household Today - "$90k Debt Day"

Sunday, 19 May 2024, 1:16 pm
Press Release: New Zealand Taxpayers' Union

Based on the latest Treasury forecasts, New Zealand Government debt will tick above $90,000 per household for the first time ever at 10pm today Sunday 19 May 2024. The Taxpayers' Union is calling it "$90k Debt Day".

Commenting on this, Taxpayers' Union Policy and Public Affairs Manager, James Ross, said:

"For the first time ever, the New Zealand Government Debt Clock will pass $90,000 per household. Our kids and grandkids will spend their lives paying this off, and it means less money for core services like health, policing and education.

"This means the average household is now having to stump up about $4,500 a year just paying the interest on the debt. That's more than the cost of the defence force, police, corrections and customs combined.

"And it's nowhere near stopping. Right now, Nicola Willis is borrowing $75 million a day to keep an over-bloated Government afloat. Her so-called 'cuts' barely scratch the surface of what is needed to get the books back into black.

"Kiwis can only bend so far before they break. Struggling families need Nicola Willis to take an axe to wasteful spending and deliver serious savings in the Budget on 30 May."

The Taxpayers' Union's debt clock is based on Treasury's official fiscal forecasts in the 2023 Half Year Economic and Fiscal Update. It can be viewed at www.debtclock.nz.

New Zealand's population (illustration). (Source: 1News) dated 15 May 2024

https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed

New Zealand's population has risen by more than 100,000 people in the past year, Stats NZ revealed today.

The year ended March 2024 saw New Zealand's population grow by 2.5%, or about 130,700 people, the agency said this morning.

That figure stems from an estimated natural increase (births minus deaths) of 19,500 and an estimated net migration (migrant arrivals minus migrant departures) of 111,100 people.

And New Zealand saw fewer births and deaths in the year ended March 2024 than the year before.

The agency said there were 56,277 live births registered in New Zealand in the year ended March 2024.

That's down from 58,707 in the year ended March 2023, a decrease of about 2500.

And there were 37,623 deaths registered in the year ended March 2024, over 1000 less than the 38,835 deaths registered in the year ended March 2023.

"The total fertility rate was 1.52 births per woman, down from 1.65," Stats NZ said. "The infant mortality rate was 3.8 deaths per 1000 live births, up from 3.5 per 1000, but down from 4.2 per 1000 in the year ended March 2022."

The agency also released New Zealand's provisional national population statistics for the same period.

"At 31 March 2024: New Zealand's estimated resident population was provisionally 5,338,900.

"There were 2,680,900 females and 2,658,000 males.

"The median age of females and males was 38.9 and 37.1 respectively."

Today's release comes after Stats NZ's population insights analyst Rebekah Hennessey said in February that 2023 had seen the "lowest number of births registered in 20 years".

Hennessey explained the number of deaths "generally increases as the population both grows and becomes older".

"The number of births, however, is driven by a more complex mix of social and demographic factors that change over time."

Current H5N1 Bird Flu Situation in Dairy Cows

Taken from Centre for Disease Control website
https://www.cdc.gov/flu/avianflu/mammals.htm

Domestic Summary

A multistate outbreak of HPAI A(H5N1) bird flu in dairy cows was first reported on March 25, 2024. This is the first time that these bird flu viruses had been found in cows. On April 1, CDC confirmed one human HPAI A(H5N1) infection in a person with exposure to dairy cows in Texas that were presumed to be infected with the virus. This is thought to be the first instance of likely mammal to human spread of HPAI A(H5N1) virus. In May 2024, CDC began reporting additional, sporadic human cases in people who had exposure to infected dairy cows. That latest human case counts are available at H5N1 Bird Flu: Current Situation Summary | Avian Influenza (Flu) (cdc.gov).
In the United States, since 2022, USDA APHIS has reported HPAI A(H5N1) virus detections in more than 200 mammals.

