32. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

33. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE, where Bede Corry has taken over as the Secretary on 1 July 2024 and he has also been sent this notice so he has the chance to rebut on behalf of the corporation and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding

Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

34. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

35. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

36. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to

restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

37. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with

ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

39. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

40. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

41. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to

Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

42. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

43. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
44. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

45. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

46. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful

commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

47. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

48. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

49. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

50. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

51. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

52. That as of the first day of July 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

53. That the AD5 form Notice of Proceeding is attached with the Admiralty Statement of Claim dated 1 July 2024 and received 3 or 4 July 2024 by all the Defendants where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought, where the last day for defence is 5pm on 18th day of July 2024.

54. The Summary Judgement G13 form was attached with the Admiralty Statement of Claim dated 1 July and received either 3 or 4 July by all the defendants stating that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers

and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That on the seventh day of May 2024 We lodged with the Tauranga Civil High Court a third Admiralty Statement of Claim including Summary Judgement Claim against the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his

role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

10. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

11. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

12. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

13. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession. so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

31. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

32. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE, where Bede Corry has taken over as the Secretary on 1 July 2024 and he has also been sent this notice so he has the chance to rebut on behalf of the corporation and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and

Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

33. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

34. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

35. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

36. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

37. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing

reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

39. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

40. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means

no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

41. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

42. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
43. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

44. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

45. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH

COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where If the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

46. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

47. That included with the fourth Admiralty Statement of Claim ASC-SH-HCNZ-JA-01 is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

48. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

49. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

50. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

51. That there has been no point by point rebuttal by the first day of July 2024 or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

52. That the AD5 form Notice of Proceeding was attached with the Admiralty Statement of Claim dated 1 July 2024 and received 3 or 4 July 2024 by all the Defendants where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought, where the last day for defence is 5pm on 18th day of July 2024.

53. The Summary Judgement G13 form was attached with the Admiralty Statement of Claim dated 1 July and received either 3 or 4 July by all the defendants stating that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

55. That the Commercial Affidavit of Obligation and Notice of Commercial Lien by Force of International Admiralty and Common Law was received twice

Debtors and Ministers and Officers and Commissioners with Accountability and Commercial Liability

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That on 18 July 2024 at 5pm Immediate Summary Judgement was made against HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS for immediate takeover. All debtors were aware of this. All other corporations were added as debtors due to the

All Rights Reserved

High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 and now provide him as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY ten calendar days to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024.

4. All listed debtors are given the opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non payment and obstruction.

5. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely

All Rights Reserved

clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man. woman. boy and girl living in New Zealand and any charge made to any man. woman, boy or girl following this date is a criminal offence.

6. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 20th day of August 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

7. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

8. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me. the benefactor will release further funds for upgrading of New Zealand roads.

9. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

10. That backdated to nineteenth day of April in year of 2024 (judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment. innocent until proven guilty, right to privacy. right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble. right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

11. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

12. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

13. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

14. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with Us to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

15. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. We stand against any additives going into the water which means that 100% consensus can never be achieved.

16. That Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy have released in the media that the covid-19 mandates are fully removed due to evidence provided that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect from 20 August 2024. That this will help solve the health crisis of insufficient clinicians to provide health services.

17. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. We instructed that full information be released that same week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

18. In event of non action and dishonouring of Our instructions to be implemented by 20 August 2024 We hold the lawful right to place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

19. Two further corporations are due for liquidation or takeover on 20 August 2024 being WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding and on 19 September 2024 if all corporations and their representatives remain in dishonour full seize of all debtor corporations and assets will occur on that date. We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS with the lawful right to seize all assets to be used for the best interests of the people of New Zealand, and this is now in process of being implemented..

20. That Nicola Willis, Chris Luxon, Shane Reti and Lester Levy are provided with one further opportunity to set up a meeting with me Janine prior to 20 August 2024.

All Rights Reserved

21. That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for over sixteen trillion dollars at that time. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced.

22. That the four Bill ledgers are attached showing the current outstanding debts owed.

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above 22 point Second Reminder and Notice of Liability plus four Bill Ledgers attached dated 8 August 2024 associated with the four Admiralty Statements of Claim and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.

Plus Any successor corporations set up to replace any of the corporations or debtors to prevent liability and in the event of removal or transfer of assets the lawful right to seize and claim off either the parent or successor corporations or any other corporation or individual that assets are transferred or sold to.

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That on 18 July 2024 at 5pm Immediate Summary Judgement was made against HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS for immediate takeover. All debtors were aware of this. All other corporations were added as debtors due to the High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points in the notice dated 24 July, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and he was provided ten calendar days from first day of receipt on 10 August 2024 to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child

All Rights Reserved

living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024. That Mark Butcher chose not to rebut this claim by 20 August 2024 and through lawful tacit acceptances has made himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY liable for the one million dollar claim for every man woman boy and girl living the land of New Zealand also known as Aotearoa with ten percent interest added per week until settled in full with the right to seize all assets of the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY or any successor or associated or parent corporation until paid out in full.

4. That **Malcolm Alexander's** name is added as a debtor on 23 August 2024 as individual and as Chief Executive representing the LOCAL GOVERNMENT NEW ZEALAND and he is provided ten calendar days from first day of receipt on 23 August 2024 to rebut the Admiralty Statement of Claim that he and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Malcom Alexander has until 5pm on Friday the sixth of September 2024 to provide a rebuttal of this statement on behalf of himself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 23 August 2024.

5. That all other debtors have already had at least 2-3 opportunities to rebut the statement that he/she and the corporation(s) they represent have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property and many other taxes and revenue making fines including high profit mark ups for basic services such as power and pharmaceutical drugs, speeding and parking fines and some are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit. **All are given one final opportunity with ten calendar days to rebut in by Friday 6 September 2024 with his/her own wet ink signature in his/her full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he/she is fully aware that this has occurred and has done nothing to stop it, and therefore hold full accountability and liability.**

6. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl, that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and

All Rights Reserved

control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man, woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation or tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. In the next week I will be going into the courts of heaven on behalf of every individual debtor pleading for your soul to cancel out your debts plus protection over your lives and your family and courage to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful bills of exchange which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into New Zealand also known as Aotearoa I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

7. That due to non rebuttal and non payment I have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS plus all the individuals and officers and directors representing them with the lawful right of takeover and seizure of all assets plus the right to remove or step aside of anyone acting in wrongful manner and all other listed debtors have until 5pm on 19 September 2024 to rebut or make payment or meet and sign agreement with me to work in partnership to change directions and decisions and actions into the best interests of the people of our land. The full plan will be actioned from 20 September 2024 and depends on individual actions as to who will stay and who will go.

8. All listed debtors are given the final opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to by 6 September 2024 with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non-payment and non-action or obstruction. Due to non-action to date commercial liens are now being placed over the individuals until you take right action with full lawful right to seize your assets if remaining in dishonour.

9. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man, woman, boy and girl living in New Zealand and any charge made to any man, woman,

All Rights Reserved

boy or girl following this date is a criminal offence with criminal and commercial charges. That Nicola Willis has the means to pay off the national debt and if she is not sure how will meet with her to determine the steps to action this.

10. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 6th day of September 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

11. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

12. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me, the benefactor of behalf of all will release further funds for upgrading of New Zealand roads.

13. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

14. That backdated to nineteenth day of April in year of 2024 (where judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

15. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual

All Rights Reserved

can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

16. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise. That as this occurs We will release further funds for home ownership plus upgrading infrastructure so that all the people of New Zealand have access to have their basic needs met.

17. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges. where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

18. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with Us to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

19. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. We stand against any additives going into the water which means that 100% consensus can never be achieved.

20. That Diana Sarfati is now added as individual and representative of ministry of Health and she, Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy demanded that it be released in the media that the covid-19 mandates are fully removed due to my unrebutted High Court evidence provided at the time of the Mandates that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect. That this will help solve the health crisis of insufficient clinicians to provide health services, and that if this does not occur by 6 September 2024 there will be consequences on the individuals Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy and Diana Sarfati where they will be held fully accountable for the harm that has occurred as a result of non-action.

21. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. We instructed that full information be released that same week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control, that Shane Reti, Chris Luxon and Lester Levy and Diana Sarfati have until 6 September 2024 to implement this.

22. In event of non action and dishonouring of Our instructions to be implemented by 6 September 2024 We hold the lawful right to seize assets and place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

23. That SUMMARY JUDGEMENT is now in place from 20 August 2024 for liquidation or takeover of WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and any other successor corporations and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding with commercial liens now going against Murray John Holyoake and Fiona McTavish and Mark Butcher as the representatives of these corporations.

24. That on 19 September 2024 if all corporations and their representatives remain in dishonour full seizure and takeover of all debtor corporations and individual and corporation debtor assets will occur from that date. We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We will step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS

All Rights Reserved

and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS and all listed debtor corporations with the lawful right to seize all assets to be used for the best interests of the people of New Zealand, and this is now in process of being implemented..

25. That Nicola Willis, Chris Luxon, Shane Reti and Lester Levy and Diana Sarfati are provided with one further opportunity to set up a meeting with me Janine prior to 6 September 2024.

26. That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non-payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for over sixteen trillion dollars at that time. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced.

27. That the four Bill ledgers are attached showing the current outstanding debts owed as of 23 August 2024 also showing what will be owed on 19 September 2024 in event of non-action and non-payment..

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above 27 points of this NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and NOTICE OF LIABILITY and NOTICE OF TAKEOVER OF ALL ASSETS of LISTED DEBTORS plus attached four True Bill Ledgers dated 23 August 2024 associated with the four Admiralty Statements of Claim and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private first-hand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.

3. That Malcolm Alexander's name was added as a debtor on 23 August 2024 as individual and representing the LOCAL GOVERNMENT NEW ZEALAND and he is provided ten calendar days from first day of receipt on 23 August 2024 to rebut the Admiralty Statement of Claim that he and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Malcom Alexander had until 5pm on Friday the sixth of September 2024 to provide a rebuttal of this statement on behalf of himself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 23 August 2024.

4. That Susan Freeman-Greene in the private and representing LOCAL GOVERNMENT NEW ZEALAND is provided final opportunity to rebut the Admiralty Statement of Claim that she and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Susan Freeman-Greene has until 5pm on Friday the nineteenth of September 2024 to provide a rebuttal of this statement on behalf of herself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with her wet ink signature in her full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that she is fully aware that this has occurred and has done nothing to stop it. so that she and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest backdated to eighteenth day of July 2024 when her personal liability commenced as well as the New Zealand Crown corporations she represents.

5. That Diana Sarfati in private and representing MINISTRY OF HEALTH has already been given two opportunities to rebut Notice of Immediate Summary Judgement of Admiralty Statement of claim dated 18 July 2024 and the Immediate Summary Judgement and Notice of Takeover 23 August 2024 both received 12.08pm on 28 August 2024, and first receipt by email on 27 August where she had ten calendar days to rebut or take remedy with the ten calendar days ending on Monday 7 September 2024. immediate effect. That this will help solve the health crisis of insufficient clinicians to provide health services, and that if this does not occur by 19 September 2024 Diana Sarfati will personally be held fully accountable for the harm that has occurred as a result of non-action.

9. That Diana Sarfati as individual and representing the MINISTRY OF HEALTH also states in the media that the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose for their own health and wellbeing. That Big Pharma are required to inform the public of the full ingredient list in cancer drugs and all other drugs the profit mark up and the success rate of each drug where all alternative treatment options be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control, that Diana Sarfati has until 19 September 2024 to implement this.

We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We will step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS and MINISTRY OF HEALTH and all listed debtor corporations on NOTICE OF IMMEDIATE SUMMARY JUDEGEMENT dated 18 July 2024 with the lawful right to seize all assets to be used for the best interests of the people of New Zealand, and this is now in process of being implemented..

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to you to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and all the documents that were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-payportal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of just over eighty billion dollars with Notice of Proceeding provided to the defendants and the Civil High Court and yourself for immediate Summary Judgement to occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. We have included the stamped copy of receipt T210900 of the lodged claim as **Exhibit A.**

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to you to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 and that the Proceeding needed to occur immediately after that time was emailed direct to you to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure you were very clear that Summary Judgement would occur on nineteenth day of April 2024

where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt T212290 of the lodged claim is in **Exhibit B.**

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. You appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, and we came in and out of the court at least three times, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and you informed us that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let you know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that you knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point you went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters,dronesand cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see you, where you came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. You stated again " I can not help you today and I have not yet even looked at your claims". You asked me to confirm and clarify what jurisdiction were these documents under, as you believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when you would look at the claims and you replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. Your response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" You then said that you need to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed you three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to you and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented you with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. You stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent you and stamped that as well. You informed me that We didn't have the

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

New Zealand

address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that you have at least glanced over Our documents enough to notice this. You again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to you to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt T223938 for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and it's Officers and corporations with Liability is included as **Exhibit C**.

8. We took notice of your comments that were made and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'In' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to you at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter claim in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms are included as **Exhibits D, E and** F.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to your colleague and fellow deputy Registrar who sits beside your desk and she said you were out of the office and she was not sure if you would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day you received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite you a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on your desk with the bright pink hand written note on top, and said she would ask you to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from you and choose to come back into the court to see you in person. We met you at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello and that We were here to remind you that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given seven days to respond and either accept or reject or counter offer the terms of each if the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. You then told me that you had been extremely busy and had not had the chance to look at any of Our documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. You then said to us that civil Law is not a contract. We reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to us that you had not decided at that time if you were going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least four witnesses who confirm this is correct, where two of these witnesses also sign this affidavit.

9c. You then pointed at your desk showing that you did have the hard copy of each of Our three full claims and contracts on your desk. We asked you did you ever have any intention of processing Our claims. Your response was that you are extremely busy and you didn't know when you would get to them but it was your intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts terms that were presented by us in person to the counter the day before when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address Our claims to in event you did not have authority to do so. We showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and We provided you with a fourth option on this form of giving Us a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.

9e. We informed you that there had been an attempt on my life this last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. You responded that you had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g was emailed to you to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where you have no excuses now having received these documents three times and We informed you that if you do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that you are acting in dishonor and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from you by the end of that day five pm and would accept a response by email to keep you in honour and prevent any personal liability, otherwise would need to send you a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance you would have been able to simply reject them, and the very fact that you haven't rejected them indicates that you

know We have a true and rightful claim in each of the three cases. You could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

OPPORTUNITY TO CURE

11. We agree to provide you with a further ten working days to accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within ten working days and allowing a further ten working days from that point for the Summary Judgement Hearing to occur before a judge on each of the three claims. As long as this occurs within ten working days from receipt of this Notice of Dishonour and Notice of Liability this will bring you back into honour. We make it clear that there will be no further time extension as two of Our claims have no defence and the Defendants of the third Admiralty Statement of Claim have until Wednesday 22 May 2024 for a defence or payment where extremely unlikely to put forward a defence, and where there is no defence to a signed commercial affidavit a judge has to rule in favour of the Claimant and Plaintiff which is Us. Attached with this notice are three contract response forms, one for each contract.

12. That if Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND fails to rebut point by point these claims of the claimants Janine and the trade names she represents being JANINE WALTERS and JANINE ARABELLA, then the non-response and non- rebuttal will be taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

Notice to the Civil High Court of My Contract Terms

Regarding: Admiralty Statement of Claim and Summary Judgement against HEALTH NEW ZEALAND and its officers

HIGH COURT
07 MAY 2024
TAURANGA

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters

On 18 March 2024 the Tauranga Civil High Court were in possession of my Admiralty Statement of Claim against HEALTH NEW ZEALAND corporation and some of the officers with liability as debtors. The documents related to this claim of liability and harm were labelled 'A', 'B', 'C', 'D', 'E', 'F', 'G' and 'H' plus Notice of Service on Debtors and Notice of Summary Judgement on Admiralty Statement of Claim to take Effect 5pm on 18th day of April 2024. The full set of these documents were served on the debtors and they were required to respond with a defence or make payment by 5pm on 18th day of April 2024. I confirm that no payment or defence was received and that I already have judgement in law and commerce to receive payment for eighty billion, one hundred and eighty two million four hundred and eighty one thousand four hundred and thirty eight new zealand dollars ($80,182,481,438.00NZ) with the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with me the Claimant to action steps of Restorative Justice. There is a commercial lien for the full amount in place on the Persona, Properties Securities Register and also UCC against the debtors. I have claimed all Rights Reserved with the lawful right to correct any honest errors, mistakes or omissions. It is noted here that there was an error of mathematical addition of the total owed and this has also been corrected. On the invoice 1008 there were two figures being $182,481,438.00 plus $80,279,000,000.00. Adding these two figures together the correct total owed is eighty billion dollars four hundred and sixty one million, four hundred and eight one thousand, four hundred and thirty eight dollars. ($80,461,481,438.00NZ) You informed me that the address for service needs to be on the front page as well as at the back on each document. I have corrected this and provide you with this letter a hard copy of all front pages plus have confirmed the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (the month of May 2024 excluding 24-27 May when I am out of the Area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 0.1% administration fee out of my trust for the processing of my claim. 0.1% of $80,461,481,438.00NZ is $8,461,481.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent from that time to take over the running of the corporation HEALTH NEW ZEALAND using the funds received from summary judgement (excluding the amount of my own personal claim) with the goal of actioning steps of restorative justice to address and right the wrongs of the last four years of mandates and vaccine injuries and preventable deaths that have occurred to help determine the best way to meet the health needs of the New Zealand people going forward. I aim to work in partnership with the new government of New Zealand and with the

officers within HEALTH NEW ZEALAND where I am adding value and contributing towards improving the health system in New Zealand, so I am no threat to the justice system or to the New Zealand Government.

The research is showing that MRNA technology does have the potential and is changing human DNA, so the steps of action I am taking is literally to help save the future of mankind. Due to this fact there is an urgency for someone with honour and integrity to step in to prevent further harm and I believe that I am the right individual also having lawful claim to do so with all the necessary skills sets from past experiences to co-ordinate a team of managers and oversee the health system putting in place protective measures to allow people to be provided with full disclosure of health treatment options available so that they can make informed choices about his/her own health and wellbeing.

You have now had my Admiralty Statement of Claim in your possession since 18 March 2024 for over seven weeks and the last day for defence was three weeks ago on 18 April 2024. I stipulate that a response must be received in writing from yourself within seven working days of receipt of this notice to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned or do a counter offer including a court hearing date before end of May 2024. My contract can only be rejected if evidence presented shows that it is untrue or incorrect and no defence or evidence has been produced by the defendants or debtors, therefore you know it needs to be processed, so providing you with an opportunity for the court to claim a processing fee.

Except for a Jury, it is a fatal offense for any person, even a Judge or Registrar, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. It is also against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

A date provided for court by end of May is considered as an acceptance of this contract.

Ledgering and True Bill:

The ledger and True Bill is based on a Certificate and Notice of Default with Notice of Administrative Judgement served on the debtors Stephen Hewlett and Phil Goff and Brooke Barrington and Adrian Orr and Andrew Kibblewhite and Peter Mersi and Susan Freeman-Greene and Caralee McLiesh and Nicola Willis and Kim Martin as individuals in the private plus all the corporations they represent listed as the Debtor Parties at the commencement of this commercial affidavit document on page one.

Debtor's and defendant's failure to respond to the NOTICE of DISHONOUR and NOTICE of LIABILITY with OPPORTUNITY to CURE with ADMINISTRATIVE REMEDY has placed the debtors liable for the debts associated with the three unprocessed Admiralty Statements of Claims of Janine being the CLAIMANT, CREDITOR and SECURED PARTY against Health New Zealand, ASB Bank and Western Bay of Plenty District Council with the three invoices of amounts owed attached with the NOTICE Of LIABILITY that now also have penalty charges added. The TOTAL CURRENT DEBT Is $92,963,542,987.84NZ which in writing is ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents as on the fifth day of June 2024 with further charges to be added in event on non payment by 20 June 2024 of five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 for a one million dollars charge rate for making every man woman, boy and girl in New Zealand debt slaves for the National County debt with stipulation that all monies owed being paid out exempt from any tax or other charges and if not paid out the lawful right to continue to add penalty fees plus seize assets to the same value until paid out in full. Health New Zealand and ASB Bank are already 49 days overdue with penalties added, and Western Bay of Plenty District Council is now in default of payment due on 22 May 2024 with ten percent penalty added per week and currently two weeks overdue. The three outstanding charges are as follows eighty eight billion five hundred and seven million six hundred and twenty nine thousand five hundred and eighty one dollars eighty cents ($88,507,629,581.80NZ) associated with Health New Zealand with accruing ten percent per month penalties being added on 19th day of each month plus Western Bay of Plenty District Council debt of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars with two weeks of ten percent accruing interest added brings new total to seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars ($718,678,169.00NZ) plus ASB Bank having a debt of three billion and eighty-eight million six hundred and twenty-four thousand one hundred and sixty two dollars and eighty four cents with two weeks of ten percent penalty interest bringing current amount owing to three billion seven hundred and thirty-seven million two hundred and thirty-five thousand two hundred and thirty-seven dollars ($3,737,235,237.04NZ). Combining the three current amounts owed brings the OVERALL CURRENT TOTAL owed ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents, with further charges to be added if payment not made out by 5pm on 20 June 2024 as witnessed by the three witnesses as Acceptors in the sequence of events

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-pay portal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars ($80,461,481,438.00NZ) and request for immediate Summary Judgement to

occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some

obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and BOP LASS and it's Officers and corporations with Liability was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim of the full amount owed plus ten per cent weekly interest with the current debt owed on sixth day of June 2024 being seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars in numeric value being $718,678,169.00NZ.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to

step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the associated corporations of the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND and MINSTRY OF JUSTICE failed to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

13. That a non-response has placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

25. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with

true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Government and Crown has been provided with this information

26. That We enclose a copy of the three current bills of debt with up to date penalty fees added associated with each of the three Admiralty Statement of Claims plus place all three debt claims outstanding on one true bill ledger to you and the corporations you represent have ten working days to pay out this money or have me before a judge by 20 June 2024 to obtain summary judgement being the last date for this to occur in the unrebutted Notice of Dishonour and Notice of Liability affidavit with Opportunity to Cure, and if this does not occur that we the Claimant Janine has the lawful right to add five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) for a charge on behalf of every individual living in New Zealand where each individual has right of claim of one million dollars for being harmed and made into debt slaves by deceit- **See Exhibit N as 4 pages**

27. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

28. That if no payment of ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents ($92,963,542,987.84NZ) is made by twentieth day of June 2024 by the defendants being Stephen HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OFNEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five quadrillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00) effective immediately from 5pm on twentieth day of June 2024 with the seizure of assets to the same value if not paid out in full.