Background

While rare, mammals can be infected with highly pathogenic avian influenza (HPAI) A(H5N1) ("H5N1 bird flu") viruses. Reports of these sporadic infections in mammals have occurred globally amid widespread outbreaks of bird flu infections in wild birds and poultry.

Mammals can be infected with H5N1 bird flu viruses when they eat infected birds, poultry, or other animals and/or if they are exposed to environments contaminated with virus. Spread of H5N1 bird flu viruses from mammal to mammal is thought to be rare, but possible.

Global Summary

Globally, sporadic HPAI A(H5N1) virus infections in mammals have been reported across the continents of Asia, North America, South America, and Europe. More information about the global impact of avian influenza can be found here: Avian Influenza – WOAH – World Organisation for Animal Health.
Specifically, recent HPAI A(H5N1) infections in mammals have been detected in sea lions in Peru and Chile, sea elephants in Argentina, and foxes in Canada, France, and other countries. A list of significant HPAI outbreaks, including in mammals, can be found here: Highlights in the History of Avian Influenza (Bird Flu) Timeline – 2020-2024.

Risk to Humans

The wide geographic spread of HPAI A(H5N1) viruses in wild birds, poultry, and some other mammals, including in cows, could create additional opportunities for people to be exposed to these viruses. Therefore, there could be an increase in sporadic human infections resulting from bird and animal exposures, even if the risk of these viruses spreading from birds to people has not increased. CDC believes the current risk to the general public from bird flu viruses is low. People who have job-related or recreational exposure to infected birds or animals, including cows, are at greater risk of contracting HPAI A(H5N1) virus. CDC has recommendations related to testing, treatment of HPAI A(H5N1) infection and prevention of exposure to these viruses: Highly Pathogenic Avian Influenza A(H5N1) Virus in Animals: Interim Recommendations for Prevention, Monitoring, and Public Health Investigations.

Fonterra CEO on NZ's 'emotional' links to brands up for sale

Fonterra's chief executive has admitted the company's proposal to sell of a number of its well-known brands has been met with a small amount of resistance from people with "emotional connections to these brands" amid a "generally positive" response from shareholders.

The dairy cooperative announced last week it's looking to sell all or part of its global consumer business as it shifts its focus to becoming a global business-to-business provider of dairy nutrition products.

Fonterra's consumer business brands included Anchor, Mainland, and Kāpiti among others.

Fonterra CEO Miles Hurrell told 1News today that the reaction from farmers and other shareholders has "generally been positive", adding the "backbone" of the company "has always been" the business-to-business side.

"There's always the odd person that gives a concern when it comes to the iconic brands in New Zealand," Hurrell later added.

"We understand and acknowledge that, and I think it actually shows the importance of what we've done to grow those brands.

"So we should take pride in that fact – but at the same time we need to acknowledge and understand that people have emotional connections to these brands, and recognise that as well."

Where to from here?

"We announced last Thursday that we are embarking on this review of the business, to have a good look," Hurrell said.
"We're in day two or day three of that, so it's too early to say who will come out of the woodwork as a potential buyer.
"Overwhelming positive [feedback from farmers and shareholders] at this point in time."
Hurrell expected it to be 12-18 months before "we see any sort of movement in this area" – "but the work starts now".
And the money from any potential sale "could go anywhere", he added.
"At one end of the spectrum, farmers, shareholders may look for a return," Hurrell said.
"Or at the same time, we could invest in some growth projects.
"We need to start engaging with the bankers and understanding the international market to see who may be a potential suitor but, until we get through that phase, it's too early to start to communicate anything more to our farmers."