29. That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any others charges.

30. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

31. That we the claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take my life she has someone to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on. so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where one of the next steps if not resolved by 20 June 2024 will be to notify all New Zealanders that there is a rightful and lawful claim before the high court on behalf of every man woman boy and girl living in New Zealand and there will be an uprising and we the claimants are doing everything to prevent this from happening and believe it is in the best interests of the Debtors to settle and work in partnership with us to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to harm and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

32. That if the officers and directors and corporations that are debtors due to liability work with me, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

33. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows get culled there is intentional actions of harm not only towards cows but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** with supporting evidence of facts contained in this paragraph.

34. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts,

causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal that been affected by intentional acts of weather and environment manipulation, and that the Crown is involved and complicit in using HARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P**

35. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

36. That we the claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

SURETY COLLLCTABLE IN SATISFACTION OF CLAIM:

Any and all accounts, bonds, securities, profits, proceeds, fixtures, assets owned and /or managed by any of the Debtors and its subsidiary and/or parent company and/or successor company at any location in New Zealand or outside New Zealand including Stephen Hewlett in his full commercial and private capacity.

By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

That as of the sixth day of June 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days) where sixty days occurs on 18th day of June 2024 for the officers and corporations Health New Zealand and ASB Bank and ASB Holdings and the sixty day period ends on 22 July 2024 for Western Bay of Plenty District Council and BOP Lass Limited.

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations listed in paragraph 18, the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the **Affiant of this Affidavit within 10 Calendar days from first receipt of first debtor with twentieth day of June final day for rebuttal or the following Allegations are PROVEN and resulting Obligations immediately enforceable.**

Nz Government is listed in the stock exchange Market in America as Queen in Right of New Zealand and registered as A Corporation and using IRD to employ us at birth as future employees by getting signed consent from parents in a form of a registration and the receipt of transaction is the birth certificate (bill of exchange) and cause you are a registered employee of the Government all laws rules statutes they make apply to you cause you work for them and the birth cert is used as a security for the queen in right of New Zealand's debt and they can use it legally cause you work for them kinda like a slave thing really in a tricky way but there are thousands of truth seekers out there willing to risk a lot of things to find the real facts when the truth to all this should be in clear view with no interference

Wake Up Call: Government Debt Hits $90,000 Per Household Today - "$90k Debt Day"

Sunday, 19 May 2024, 1:16 pm
Press Release: New Zealand Taxpayers' Union

Based on the latest Treasury forecasts, New Zealand Government debt will tick above $90,000 per household for the first time ever at 10pm today, Sunday 19 May 2024. The Taxpayers' Union is calling it "$90k Debt Day".

Commenting on this, Taxpayers' Union Policy and Public Affairs Manager, James Ross, said:

"For the first time ever, the New Zealand Government Debt Clock will pass $90,000 per household. Our kids and grandkids will spend their lives paying this off, and it means less money for core services like health, policing and education.

"This means the average household is now having to stump up about $4,500 a year just paying the interest on the debt. That's more than the cost of the defence force, police, corrections and customs combined.

"And it's nowhere near stopping. Right now, Nicola Willis is borrowing $75 million a day to keep an over-bloated Government afloat. Her so-called 'cuts' barely scratch the surface of what is needed to get the books back into black.

"Kiwis can only bend so far before they break. Struggling families need Nicola Willis to take an axe to wasteful spending and deliver serious savings in the Budget on 30 May."

The Taxpayers' Union's debt clock is based on Treasury's official fiscal forecasts in the 2023 Half Year Economic and Fiscal Update. It can be viewed at www.debtclock.nz.

New Zealand's population (illustration). (Source: 1News) dated 15 May 2024

https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed

New Zealand's population has risen by more than 100,000 people in the past year, Stats NZ revealed today.

The year ended March 2024 saw New Zealand's population grow by 2.5%, or about 130,700 people, the agency said this morning.

That figure stems from an estimated natural increase (births minus deaths) of 19,500 and an estimated net migration (migrant arrivals minus migrant departures) of 111,100 people.

And New Zealand saw fewer births and deaths in the year ended March 2024 than the year before.

The agency said there were 56,277 live births registered in New Zealand in the year ended March 2024.

That's down from 58,707 in the year ended March 2023, a decrease of about 2500.

And there were 37,623 deaths registered in the year ended March 2024, over 1000 less than the 38,635 deaths registered in the year ended March 2023.

"The total fertility rate was 1.52 births per woman, down from 1.65," Stats NZ said. "The infant mortality rate was 3.8 deaths per 1000 live births, up from 3.5 per 1000, but down from 4.2 per 1000 in the year ended March 2022."

The agency also released New Zealand's provisional national population statistics for the same period.

"At 31 March 2024: New Zealand's estimated resident population was provisionally **5,338,900**.

"There were 2,680,900 females and 2,658,000 males.

"The median age of females and males was 38.9 and 37.1 respectively."

Today's release comes after Stats NZ's population insights analyst Rebekah Hennessey said in February that 2023 had seen the "lowest number of births registered in 20 years".

Hennessey explained the number of deaths "generally increases as the population both grows and becomes older".

"The number of births, however, is driven by a more complex mix of social and demographic factors that change over time."

Current H5N1 Bird Flu Situation in Dairy Cows

Taken from Centre for Disease Control website
https://www.cdc.gov/flu/avianflu/mammals.htm

Domestic Summary

A multistate outbreak of HPAI A(H5N1) bird flu in dairy cows was first reported on March 25, 2024. This is the first time that these bird flu viruses had been found in cows. On April 1, CDC confirmed one human HPAI A(H5N1) infection in a person with exposure to dairy cows in Texas that were presumed to be infected with the virus. This is thought to be the first instance of likely mammal to human spread of HPAI A(H5N1) virus. In May 2024, CDC began reporting additional, sporadic human cases in people who had exposure to infected dairy cows. That latest human case counts are available at H5N1 Bird Flu: Current Situation Summary | Avian Influenza (Flu) (cdc.gov).
In the United States, since 2022, USDA APHIS has reported HPAI A(H5N1) virus detections in more than 200 mammals.

Background

While rare, mammals can be infected with highly pathogenic avian influenza (HPAI) A(H5N1) ("H5N1 bird flu") viruses. Reports of these sporadic infections in mammals have occurred globally amid widespread outbreaks of bird flu infections in wild birds and poultry.

Mammals can be infected with H5N1 bird flu viruses when they eat infected birds, poultry, or other animals and/or if they are exposed to environments contaminated with virus. Spread of H5N1 bird flu viruses from mammal to mammal is thought to be rare, but possible.

Global Summary

Globally, sporadic HPAI A(H5N1) virus infections in mammals have been reported across the continents of Asia, North America, South America, and Europe. More information about the global impact of avian influenza can be found here: Avian Influenza – WOAH – World Organisation for Animal Health.
Specifically, recent HPAI A(H5N1) infections in mammals have been detected in sea lions in Peru and Chile, sea elephants in Argentina, and foxes in Canada, France, and other countries. A list of significant HPAI outbreaks, including in mammals, can be found here: Highlights in the History of Avian Influenza (Bird Flu) Timeline – 2020-2024.

Risk to Humans

The wide geographic spread of HPAI A(H5N1) viruses in wild birds, poultry, and some other mammals, including in cows, could create additional opportunities for people to be exposed to these viruses. Therefore, there could be an increase in sporadic human infections resulting from bird and animal exposures, even if the risk of these viruses spreading from birds to people has not increased. CDC believes the current risk to the general public from bird flu viruses is low. People who have job-related or recreational exposure to infected birds or animals, including cows, are at greater risk of contracting HPAI A(H5N1) virus. CDC has recommendations related to testing, treatment of HPAI A(H5N1) infection and prevention of exposure to these viruses: Highly Pathogenic Avian Influenza A(H5N1) Virus in Animals: Interim Recommendations for Prevention, Monitoring, and Public Health Investigations.

Fonterra CEO on NZ's 'emotional' links to brands up for sale

Fonterra's chief executive has admitted the company's proposal to sell of a number of its well-known brands has been met with a small amount of resistance from people with "emotional connections to these brands" amid a "generally positive" response from shareholders.

The dairy cooperative announced last week it's looking to sell all or part of its global consumer business as it shifts its focus to becoming a global business-to-business provider of dairy nutrition products.

Fonterra's consumer business brands included Anchor, Mainland, and Kāpiti among others.

Fonterra CEO Miles Hurrell told 1News today that the reaction from farmers and other shareholders has "generally been positive", adding the "backbone" of the company "has always been" the business-to-business side.

"There's always the odd person that gives a concern when it comes to the iconic brands in New Zealand," Hurrell later added.

"We understand and acknowledge that, and I think it actually shows the importance of what we've done to grow those brands.

"So we should take pride in that fact – but at the same time we need to acknowledge and understand that people have emotional connections to these brands, and recognise that as well."

Where to from here?

"We announced last Thursday that we are embarking on this review of the business, to have a good look," Hurrell said.
"We're in day two or day three of that, so it's too early to say who will come out of the woodwork as a potential buyer.
"Overwhelming positive [feedback from farmers and shareholders] at this point in time."
Hurrell expected it to be 12-18 months before "we see any sort of movement in this area" – "but the work starts now".
And the money from any potential sale "could go anywhere", he added.
"At one end of the spectrum, farmers, shareholders may look for a return," Hurrell said.
"Or at the same time, we could invest in some growth projects.
"We need to start engaging with the bankers and understanding the international market to see who may be a potential suitor but, until we get through that phase, it's too early to start to communicate anything more to our farmers."

Cow-less dairy products firm gets green light for huge expansion

A company developing dairy proteins in the laboratory without cows has been given the green light to scale up production by a factor of 500.
Auckland-based Daisy Lab uses genetically modified organisms to create milk protein. However, there are concerns about what this technology could mean for the dairy industry.
Co-founder and chief scientific officer Nikki Freed said genetically modified yeast is used to make proteins.
"What we're interested in doing is making proteins that are typically found in cow's milk but doing that without the cow."
A process known as precision fermentation uses microbes as "factories" to produce specific ingredients.
It is commonly used in the pharmaceutical industry, but the team at Daisy Lab believes dairy proteins, such as whey, casein and lactoferrin, can be produced in the same way.
Freed added: "Our next steps will be basically creating or partnering with another company to create consumer formulations, so you see this on the supermarket shelf."
The Environmental Protection Authority has granted approval for the company to scale up production 500-fold from its existing allowance.
Genetically modified organisms are considered a new organism and thus require approval, said general manager of hazardous substances and new organisms Chris Hill
"The kind of genetic modifications they are doing are also low risk; I mean, they're not producing anything that could mimic a virus or anything like that."
Agriculture and trade expert Alan Renwick said demand for protein is growing rapidly.
"It will be taking part of a growing market, but of course longer term, once they become very competitive, once they are able to produce at scale cheaply, then it may begin to erode into the dairy market."
Freed said she does not think Daisy Lab will disrupt the dairy industry "too much."
"I think even Fonterra recognises they cannot keep growing their herds. We can't keep using the land that we have like we're using right now.

In a statement, Fonterra said it has been actively researching and investing in precision fermentation since 2018.
It added there are numerous challenges to overcome before the technology can produce protein at similar costs to those sourced from milk.

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and

made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what

jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ

received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We

provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting

evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 plus and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law.

32. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

33. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

34. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

35. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and

developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

36. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

37. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

38. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

SURETY COLLECTABLE IN SATISFACTION OF CLAIM:

Any and all accounts, bonds, securities, profits, proceeds, fixtures, assets owned and /or managed by any of the Debtors and its subsidiary and/or parent company and/or successor company at any location in New Zealand or outside New Zealand including Stephen Hewlett in his full commercial and private capacity.

That by the twentieth day of June 2024 5pm there was no point by point rebuttal or any proof or verification signed with wet ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described verifiable facts to the contrary.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.
An unrebutted affidavit stands as truth in commerce.
An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.
The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 18 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the

four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

Something killed millions of bees in North San Diego County last fall.

Officials now know what it was

By Jacob Aere / General Assignment Reporter

Contributors: Carolyne Corelis / Video Journalist

Published January 9, 2024 at 3:35 PM PST

Roughly 3 million honey bees died over a few days at the San Diego Bee Sanctuary last September.

That was about two-thirds of their overall bee population.

"All these colonies here, you just see piles of dead bees, pile of dead bees, pile of dead bees," co-owner Dominick Peck said, recalling what it was like to find the dead colonies.

Beekeeper Dominick Peck examines bees in from one of his Valley Center colonies, Jan. 8, 2024.

Beekeeper Dominick Peck examines bees in from one of his Valley Center colonies, Jan. 8, 2024.

The sanctuary had two locations. Its Escondido site had to completely shut down because millions of bees were poisoned, but its Valley Center location is still operating with about 1.5 million bees.

"We can't control every single bee that's out here," co-owner Paul Gunn said. "So all we can do is find places that are friendlier for bees and keep going."

Bees fly out from their box hive, Jan. 8, 2024.

What both owners wanted to know was why and how so many bees died.

The County of San Diego Department of Agriculture ran tests and found the bees tested positive for a toxic dosage of Fipronil, a chemical usually used to control insects like ants and termites.

"At this point, the source of that Fipronil is undetermined," said the county's Deputy Director of Agriculture, Garrett Cooper.

He said a bee poisoning this large is rare.

RELATED: More Bad Buzz For Bees: Record Number Of Honeybee Colonies Died Last Winter

"We had surveyed a lot of the pest control businesses that provided use reports and were in the area. None of them had used that insecticide. We also looked at the ag(riculture) operations," Cooper said.

He said mass bee die-offs happen — in fact, Nieh said the research apiary at UCSD saw about eight colonies die around the same time.

And certain pesticides, like Fipronil, are one reason for these mass deaths.

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared

 All Rights Reserved

to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnessas who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our

 All Rights Reserved

documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. Those documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Howlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. That Stephen Hewlett received this information three times and had no excuses for not receiving or responding, and chose not to respond. The three two page contract terms were included as **Exhibits D, E and** F in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our

 All Rights Reserved

documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnessas, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hawlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability. Proof of this communication can be found in **Exhibit** T with this High Court Document.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hawlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

14. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

20. 27. **That the bank account for payment is kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any other charges.**

28. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

29. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

30. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 29 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

31. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have

been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

32. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

33. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brooke Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OFNEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

34. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

 All Rights Reserved

35. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

36. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

37. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and

 All Rights Reserved

environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

39. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

40. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

41. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be

 All Rights Reserved

reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

42. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

43. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
44. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

45. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

46. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

47. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all

All Rights Reserved

other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

48. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

49. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

50. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

51. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

52. That as of the first day of July 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

53. That the AD5 form Notice of Proceeding is attached with the Admiralty Statement of Claim where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought.

54. The Summary Judgement G13 form is also attached that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

55. That the Claimant Janine has provided proof of life document and this can be found in **Exhibit V** with this Admiralty Statement of Claim

That We Janine the Claimants sign the twenty page Admiralty Statement of Claim plus Support Documents including Exhibits A to V and Sequence of Events numbered 1 to 13 plus Notice of Summary Judgement to take effect at 5pm on the 18th day of July being the ninetieth day of default of the first two Admiralty Statements of claim in points one and two and the tenth working day that

the defendants receive the Served High Court Documents with three witnesses believing that all the facts stated are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and to the best of my ability, so 'help me God'. By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

Please find attached a letter with information also written below that if you do not respond today to my three contracts of offer you are acting in dishonor and can be held personally liable for all the debts associated with my claims. I hope to hear from you by the end of today five pm and will accept a response by 5pm today by email to keep you in honour and prevent any personal liability otherwise I will need to send you a notice of dishonour and notice of liability.

To Stephen Hewlett, Registrar Tauranga Civil High Court in full private and commercial liability
From Janine from the House of Arabella and Walters, the principal and Claimant representing Janine ARABELLA and Janine WALTERS in Three Admiralty Statements of Claim and Summary Judgement before the Court,
16th Day of May in Year 2024
Dear Stephen
I came in and met with you for five minutes at 11:30 a.m. this morning on 16th day of May 2024 and have formalised this meeting into minutes as follows.
1. I said hello and that I was here to remind you that today is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given 7 days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 19 March and the second on 22 March and third on 7 May 2024.
2. You then told me that you had been extremely busy and had not had the chance to look at any of my documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May containing the offer of terms of the three contracts. You then said to me that civil Law is not a contract. I reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to me that you had not decided at that time if you were going to accept my contracts.
3. You then pointed at your desk showing that you did have the hard copy of each of my three full claims and contracts on your desk. I asked you did you ever have any intention of processing my claims. Your responses was that you extremely busy and you didn't know when you would get to them but it was your intention it's some point in time to process these.
4. I had in front of us on the counter the three stamped contracts that were presented by me in person to the counter yesterday when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address my claim to in event you did not have authority to do so. I showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and I provided you with a fourth option on this form of giving me a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.
5. I informed you that there had been an attempt on my life this last week and I wouldn't be doing what I am doing unless I 100% believed in it. I stated that I believe I am acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of my claims is to step in and take over the running of Health New Zealand. I indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and I was trying to prevent this from happening, and had requested the court to process my true and accurate claim.
6. You responded that you had not read any of my claims and that could not comment on whether any of them were true or accurate.
7. I ended the meeting stating that I believe you are an honorable man and I believe in you, and that you will do the right thing. I need to inform you, that if you do not respond today to my three contracts of offer you are acting in dishonor and can be held personally liable for all the debts associated with my claims. I hope to hear from you by the end of today five pm and will accept a response by 5pm today by email to keep you in honour and prevent any personal liability, otherwise I will need to send you a notice of dishonour and notice of liability.

That the Debtors have until 5pm on 18 July 2024 to rebut point by point this Admiralty Statement of Claim and sign in full commercial capacity with own wet ink signature from Stephen Hewlett and Phil Goff and Brooke Barrington and Adrian Orr and Andrew Kibblewhite and Peter Mersi and Susan Freeman-Greene and Caralee McLiesh and Nicola Willis and Kim Martin as individuals in the private plus all the corporations they represent including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies plus parent and successor corporations.

13. That if no point by point rebuttal or payment received from the Debtors by 5pm on 18 July the ninetieth day of commercial lien default for the first two claims, then the Plaintiff and Claimant will claim immediate Summary Judgement that will be delivered to the High Court at opening of business hours on 19 July 2024 where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization to enter the premises of the corporations in default to claim ownership and seize assets until paid out in full. In the event of no payout by 18 July 2024 it is the intent of the Claimant Janine to run the corporation Health New Zealand as the Commander and Chief with intent of restorative justice in the best interests of all New Zealanders and work in partnership with the new Government to remove and address harm that has occurred so that the health needs of all New Zealanders can more effectively be addressed.

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to you to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and all the documents that were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-payportal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of just over eighty billion dollars with Notice of Proceeding provided to the defendants and the Civil High Court and yourself for immediate Summary Judgement to occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. We have included the stamped copy of receipt T210900 of the lodged claim as **Exhibit A**.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to you to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 and that the Proceeding needed to occur immediately after that time was emailed direct to you to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure you were very clear that Summary Judgement would occur on nineteenth day of April 2024

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt T212290 of the lodged claim is in **Exhibit B.**

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. You appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, and we came in and out of the court at least three times, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and you informed us that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let you know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that you knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point you went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters,dronesand cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see you, where you came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. You stated again " I can not help you today and I have not yet even looked at your claims". You asked me to confirm and clarify what jurisdiction were these documents under, as you believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when you would look at the claims and you replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. Your response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" You then said that you need to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed you three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to you and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented you with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. You stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent you and stamped that as well. You informed me that We didn't have the

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that you have at least glanced over Our documents enough to notice this. You again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to you to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt T223938 for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and it's Officers and corporations with Liability is included as **Exhibit C.**

8. We took notice of your comments that were made and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to you at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter claim in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms are included as **Exhibits D, E and F**.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to your colleague and fellow deputy Registrar who sits beside your desk and she said you were out of the office and she was not sure if you would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day you received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite you a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on your desk with the bright pink hand written note on top, and said she would ask you to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from you and choose to come back into the court to see you in person. We met you at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello and that We were here to remind you that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to you by a signature required courier post and arrived to you on Tuesday 7 May 2024. You were given seven days to respond and either accept or reject or counter offer the terms of each if the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

Not a Point of Law

9b. You then told me that you had been extremely busy and had not had the chance to look at any of Our documents. You did acknowledge you had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. You then said to us that civil Law is not a contract. We reminded you of a previous conversation we had recently on 18th day of April 2024 with witnesses where you clearly said to us that you had not decided at that time if you were going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least four witnesses who confirm this is correct, where two of these witnesses also sign this affidavit.

9c. You then pointed at your desk showing that you did have the hard copy of each of Our three full claims and contracts on your desk. We asked you did you ever have any intention of processing Our claims. Your response was that you are extremely busy and you didn't know when you would get to them but it was your intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts terms that were presented by us in person to the counter the day before when you were away, as the second copies received. The response required is the same for all three contracts – 7 days to either accept or reject or counter claim or provide a name of individual and contact details who had the authority to address Our claims to in event you did not have authority to do so. We showed you the stamped terms of contract presented for Health New Zealand and said that today was the last day for response to accept or reject or counter offer the three contracts and We provided you with a fourth option on this form of giving Us a name of a higher authority with their contact details. Your response was I am not writing or signing anything on that form.

9e. We informed you that there had been an attempt on my life this last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. You responded that you had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g was emailed to you to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where you have no excuses now having received these documents three times and We informed you that if you do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that you are acting in dishonor and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from you by the end of that day five pm and would accept a response by email to keep you in honour and prevent any personal liability, otherwise would need to send you a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance you would have been able to simply reject them, and the very fact that you haven't rejected them indicates that you

NOD+NOL-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

know We have a true and rightful claim in each of the three cases. You could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

OPPORTUNITY TO CURE

11. We agree to provide you with a further ten working days to accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within ten working days and allowing a further ten working days from that point for the Summary Judgement Hearing to occur before a judge on each of the three claims. As long as this occurs within ten working days from receipt of this Notice of Dishonour and Notice of Liability this will bring you back into honour. We make it clear that there will be no further time extension as two of Our claims have no defence and the Defendants of the third Admiralty Statement of Claim have until Wednesday 22 May 2024 for a defence or payment where extremely unlikely to put forward a defence, and where there is no defence to a signed commercial affidavit a judge has to rule in favour of the Claimant and Plaintiff which is Us. Attached with this notice are three contract response forms, one for each contract.

12. That if Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND fails to rebut point by point these claims of the claimants Janine and the trade names she represents being JANINE WALTERS and JANINE ARABELLA, then the non-response and non- rebuttal will be taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

To: Stephen Hewlett, Civil High Court Registrar

From: Janine of the House of Arabella and Walters

On 18 March 2024 the Tauranga Civil High Court were in possession of my Admiralty Statement of Claim against HEALTH NEW ZEALAND corporation and some of the officers with liability as debtors. The documents related to this claim of liability and harm were labelled 'A', 'B', 'C', 'D', 'E', 'F', 'G' and 'H' plus Notice of Service on Debtors and Notice of Summary Judgement on Admiralty Statement of Claim to take Effect 5pm on 18th day of April 2024. The full set of these documents were served on the debtors and they were required to respond with a defence or make payment by 5pm on 18th day of April 2024. I confirm that no payment or defence was received and that I already have judgement in law and commerce to receive payment for eighty billion, one hundred and eighty two million four hundred and eighty one thousand four hundred and thirty eight new zealand dollars ($80,182,481,438.00NZ) with the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with me the Claimant to action steps of Restorative Justice. There is a commercial lien for the full amount in place on the Personal Properties Securities Register and also UCC against the debtors. I have claimed all Rights Reserved with the lawful right to correct any honest errors, mistakes or omissions. It is noted here that there was an error of mathematical addition of the total owed and this has also been corrected. On the invoice 1008 there were two figures being $182,481,438.00 plus $80,279,000,000.00. Adding these two figures together the correct total owed is eighty billion dollars four hundred and sixty one million, four hundred and eight one thousand, four hundred and thirty eight dollars. ($80,461,481,438.00NZ) You informed me that the address for service needs to be on the front page as well as at the back on each document. I have corrected this and provide you with this letter a hard copy of all front pages plus have confirmed the jurisdiction and laws to process this claim under the Holy King James Bible in Admiralty and Merchant Law Jurisdiction and have quoted many laws, acts, covenants and statutes that my claim stands on.

I require the assistance of the Civil High Court to process this claim and accept that the court needs to be reimbursed for the time spent processing the claim. I agree that as soon as the Civil High Court accepts my claim for processing providing me with the opportunity to correct any honest mistakes, errors or omissions and sets a court date in the near future (the month of May 2024 excluding 24-27 May when I am out of the Area) to appear before a judge to obtain the Summary Judgement then I will authorise the Judge to be trustee of my trust and estate that I am beneficiary and Executor for during the hearing and agree for the judge to take a 0.1% administration fee out of my trust for the processing of my claim. 0.1% of $80,461,481,438.00NZ is $8,461,481.00NZ. Processing also means that if it is deemed that my claim is true, lawful and correct that the Judge ensures that immediate payment is received into my chosen bank account that same day of summary judgement. I believe that it is in the best interests of myself and the court to keep the people present in the court hearing to a minimum. It is my request that the people in the room be limited to the Judge and Registrar being Stephen Hewlett plus the court stenographer plus one security officer if required as part of court rules plus myself and two to three witnesses of my choosing.

Once the judge stamps my claim and official invoice notice confirming summary judgement is granted then I will accept the notice for full value as a bill of exchange to be deposited into my chosen bank account. It is my intent from that time to take over the running of the corporation HEALTH NEW ZEALAND using the funds received from summary judgement (excluding the amount of my own personal claim) with the goal of actioning steps of restorative justice to address and right the wrongs of the last four years of mandates and vaccine injuries and preventable deaths that have occurred to help determine the best way to meet the health needs of the New Zealand people going forward. I aim to work in partnership with the new government of New Zealand and with the

officers within HEALTH NEW ZEALAND where I am adding value and contributing towards improving the health system in New Zealand, so I am no threat to the justice system or to the New Zealand Government.

The research is showing that MRNA technology does have the potential and is changing human DNA, so the steps of action I am taking is literally to help save the future of mankind. Due to this fact there is an urgency for someone with honour and integrity to step in to prevent further harm and I believe that I am the right individual also having lawful claim to do so with all the necessary skills sets from past experiences to co-ordinate a team of managers and oversee the health system putting in place protective measures to allow people to be provided with full disclosure of health treatment options available so that they can make informed choices about his/her own health and wellbeing.

You have now had my Admiralty Statement of Claim in your possession since 18 March 2024 for over seven weeks and the last day for defence was three weeks ago on 18 April 2024. I stipulate that a response must be received in writing from yourself within seven working days of receipt of this notice to accept or reject my Admiralty Statement of Claim and Summary Judgement contract for processing with a court date assigned or do a counter offer including a court hearing date before end of May 2024. My contract can only be rejected if evidence presented shows that it is untrue or incorrect and no defence or evidence has been produced by the defendants or debtors, therefore you know it needs to be processed, so providing you with an opportunity for the court to claim a processing fee.

Except for a Jury, it is a fatal offense for any person, even a Judge or Registrar, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. It is also against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

A date provided for court by end of May is considered as an acceptance of this contract.

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with online lodgements through the Courts of New Zealand website https://www.courtsofnz.govt.nz/file-and-pay portal and emails sent to you personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars ($80,461,481,438.00NZ) and request for immediate Summary Judgement to

occur the following day 19 April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response to the email to you. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some

CODAJ-SH-01 All Rights Reserved, non-assumpsit errors and omissions excepted, no rights of usufruct

obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted my claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars ($593,948,900.00NZ) with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council and BOP LASS and it's Officers and corporations with Liability was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim of the full amount owed plus ten per cent weekly interest with the current debt owed on sixth day of June 2024 being seven hundred and eighteen million dollars six hundred and seventy eight thousand one hundred and sixty nine dollars in numeric value being $718,678,169.00NZ.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and willing to work in partnership with the new government. One of Our claims is to

step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity also representing the CROWN and the associated corporations of the CROWN and the TAURANGA CIVIL HIGH COURT and the HIGH COURT OF NEW ZEALAND and MINSTRY OF JUSTICE failed to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity.

13. That a non-response has placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

30. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

32. That if the officers and directors and corporations that are debtors due to liability work with me, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

33. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows get culled there is intentional actions of harm not only towards cows but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** with supporting evidence of facts contained in this paragraph.

34. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts.

causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal that been affected by intentional acts of weather and environment manipulation, and that the Crown is involved and complicit in using HARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P**

35. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Claim Health New Zealand)**

36. That we the claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

SURETY COLLECTABLE IN SATISFACTION OF CLAIM:

Any and all accounts, bonds, securities, profits, proceeds, fixtures, assets owned and /or managed by any of the Debtors and its subsidiary and/or parent company and/or successor company at any location in New Zealand or outside New Zealand including Stephen Hewlett in his full commercial and private capacity.

By force of Maxims of Law and Common Law, the above Allegations are DECLARED, AFFIRMED and thus Proven, in the event of Failure / Refusal of Response by a personally signed and certified written Answer to each and every point demonstrating specifically described and verifiable facts to the contrary.

That as of the sixth day of June 2024 there has been no point by point rebuttal or any proof or verification signed with wet Ink signature in their full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant.

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth.

Truth, as a valid statement of reality, is sovereign in commerce.

An unrebutted affidavit stands as truth in commerce.

An unrebutted affidavit is acted upon as the judgement in commerce.

Guaranteed – All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

Ignorance of the law may be an excuse however the Lien claimant provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond.

Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty (60) days, then it must pay the full face value of a defaulted Lien process (at 90 days) where sixty days occurs on 18th day of June 2024 for the officers and corporations Health New Zealand and ASB Bank and ASB Holdings and the sixty day period ends on 22 July 2024 for Western Bay of Plenty District Council and BOP Lass Limited.

Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit.

Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

Not a Point of Law

Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law.

An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.

Notice to agent is notice to principal, notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS: All officials are required by federal, state and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company, the policy number of the bond, and, if required, a copy of the policy describing the bonding coverage of their specific job performance.

Failure to provide this information constitutes corporate and limited liability insurance fraud (e.g 15USC), and is prim-a-facie evidence and grounds to impose a lien upon the official, personally, to secure their public oath and service of office.

The Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations listed in paragraph 18, the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND plus the parent and successor corporations with Allegations and Proof by Force of Law:

By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary. Such proper Answer must be given to the **Affiant of this Affidavit within 10 Calendar days from first receipt of first debtor with twentieth day of June final day for rebuttal or the following Allegations are PROVEN and resulting Obligations immediately enforceable.**

Certifications Signed by Hand and Seal

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above Affidavit of Commercial Obligation and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" the above described acts have been committed contrary to the law (i.e 18 USC 4 misprison of felony).

Wake Up Call: Government Debt Hits $90,000 Per Household Today - "$90k Debt Day"

Sunday, 19 May 2024, 1:16 pm
Press Release: New Zealand Taxpayers' Union

Based on the latest Treasury forecasts, New Zealand Government debt will tick above $90,000 per household for the first time ever at 10pm today Sunday 19 May 2024. The Taxpayers' Union is calling it "$90k Debt Day".

Commenting on this, Taxpayers' Union Policy and Public Affairs Manager, James Ross, said:

"For the first time ever, the New Zealand Government Debt Clock will pass $90,000 per household. Our kids and grandkids will spend their lives paying this off, and it means less money for core services like health, policing and education.

"This means the average household is now having to stump up about $4,500 a year just paying the interest on the debt. That's more than the cost of the defence force, police, corrections and customs combined.

"And it's nowhere near stopping. Right now, Nicola Willis is borrowing $75 million a day to keep an over-bloated Government afloat. Her so-called 'cuts' barely scratch the surface of what is needed to get the books back into black.

"Kiwis can only bend so far before they break. Struggling families need Nicola Willis to take an axe to wasteful spending and deliver serious savings in the Budget on 30 May."

The Taxpayers' Union's debt clock is based on Treasury's official fiscal forecasts in the 2023 Half Year Economic and Fiscal Update. It can be viewed at www.debtclock.nz.

New Zealand's population (illustration). (Source: 1News) dated 15 May 2024

https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed

New Zealand's population has risen by more than 100,000 people in the past year, Stats NZ revealed today.

The year ended March 2024 saw New Zealand's population grow by 2.5%, or about 130,700 people, the agency said this morning.

That figure stems from an estimated natural increase (births minus deaths) of 19,500 and an estimated net migration (migrant arrivals minus migrant departures) of 111,100 people.

And New Zealand saw fewer births and deaths in the year ended March 2024 than the year before.

The agency said there were 56,277 live births registered in New Zealand in the year ended March 2024.

That's down from 58,707 in the year ended March 2023, a decrease of about 2500.

And there were 37,623 deaths registered in the year ended March 2024, over 1000 less than the 38,835 deaths registered in the year ended March 2023.

"The total fertility rate was 1.52 births per woman, down from 1.65," Stats NZ said. "The infant mortality rate was 3.8 deaths per 1000 live births, up from 3.5 per 1000, but down from 4.2 per 1000 in the year ended March 2022."

The agency also released New Zealand's provisional national population statistics for the same period.

"At 31 March 2024: New Zealand's estimated resident population was provisionally 5,338,900.

"There were 2,680,900 females and 2,658,000 males.

"The median age of females and males was 38.9 and 37.1 respectively."

Today's release comes after Stats NZ's population insights analyst Rebekah Hennessey said in February that 2023 had seen the "lowest number of births registered in 20 years".

Hennessey explained the number of deaths "generally increases as the population both grows and becomes older".

"The number of births, however, is driven by a more complex mix of social and demographic factors that change over time."

Current H5N1 Bird Flu Situation in Dairy Cows

Taken from Centre for Disease Control website
https://www.cdc.gov/flu/avianflu/mammals.htm

Domestic Summary

A multistate outbreak of HPAI A(H5N1) bird flu in dairy cows was first reported on March 25, 2024. This is the first time that these bird flu viruses had been found in cows. On April 1, CDC confirmed one human HPAI A(H5N1) infection in a person with exposure to dairy cows in Texas that were presumed to be infected with the virus. This is thought to be the first instance of likely mammal to human spread of HPAI A(H5N1) virus. In May 2024, CDC began reporting additional, sporadic human cases in people who had exposure to infected dairy cows. That latest human case counts are available at H5N1 Bird Flu: Current Situation Summary | Avian Influenza (Flu) (cdc.gov).
In the United States, since 2022, USDA APHIS has reported HPAI A(H5N1) virus detections in more than 200 mammals.

Background

While rare, mammals can be infected with highly pathogenic avian influenza (HPAI) A(H5N1) ("H5N1 bird flu") viruses. Reports of these sporadic infections in mammals have occurred globally amid widespread outbreaks of bird flu infections in wild birds and poultry.

Mammals can be infected with H5N1 bird flu viruses when they eat infected birds, poultry, or other animals and/or if they are exposed to environments contaminated with virus. Spread of H5N1 bird flu viruses from mammal to mammal is thought to be rare, but possible.

Global Summary

Globally, sporadic HPAI A(H5N1) virus infections in mammals have been reported across the continents of Asia, North America, South America, and Europe. More information about the global impact of avian influenza can be found here: Avian Influenza – WOAH – World Organisation for Animal Health.
Specifically, recent HPAI A(H5N1) infections in mammals have been detected in sea lions in Peru and Chile, sea elephants in Argentina, and foxes in Canada, France, and other countries. A list of significant HPAI outbreaks, including in mammals, can be found here: Highlights in the History of Avian Influenza (Bird Flu) Timeline – 2020-2024.

Risk to Humans

The wide geographic spread of HPAI A(H5N1) viruses in wild birds, poultry, and some other mammals, including in cows, could create additional opportunities for people to be exposed to these viruses. Therefore, there could be an increase in sporadic human infections resulting from bird and animal exposures, even if the risk of these viruses spreading from birds to people has not increased. CDC believes the current risk to the general public from bird flu viruses is low. People who have job-related or recreational exposure to infected birds or animals, including cows, are at greater risk of contracting HPAI A(H5N1) virus. CDC has recommendations related to testing, treatment of HPAI A(H5N1) infection and prevention of exposure to these viruses: Highly Pathogenic Avian Influenza A(H5N1) Virus in Animals: Interim Recommendations for Prevention, Monitoring, and Public Health Investigations.

Fonterra CEO on NZ's 'emotional' links to brands up for sale

Fonterra's chief executive has admitted the company's proposal to sell of a number of its well-known brands has been met with a small amount of resistance from people with "emotional connections to these brands" amid a "generally positive" response from shareholders.

The dairy cooperative announced last week it's looking to sell all or part of its global consumer business as it shifts its focus to becoming a global business-to-business provider of dairy nutrition products.

Fonterra's consumer business brands included Anchor, Mainland, and Kāpiti among others.

Fonterra CEO Miles Hurrell told 1News today that the reaction from farmers and other shareholders has "generally been positive", adding the "backbone" of the company "has always been" the business-to-business side.

"There's always the odd person that gives a concern when it comes to the iconic brands in New Zealand," Hurrell later added.

"We understand and acknowledge that, and I think it actually shows the importance of what we've done to grow those brands.

"So we should take pride in that fact – but at the same time we need to acknowledge and understand that people have emotional connections to these brands, and recognise that as well."

Where to from here?

"We announced last Thursday that we are embarking on this review of the business, to have a good look," Hurrell said.
"We're in day two or day three of that, so it's too early to say who will come out of the woodwork as a potential buyer.
"Overwhelming positive [feedback from farmers and shareholders] at this point in time."
Hurrell expected it to be 12-18 months before "we see any sort of movement in this area" – "but the work starts now".
And the money from any potential sale "could go anywhere", he added.
"At one end of the spectrum, farmers, shareholders may look for a return," Hurrell said.
"Or at the same time, we could invest in some growth projects.
"We need to start engaging with the bankers and understanding the international market to see who may be a potential suitor but, until we get through that phase, it's too early to start to communicate anything more to our farmers."

Cow-less dairy products firm gets green light for huge expansion

A company developing dairy proteins in the laboratory without cows has been given the green light to scale up production by a factor of 500.
Auckland-based Daisy Lab uses genetically modified organisms to create milk protein. However, there are concerns about what this technology could mean for the dairy industry.
Co-founder and chief scientific officer Nikki Freed said genetically modified yeast is used to make proteins.
"What we're interested in doing is making proteins that are typically found in cow's milk but doing that without the cow."
A process known as precision fermentation uses microbes as "factories" to produce specific ingredients.
It is commonly used in the pharmaceutical industry, but the team at Daisy Lab believes dairy proteins, such as whey, casein and lactoferrin, can be produced in the same way.
Freed added: "Our next steps will be basically creating or partnering with another company to create consumer formulations, so you see this on the supermarket shelf."
The Environmental Protection Authority has granted approval for the company to scale up production 500-fold from its existing allowance.
Genetically modified organisms are considered a new organism and thus require approval, said general manager of hazardous substances and new organisms Chris Hill
"The kind of genetic modifications they are doing are also low risk; I mean, they're not producing anything that could mimic a virus or anything like that."
Agriculture and trade expert Alan Renwick said demand for protein is growing rapidly.
"It will be taking part of a growing market, but of course longer term, once they become very competitive, once they are able to produce at scale cheaply, then it may begin to erode into the dairy market."
Freed said she does not think Daisy Lab will disrupt the dairy industry "too much."
"I think even Fonterra recognises they cannot keep growing their herds. We can't keep using the land that we have like we're using right now.

In a statement, Fonterra said it has been actively researching and investing in precision fermentation since 2018.
It added there are numerous challenges to overcome before the technology can produce protein at similar costs to those sourced from milk.

The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024. and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity

including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a

level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. That Stephen Hewlett received this information three times and had no excuses for not receiving or responding, and chose not to respond. The three two page contract terms were included as **Exhibits D, E and** F in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not

sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. His response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required

is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening. and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability. Proof of this communication can be found in **Exhibit T** with this High Court Document.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims. but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

14. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

34. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

35. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

36. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to

restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

37. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with

ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

39. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

40. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

41. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to

Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

42. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

43. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
44. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

45. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

46. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful

commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

47. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

48. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

49. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

50. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

51. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

52. That as of the first day of July 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

53. That the AD5 form Notice of Proceeding is attached with the Admiralty Statement of Claim dated 1 July 2024 and received 3 or 4 July 2024 by all the Defendants where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought, where the last day for defence is 5pm on 18th day of July 2024.

54. The Summary Judgement G13 form was attached with the Admiralty Statement of Claim dated 1 July and received either 3 or 4 July by all the defendants stating that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

To the Tauranga Civil High Court Registrars

The **Notice of Servings and Affidavit and Notice of Summary Judgement for Immediate Effect 5pm July 2024** was filed yesterday through the online file and pay portal on courtsofnz.govt.nz for the Admiralty Statement of Claim with reference ASC-SH-HCNZ-JA-01 and filing reference T242713. These documents were also sent to Wellington High Court who stated that as the process started in the Tauranga Civil High Court it had to remain there unless a Judge appointed it to be transferred to the Wellington High Court, and they required a few formatting changes for the documents to be accepted. All of the information required was in this document, and the formatting changes were minor. The Notice of Servings amended document is attached with changes being changes in layout of the cover page with no page number with the address of service at the bottom of the page (previously was in middle of page), plus margin increased by about 0.6cm plus naming of the occupations of the defendants. As the page numbers have changed I will send later today the Exhibits through the online portal.

The Tauranga Civil High Court has been in possession of my three Admiralty Statement of Claims for about four months now, and have had many opportunities to inform me of changes needed to the format of documents lodged. Due to the length of time they have had these documents in their possession the Tauranga Civil High Court is in dishonour and unless I hear back by 4pm today being Wednesday the tenth day of July, it is taken as tacit acceptance and silent acquiescence that all the documents in the four Admiralty Statements of Claim have been accepted in the current format. If you do respond back by 4pm today with the changes required I will have all documents back to you by Monday morning 15 July 2024 8am.

The Tauranga Civil High Court representatives and registrars also have until 4pm on Monday 15 July 2024 to inform the plaintiff being me - Janine that a Court hearing has been scheduled for morning of Friday 19 July 2024 for Summary Judgment on the Four Admiralty Statements of Claim, where two are at 90 days of being in default, which is a criminal chargeable offence. It is also taken as tacit acceptance and silent acquiescence that no response back by 4pm on Monday 15 July 2024 with a court hearing date for morning of Friday 19 July 2024 that the Tauranga Civil High Court accepts that I will be coming into the Tauranga Civil High Court on the morning of Friday 19 July 2024 with true rightful claim for lawful Immediate Summary Judgement with the Court Registrar or representative required by law to stamp with the High Court Seal on the four undefended Admiralty Statements of Claim And Four True Bill Ledgers.