Cow-less dairy products firm gets green light for huge expansion

A company developing dairy proteins in the laboratory without cows has been given the green light to scale up production by a factor of 500.
Auckland-based Daisy Lab uses genetically modified organisms to create milk protein. However, there are concerns about what this technology could mean for the dairy industry.
Co-founder and chief scientific officer Nikki Freed said genetically modified yeast is used to make proteins.
"What we're interested in doing is making proteins that are typically found in cow's milk but doing that without the cow."
A process known as precision fermentation uses microbes as "factories" to produce specific ingredients.
It is commonly used in the pharmaceutical industry, but the team at Daisy Lab believes dairy proteins, such as whey, casein and lactoferrin, can be produced in the same way.
Freed added: "Our next steps will be basically creating or partnering with another company to create consumer formulations, so you see this on the supermarket shelf."
The Environmental Protection Authority has granted approval for the company to scale up production 500-fold from its existing allowance.
Genetically modified organisms are considered a new organism and thus require approval, said general manager of hazardous substances and new organisms Chris Hill
"The kind of genetic modifications they are doing are also low risk; I mean, they're not producing anything that could mimic a virus or anything like that."
Agriculture and trade expert Alan Renwick said demand for protein is growing rapidly.
"It will be taking part of a growing market, but of course longer term, once they become very competitive, once they are able to produce at scale cheaply, then it may begin to erode into the dairy market."
Freed said she does not think Daisy Lab will disrupt the dairy industry "too much."
"I think even Fonterra recognises they cannot keep growing their herds. We can't keep using the land that we have like we're using right now.

In a statement, Fonterra said it has been actively researching and investing in precision fermentation since 2018.
It added there are numerous challenges to overcome before the technology can produce protein at similar costs to those sourced from milk.

To the Tauranga Civil High Court Registrars

The **Notice of Servings and Affidavit and Notice of Summary Judgement for Immediate Effect 5pm July 2024** was filed yesterday through the online file and pay portal on courtsofnz.govt.nz for the Admiralty Statement of Claim with reference ASC-SH-HCNZ-JA-01 and filing reference T242713. These documents were also sent to Wellington High Court who stated that as the process started in the Tauranga Civil High Court it had to remain there unless a Judge appointed it to be transferred to the Wellington High Court, and they required a few formatting changes for the documents to be accepted. All of the information required was in this document, and the formatting changes were minor. The Notice of Servings amended document is attached with changes being changes in layout of the cover page with no page number with the address of service at the bottom of the page (previously was in middle of page), plus margin increased by about 0.6cm plus naming of the occupations of the defendants. As the page numbers have changed I will send later today the Exhibits through the online portal.

The Tauranga Civil High Court has been in possession of my three Admiralty Statement of Claims for about four months now, and have had many opportunities to inform me of changes needed to the format of documents lodged. Due to the length of time they have had these documents in their possession the Tauranga Civil High Court is in dishonour and unless I hear back by 4pm today being Wednesday the tenth day of July, it is taken as tacit acceptance and silent acquiescence that all the documents in the four Admiralty Statements of Claim have been accepted in the current format. If you do respond back by 4pm today with the changes required I will have all documents back to you by Monday morning 15 July 2024 8am.

The Tauranga Civil High Court representatives and registrars also have until 4pm on Monday 15 July 2024 to inform the plaintiff being me - Janine that a Court hearing has been scheduled for morning of Friday 19 July 2024 for Summary Judgment on the Four Admiralty Statements of Claim, where two are at 90 days of being in default, which is a criminal chargeable offence. It is also taken as tacit acceptance and silent acquiescence that no response back by 4pm on Monday 15 July 2024 with a court hearing date for morning of Friday 19 July 2024 that the Tauranga Civil High Court accepts that I will be coming into the Tauranga Civil High Court on the morning of Friday 19 July 2024 with true rightful claim for lawful Immediate Summary Judgement with the Court Registrar or representative required by law to stamp with the High Court Seal on the four undefended Admiralty Statements of Claim And Four True Bill Ledgers.

With honour

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including

 All Rights Reserved

Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024. and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity

including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a

level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. That Stephen Hewlett received this information three times and had no excuses for not receiving or responding, and chose not to respond. The three two page contract terms were included as **Exhibits D, E and** F in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not

sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required

is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening. and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability. Proof of this communication can be found in **Exhibit T** with this High Court Document.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims. but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

14. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.