With honour

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers

and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That on the seventh day of May 2024 We lodged with the Tauranga Civil High Court a third Admiralty Statement of Claim including Summary Judgement Claim against the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his

role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

10. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

11. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

12. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

13. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

That we, the claimant Janine, have formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 28 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

30. That we the Claimant Janine notified the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of

life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession. so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

31. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

32. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE, where Bede Corry has taken over as the Secretary on 1 July 2024 and he has also been sent this notice so he has the chance to rebut on behalf of the corporation and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and

Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

33. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

34. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

35. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

36. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

37. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing

reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

39. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

40. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means

no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

41. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

42. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
43. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

44. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

45. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH

COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where If the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

46. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

47. That included with the fourth Admiralty Statement of Claim ASC-SH-HCNZ-JA-01 is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

48. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

49. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

50. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

51. That there has been no point by point rebuttal by the first day of July 2024 or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

52. That the AD5 form Notice of Proceeding was attached with the Admiralty Statement of Claim dated 1 July 2024 and received 3 or 4 July 2024 by all the Defendants where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought, where the last day for defence is 5pm on 18th day of July 2024.

53. The Summary Judgement G13 form was attached with the Admiralty Statement of Claim dated 1 July and received either 3 or 4 July by all the defendants stating that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.

Our first two actions will be to completely turn over the mandates and reinstate people who lost their jobs through the mandates and address vaccine injuries and harm and invest back into the health system of New Zealand to benefit all New Zealanders. That our second course of action will be to pay off and cancel the country debt to free all New Zealanders from control of big corporations so that the government heads can start acting in the best interests of the people without being controlled by others above them.

All Rights Reserved

Bill of Exchange are showing as present in the bank account then the second amount of funds of one hundred and eighty billion New Zealand dollars can be paid over immediately into the New Zealand Treasury who will pay off the New Zealand National Debt immediately from these funds, so that the New Zealand National Debt is completely wiped and any funds left over are at the spending discretion of Nicola Willis Minister of Finance of the New Zealand Government. I promise to invest these funds back into New Zealand in partnership with the government for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September plus claim goes to over sixteen trillion dollars at that time, plus take claim off the individuals acting in dishonour.

7. That as soon as the National Debt is paid off by Friday twenty-sixth day of July in year of 2024 that the New Zealand government announce that individual and corporate and trust taxation be reduced to maximum of ten percent for under one hundred thousand dollars of income and twenty percent for over one hundred thousand dollars of income plus goods and services taxation is reduced to ten percent and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

8. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

9. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me, the benefactor will release further funds for upgrading of New Zealand roads.

10. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

11. That backdated to nineteenth day of April in year of 2024 (judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and

All Rights Reserved

protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

12. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

13. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. The ASB Bank has released six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

14. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

15. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the

All Rights Reserved

government heads work in partnership with me to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

16. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. I stand against any additives going into the water which means that 100% consensus can never be achieved.

17. That Nicola Willis, Christopher Luxon, Shane Reti, Lester Levy agree to meet with Janine the week of 29 July to 2 August 2024 and Janine has the right to add any other conditions that are related to removing actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, and that as these decisions are implemented and Nicola and the government heads are demonstrating actions of honour that Janine will release more funds back to be used for the benefit of all. I aim to be public in media about taking over Health New Zealand and paying off the country debt but willing to keep all other matters private as long as you and other heads of Government act with honour firstly with all points listed in this notice then demonstrate are acting in the best interests of the country and the people here I will continue to show support to you. I believe it is in the best interests of New Zealand to prevent a collapse and believe I have presented to you a very successful way to move forward from this point and look forward to receiving the funds by 26 July 2024 and working with you to make New Zealand one of the best places in the world to live restoring the freedom and rights of every New Zealander.

18. In event of non action and dishonouring of Our instructions we hold the lawful right to place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

19. Two further corporations are due for liquidation on 20 August 2024 being WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding and on 19 September 2024 if all corporations and their representatives remain in dishonour full seize of all debtor corporations and assets will occur on that date. I provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS with the lawful right to seize all assets to be used for the best interests of the people of New Zealand.

All Rights Reserved

20. Attached to this notice is the Notice of Immediate Summary Judgement against all the debtors that was presented and actioned at the Tauranga Civil High Court on 19 July 2024 at 9am, and the debtors can contact Nicola Willis to be provided a copy Notice of Promise of Honour provided to her where she also holds the 4 Bills of Exchange plus the means to pay off the National Debt. The commercial lien for full amount owed is in place over Nicola Willis and the corporations she represents plus a commercial lien will be added to all other debtors in event that the people of New Zealand are not released from the national debt, where if Nicola Willis does not action paying off the national debt as instructed we have the lawful right to seize her home and all her assets and have her removed from her position.

21. I address the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. I instruct that full information be released in this next week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

22. It is noted here that this notice will also be sent via signature required post informing each debtor and minister or commissioner that if they obstruct this fully lawful process and instructions in this notice that I have placed on behalf of every man, woman, boy and girl living in New Zealand that a commercial lien will be placed upon all individuals obstructing, with the lawful right to seize all private assets and have individuals removed from his/her positions where the Privy Council are also made fully aware and Nicola Willis instructed by Friday 26 July 2024 to confirm and provide all email addresses of the listed debtors and ministers and commissioners and officers with accountability.

High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 and now provide him as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY ten calendar days to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024.

4. All listed debtors are given the opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non payment and obstruction.

5. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely

clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man. woman. boy and girl living in New Zealand and any charge made to any man. woman, boy or girl following this date is a criminal offence.

6. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 20th day of August 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

7. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

8. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me. the benefactor will release further funds for upgrading of New Zealand roads.

9. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

10. That backdated to nineteenth day of April in year of 2024 (judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment. innocent until proven guilty, right to privacy. right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble. right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

11. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

12. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

13. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

14. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with Us to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

15. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. We stand against any additives going into the water which means that 100% consensus can never be achieved.

16. That Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy have released in the media that the covid-19 mandates are fully removed due to evidence provided that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect from 20 August 2024. That this will help solve the health crisis of insufficient clinicians to provide health services.

17. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. We instructed that full information be released that same week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

18. In event of non action and dishonouring of Our instructions to be implemented by 20 August 2024 We hold the lawful right to place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

19. Two further corporations are due for liquidation or takeover on 20 August 2024 being WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding and on 19 September 2024 if all corporations and their representatives remain in dishonour full seize of all debtor corporations and assets will occur on that date. We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS with the lawful right to seize all assets to be used for the best interests of the people of New Zealand, and this is now in process of being implemented..

20. That Nicola Willis, Chris Luxon, Shane Reti and Lester Levy are provided with one further opportunity to set up a meeting with me Janine prior to 20 August 2024.

21. That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for over sixteen trillion dollars at that time. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced.

22. That the four Bill ledgers are attached showing the current outstanding debts owed.

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above 22 point Second Reminder and Notice of Liability plus four Bill Ledgers attached dated 8 August 2024 associated with the four Admiralty Statements of Claim and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private firsthand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.

Plus Any successor corporations set up to replace any of the corporations or debtors to prevent liability and in the event of removal or transfer of assets the lawful right to seize and claim off either the parent or successor corporations or any other corporation or individual that assets are transferred or sold to.

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That on 18 July 2024 at 5pm Immediate Summary Judgement was made against HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS for immediate takeover. All debtors were aware of this. All other corporations were added as debtors due to the High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points in the notice dated 24 July, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and he was provided ten calendar days from first day of receipt on 10 August 2024 to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child

All Rights Reserved

living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024. That Mark Butcher chose not to rebut this claim by 20 August 2024 and through lawful tacit acceptances has made himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY liable for the one million dollar claim for every man woman boy and girl living the land of New Zealand also known as Aotearoa with ten percent interest added per week until settled in full with the right to seize all assets of the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY or any successor or associated or parent corporation until paid out in full.

4. That **Malcolm Alexander's** name is added as a debtor on 23 August 2024 as individual and as Chief Executive representing the LOCAL GOVERNMENT NEW ZEALAND and he is provided ten calendar days from first day of receipt on 23 August 2024 to rebut the Admiralty Statement of Claim that he and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Malcom Alexander has until 5pm on Friday the sixth of September 2024 to provide a rebuttal of this statement on behalf of himself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 23 August 2024.

5. That all other debtors have already had at least 2-3 opportunities to rebut the statement that he/she and the corporation(s) they represent have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property and many other taxes and revenue making fines including high profit mark ups for basic services such as power and pharmaceutical drugs, speeding and parking fines and some are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit. **All are given one final opportunity with ten calendar days to rebut in by Friday 6 September 2024 with his/her own wet ink signature in his/her full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he/she is fully aware that this has occurred and has done nothing to stop it, and therefore hold full accountability and liability.**

6. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl, that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and

All Rights Reserved

control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man, woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation or tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. In the next week I will be going into the courts of heaven on behalf of every individual debtor pleading for your soul to cancel out your debts plus protection over your lives and your family and courage to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful bills of exchange which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into New Zealand also known as Aotearoa I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

7. That due to non rebuttal and non payment I have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS plus all the individuals and officers and directors representing them with the lawful right of takeover and seizure of all assets plus the right to remove or step aside of anyone acting in wrongful manner and all other listed debtors have until 5pm on 19 September 2024 to rebut or make payment or meet and sign agreement with me to work in partnership to change directions and decisions and actions into the best interests of the people of our land. The full plan will be actioned from 20 September 2024 and depends on individual actions as to who will stay and who will go.

8. All listed debtors are given the final opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to by 6 September 2024 with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non-payment and non-action or obstruction. Due to non-action to date commercial liens are now being placed over the individuals until you take right action with full lawful right to seize your assets if remaining in dishonour.

9. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man, woman, boy and girl living in New Zealand and any charge made to any man, woman,

All Rights Reserved

boy or girl following this date is a criminal offence with criminal and commercial charges. That Nicola Willis has the means to pay off the national debt and if she is not sure how will meet with her to determine the steps to action this.

10. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 6th day of September 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

11. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

12. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me, the benefactor of behalf of all will release further funds for upgrading of New Zealand roads.

13. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

14. That backdated to nineteenth day of April in year of 2024 (where judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

15. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual

All Rights Reserved

can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

16. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise. That as this occurs We will release further funds for home ownership plus upgrading infrastructure so that all the people of New Zealand have access to have their basic needs met.

17. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges. where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

18. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with Us to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

19. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. We stand against any additives going into the water which means that 100% consensus can never be achieved.

All Rights Reserved

20. That Diana Sarfati is now added as individual and representative of ministry of Health and she, Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy demanded that it be released in the media that the covid-19 mandates are fully removed due to my unrebutted High Court evidence provided at the time of the Mandates that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect. That this will help solve the health crisis of insufficient clinicians to provide health services, and that if this does not occur by 6 September 2024 there will be consequences on the individuals Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy and Diana Sarfati where they will be held fully accountable for the harm that has occurred as a result of non-action.

21. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. We instructed that full information be released that same week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control, that Shane Reti, Chris Luxon and Lester Levy and Diana Sarfati have until 6 September 2024 to implement this.

In event of non action and dishonouring of Our instructions to be implemented by 6 September 2024 We hold the lawful right to seize assets and place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

That SUMMARY JUDGEMENT is now in place from 20 August 2024 for liquidation or takeover of WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and any other successor corporations and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding with commercial liens now going against Murray John Holyoake and Fiona McTavish and Mark Butcher as the representatives of these corporations.

24. That on 19 September 2024 if all corporations and their representatives remain in dishonour full seizure and takeover of all debtor corporations and individual and corporation debtor assets will occur from that date. We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We will step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS

That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non-payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for over sixteen trillion dollars at that time. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced.

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That due to non rebuttal and non payment by 5pm on nineteenth day of July 2024 We have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS on twentieth day of August 2024 plus all the individuals and officers and directors representing each of the corporations plus all the listed debtor corporations and individual officers representing on pages one and two of this document had until nineteenth day of September 2024 to rebut or make payment and no rebuttal or payment was received from any of the debtors so with full lawful right Janine the claimant on behalf of every man, woman boy and girl living in the land known as the colony of New Zealand Janine steps in with immediate effect as the Commander and chief of every debtor corporation and any regency or successor corporation and their officers set up to replace them as Commander has control over all the assets as the new lawful and legal owner where the officers must obey orders given by her.

2. That the first Admiralty Statement of Claim with Immediate Summary Judgement obtained and stamped by the High Court on 19 July 2024 where the commercial liens against the corporation Health New Zealand and its officers were over 90 days in default. With true lawful right Janine stepped in as the Commander of the corporation and any regencies or successor corporations set up to replace any of the corporations or debtors to prevent liability with the following charges against Health New Zealand and it's officers and directors plus all other debtors listed on pages one and two of this document with liability due to non rebuttal by 20 June and 19 September 2024. The charges are failure to provide a safe place for the Claimant Janine to work then terminating her employment, plus failure of duty of care of DHB staff towards Claimant Janine's daughter who died under the care of the District Health Board who are now known as Health New Zealand, plus failure of duty of care towards co-ercing staff and the people in land known as the colony of New Zealand to take an experimental vaccine with evidence that one of risk factors is death and failure to record severe adverse events and deaths and failure to offer other treatment protocol removing people's rights to choose and loss of livelihood through mandates with liability for all harm caused. The claim of harm was one million dollars for every man, woman boy and girl harmed through the actions of officers working within Health New Zealand with evidence presented to the High Court of New Zealand in March 2024 of around 80,000 claims of severe adverse events or deaths or loss of livelihood through the covid-19 mandates with the right to add further charges once the true figures are known. The commercial lien put in place through the Personal Property Security Register and Universal Commercial Code for the High Court Admiralty Summary Judgement Claim amount on 18 April 2024 being $80,451,481,438 with instructions provided from that time to the Chief Executive Officer Margie Apa and other officers of Health New Zealand that have not been honoured and has led to penalty charges continuing to be added. The Summary Judgement due on 18 April 2024 was for payment out of three billion and three million dollars for fraudulent charges related to four different mortgages plus continuing to take unauthorised funds out of Claimant's bank account and CEO Vittoria Shortt refused to inform Claimant exactly how much funds they had fraudulently and deceitfully taken out of her estate so the claimant Janine charged them the higher amount of three billion dollars as the secured party creditor and the amount owed has continued to accrue one million per month penalty fees plus ten percent weekly accruing interest with amount owed at time of 90 days in default of Commercial Lien on 18 July 2024 being $6,623,204,293.00. GOLDSMITH in the private and representing MINISTRY OF JUSTICE, plus any regencies or successor corporations set up to replace any of the corporations or debtors to prevent liability with accruing ten percent weekly interest continuing until paid out in full and until each claim of harm has been addressed.

6. That until paid out in full the Claimant Janine has the lawful right to take over as commander of each of the Debtor corporations listed in point 1 to 5 to ensure payment in full of the debts owed plus ensure they act in honour until each claim of harm is addressed. where Janine as Commander is the new lawful and legal owner and the officers must oboy orders given by her. The total combined value of the four true bill ledgers for four claims is $18,702,472,858,017.40NZ in writing being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand. and seventeen new zealand dollars and forty cents with ten percent per week accruing interest remaining in place until paid out in full. 7. That Diana Sarfati in private and representing MINISTRY OF HEALTH was also provided the opportunity to rebut the statement that was backed up with evidence in the Admiralty Statement of claim against HEALTH NEW ZEALAND that the Ministry of Health released a statement to the public on 21 November 2021 that the covid vaccine that they were requiring all New Zealanders to take was not effective. that it does not prevent transmission, plus at this time the first covid vaccine death had been documented on an autopsy report that the officers in the Ministry of Health and Health New Zealand (previously known as District Health Boards) knew that the vaccine was neither 'Safe' or 'Effective' but continued to promote this message to try and co-erce all New Zealanders to have the vaccine, where one of the risk factors is death. As the officers within the MINISTRY OF HEALTH had knowledge that the covid vaccine was neither safe or effective then they had no lawful right to enforce the people of New Zealand to take the vaccine where one of the risk factors is death and the corporation and it's officers are therefore liable for loss of employment and licenses plus any severe adverse reaction to taking the covid vaccine plus loss of life. and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he/she is fully aware that this has occurred and has done nothing to stop it, and therefore holds full accountability and commercial liability where there is a one million dollar compensation fee for any harm caused to any man, woman, boy or girl living in the land of New Zealand

8. That Janine as Commander over all the debtor corporations and their officers with immediate effect restores the rights of every individual living in the land known as the colony of New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, the right to privacy, the right to freedom of

These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing. and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

9. That **Diana Sarfati** and **Chris Luxon** and **Shane Reti** and **Lester Levy** were instructed as individuals and representatives of the listed Debtor corporations by 19 September 2024 to release in the media that the covid-19 mandates are fully removed due to my unrebutted High Court evidence provided at the time of the Mandates that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect to help solve the health crisis of insufficient clinicians to provide health services. They were also instructed to state in the media that the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose for their own health and wellbeing. That Big Pharma are required to inform the public of the full ingredient list in cancer drugs and all other drugs the profit mark up and the success rate of each drug where all alternative treatment options be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for <u>every</u> vaccine for <u>full</u> disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control. As these instructions were not followed **Diana Sarfati** and **Chris Luxon** and **Shane Reti** and **Lester Levy** are not only facing commercial liability for harm towards individuals but also criminal charges and crimes against humanity charges where they will now be brought before a world court.

10. That Janine as Commander over all the debtor corporations and their officers is the new lawful and legal owner has the right to seize and take control over all assets and the officers and workers or contractors within the corporation must obey orders given by her, and if anyone tries to obstruct her she has the lawful right to remove them and charge with obstruction of justice with a commercial charge of harm or for one million dollars per event and per man or woman effected.

11. That the claimant and Commander Janine over the debtor corporations provided the means to pay off the National Debt on nineteenth day of July 2024 and from that date she actions with full lawful right the cancellation of the national debt over every man, woman, boy and girl plus actions backdated to 19 July 2024 the reduction of individual and corporate and trust taxation to maximum of ten percent plus goods and services taxation is reduced to ten percent and that full accountability be in place where the people of the land known as the colony of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent, and that if the government corporations do not implement these instructions through their officers by

All Rights Reserved

Monday the seventh day of October 2024 then Janine as the lawful and legal owner will cancel all taxes altogether due to fraud.

12. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers to reduce all property taxes to maximum of one thousand per year per property backdated to nineteenth day of July 2024 with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent, and if this is not done by Monday seventh day of October then Janine as the lawful and legal owner will remove property taxes altogether due to fraud.

13. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers backdated to nineteenth day of July 2024 to remove petrol and fuel tax as well as road user charge and toll charges plus public parking fees so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand.

14. That the claimant Janine and Commander over the debtor corporations and all associated and successor and parent corporations and their officers actions with full lawful right backdated to nineteenth day of July 2024 that as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

15. That the claimant and Commander Janine over the debtor corporations and all associated and successor and parent corporations and their officers order their officers backdated to nineteenth day of July in year of 2024 to drop all speeding and parking and property fines and declares that speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

16. That the claimant and Commander Janine over the debtor corporations and parent corporations and regencies and successor corporations and their officers order their officers backdated to nineteenth day of July in year of 2024 to cancel all past student debt so that our professional kiwis are free to come back from overseas, and also order that all past taxes owed are wiped so that all individuals have a clean slate from nineteenth day of July 2024. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government leadership and debtor corporations and their officers are ordered to place funds into a first home buyers home ownership account overseen by the Commander Janine where each corporation is ordered of immediate effect to place fifteen billion dollars into this fund that any man or woman or couple that have jointly saved 5% deposit has access to these funds at only 2% interest on the loan. If ASB Bank release immediately fifteen billion dollars into a government housing fund overseen by Claimant Janine for first home buyers then the Claimant and Commander Janine will not

All Rights Reserved

liquidate the ASB Bank, and other banks will be encouraged to do likewise or also face liability charges.

17. That the claimant and Commander Janine orders the debtor corporations and parent corporations and regencies and successor corporations and their officers to place with immediate effect a limit on profit margin of the providers to maximum of 20% mark up for monthly charges on communication such as telephone, mobile and internet that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, and until profit margin is fully controlled to maximum of 20% that the debtor corporations are required to subsidise these services so that the people are not charged more that 20% above cost price.

18. That the claimant and Commander Janine orders the debtor corporations and parent corporations and regencies and successor corporations and their officers to place a limit on profit margin of the providers to maximum of 20% mark up on all power, fuel, energy, lighting, heating, transportation, communication near the cost of producing it so that every household and individual living in New Zealand have affordable access to energy and services where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with the Commander Janine to return energy assets back into the hands and ownership of the people, and until profit margin is fully controlled to maximum of 20% that the debtor corporations are required to subsidise these services so that the people are not charged more that 20% above cost price.

19. That the claimant and Commander Janine over the debtor corporations and their officers with full lawful right has restored back the right of every man, woman boy and girl living in the land known as the colony of New Zealand to have pure drinking water without chemical additives , so that every household and individual has the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand, where 100% consensus can never be achieved, and orders all debtor corporations and their officers and all associated or successor or parent companies or regencies to stand down and stop adding fluoride or any other harmful chemicals into the water.

20. That the claimant and Commander Janine over the debtor corporations and their officers order the officers of Health New Zealand and Ministry of Health to provide full disclosure of information and the right to choose for every man and woman over his/her own health and wellbeing and that of their offspring, that the corporations are now ordered to inform the public through public notices and the mainstream media full ingredient lists of every drug, the profit mark up, the side effects and the success rate of each drug plus provide

all treatment options with the same information so that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines. the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

21. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl. that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man. woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation who tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. Individual debtors are provided the opportunity to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful True Bill Ledgers which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into the land known as the colony of New Zealand also known as Aotearoa. I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

22. That penalty ten percent per week accruing interest continues for all outstanding debts where We have f ull lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up. not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in

the event of non-payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for total combined value of the four true bill ledgers for four claims of S18,702,472,858,017.40NZ in writing being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents at that time. As the Commander of all the listed debtor corporations on pages one and two and points 1 to 5 of this document Janine orders the Reserve Bank New Zealand and New Zealand Treasury to make immediate payment of being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents due immediately upon receipt of this order in 0.9999 New Zealand gold bullion bars delivered to the Claimant Address of 37 Glue Pot Road, Oropi, Tauranga. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people living in the land known as the colony of New Zealand including co-ercing the people to take the covid-19 vaccine, the air, water and plant and animal life and the welfare of the people where they will work with Us the Claimants to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced. We declare God's Holy word from Colossians chapter 2 verse 14 and 15 and 1 Peter chapter 1 verse 19 that Jesus has already purchased and redeemed us by the pouring out of his own precious blood and We seal this document and all preceeding documents presented and unrebutted by the Claimant Janine on behalf of every man, woman, boy and girl on the land of Aotearoa with the blood of Jesus Christ having wiped out the handwriting of requirements that was against us and having nailed it to the cross disarming all principalities and powers triumphing over them.

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above twenty-two points of this NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and NOTICE OF TAKEOVER OF ALL ASSETS of LISTED DEBTORS dated twentieth day of September 2024 plus four True Bill Ledgers and combined Bill Ledger and all documents associated with the four Admiralty Statements of Claim sent to the debtors and the High Court of New Zealand and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private first-hand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.

Summary Judgement Against Major NZ Crown Corporations and their Officers

NOTICE OF IMMEDIATE SUMMARY JUDGEMENT AND TAKE OVER OF DEBTOR CORPORATIONS and ALL ASSETS on 20 September 2024

This is a Public notice and Proclamation of Immediate Lawful Summary Judgement stamped and proclaimed in the High Court of New Zealand from 19 July 2024 and 23 August 2024 and 20 September 2024, where the claimant Janine had the lawful right to takeover each of the debtor corporations, seize the assets of all debtors until paid out in full for liability of harm caused from making every man, women and boy and girl debt slaves plus taking away freedom of choice with co-ercement to take an experimental vaccine where the officers knew it was not safe or effective and are therefore liable for any death or severe reaction and loss of employment and livelihood plus for unknown long term effects where the claimant Janine has placed a one million dollar charge of harm of behalf of all people living in the colony known as New Zealand. See full document for full list of charges and orders in place.

Click on this link for full summary Judgement Document: NOTICE OF IMMEDIATE SUMMARY JUDGEMENT AND TAKE OVER OF DEBTOR CORPORATIONS and ALL ASSETS 20th September 2024

Dated and stamped and received by the High Court of New Zealand on 20th Day of September 2024

For context, this document uses only plain simple English and Counting Systems. You are considered informed that all other meanings in this/all communication/s are taken from the Oxford Dictionary of English unless otherwise definition given or as commonly understood by living men and women. Any content or character or page layout is not to be confused with legalese or any other language. If any definition or meaning is unclear to the reader the interpretations are that of the living woman author

NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and TAKEOVER OF ALL ASSETS of listed Debtors as Commander of every debtor corporation with immediate effect from 5pm 19 September 2024 plus seizure of assets of all debtors due to non-rebuttal and non payment and non-implementation of instructions provided for the total combined value of the four true bill ledgers for four claims of $18,702,472,858,017.40NZ in writing being eighteen trillion, seven hundred and two billion, four hundred and seventy-two million, eight hundred and fifty-eight thousand, and seventeen new zealand dollars and forty cents with ten percent per week accruing interest remaining in place until paid out in full. The Claimant and Commander Janine also has the lawful right of implementation of all instructions provided plus restoration of the rights of all individuals living in the colony known as New Zealand to freedom of choice without any obstruction having the lawful right to have anyone arrested that obstructs her or her appointed agents acting on her behalf and can charge them with obstruction of justice.

My first Action as Commander is to declare that this land known as the colony of New Zealand and Aotearoa is now directly under the jurisdiction of the Holy Creator God Almighty and if any case is brought before the courts of this land and the law or facts or evidence presented is in dispute then the higher jurisdiction will always prevail. The highest jurisdiction is Creator God Almighty and his Holy word in the bible where the two greatest commands from Matthew chapter 22 v37 to 40 are to v37 “love the Lord your God with all your heart and soul and mind” and v39 “to love your neighbour as yourself” and v40 “ the **entire law** is based on these two commandments.” From 20th September 2024 the courts and the police and the councils are re-established to serving the people and keeping the peace and preventing harm rather than revenue making and no fines can be enforced unless harm can be proven. Please read the full attached document with particular attention points 10 and 11 where the debtor corporations and their officers have until 7 October 2024 to implement or taxes will be abolished altogether. Point 16 from 19 July 2024 wipes out all past owed taxes including property taxes and student debt. As the claimant Janine now has lawful Summary Judgement due to non rebuttal and non payment, every man, and woman living in the land of Aotearoa can stand on her claims. In law Aotearoa stands for the whole earth. This sets case precedence for the World. It is declared that the whole earth is now under the Jurisdiction of the Lord God Almighty Creator who will not share his lordship with any other.

As the Commander over Health New Zealand with true lawful authority I drop all charges against Barry Young that were made falsely to try and circumvent liability of the corporation and he is reinstated with immediate effect and can choose a team of

people to work with him to continue compiling data on the harm caused by the MRNA covid vaccine where he will be able to make regular updates to the public of his findings. Barry is to report to me, welcome back Barry and thank you for your courage to bring people the truth.

The corporations and the men and woman running them that are trying to play God and try and corrupt the DNA of mankind through the MRNA going into drugs and vaccines for their own ends and are fully accountable for their actions before God. Due to the seriousness of their actions and the consequences toward the future of mankind I have spoken up and made a stand with the lawful authority as Commander over the corporations plus representing God Almighty. I acknowledge our Father in heaven and creator God who made us all with our own unique DNA and claim back for every living man woman or boy or girl in Aotearoa also known as New Zealand and to the people in the world who have taken the vaccine your own unique DNA, that you are not a patented product or the property of another and that you are a child of the living God and claim on your behalf that your body belongs to the loving God who created you and that your body be restored back to way God intended it to work and speak healing into your bodies and restoration of every organ and system and cell within your body and expel anything harmful from your body through the Powerful name and the precious blood of son of God Jesus Christ to the glory of God and I quote psalm 103 Praise the Lord O my soul and forget not all his benefits who forgives all your sins and heals all your diseases. I also quote Romans chapter 3 verse 23-26 ” for all have sinned and fall short of the glory of God, [24] being justified freely by His grace through the redemption that is in Christ Jesus, [25] whom God set forth *as* a propitiation (our atonement to allow us to be reconciled back to relationship with our Creator God) by His blood, through faith, to demonstrate His righteousness, because in His forbearance God had passed over the sins that were previously committed, [26] to demonstrate at the present time His righteousness, that He might be just and the justifier of the one who has faith in Jesus.” The highest law in the world is the Holy King James Bible and quoting scripture is our defence.

In the attached document the last paragraph written in red on page 12 Declares that Janine has now removed the jurisdiction of the corporations to rule this world and placed us directly under the jurisdiction of Lord God Almighty and has been presented in the physical and heavenly realm. Over time people will understand the power of these words and what they mean.

NOTICE OF IMMEDIATE SUMMARY JUDGEMENT AND TAKE OVER OF DEBTOR CORPORATIONS and ALL ASSETS 20th September 2024

We declare God's Holy word from Colossians chapter 2 verse 14 and 15 and 1 Peter chapter 1 verse 19 that Jesus has already purchased and redeemed us by the pouring out of his own precious blood and We seal this document and all preceeding documents presented and unrebutted by the Claimant Janine on behalf of every man, woman, boy and girl on the land of Aotearoa with the blood of Jesus Christ having wiped out the handwriting of requirements that was against us and having nailed it to the cross disarming all principalities and powers triumphing over them.

United Nations is under a corporation and a corporation can never have authority over living men and women and their offspring.

I, Janine formally and lawfully became the Commander of the all the listed New Zealand Government Corporations at 5pm on 19th day of September 2024 with some preceeding this date and did not authorise Winston Peters to make any decisions on behalf of all the people living in our land. I stand with the people of our land who wish to maintain our sovereignty and will send formal response to the United Nations and Winston Peters to revoke any decisions made that are not in the best interests of the people.

Kia Kaha!, stand strong!, as you are no longer debt slaves or the property belonging to another and your individual inalienable rights have been restored and full rights to freedom, equality and dignity, right to make informed decisions around one's health and wellbeing based on the principal of love and do no harm.

FOUR BILLS OF EXCHANGE

PROMISE OF HONOUR AND PROOF OF PRESENTATION

19 JULY 2024

2006 New Zealand $10 One-Ounce Gold Proof Coin

Commemorating the 80th Birthday of Queen Elizabeth II

Provided to Nicola Willis in its original presentation packaging on 19 July 2024

SUMMARY FACT ANALYSIS

Presentation of the Four Bills of Exchange

On 19 July 2024, four original Bills of Exchange were presented in hard copy for delivery to Nicola Willis. Two identical complete sets of documents were present at Parliament. Each complete set contained ten documents: the Immediate Summary Judgement against the Crown debtors stamped 19 July 2024; the Notice of Service on Debtors of Admiralty Statement of Claim; the six-page Notice of Promise / Promise of Honour addressed to Nicola Willis as Minister of Finance; four original Bills of Exchange concerning Health New Zealand / Te Whatu Ora, ASB Bank / ASB Holdings, Western Bay of Plenty District Council / BOPLASS, and the Crown / government corporations; Exhibits W, X and Y; the New Zealand National Debt record and debt-clock screenshot as at 19 July 2024; and the Coinage Act 1933. A 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging was also presented with the hand-delivered set. One complete ten-document set, together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging, was handed over for delivery to Nicola Willis at 9:57 am, while Janine retained the second complete document set as her evidential copy.

The photograph time-stamped 9:56:27 am was taken immediately before the handover at 9:57 am of one complete ten-document set together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging. The coin can be seen resting on the paperwork in the photographs taken on the ground. The actual handover was not photographed because photographs were not permitted.

ASB Bank and Kiwibank — Customer Transaction Shutdown on 19 July 2024

Janine held active customer accounts with both ASB Bank and Kiwibank on 19 July 2024. From approximately 10:00 am that day, customers were advised that the banks' services were not operational. The customer transaction channels checked by Janine—including the banks' websites, internet banking and telephone banking—were unavailable, and she was unable to undertake customer banking transactions through either bank.

Janine checked the services at approximately hourly intervals throughout the remainder of 19 July 2024. ASB Bank and Kiwibank remained unavailable for customer transactions through the channels checked, with normal customer services returning the following day.

The disruption began within minutes of the presentation of the four Bills of Exchange. The photograph time-stamped 9:56:27 am was taken immediately before the handover at 9:57 am of one complete ten-document set together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging. Approximately three minutes after the presentation, at 10:00 am New Zealand Standard Time, the corresponding UTC time was 10:00 pm on 18 July 2024.

This firsthand customer record is distinguished from the publicly reported international CrowdStrike timeline. The CrowdStrike-related chronology records events at 04:09 UTC and 06:48 UTC on 19 July

2024, corresponding respectively to 4:09 pm and 6:48 pm New Zealand Standard Time. Those recorded times were approximately six to nine hours after the ASB Bank and Kiwibank customer-service shutdown observed by Janine.

The available timing information therefore does not support treating the approximately 10:00 am ASB Bank and Kiwibank shutdown as having commenced at the same time as the later CrowdStrike events. The chronological proximity between presentation of the Bills and the banking shutdown is recorded as a material fact. The cause of the earlier shutdown requires separate supporting records.

Independent Witness Account — Tracey Fawcett

Tracey Fawcett was present with Janine in Wellington on 19 July 2024. Tracey witnessed Janine present the complete ten-document set, including the four Bills of Exchange, together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging, and subsequently attempt to check the operation of ASB Bank and Kiwibank at regular intervals throughout the day.

Tracey particularly witnessed Janine repeatedly attempt to access the Kiwibank account nominated to receive payment arising from the four Bills of Exchange. Tracey observed that Janine was unable to access Kiwibank internet banking through either the internet-banking website or the Kiwibank telephone application.

Tracey also witnessed Janine check the banks' services at approximately hourly intervals and observed that the relevant customer-banking facilities remained unavailable during those checks.

Tracey's evidence is based on what she personally saw and heard while accompanying Janine in Wellington on 19 July 2024.

Statements Recorded Outside Parliament

At 10:12:48 am, Janine gave an approximately 45-second statement stating that she had just provided the Government the way to pay off the national debt of just under 180 billion dollars in full and that this debt was cancelled in full over the people.

19 July 2024, soon after 10:00 am — Janine gave her formal speech outside Parliament for approximately 2 minutes and 17 seconds, announcing she had just won summary judgement against Crown government corporations and Health New Zealand and was now lawfully in charge of Health New Zealand. The speech was placed on Rumble News soon after the live media event.

ASB Bank

The amount stated on the relevant Bill of Exchange is $6,623,204,293.75. ASB subsequently reported, for the six months to 31 December 2024, $4.558 billion in cash received from debt securities issued and $4.571 billion in cash applied to repayment of debt securities. A scheduled $600 million ABB080 note maturity occurred on 19 August 2024. ASB also reported additional shareholder investment and substantial balance-sheet movements. No publicly disclosed transaction matching exactly $6,623,204,293.75 was located in the financial records examined.

Western Bay of Plenty District Council and BOPLASS

The public financial records examined show borrowing, assets, bank balances, expenditure and other financial movements. No publicly disclosed transaction matching the exact amount stated on the relevant original Bill of Exchange was located in the records examined.

Kiwibank and Kiwi Group Capital

Treasury records show Kiwibank competitiveness and additional-capital work during the period following 19 July 2024. Crown financial statements subsequently recorded substantial KGC and Kiwibank banking assets and movements. No publicly disclosed transaction matching the exact amount stated on the relevant original Bill of Exchange was located in the records examined.

Treasury

On 22 July 2024, Treasury issued T2024/1129 concerning the scope of reform of the Public Finance Act 1989. Among the matters identified for further work were greater independence for Treasury fiscal projections and longer-term examination of the effectiveness of the Crown entities model and the legislation governing Crown entities.

Financial Reporting

The records examined show established processes for recording liabilities, provisions and contingent liabilities, including Treasury certification and consolidated Crown financial reporting. No recognition of the claimed Bills of Exchange obligations was located in the published financial statements examined as an identified liability, provision or quantifiable contingent liability.

Westpac

Westpac New Zealand Limited and Westpac Banking Corporation provided the Crown's core transactional-banking services. Treasury records describe Crown transactional banking, consolidated cash-management and monitoring arrangements involving Westpac accounts. No publicly disclosed transaction matching the exact amount stated on the relevant original Bill of Exchange was located in the records examined.

Subsequent Events Recorded in the Chronology

22 July 2024 — Lester Levy was appointed Commissioner of Health New Zealand, replacing the board, three days after presentation of the Bills of Exchange and six-page Promise of Honour and the public video announcement that Janine was now in charge of Health New Zealand through summary judgement.

July–14 September 2024 — Caralee McLiesh was Secretary to the Treasury and Chief Executive at the time of presentment of the four Bills of Exchange on 19 July 2024. She announced shortly after 19 July 2024 that she would not seek reappointment. The decision was reported in the media on 2 August 2024, shortly after 19 July 2024. She left the Treasury role on 14 September 2024 and commenced as Australian Auditor-General on 4 November 2024. Due to leaving, she was not required to sign off or

complete the annual financial report. She had been in that role since September 2019. The key chronological fact recorded here is that she announced after 19 July 2024 that she was going to leave.

18 December 2024 — According to Janine's court and insolvency records, ASB Bank was declared insolvent on 18 December 2024. The full supporting insolvency documents are contained in Volume 4, Part 13. Carl Ferguson was ASB Chief Financial Officer at that date and was responsible for recording all debts on the annual financial return. The insolvency occurred on 18 December 2024 and the debt was required by law to be reported within that financial year. The final date for reporting the debt was 17 December 2025. ASB's financial year ends on 30 June each year. ASB announced Ferguson's departure on 8 October 2025, and he left ASB on 10 November 2025 to become Commonwealth Bank of Australia Group Chief Internal Auditor, before the final reporting date of 17 December 2025.

31 December 2024 — ASB's half-year reporting period ended. Its later published reporting included the debt-security cash movements described above, without a separately identifiable recognition of the claimed Bills of Exchange obligations in the records examined.

31 March 2025 — Adrian Orr was Governor of the Reserve Bank of New Zealand at the time the four Bills of Exchange were presented on 19 July 2024. Adrian Orr resigned on 31 March 2025 and was therefore not required to report or sign off on the Crown financial-year reports ending on 30 June 2025. Adrian Orr was Governor from March 2018 to March 2025.

Analytical Scope

This analysis records the chronology, the documentary evidence examined, the firsthand and witness accounts, and the absence of an exact matching transaction in the published financial records reviewed. Temporal proximity between events is recorded as a fact of chronology. Except where a document expressly establishes a connection, temporal proximity alone is not presented as proof of causation. Statements concerning the summary judgement, authority, debt obligations and insolvency determinations record Janine's position and the documents contained in this evidence compilation.

Documentary Sequence in This Part

Two identical complete sets of documents were present at Parliament on 19 July 2024. Each complete set contained ten documents: the Immediate Summary Judgement against the Crown debtors stamped 19 July 2024; the Notice of Service on Debtors of Admiralty Statement of Claim; the six-page Notice of Promise / Promise of Honour addressed to Nicola Willis as Minister of Finance; four original Bills of Exchange concerning Health New Zealand / Te Whatu Ora, ASB Bank / ASB Holdings, Western Bay of Plenty District Council / BOPLASS, and the Crown / government corporations; Exhibits W, X and Y; the New Zealand National Debt record and debt-clock screenshot as at 19 July 2024; and the Coinage Act 1933. A 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging was also presented with the hand-delivered set. One complete ten-document set, together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging, was handed over for delivery to Nicola Willis at 9:57 am, while Janine retained the second complete document set as her evidential copy. This Part also contains the factual-analysis table and fifteen photographs taken at Parliament on 19 July 2024.

The photograph time-stamped 9:56:27 am was taken immediately before the handover at 9:57 am of one complete ten-document set together with the 2006 New Zealand $10 one-ounce gold proof coin commemorating the 80th birthday of Queen Elizabeth II, in its original presentation packaging. The coin can be seen resting on the paperwork in the photographs taken on the ground. The actual handover was not photographed because photographs were not permitted. The subsequent photographs record Janine preparing her second speech outside Parliament and the two Rumble recordings.

Promise of Honour Note of Janine of the House of Arabella and Walters written on 14th day of July 2024
Presented to Nicola Willis, Minister of Finance of the New Zealand Government on 14th day of July 2024
NEW ZEALAND TREASURY, 1 The Terrace, Wellington 6011, NEW ZEALAND
From Janine of the House of Arabella and Walters with **email for response**: janine.a.walters@gmail.com

I, Janine of the House of Arabella and Walters have the lawful right of claim of four unrebutted Admiralty Statements of Claim with Four Bill Ledgers included with Exhibit Y with the Notice of Service that have been made into Four Bill of Exchange Notes for payment. I, Janine of the House of Arabella and Walters am acting in honour with no desire to see the system completely collapse, but have found a way to hold the corporate system and the individuals that work within the corporations accountable and act in the best interests of every man, woman, boy and girl living in New Zealand. I agree to act at all times with honour and as long as individuals acting as heads for the New Zealand government are acting in honour with the best interests of the New Zealand people then I will work with them in partnership to turn this country around for the best interests of all the people living here.

I promise to invest these funds back into New Zealand in partnership with the government for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September plus claim goes to over sixteen trillion dollars at that time, plus take claim off the individuals acting in dishonour.

5) That as soon as the National Debt is paid off on nineteenth day of July in year of 2024 that the New Zealand government announce that individual and corporate and trust taxation be reduced to ten percent for under one hundred thousand dollars of income and twenty percent for over one hundred thousand dollars of income plus goods and services taxation is reduced to ten percent and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

8) That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

9) That from nineteenth day of July in year of 2024 the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, and this includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

10) That from nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

11) That from nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. The ASB Bank has released six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

12) Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

13) Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New

Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with me to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

14) Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. I stand against any additives going into the water which means that 100% consensus can never be achieved.

15) That Nicola Willis agrees to meet with Janine the week of 22-26 July and Janine has the right to add any other conditions that are related to removing actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where Nicola will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, and that as these decisions are implemented and Nicola and the government heads are demonstrating actions of honour that Janine will release more funds back to be used for the benefit of all. I aim to be public in media about taking over Health New Zealand and paying off the country debt but willing to keep all other matters private as long as you and other heads of Government act with honour firstly with all fifteen points listed in this letter then demonstrate are acting in the best interests of the country and the people here I will continue to show support to you. I believe it is in the best interests of New Zealand to prevent a collapse and believe I has presented to you a very successful way to move forward from this point and look forward to receiving the funds on 19 July 2024 and working with you to make New Zealand one of the best places in the world to live restoring the freedom and rights of every New Zealander.

I believe every experience I have had in life has prepared me for this time to step into a leadership position with a background of twenty plus years running health services and multi million dollar organisations that have given me the skill set and character qualities to step in where I can act in the best interests of others and hope to work in partnership with you to achieve great things.

Janine will bring the four Bills of Exchange being BOE-JHAW-01, BOE-JHAW-02, BOE-JHAW-03 and BOE-JHAW04 to you in person round 9am on the nineteenth day of July for you to action.

I, Janine of the House of Arabella and Walters agree to stand behind every word written in this promissory note and to act with honour at all times in the best interests of the people of New Zealand and the land of New Zealand.

Sincerely in truth

Janine of the House of Arabella and Walters
Trading as Janine ARABELLA and Janine WALTERS and operating out of the House of Talia Dawn Private Foundation set up in honour of my daughter Talia who died to give her a great legacy that will benefit all New Zealanders and the world.

Proposed media release: I Nicola Willis, Minister of Finance stand before you today with a very important announcement that effects every New Zealander. Today with the help of this woman standing alongside me we have managed to problem solve a way to pay off the National Debt and today I am very excited to announce that we have done exactly this today. As a thank you and

matter of honour to Janine the woman standing beside me has been granted the role of Commander and Chief over the corporation Health New Zealand where Margie Apa is requested to co-operate with her as Janine has also found a way to release significant funds to invest into our health system to improve the services for the benefit of every New Zealander. Janine has a background of 25 plus years running Health Services and Businesses in New Zealand and Australia, so has a lot of knowledge, skills and experience to offer.

Before I hand over to Janine to introduce herself I would like to announce that there are a lot of onflow benefits of paying off our National Debt. As the Minister of Finance I announce the following changes to be active from today.

1) that from today 19th of July 2024 individual, corporate and trust taxation be reduced to ten percent for under one hundred thousand dollars of income and twenty percent for over one hundred thousand dollars of income plus goods and services taxation is reduced to ten percent and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

2) That from nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

3) That from nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand.

4) That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

5) That from nineteenth day of July in year of 2024 the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, and this includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

6) That from nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

7) That from nineteenth day of July in year of 2024 all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where

the NZ government will find ways to increase home ownership where funding options are being explored. The ASB Bank has released six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

8) Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

9) Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. We intend to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

10) Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand, and there is no way possible that 100% consensus can ever be achieved, which restores the rights of having pure water back to every individual.

I now handover to Janine

Hi everyone I am looking forward to serving the people of New Zealand and helping address your health needs, timeframes and access to them. I have prerecorded a message to all New Zealanders and this message will be released later today which outlines some of my goals. As I implement changes I will endeavour to give weekly updates. I will talk with you all soon.

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including Summary Judgement Claim against the ASB Bank including its Officers

and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That on the seventh day of May 2024 We lodged with the Tauranga Civil High Court a third Admiralty Statement of Claim including Summary Judgement Claim against the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his

role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

10. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

11. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

12. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

13. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

16. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. The CROWN corporation names are HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND with company number 0000216105 and that this also has been allocated another company number and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 with evidence of these found **in Exhibit J** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

have the lawful right to add the charges of one million dollar charge for each individual being a further five trillion three hundred and thirty eight billion nine hundred million dollars [$5,338,900,000,000.00NZ] effective immediately from 5pm on twentieth day of June 2024 or the lawful right to seize assets to the same value if not paid out in full.

22. That We the Claimants confirm that there was no response or rebuttal or payment received by 5pm on the twentieth day of June 2024 to the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT by any of the Debtors or Defendants listed on page one and in paragraph 18 and 19 confirmed by the three witnesses of events, and that this has led to further penalties and charges being added with the updated Statement of Claim Bill dated twenty first day of June 2024 attached with the Commercial Affidavit with the current charge being five trillion four hundred and forty one billion six hundred and fifty-one million fand forty seven thousand seven hundred and sixty-one dollars and sixty eight cents [$5,441,651,047,761.68NZ] immediately payable with further penalty charges to be added if not paid out by 5pm NZ time zone on 12 July 2024 with the current Bill Statements separated into 4 Claims found in Exhibit S with the Commercial Lien document.

23. That due to non rebuttal of the Certificate of Default a Commercial Lien was put in place after 5pm on 20 June 2024 and before opening of business operations on 21 June 2024 over every single Debtor Corporation on Page one of this Admiralty Statement of Claim on that day with 21 June being the first day of default of payment by law of all the debtors for the fourth claim.

24. That the Obligations are now enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment by 5pm on twelfth day of July 2024 have the lawful right to add further penalty charges or claim payment off the parent or successor companies.

25. That We enclosed a copy of the four current bills of debt owed on 21 June 2024 with up to date penalty fees added associated with each of the Statement of Claims in Exhibit S of the Commercial Lien Notice plus placed all four debt claims outstanding onto one overall true bill ledger to the Defendants and the corporations they represent with ten calendar days to pay out this money or rebut point by point and sign with wet ink signature in full commercial capacity by 12 July 2024.

26. **That the bank account for payment is Kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a**

claim on behalf of with the stipulation that all money owed is exempt from taxes or any other charges.

27. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

28. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

29. That we, the claimant Janine, have formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 29 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

30. That we the Claimant Janine notified the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of

life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

31. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

32. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE, where Bede Corry has taken over as the Secretary on 1 July 2024 and he has also been sent this notice so he has the chance to rebut on behalf of the corporation and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and

Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

33. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

34. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

35. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

36. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

37. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing

reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

39. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

40. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means

no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

41. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

42. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
43. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

44. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

45. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH

COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

46. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

47. That included with the fourth Admiralty Statement of Claim ASC-SH-HCNZ-JA-01 is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

48. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

49. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

50. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

51. That there has been no point by point rebuttal by the first day of July 2024 or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. Not one of the debtors chose to take remedy.

52. That the AD5 form Notice of Proceeding was attached with the Admiralty Statement of Claim dated 1 July 2024 and received 3 or 4 July 2024 by all the Defendants where the defendants have been informed that according to High Court Rules 25.29 (2) and 25.32 (5) that if the Defendants/Debtors fail to file a signed statement of defence or a counterclaim with an affidavit signed verifying the facts within ten working days from the day he/she has received this notice of Proceeding with the Statement of Claim then the Claimant according to High Court Rules 25.33 can arrest the assets of the Debtors against which the action was brought, where the last day for defence is 5pm on 18th day of July 2024.

53. The Summary Judgement G13 form was attached with the Admiralty Statement of Claim dated 1 July and received either 3 or 4 July by all the defendants stating that in the event of no defence or non payment by any and all of the Debtors and Defendants listed on page one by 5pm 18 July 2024 that same date with immediate effect by Summary Judgement where the Court is required to honour and stamp the Claims and ensure payment is made plus provide Sheriff protection and authorization for the Claimants or their authorised representative to enter the premises of the corporations in default to claim and seize assets until paid out in full.
54. That the Claimant Janine has provided proof of life document and this can be found in **Exhibit V** with this Admiralty Statement of Claim

57. That on seventh day of July 2024 the Claimants placed Four Notices of Commercial Lien Liability onto the public notice board publicnoticesnz.com for the Four outstanding True Bill Ledgers of amount due on that date, plus amount due on 18th day of July 2024 from 5pm in event of non payment, plus the amount due at the 90th day of default in each of the Four Admiralty Statements of Claim listed in points 59, 60, 61 and 62 and found in **Exhibit Y.**

Instruments, gold, silver, any other precious metals and intangibles and Chattel Paper and all cash and all coins and all property and land owned including immediate takeover of 12 Jellicoe Street Central Auckland with immediate removal of all staff and officers to vacate from the building with changing of the locks and if Vittoria SHORTT the Chief Executive Officer and Director does not co-operate with opening of the safes and providing the combination codes the lawful right to Bankrupt Vittoria SHORTT for acting in dishonour and seize all her assets including her home at 5 Clifton Road Herne Bay Auckland, and if it is found that assets have been sold or removed or taken anytime after the High Court Date of Default of 18 April 2024, then the Claimants have the right to seize them back and lay charges against individuals in the event of theft or fraud or deceit.

60. That the third Admiralty Statement of Claim initially lodged against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS and their directors and officers now including as debtors other New Zealand Government Corporations and the individuals representing them listed on page one with no rebuttal by 5pm on eighteenth day of July 2024 are liable for the outstanding debt at that time of one billion two hundred and seventy-two million, two hundred and twenty-five thousand, six hundred and fifty-five dollars and sixty-four cents [$1,272,225,655.11NZ] and if not settled within 24 hours of that time the debt will continue increasing and accruing ten percent interest per week until the next deadline which is the twentieth day of August 2024 which is 91st day of Commercial Lien Default where the Claimant Janine will claim the money owed as a Bill of Exchange owed at that time of one billion, eight hundred and sixty-two million, six hundred and sixty five thousand, five hundred and eighty one dollars and sixty-four cents [$1,862,665,581.64NZ) for immediate payment on that same day and either take over as Commander and Chief or appoint someone else to step in and run the two corporations, and seize all assets including all land and property owned. The claimed money will be reinvested back into providing services such as infrastructure and roading and housing to benefit all New Zealanders and will remove Corporation and Crown Jurisdiction over all properties and land and roads in New Zealand back into the hands of the people of New Zealand.

being $16,755,755,260,475.70NZ. If no payment has been made by 19 September 2024 the Claimant Janine or her authorised representative has a lawful right to claim the money owed as a Bill of Exchange for immediate payment and appoint a man or woman to take over each of the Debtor corporations and appoint a man or woman to take over the running of the country who will act in honour and act in the best interests of the Country of New Zealand and the people living here.

62. That each of the Defendants had until five pm on eighteenth day of July to place a defence or rebuttal or make payment and that we the Claimants confirm that no rebuttal or defence or payment was received by five pm on eighteenth day of July 2024, and with true and full lawful authority claim Immediate Summary Judgement on each of the Four Admiralty Statements of Claim against all the Defendants plus four true Bill Ledgers that are in Exhibit Y. The Tauranga Civil High Court is in dishonour by not setting up a court hearing and as no defence has been made for any of the Admiralty Statements of Claim the Registrar is required by law to place the High Court Seal stamp on each of this NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and on each of the Four true Bill Ledgers presented with this NOTICE. 63. That we the Claimant Janine step in on 19 July 2024 with full lawful right with honour to represent the best interests of every man, woman, boy and girl living in New Zealand and desire to work in partnership with the appointed government heads of New Zealand and calls them into honour and accountability, and as long as they demonstrate actions in the best interests of the people of New Zealand they will be able to remain in their roles. Our first two actions will be to completely turn over the mandates and reinstate people who lost their jobs through the mandates and address vaccine injuries and harm and invest back into the health system of New Zealand to benefit all New Zealanders. That our second course of action will be to pay off and cancel the country debt to free all New Zealanders from control of big corporations so that the government heads can start acting in the best interests of the people without being controlled by others above them.

The Plaintiffs Inform The Court Registrar and the Debtors of the Following

STATEMENT OF FACTS

1. That on the eighteenth day of March 2024 We lodged an Admiralty Statement of Claim including Summary Judgement Claim of harm against Health New Zealand Corporation and some of it's Officers with liability, and this claim was allocated to Stephen Hewlett, registrar at the Tauranga Civil High Court to process. Further evidence and charges were supplied in three memorandums plus two Notices of Service which included serving notices and a complete set of documents that were already received were served on all the defendants on seventh day of April 2024 with emails sent to Stephen personally to Stephen.Hewlett@justice.govt.nz on ninth day and fifteenth day of April and online lodgements on https://www.courtsofnz.govt.nz/file-and-pay through the Courts of New Zealand website notifying the Tauranga Civil High Court that the defendants had until the eighteenth day of April 2024 to place a defence or make payment of eighty billion dollars four hundred and sixty one million, four hundred and eighty one thousand, four hundred and thirty eight dollars [$80,461,481,438.00NZ] and request for immediate Summary Judgement to occur the following day 19th of April 2024 where We, Janine the Claimant has the lawful right to step in and take possession of the corporation Health New Zealand and its assets with immediate step aside of the Chief Executive Officer to co-operate with the Claimant to action steps of Restorative Justice. That Stephen Hewlett has failed to process the claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including any late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit A** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

2. That on the twenty second day of March 2024 We lodged with the Tauranga Civil High Court an Admiralty Statement of Claim including

Summary Judgement Claim against the ASB Bank including its Officers and associated corporations with liability where the defendants had to provide payment of three billion and three million dollars or a signed affidavit of defence of every single debtor with evidence by the eighteenth day of April 2024, and this claim was allocated to Stephen Hewlett to process. The Notice of Servings on all Debtors and Notice of Proceedings confirming the last date for defence was 18th day of April 2024 was also emailed direct to Stephen Hewlett to Stephen.Hewlett@justice.govt.nz on sixteenth day of April to ensure he was very clear that Summary Judgement would occur on nineteenth day of April 2024 where We would be required to show up in person to the Tauranga Civil High Court for this proceeding. There was no response from Stephen Hewlett to the email. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The stamped copy of receipt of the lodged claim was included as **Exhibit B** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations.

3. That no defence or payment was made by the any of the Defendants in the Admiralty Statement of Claim against Health New Zealand and it's officer with Liability or the second Admiralty Statement of Claim against ASB Bank and it's Defendants by the last day being eighteenth day of April 2024, and We came in to the Tauranga Civil High Court the following morning round 10am on Friday 19 April 2024 and brought a number of witnesses with us to record accurately the events that occurred that day. Stephen Hewlett appeared to be expecting us and it is noted that me, Janine the living woman was treated differently by all the security guards coming in and out of the court where I was not scanned and all other people coming in with me were, so it was clear that the security guards had been notified I was coming into the court that day. I came to the Civil High Court counter and was informed by Stephen Hewlett that there was no judge at the court and I would definitely not be having a court hearing or proceeding that day. We let him know that my life was under threat, and that I needed to be before a judge that day to ensure my safety and that he knew that what I was doing was real otherwise We would not have been able to place a commercial lien for eighty billion dollars over the corporation Health New Zealand. At that point he went white and started shaking and said that the only thing I could do was go over to the Criminal High Court and see if We could be seen by a judge there.

4. We went over the Criminal High Court and spoke to the Registrar there who told me the first step to see a judge was to fill out an affidavit. I had myself and three others fill out affidavit of events that had occurred over the last week that gave evidence of high level of surveillance on me, my automobile and my property of many events of suspicious activity

including being followed by helicopters, drones and cars, where some of this had been reported to the police with a vehicle plate number. This took an hour, then went back to the Criminal High Court Registrar who said there was nothing that she could do today to see a Judge (time was around 11.45am) and suggested go back to the Civil High Court.

5. We went back to the High Court to see Stephen, where he came out the front of the counter and spoke with me with four to five witnesses including two of the witnesses who have signed this affidavit. He stated again " I can not help you today and I have not yet even looked at your claims". He asked me to confirm and clarify what jurisdiction were these documents under, as he believed they should be under Crown jurisdiction. We confirmed that we were under the highest jurisdiction of the Holy King James Bible, and for the purposes of processing these claims the jurisdiction was 'in' Admiralty Law. We asked when he would look at the claims and he replied that "I am extremely busy, I have no idea when I will look at your claims and if I will ever look at the claims as they are not a priority to me, in fact they are such low priority to me, that I probably won't read them and there are some obvious errors in your documents". We responded back that We have claimed All Rights Reserved with the right to correct honest errors or omissions. His response was "You can change them as many times as you like, it doesn't mean I am going to accept your documents and that Civil Law is a contract and I haven't decided yet whether I will accept your contracts" He then said that he needed to go to attend to another matter and security escorted us and my witnesses out. As soon as We left the court We realized that We should have left the hard copies of Our documents at the court so the court had a printed copy of all Our documents and obtained a stamped receipt of these documents. The security guards refused to let us enter back into the court.

6. We emailed Stephen three days later to Stephen.Hewlett@justice.govt.nz on Monday 22 April stating we will be coming into the court with lawful right to present a hard copy of all Our documents to him as the High Court Representative and came back into the court the following day Tuesday 23 April 2023 just after 10am with one witness and presented him with a hard copy of the two full sets of documents for the two Admiralty Statement of Claims with Notice of Proceeding and Summary Judgement. He stamped the front pages of Our copy with the date the High Court received them and printed us a copy of the email We sent him and stamped that as well. He informed me that We didn't have the address for service written on the front page of each of the sets of documents even though it was included elsewhere, providing some proof that he had at least glanced over Our documents enough to notice this. He again asked us to clarify what jurisdiction We wanted our claim to be under.

7. That in the meantime We were also dealing with another matter with another large corporation being the Western Bay of Plenty District Council who were also doing unlawful surveillance of us that increased to such a

level I was feeling violated and psychologically harmed so escalated Our claim against them into an Admiralty Statement of Claim on sixth day of May 2024 for a defence or payment of five hundred and ninety three million nine hundred and forty eight thousand nine hundred dollars [$593,948,900.00NZ] with ten percent accruing interest per week continuing plus able to add all further charges occurring of unlawful surveillance or entry into my property. These documents were lodged with The Tauranga Civil High Court on the seventh day of May 2024 and assigned to Stephen Hewlett to process and were served upon the two officers and the Corporations with liability on the eighth day of May having ten working days until twenty second of May 2024 to make payment or a signed affidavit of defence or Summary Judgement will take immediate effect. The serving documents and Notice of Proceedings were received by The Tauranga Civil High Court on the ninth of May 2024. We confirm that the Western Bay of Plenty District Council and it's officers did not rebut or make payment by the twenty second of May 2024 and is now in default with us having full lawful claim plus add penalty charges until paid out in full. That Stephen Hewlett has failed to process this claim and due to acting in dishonour is now liable and made all the New Zealand Government Corporations he represents liable for this debt including all late penalty charges. The receipt for the lodgement of Admiralty Statement of Claim and Summary Judgement against Western Bay of Plenty District Council other corporations and their Officers with liability and was included as **Exhibit C** in the Notice of Dishonour and Notice of Liability that was presented to Stephen Hewlett to rebut and defend in his role as registrar of the High Court of New Zealand as well as private individual plus representing all the New Zealand Government Corporations liable for this debt.

8. We took notice of comments made by Stephen Hewlett and found in paragraph 5 and 6 and added the service address to the front page of all Our documents plus confirmed the jurisdiction being 'in' Admiralty and Merchant Law and placed a hard copy of all front pages into a courier bag addressed to 'Stephen Hewlett at the Tauranga Civil High Court at Maclean House at 26 Maclean Street in Tauranga with tracking number LW126036040NZ received on Tuesday 7 May at 11.36am. We also included two page contract terms with each of the three claims with very favourable terms to the court to help expedite processing of my claims and stipulated a response required of acceptance, rejection or counter offer in seven working days from receipt with the last time for response being Thursday sixteenth day of May 2024. That Stephen Hewlett received this information three times and had no excuses for not receiving or responding, and chose not to respond. The three two page contract terms were included as **Exhibits D, E and F** in the Notice of Dishonour and Notice of Liability.

9. We came into the Tauranga Civil High Court on Wednesday 15 May 2024 round lunch time and spoke to a female deputy Registrar who sits beside Stephen's desk and she said he was out of the office and she was not

sure if he would be back that day. We presented her with the full hard copy set of documents for the Admiralty Statement of Claim against the Western Bay of Plenty District Council and its officers and Corporations where she stamped the front pages with the date of receipt and We also presented her with a second hard copy of the three contract terms. She also stamped Our copies with the date of receipt being 7 May 2024 to acknowledge the first day Stephen Hewlett received these. She was informed that there had been an attempt on my life and she gave me a bright pink sticky note paper to handwrite Stephen a note to phone me. She placed the copy of Our documents that We presented that were in a clear plastic folder on his desk with the bright pink hand written note on top, and said she would ask him to phone me.

10. That at 11.30am the following day on Thursday sixteenth of May 2024 We had not received a phone call from Stephen and choose to come back into the court to see him in person. We the claimant Janine with Witness Beverley Jane Minola met Stephen at the counter at 11.30am for five minutes and document here what occurred.

9a. We said hello to Stephen and that We were here to remind him that today Thursday sixteenth day of May 2024 is the seventh day and last day for response to the three contracts that were sent to him by a signature required courier post and arrived to him on Tuesday 7 May 2024. He was given seven days to respond and either accept or reject or counter offer the terms of each of the three contracts which had very generous provision of money compensation to the court for processing my three Admiralty statements of Claim where first of these were lodged on 18 March and the second on 22 March and third on 7 May 2024.

9b. Stephen then told me that he had been extremely busy and had not had the chance to look at any of Our documents. He did acknowledge he had received of all documents including the ones sent by courier post arriving 7 May 2024 containing the offer of terms of the three contracts. He then said to us that civil Law is not a contract. We reminded him of a previous conversation we had recently on 18th day of April 2024 with witnesses where he clearly said to us that Civil Law is a contract and he had not decided at that time if he was going to accept Our contracts. Once home and checked dates in the diary We realized that the date this occurred was incorrect and correct here that this conversation occurred on nineteenth day of April in front of least three witnesses, where two of these witnesses signed and confirmed in the Notice of Dishonour that this is correct.

9c. Stephen then pointed at his desk showing that he did have the hard copy of each of Our three full claims and contracts on his desk. We asked you did you ever have any intention of processing Our claims. HIs response was that he was extremely busy and didn't know when he would get to them but it was his intention at some point in time to process these.

9d. We had in front of us on the counter the three stamped contracts that were presented by us in person to the counter the day before when Stephen was away, as the second copies received. The response required

is the same for all three contracts – seven days to either accept or reject or counter offer or provide a name of individual and contact details who had the authority to address Our claims to in event he did not have authority to do so. We showed him the stamped terms of contract presented for Health New Zealand and said that today was the last day for response of all three contracts to accept or reject or counter offer the three contracts and We provided him with a fourth option on this form of giving Us a name of a higher authority with their contact details. His response was 'I am not writing or signing anything on that form'.

9e. We informed Stephen that there had been an attempt on my life that last week and We wouldn't be doing what we are doing unless We 100% believed in it. We stated that We believe We are acting in the best interests of the country and of the people and are willing to work in partnership with the new government. One of Our claims is to step in and take over the running of Health New Zealand. We indicated to you that the health system is in such a mess that it is it could fully collapse in the next six to 12 months and We were trying to prevent this from happening, and had requested the court to process Our true and accurate claim.

9e. Stephen responded that he had not read any of Our claims and that could not comment on whether any of them were true or accurate.

9f. We ended the meeting with Stephen stating that We believe you are an honorable man and I believe in you, and that you will do the right thing.

9g. This information in points 9a to 9g were also emailed to Stephen.Hewlett@justice.govt.nz approximately three hours later on Thursday 16 May 2024 at 2.45pm with the three contracts attached as the third set, where Stephen had no excuses from having received these documents three times and We informed him that if he do not respond that same day being the last day for response on Thursday 16 May to Our three contract terms for the three Admiralty Statement of Claims with Summary Judgement that he was acting in dishonour and can be held personally liable for all the debts associated with Our claims, and that We hoped to hear from him by the end of that day five pm and would accept a response by email to keep him in honour and prevent any personal liability, otherwise would need to send him a notice of dishonour and notice of liability. Proof of this communication can be found in **Exhibit T** with this High Court Document.

10. That each of the three contract terms required a response of either acceptance, rejection, counter offer or provide the name of an individual with higher authority to address Our claims. If Our claims had no substance Stephen would have been able to simply reject them, and the very fact that he hasn't rejected them indicates that he knows We have a true and rightful claim in each of the three cases. He could have done a counter offer to ask for a further ten days to process these claims, but chose not to.

11. That we sent Stephen Hewlett and the New Zealand government corporations he represents a Notice of Dishonour and Notice of Liability with Opportunity to Cure with postal tracking number LW126036098NZ received at 12.19pm on the twenty first day of May 2024 with ten working days after receipt to process our three Admiralty Statement of Claims and either accept, reject, counter offer or provide the name of a real live individual who will process Our claims in a timely manner within that same ten working days period to bring Stephen and the High Court back into honour and remove personal liability and the liability of the corporations represented. The ten working days ended on the fifth day of June 2024.

12. That Stephen Hewlett as individual in his full private and commercial capacity plus the Corporations he represents failed by the deadline the fifth day of June 2024 to rebut point by point these claims of us the claimants Janine representing JANINE WALTERS and JANINE ARABELLA, and his non-response and non- rebuttal is taken in law as tacit acceptance and agreement and admission of all facts herein, in perpetuity, and this placed the Debtors in default and the presumption is taken upon the public record that the reader freely, knowingly and voluntarily agrees with all the points, statements, claims and authorities of this claim as the terms of a binding contract; and mere denials will not suffice as a rebuttal and will be considered as a non-response; and any rebuttal to the NOTICE of DISHONOUR and NOTICE of LIABILITY WITH OPPORTUNITY to CURE other than a verified point-by-point response, sworn under full commercial and personal liability and under the penalty of perjury, with supporting evidence certified and signed in wet ink to be true, correct, certain, complete, and not misleading and with first hand personal knowledge attached in the form of an affidavit is deemed to be an insufficient response; and Janine on behalf of the Claimants confirms that no response was received by the due date 5pm on fifth day of June in the year 2024.

13. That he who does not deny, accepts – 'qui-non-negat-fatetur'.

14. That Stephen Hewlett is on the electoral role public record as 'Registrar' and as such will be addressed as Registrar of the Tauranga Civil High Court and High Court of New Zealand with full authorisation to process the Admiralty Statement of Claims, and if he chooses not to rebut point by point this High Court Admiralty Statement of Claim then it is taken in law as silent acquiescence and tacit acceptance that he had full authority to process the three Admiralty Statement of Claims and chose not to and fully aware that this has placed him in dishonour and fully liable for these debts and made the corporations he represents also liable. The evidence of the electoral role is found as **Exhibit U** with this High Court Claim.

15. That we, the Claimant Janine is Holder in Due Course of any Ens Legis, legal and any other relevant stramineous homo. Chattel and instruments are duly claimed by Holder in Due Course held under published Common Law since nativity; and this is a Mandatory Notice: all chattels and

16. That we, the Claimant Janine has declared that the one true almighty God created men and woman, and men and woman created corporations; and a corporation can never have control or authority over a living man or woman without their consent and she has not consented to any corporation having control or authority over her; and

17. That we are aware that many corporations are setting up other corporations with different identifying numbers overseas internationally as a way to try and prevent liability and that the Crown now has at least 3 different corporations set up to represent them plus other corporations are also doing this. The CROWN corporation names are HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND with company number 0000216105 and that this also has been allocated another company number and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 with evidence of these found **in Exhibit J** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

20. That we, the Claimant Janine has declared that if anyone tries to deceive her with intent to harm her or tries to enslave her they have committed

crimes of slavery and fraud and she has lawful right and authority to charge them according to her compensation charge fee schedule which can also change and be updated without notice; and that we have added the charge of one million dollars per every man, woman, boy and girl living in our land being the land of New Zealand for deceit with the intent to harm or enslave on behalf of to be distributed to them included as **Exhibit L** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

21. That according to one news on 15th of May 2024 that the New Zealand population on 31 March 2024 was estimated at five million three hundred and thirty-eight thousand nine hundred people [5,338,900] with a one million dollar compensation charge for each individual brings the total charge against the New Zealand government corporations being five trillion three hundred and thirty eight billion nine hundred million dollars ($5,338,900,000,000.00NZ) where this information can be found on website link https://www.1news.co.nz/2024/05/15/new-zealands-latest-population-figures-revealed and was included as **Exhibit M** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT.

22. That included in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT We the Claimants included 4 pages in Exhibit N with the Bill statements for each of the three Admiralty Statements of Claim plus an overall Bill Statement which gave the total amount of debt due by twentieth day of June 2024 was ninety two billion nine hundred and sixty-three million five hundred and forty two thousand nine hundred and eighty seven dollars and eighty four cents [$92,963,542,987.84NZ] by the defendants being Stephen HEWLETT in his full private and commercial capacity and the CROWN corporations and High Commissioner Phil Goff in private and representing the CROWN Corporations, Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change, and in the event of non payment or rebuttal then we the claimant Janine on behalf of JANINE WALTERS and JANINE ARABELLA and every man woman boy and girl living in New Zealand have the lawful right to add the charges of one million dollar charge for each individual being a further five trillion three hundred and thirty eight billion nine hundred million dollars [$5,338,900,000,000.00NZ] effective immediately from 5pm on twentieth day of June 2024 or the lawful right to seize assets to the same value if not paid out in full.

23. **That We the Claimants confirm that there was no response or rebuttal or payment received by 5pm on the twentieth day of June 2024 to the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT by any of the Debtors or Defendants listed on page one and in paragraph 18 and 19 confirmed by the three witnesses of events, and that this has led to further penalties and charges being added with the updated Statement of Claim Bill dated twenty first day of June 2024 attached with the Commercial Affidavit with the current charge being five trillion four hundred and forty one billion six hundred and fifty-one million fand forty seven thousand seven hundred and sixty-one dollars and sixty eight cents [$5,441,651,047,761.68NZ] immediately payable with further penalty charges to be added if not paid out by 5pm NZ time zone on 12 July 2024 with the current Bill Statements separated into 4 Claims found in Exhibit S with the Commercial Lien document.**

24. **That due to non rebuttal of the Certificate of Default a Commercial Lien was put in place after 5pm on 20 June 2024 and before opening of business operations on 21 June 2024 over every single Debtor Corporation on Page one of this Admiralty Statement of Claim on that day with 21 June being the first day of default of payment by law of all the debtors for the fourth claim.**

25. **That the Obligations are now enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment by 5pm on twelfth day of July 2024 have the lawful right to add further penalty charges or claim payment off the parent or successor companies.**

26. That We enclosed a copy of the four current bills of debt owed on 21 June 2024 with up to date penalty fees added associated with each of the Statement of Claims in Exhibit S of the Commercial Lien Notice plus placed all four debt claims outstanding onto one overall true bill ledger to the Defendants and the corporations they represent with ten calendar days to pay out this money or rebut point by point and sign with wet ink signature in full commercial capacity by 12 July 2024.

27. **That the bank account for payment is Kiwibank 38-9024-0122732-00 with account name being HOUSE OF TALIA-DAWN PRIVATE FOUNDATION where the claimant Janine will act as Principal Participant and will act as the authorised representative to ensure that funds are paid out to each individual that they have made a claim on behalf of with the stipulation that all money owed is exempt from taxes or any other charges.**

gw

28. That we, the claimant Janine has declared that any fraudulent act or act of harm or injury or of bad faith towards her by the Crown or agent of the Crown or individual acting on behalf of the agent of the Crown or any other Corporation she has the right to charge and claim compensation charges per act and can serve notice to the guilty party being the Crown or agent of the crown or company, and once notice has been served to the guilty party they have ten working days to pay in full and if not paid by that date they are considered in default where the claimant has the right to claim ownership and seize any assets or property owned by the guilty party or agent acting on behalf of the guilty party, and if the guilty party shows remorse she can choose whether to give them a remedy in replace of the owed debt, but if the guilty party does not follow through with actions requested in the remedy she has the right to continue with claiming ownership of the assets belonging to the guilty party; and

29. That we, the claimant Janine has declared the right to protect herself and her property on land of substance, and its contents that she is living off for the sustenance of life being food, water and shelter without any interference from others; and she declares the rights of all other men and women living in New Zealand have these same rights; and

30. That we, the claimant Janine, has formally challenged, abrogated, rebutted and renounced all the twelve presumptions of law asserted by the private bar guilds in the two unrebutted affidavits listed in point 29 below which if unchallenged stand true and as such the presumptions of law formally have no substance over her, being - public record, public service, public oath, immunity, summons, custody, court of guardians, court of trustees, government as executor / beneficiary, agent and agency, incompetence and guilt; and

31. That we the Claimant Janine notifies the debtors that the claimant has two unrebutted Affidavits of Status and Truth that were presented and unrebutted by the following people representing the Crown where the majority of the laws of New Zealand come from –'the Governor General of New Zealand', 'the Attorney General of New Zealand', 'Dr Caralee McLiesh' acting as 'Secretary and Chief Executive of the New Zealand Treasury', 'Rishi Sunak' acting as 'Prime Minister and First High Lord of His Majesty's Treasury' plus the Second Lord of His Majesty's Treasury 'Jeremy Hunt'; plus 'Nicholas Lyons' acting as 'Lord Mayor of City of London Corporation', plus 'Louise Di Mambro', acting as Registrar of the Privy Council and The Supreme Court of the United Kingdom, and since the affidavits were unrebutted with testimony of three witnesses they stand as truth in law and commerce, and with true lawful claim of the Claimant, Janine Barbara of the House of Bell and Arabella and Walters with proof of life and claim that she is alive and well of sound mind and over the age of consent and able to administer her own affairs and that she has removed the jurisdiction of the Crown over her life and over her property, and had

her property and estate returned to her as the 'secured party' and 'creditor' but not surety to them as debtor of all trade names and entities that have been set up to represent her, and both Affidavits have been placed on Public Notice Board and can be found on the website publicnoticesnz.com under unrebutted affidavits for your records, where the author: Janine Barbara: holds the original documents printed on cotton paper and include Janine's copyright notice and compensation schedule of fees plus Hold Harmless Indemnity Agreement and Security Agreement where Janine is the Secured Party and Power of Attorney over all her trade names. We Janine confirm that this information was in each of the three Admiralty Statements of Claim that Stephen Hewlett has in his possession, so he has no excuse to not know this information and if he has taken right and honourable action he has ensured that the chief executive of every corporation that he represents on behalf of the New Zealand Government and Crown Corporations has been provided with this information.

32. That We, Janine the Claimants have claimed All Rights Reserved with the lawful right to correct any honest mistakes or errors or omissions.

33. To show the Claimants are acting in honour each of the debtors are being provided minimum of three opportunities to rebut, so he/she/they have no excuses in law. This is the fourth formal opportunity for Stephen Hewlett as Registrar and in the private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the New Zealand Government Corporations where the corporations and its owners and shareholders have already had three opportunities to provide a rebuttal. This is the third opportunity with ten working days for rebuttal from the first date of receipt of this High Court document for the High Commissioner Phil Goff in private and representing the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and Andrew Kibblewhite in private and representing the HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and Susan Freeman-Greene in private and representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and Peter Mersi in private and representing INLAND REVENUE and INLAND REVENUE DEPARTMENT and Brook Barrington in private and representing MINISTRY OF FOREIGN AFFAIRS AND TRADE, where Bede Corry has taken over as the Secretary on 1 July 2024 and he has also been sent this notice so he has the chance to rebut on behalf of the corporation and Kim Martin in private and representing NEW ZEALAND DEBT MANAGEMENT and Caralee McLiesh in private and representing NEW ZEALAND TREASURY and Adrian Orr in private and representing RESERVE BANK OF NEW ZEALAND and Nicola Willis as Minister of Finance and Climate Change and all Owners, Shareholders, Directors/Executive Officers and Bonding

Companies of the CROWN Corporations HER MAJESTY THE QUEEN IN RIGHT OF NEW ZEALAND and THE QUEEN'S MOST EXCELLENT MAJESTY IN RIGHT OF NEW ZEALAND with company number OE021881 and THE SOVEREIGN IN RIGHT OF NEW ZEALAND ACTING BY AND THROUGH THE SECRETARY OF FOREIGN AFFAIRS AND TRADE with company number OE020656 and NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and INLAND REVENUE and INLAND REVENUE DEPARTMENT and MINISTRY OF FOREIGN AFFAIRS AND TRADE and NEW ZEALAND DEBT MANAGEMENT and NEW ZEALAND TREASURY and RESERVE BANK OF NEW ZEALAND and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE plus the parent and successor corporations with Allegations and Proof by Force of Law.

34. That we, the claimant Janine has chosen to fear God and not the corporations and is not afraid to die as I know where I am going afterward, however believe I am under the protection of God and the Holy Watchers and know that we are also doing this claim on behalf of the Living Holy Almighty God and his people where each individual is accountable before God for his/her actions of what they have done to either help mankind or harm mankind for all the events that have occurred especially in the last four years and Janine is providing the individuals a chance to make things right or face full liability and accountability for his/her actions commercially and before God Almighty.

35. That we the Claimants have all of our affairs in order and in the event someone in one of the corporations takes her life or contracts another party to take her life that she has appointed people as the lawful Assignor to step in and continue representing herself and the people of New Zealand who have been harmed and that individual chosen by Janine has someone to step in and continue representing Janine and the people of New Zealand and in the event something happens to him/her that he/she has someone to step into this role and so on, so we make it clear that this Claim will continue to stand in truth in commerce and in law until fully settled where the Claimant Janine already has the lawful right to step in and take over the running of the corporation Health New Zealand and is providing the debtors the opportunity to act in honour and work in partnership with her and the Claimants to bring about restorative justice and remedy harm, that the big corporations have now gone too far with making the people debt slaves in order to control the people plus continue to make money off them in a way that is causing harm and forcing people to take a harmful untested vaccine, and adding MRNA into the food supply plus animals with intent to destroy and harm people and the food supply and the officers and agents representing corporations are now fully accountable and liable for his/her actions.

36. That if the officers and directors and corporations that are debtors due to liability work with me the Claimant Janine, they will restore their own honour and remove personal liability where we can work in partnership to

restore and remedy previous harm for the good of all mankind. We make it clear that it is a lie that the world needs to be depopulated and that if the resources were managed and shared every man women boy and girl could have a home and land and live a healthy well and productive life contributing towards society, that the debtor corporations are making decisions and taking actions that are greed and money driven and are not in the best interests of the world and the people and you are now called to honour and account.

37. That mainstream media and Centre for Disease Control who are both controlled by the large corporations are saying that in the near future that bird flu is coming with high death rates for people and it is coming through the cows and that Fonterra in New Zealand is selling off their main high profit assets and that neither of these reportings make logical sense. There is a move to place MRNA that was in the covid vaccines to inject into the cows where the MRNA vaccine is being attributed worldwide to disease, so if our New Zealand cows or chicken start to become sick there is high probability that the sickness has come from MRNA or another vaccine or introduced 'treatment protocol' where at some point this will be proven and if cows or chicken get culled there is intentional actions of harm not only towards the cows and chicken but also towards people as they are destroying a large source of our natural food supply, and for deliberate and intentional introduction of disease that is transmittable to people with a high death rate. The fact that Fonterra is currently selling off their assets and developing artificial genetically modified milk products indicates that their officers have at least some awareness of events that are about to occur and the officers within the corporation and other government corporations that are participating and complicit with depopulation and other harmful agenda will be fully accountable for his/her actions. See **Exhibit O** in the CERTIFICATE of DEFAULT with ADMINISTRATIVE JUDGEMENT with supporting evidence of facts contained in this paragraph.

38. That we the Claimants call the corporations and officers in the corporations accountable for their actions around pushing 'Climate Change' agenda with weather control and intentional manipulation causing flood and draughts, causing food crops and orchards and other food sources and homes to be destroyed plus changing road layouts to reduce traffic flow and control traffic movement, and state that we have placed a commercial compensation charge of one million dollars each for every event of harm caused to every man, woman, boy and girl plus every animal including bees that been affected by intentional acts of weather and environment manipulation and spraying, and that the Crown is involved and complicit in using HAARP technology plus chem trailing reducing sunlight and the people are yet to discover the full extent of what additives are being dropped onto them and the earth and what affect they will have. See **Exhibit P** in the CERTIFICATE of DEFAULT with

ADMINISTRATIVE JUDGEMENT, plus **Exhibit R** in this document of evidence of intentional act overseas of killing of bees.

39. That we the Claimants call the corporations and officers in the corporations accountable for their actions for controlling the narrative of mainstream media to promote their own agenda rather than the best interests of the people and have allowed deliberate intentional lies spoken about and written in the New Zealand media being Television New Zealand, the Herald and many other main sources of information plus controlling flow of information on the internet such as facebook and you tube and blocking anything that disagreed with the message of what the government heads of the corporations were saying to try and deceive the people into taking an untested vaccine with one example Jacinda Ardern and Ashley Bloomfield repeating constantly in the media that the covid vaccine is 'safe' and 'effective' where the evidence presented in my Admiralty Statement of Claim against Health New Zealand was clear that the Minister of Health and Prime Minister of New Zealand and the District Health Board Chief Executive Officers clearly knew before the mandates were implemented that the vaccine was not safe or effective. The people of New Zealand deserve to know the truth and have actions of harm corrected where the future is about restoring the health, wealth and welling of all people, that all are equal and created equal in God's eyes and deserve equal opportunities and right to life, liberty and security. **(See pages 109,110,111,131,132 in Sequence of Events High Court Admiralty Statement of Claim against Health New Zealand)**

40. That we the Claimants have claimed back the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away.

41. That All corporate government and corporate law is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses. Hence, governments and corporations cannot exercise the power to expunge commercial processes. The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard. No Bond means no responsibility, means no power of Official signature, means no real corporate political power, and means no privilege to operate statutes as a corporate vehicle. The Corporate Legal Power is secondary to

Commercial Guarantors. Case Law is not a responsible substitute for a Bond. Municipal corporations, which include cities, countries, states and national governments, have no commercial reality without the bonding of the entity, its vehicles (statutes) and its effects (the execution of its rulings). In commerce, it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim. Except for a Jury, it is also a fatal offense for any person, even a judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or commercial process based upon an Affidavit. Judicial non-jury commercial judgements and orders originate from a limited liability entity called a municipal corporation – hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond. A foreclosure by a summary judgement (non-jury) without a commercial bond is a violation of commercial law.

42. That Governments cannot make unbounded rulings or statutes which control commerce, free enterprise citizens or sole proprietorships without suspending commerce by a general declaration of martial law. An official (officer of the court, policeman etc.) must demonstrate that he/she is individually bonded in order to use a summary process. An official who impairs, debauches, voids or abridges an obligation of contract, or the effect of a commercial lien without proper cause, becomes a lien debtor- and his/her property becomes forfeited as a pledge to serve the lien. Pound breach (breach of impoundment) and rescue is a felony.

43. That it is against the law for a Judge to summarily remove, dismiss or dissolve a commercial lien.
44. In commerce an unrebutted affidavit stands as truth in commerce, and an unrebutted affidavit is acted upon as the judgement in commerce.

45. That it is a felony for the Officer of a Political Party/Public Office to not receive and report a Claim to its Bonding Company – and it is a felony for the agent of a Bonding Company to not pay the Claim.

46. If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractise within sixty days, then it must pay the full face value of a defaulted Lien process at ninety days where the ninetieth day is 18th day of July 2024 for the officers and corporations of the first two Admiralty Statement of Claims being HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and the CROWN corporations and New Zealand Government Corporations listed as Debtors and the ninety day period ends on 20 August 2024 for the third claim against WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS LIMITED including HIGH COURT OF NEW ZEALAND and MINISTRY OF JUSTICE and CROWN Corporations and New Zealand Government Corporations listed as Debtors being in dishonour. The fourth claim was fully live as a lawful

commercial lien on 21 June 2024 with the ninety day default lien ending on 19 of September 2024 for making all the people of New Zealand debt slaves by fraud and deceit where the Debtors are every Debtor listed in paragraph 19 and on front page one being individuals and the corporations being liable including the Owners, Shareholders, Directors/Executive Officers and Bonding Companies of these corporations plus the parent and successor and associated corporations with ten percent weekly penalties being added until paid out in full from the time of default where the Claimant is recommending early settlement to avoid further very high penalty fees until paid out in full. The Debtors are informed that they have committed felonies if not reported this debt claim to their bonding companies by the sixtieth day and bonding companies required to pay out by the ninetieth day of each of the four debts **or the Claimant Janine and other Claimants she appoints as Assignor will step in with full authority and take over the corporations and seize all of their assets until paid out in full, where if the individual debtors have not acted in honour and communicated that they will work with her to restore Justice she has the lawful right to remove them.**

47. By force of International Admiralty and Common Law, the following Allegations are AFIRMED and thus proven, in the event of Failure/Refusal of response by a personally signed and certified written Answer to each and every point and paragraph demonstrating specifically described and verifiable facts to the contrary of every Debtor. The Affiant Janine and her three witnesses have confirmed that no proper answer or rebuttal or payment was received by twentieth day of June 2024 and the Allegations contained in this Affidavit are now PROVEN and the Commercial Contract Obligations immediately enforceable with commercial lien placed against all the individuals and corporations listed as the debtors on page one and will not be removed until the debtors have paid out the full amount owed including any and all other charges of harm towards individuals that have occurred and in the event of non payment have the lawful right to claim payment off the parent or successor companies or to take over the corporations as the Chief Commander to restore order and justice on behalf of every man, women, boy and girl living in New Zealand.

48. That included with this Admiralty Statement of Claim is the Certificate of Non-response and non rebuttal form Debtors certified by three witnesses dated 24h day of June 2024. See Event 8 in sequence of events.

49. That the Commercial Lien was placed on publicnoticesnz.com on 24th day of June 2024. See Event 9 in sequence of events.

50. That a Notice of Authenticity of Lien Documents was signed by three witnesses dated 24th day of June 2024. See Event 10 in sequence of events.

51. Ignorance of the law may be an excuse however the Lien claimant Janine provided a break down of the law she was claiming from in simple English terms and each debtor had the opportunity to study the law for themselves which is readily available to anyone making a reasonable effort to study the law.

52. That as of the first day of July 2024 there has been no point by point rebuttal or any proof or verification signed with wet ink signature in his/her full private and commercial capacity received from any of the Debtors to refute the claims and charges of the lien Claimant. All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth and nothing but the truth. Truth, as a valid statement of reality, is sovereign in commerce. An unrebutted affidavit stands as truth in commerce and contract law. An unrebutted affidavit is acted upon as the judgement in commerce. All men shall have the remedy by the due course of the law. 10. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

11. That backdated to nineteenth day of April in year of 2024 (judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and

protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

12. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are reestablished as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

13. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. The ASB Bank has released six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

14. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges, where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

15. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the

government heads work in partnership with me to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

16. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. I stand against any additives going into the water which means that 100% consensus can never be achieved.

17. That Nicola Willis, Christopher Luxon, Shane Reti, Lester Levy agree to meet with Janine the week of 29 July to 2 August 2024 and Janine has the right to add any other conditions that are related to removing actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, and that as these decisions are implemented and Nicola and the government heads are demonstrating actions of honour that Janine will release more funds back to be used for the benefit of all. I aim to be public in media about taking over Health New Zealand and paying off the country debt but willing to keep all other matters private as long as you and other heads of Government act with honour firstly with all points listed in this notice then demonstrate are acting in the best interests of the country and the people here I will continue to show support to you. I believe it is in the best interests of New Zealand to prevent a collapse and believe I have presented to you a very successful way to move forward from this point and look forward to receiving the funds by 26 July 2024 and working with you to make New Zealand one of the best places in the world to live restoring the freedom and rights of every New Zealander.

18. In event of non action and dishonouring of Our instructions we hold the lawful right to place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

19. Two further corporations are due for liquidation on 20 August 2024 being WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding and on 19 September 2024 if all corporations and their representatives remain in dishonour full seize of all debtor corporations and assets will occur on that date. I provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS with the lawful right to seize all assets to be used for the best interests of the people of New Zealand.

20. Attached to this notice is the Notice of Immediate Summary Judgement against all the debtors that was presented and actioned at the Tauranga Civil High Court on 19 July 2024 at 9am, and the debtors can contact Nicola Willis to be provided a copy Notice of Promise of Honour provided to her where she also holds the 4 Bills of Exchange plus the means to pay off the National Debt. The commercial lien for full amount owed is in place over Nicola Willis and the corporations she represents plus a commercial lien will be added to all other debtors in event that the people of New Zealand are not released from the national debt, where if Nicola Willis does not action paying off the national debt as instructed we have the lawful right to seize her home and all her assets and have her removed from her position.

21. I address the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. I instruct that full information be released in this next week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control.

22. It is noted here that this notice will also be sent via signature required post informing each debtor and minister or commissioner that if they obstruct this fully lawful process and instructions in this notice that I have placed on behalf of every man, woman, boy and girl living in New Zealand that a commercial lien will be placed upon all individuals obstructing, with the lawful right to seize all private assets and have individuals removed from his/her positions where the Privy Council are also made fully aware and Nicola Willis instructed by Friday 26 July 2024 to confirm and provide all email addresses of the listed debtors and ministers and commissioners and officers with accountability.

Debtors and Ministers and Officers and Commissioners with Accountability and Commercial Liability

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That on 18 July 2024 at 5pm Immediate Summary Judgement was made against HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS for immediate takeover. All debtors were aware of this. All other corporations were added as debtors due to the

All Rights Reserved

High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 and now provide him as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY ten calendar days to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024.

4. All listed debtors are given the opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non payment and obstruction.

5. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely

clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man. woman. boy and girl living in New Zealand and any charge made to any man. woman, boy or girl following this date is a criminal offence.

6. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 20th day of August 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

7. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

8. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me. the benefactor will release further funds for upgrading of New Zealand roads.

9. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

10. That backdated to nineteenth day of April in year of 2024 (judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment. innocent until proven guilty, right to privacy. right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble. right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

12. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise.

17. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points in the notice dated 24 July, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and he was provided ten calendar days from first day of receipt on 10 August 2024 to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child

All Rights Reserved

living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024. That Mark Butcher chose not to rebut this claim by 20 August 2024 and through lawful tacit acceptances has made himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY liable for the one million dollar claim for every man woman boy and girl living the land of New Zealand also known as Aotearoa with ten percent interest added per week until settled in full with the right to seize all assets of the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY or any successor or associated or parent corporation until paid out in full.

4. That **Malcolm Alexander's** name is added as a debtor on 23 August 2024 as individual and as Chief Executive representing the LOCAL GOVERNMENT NEW ZEALAND and he is provided ten calendar days from first day of receipt on 23 August 2024 to rebut the Admiralty Statement of Claim that he and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Malcom Alexander has until 5pm on Friday the sixth of September 2024 to provide a rebuttal of this statement on behalf of himself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 23 August 2024.

5. That all other debtors have already had at least 2-3 opportunities to rebut the statement that he/she and the corporation(s) they represent have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property and many other taxes and revenue making fines including high profit mark ups for basic services such as power and pharmaceutical drugs, speeding and parking fines and some are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit. **All are given one final opportunity with ten calendar days to rebut in by Friday 6 September 2024 with his/her own wet ink signature in his/her full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he/she is fully aware that this has occurred and has done nothing to stop it, and therefore hold full accountability and liability.**

6. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl, that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and

All Rights Reserved

control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man, woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation or tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. In the next week I will be going into the courts of heaven on behalf of every individual debtor pleading for your soul to cancel out your debts plus protection over your lives and your family and courage to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful bills of exchange which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into New Zealand also known as Aotearoa I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

7. That due to non rebuttal and non payment I have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS plus all the individuals and officers and directors representing them with the lawful right of takeover and seizure of all assets plus the right to remove or step aside of anyone acting in wrongful manner and all other listed debtors have until 5pm on 19 September 2024 to rebut or make payment or meet and sign agreement with me to work in partnership to change directions and decisions and actions into the best interests of the people of our land. The full plan will be actioned from 20 September 2024 and depends on individual actions as to who will stay and who will go.

8. All listed debtors are given the final opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to by 6 September 2024 with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non-payment and non-action or obstruction. Due to non-action to date commercial liens are now being placed over the individuals until you take right action with full lawful right to seize your assets if remaining in dishonour.

9. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man, woman, boy and girl living in New Zealand and any charge made to any man, woman,

All Rights Reserved

boy or girl following this date is a criminal offence with criminal and commercial charges. That Nicola Willis has the means to pay off the national debt and if she is not sure how will meet with her to determine the steps to action this.

10. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 6th day of September 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

11. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

12. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me, the benefactor of behalf of all will release further funds for upgrading of New Zealand roads.

13. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.

14. That backdated to nineteenth day of April in year of 2024 (where judgement in law active from that date due to no defence provided to the High Court Admiralty Statement of Claim) the rights of every individual within New Zealand are fully restored with immediate effects of the inalienable rights of all men women, boys and girls being the right to freedom, equality and dignity, no discrimination, right to life, liberty and security, right to not be held in slavery or any form of torture or degrading treatment or punishment, right to be treated fairly, no unfair detainment, innocent until proven guilty, right to privacy, right to freedom of movement and residence, right to acquiring, possessing and protecting property, right to nationality, to marry and have family, to own things, freedom of thought and religion, freedom of opinion and expression, right to assemble, right to democracy, right to work, right to social security and social service, right to rest and holiday, right to education, right to participate in art and culture, right to freedom of travel around the world at same time respecting the rights and freedoms of others. These rights can not be taken away, includes the right to make informed decisions around one's own health and wellbeing, and also includes freedom of speech in mainstream media and social media with censorship being unlawful and a chargeable offence unless there is proof of a crime of violence or harm.

15. That backdated to nineteenth day of July in year of 2024 speeding and parking and property fines can only be charged where a crime of harm against another individual

All Rights Reserved

can be proven, and the people are now informed that speeding and parking and property fines are not enforceable unless a crime of harm has been committed, and this will stop intentional revenue making off the people. That the police are re-established as peace officers and councils and the courts of New Zealand return to serving the people and preventing harm rather than revenue making.

16. That backdated to nineteenth day of July in year of 2024 that all past student debt is cancelled and we want our professional kiwis coming back from overseas, and all past taxes owed are wiped so that all individuals have a clean slate from this day. That it is a priority to help New Zealanders into owning their own home and encourage money saved on taxes to be saved as a deposit for a home where the NZ government will find ways to increase home ownership where funding options are being explored. That it is announced that the ASB Bank donates six billion dollars of funding towards a housing fund for first home buyers and we encourage other banks to do likewise. That as this occurs We will release further funds for home ownership plus upgrading infrastructure so that all the people of New Zealand have access to have their basic needs met.

17. Communication- that every household and individual has the means of communication for his/her essential needs and to communicate with their loved ones wherever they be in the world, where there is a limit on profit margin of the providers to maximum of 20% mark up for monthly charges. where financial assistance is granted and services provided within six months from nineteenth day of July in year of 2024 to have a communication service set up for every household with minimum requirement being a landline and internet access.

18. Energy – that every household and individual living in New Zealand have access to power/fuel/energy/lighting/heating/transportation/communication near the cost of producing it with a limit on profit margin of the providers to maximum of 20% mark up, where there is transparency of the costs and mark ups for full accountability and prevent harm and extortion plus full and complete transparency of impact on environment where previous decisions have been money and control driven rather that the best interests of the people and the environment. An example here is electric cars where lithium batteries have a very high cost to the environment and this information is being covered up due to other agendas of controlling the movements and whereabouts of people, plus we have unlimited resources of oil underneath and near New Zealand that can be utilised where one major goal should be tapping into this and re-establishing oil refineries in New Zealand. That from nineteenth day of July in year of 2024 the government heads work in partnership with Us to return energy assets back into the hands and ownership of the people, and implement controls immediately to limit profit margin to twenty percent on energy products and services.

19. Water – that every household and individual living in New Zealand have the access to free pure clean drinking water with individuals having the right to choose of putting additives into his/her own drinking water, that no government or corporation has the right to add anything into the water unless 100% consensus through a vote on behalf of every man and woman living in New Zealand. We stand against any additives going into the water which means that 100% consensus can never be achieved.

20. That Diana Sarfati is now added as individual and representative of ministry of Health and she, Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy demanded that it be released in the media that the covid-19 mandates are fully removed due to my unrebutted High Court evidence provided at the time of the Mandates that the vaccines were neither safe or effective and all licenses and jobs reinstated with immediate effect. That this will help solve the health crisis of insufficient clinicians to provide health services, and that if this does not occur by 6 September 2024 there will be consequences on the individuals Nicola Willis, Christopher Luxon, Shane Reti, and Lester Levy and Diana Sarfati where they will be held fully accountable for the harm that has occurred as a result of non-action.

21. That on 24 July 2024 We addressed the four goals addressed by Shane Reti and Chris Luxon released in the media on Monday 23 July 2024 to be implemented through Commissioner Lester Levy. I declare as the Lawful Chief over the corporation Health New Zealand that the third and fourth goal are Big Pharma driven and money driven not health driven where the inalienable rights have been restored back of every man and woman to have full disclosure of information and the right to choose. We instructed that full information be released that same week to the public of the full ingredient list in the cancer drugs, the profit mark up and the success rate of each drug where all alternative cancer treatment be released with the same information that men and women can make informed choices and choose what is best for them. The same information is also required to be released to the public for every vaccine for full disclosure of contents in each vaccine and if MRNA has been added to other vaccines as well as covid vaccines, the profit margin markup and full research and statistics to the safety and effectiveness. Decisions around health and wellbeing will now be health driven by individual men and women not big pharma or corporation profit driven or control, that Shane Reti, Chris Luxon and Lester Levy and Diana Sarfati have until 6 September 2024 to implement this.

22. In event of non action and dishonouring of Our instructions to be implemented by 6 September 2024 We hold the lawful right to seize assets and place commercial lien over every debtor listed plus and ministers or commissioners and the corporations they represent who try and obstruct the actions of takeover and accountability and pay out or obstruct media coverage.

23. That SUMMARY JUDGEMENT is now in place from 20 August 2024 for liquidation or takeover of WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS with also having the lawful right to seize assets off the parent company NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and any other successor corporations and it is a criminal offence for all of the corporations to not have informed their insurance bond companies of the debt outstanding with commercial liens now going against Murray John Holyoake and Fiona McTavish and Mark Butcher as the representatives of these corporations.

24. That on 19 September 2024 if all corporations and their representatives remain in dishonour full seizure and takeover of all debtor corporations and individual and corporation debtor assets will occur from that date. We provided the New Zealand government a way to save face and work in partnership with Us in the best interests of the people and the country, yet Summary Judgement was ignored and payment not received and the national debt was not paid off, so with full lawful rights We will step in and takeover the corporations HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS

All Rights Reserved

and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS and all listed debtor corporations with the lawful right to seize all assets to be used for the best interests of the people of New Zealand, and this is now in process of being implemented..

25. That Nicola Willis, Chris Luxon, Shane Reti and Lester Levy and Diana Sarfati are provided with one further opportunity to set up a meeting with me Janine prior to 6 September 2024.

26. That penalty ten percent per week accruing interest continues for all outstanding debts where We have full lawful rights for payout and seizure of assets off the corporations and individuals and when We are paid out We intend to invest these funds back into New Zealand for the benefit of all New Zealanders with a high priority of the health and wellbeing plus housing of every New Zealander plus sustainable living and ongoing producing of wealth and sustainable economy and social programmes for disadvantaged/vulnerable with goal of hand up, not hand out with principle of teaching a man to fish to feed him for life rather than give him fish and create dependence, and in the event of non-payment further penalties keep applying with the lawful right to take over all corporations in default of payment on nineteenth day of September where the claim is for over sixteen trillion dollars at that time. The individuals and debtors have the opportunity to work in partnership with Us to take full responsibility to remove actions of harm towards the people of New Zealand and the land of New Zealand including the covid-19 vaccine, the air, water and plant and animal life and welfare where they will work with Janine to ensure that decisions going forward are in the best interests the health, wealth and wellbeing of all New Zealanders, or if continuing in dishonour will be removed and replaced.

27. That the four Bill ledgers are attached showing the current outstanding debts owed as of 23 August 2024 also showing what will be owed on 19 September 2024 in event of non-action and non-payment..

I, Janine of the House of Arabella and Walters, certify on my own unlimited commercial liability that I have read the above 27 points of this NOTICE OF IMMEDIATE SUMMARY JUDGEMENT and NOTICE OF LIABILITY and NOTICE OF TAKEOVER OF ALL ASSETS of LISTED DEBTORS plus attached four True Bill Ledgers dated 23 August 2024 associated with the four Admiralty Statements of Claim and do know the contents to be true, correct, complete, the truth, the whole truth and nothing but the truth and do believe with private first-hand knowledge and understanding "So-help-me God" with the right to correct any honest made errors or mistakes.

Plus Any successor corporations set up to replace any of the corporations or debtors to prevent liability and in the event of removal or transfer of assets the lawful right to seize and claim off either the parent or successor corporations or any other corporation or individual that assets are transferred or sold to.

To all Debtors, Ministers, Officers and appointed Commissioner with accountability and commercial liability:

1. That on 18 July 2024 at 5pm Immediate Summary Judgement was made against HEALTH NEW ZEALAND, ASB BANK, ASB HOLDINGS for immediate takeover. All debtors were aware of this. All other corporations were added as debtors due to the High Court of New Zealand being in dishonour now involving all crown corporations. A proposal was presented to Nicola Willis as the Minister of Finance on 15 July 2024 with her being supplied the means for payout of Our Four Admiralty Statements of Claim including four lawful ways to pay off the National New Zealand Debt that were to be implemented on Friday 19 July 2024 with fifteen conditions, and as long as this was followed and implemented that We would not liquidate ASB BANK and ASB HOLDINGS or HEALTH NEW ZEALAND, and would invest the money back into the country for the best interests of every man, woman, boy and girl living in the land known as New Zealand.

2. That Nicola Willis acted in dishonour resulting in a commercial lien placed on 24th day of July 2024 against all her private assets plus the corporations she represents for the value of the National Debt rounded up to one hundred and eighty billion dollars plus the outstanding total of the Four Admiralty Statement of Claim Bill Ledgers with debt total at that time being seven trillion, nine hundred and thirty-one billion, six hundred and seventy-three million new zealand dollars, where every other debtor listed on this notice was informed that they had until 10a.m on Friday 26 July 2024 to ensure the honouring of the four bills of exchange including paying off of the National Debt, implement the instructions provided in 22 points in the notice dated 24 July, plus setting up a media conference including me Janine on that same day Friday 26 July 2024 occurring in Tauranga, as I came to Wellington and Nicola refused to attend the meeting or do press conference with me, and did not implement any of the instructions provided.

3. That **Mark Butcher's** name was added as a debtor on 24 July 2024 as individual and as Chief Executive representing the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY and he was provided ten calendar days from first day of receipt on 10 August 2024 to rebut the Admiralty Statement of Claim that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Mark Butcher has until 5pm on twentieth day of August 2024 to provide a rebuttal of this statement on behalf of himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child

All Rights Reserved

living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 24 July 2024. That Mark Butcher chose not to rebut this claim by 20 August 2024 and through lawful tacit acceptances has made himself and the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY liable for the one million dollar claim for every man woman boy and girl living the land of New Zealand also known as Aotearoa with ten percent interest added per week until settled in full with the right to seize all assets of the corporation NEW ZEALAND LOCAL GOVERNMENT FUNDING AGENCY or any successor or associated or parent corporation until paid out in full.

4. That **Malcolm Alexander's** name is added as a debtor on 23 August 2024 as individual and as Chief Executive representing the LOCAL GOVERNMENT NEW ZEALAND and he is provided ten calendar days from first day of receipt on 23 August 2024 to rebut the Admiralty Statement of Claim that he and the corporation LOCAL GOVERNMENT NEW ZEALAND have participated in making every man, woman, boy and girl debt slaves and liable to pay off the national debt through individual, corporate and property taxes and are also participating in trading our trust bonds plus made us all guarantors on government and corporate loans and debts with everything in place for full private property seizure in New Zealand and this has all been done through fraud and deceit, where Malcom Alexander has until 5pm on Friday the sixth of September 2024 to provide a rebuttal of this statement on behalf of himself and the corporation LOCAL GOVERNMENT NEW ZEALAND signed with his wet ink signature in his full commercial capacity to the service address provided, and in the event of non-rebuttal it is taken as tacit acceptance and silent acquiescence that he is fully aware that this has occurred and has done nothing to stop it, so that he and the LOCAL GOVERNMENT NEW ZEALAND are therefore fully liable to the one million dollar claim made on behalf of every man, woman and child living in the land known as New Zealand with ten percent accruing weekly penalty interest since the date his name was added on 23 August 2024.

5. 6. The Claimant Janine declares that the creator God of the heavens and earth is a loving God who desires to have a loving relationship with every man, woman, boy and girl, that God's way is the way of giving to all love, freedom and choices where all are fully accountable for his/her actions and if they own wrong actions and make restitution can be restored and reconciled. I am taking action on behalf of every man, woman, boy and girl and on behalf of the Almighty creator God who we are all accountable to. Many corporate actions have been selfish and greed based where they have held power and

control for their own benefit at the cost of others and try and hold no liability for their actions. This is all about to change as where all people especially people in leadership positions will be held fully accountable for their actions. I believe I have been inspired by God with a path forward to protect those who want to own their past mistakes and return to acting in the best interests of others. What I am doing is standing in the gap commercially plus spiritually for every man, woman, boy and girl in New Zealand, so those who want to move out of the control are covered and protected commercially and spiritually. As no one has rebutted my Admiralty Statement of Claims that have gone through the High Court of New Zealand I have full lawful right to represent every man, woman, boy and girl in New Zealand and make a commercial claim of harm against any individual or corporation or tries to harm each individual including every individual debtor listed. There is a Holy Bible scripture Romans 3:23 which says that "All have sinned and fall short of the glory of God" but God's desire is not to take people out but to restore them if they take full accountability and restitution. In the next week I will be going into the courts of heaven on behalf of every individual debtor pleading for your soul to cancel out your debts plus protection over your lives and your family and courage to stand up for what is right. I believe my proposal is the best way forward of pay out of my four lawful bills of exchange which included paying off the national debt to work in partnership with the government to action plans for best interests of all people living in New Zealand where all money and assets claimed will be invested back into New Zealand also known as Aotearoa I believe that 99% of people in leadership want to do the right thing and if they inform me who is holding control over them that I have lawful right to place a commercial claim on his/her behalf, plus place a spiritual covering of protection over you and your family to prevent harm. This is the mantel that God has been placed on me with many others standing with me in prayer to provide spiritual covering over me and all who wish to do what is right, plus commercial covering.

7. That due to non rebuttal and non payment I have already received lawful summary judgement against HEALTH NEW ZEALAND and ASB BANK and ASB HOLDINGS and WESTERN BAY OF PLENTY DISTRICT COUNCIL and BOP LASS plus all the individuals and officers and directors representing them with the lawful right of takeover and seizure of all assets plus the right to remove or step aside of anyone acting in wrongful manner and all other listed debtors have until 5pm on 19 September 2024 to rebut or make payment or meet and sign agreement with me to work in partnership to change directions and decisions and actions into the best interests of the people of our land. The full plan will be actioned from 20 September 2024 and depends on individual actions as to who will stay and who will go.

8. All listed debtors are given the final opportunity to make things right to ensure that the national debt is paid off and every man, woman, boy and girl is freed from being a debt slave from a debt that was never theirs. We have declared the following instructions to be adhered to by 6 September 2024 with commercial liability in place if not followed of all individuals and corporations listed in this notice in the event of non-payment and non-action or obstruction. Due to non-action to date commercial liens are now being placed over the individuals until you take right action with full lawful right to seize your assets if remaining in dishonour.

9. That due to having full lawful right of claim We released one hundred and eighty billion dollars to the care of Nicola Willis as the Minister of Finance to pay off and completely clear the national debt with immediate effect, and as she did not follow these instructions We declare that this debt is cancelled from 19 July 2024 over every man, woman, boy and girl living in New Zealand and any charge made to any man, woman,

boy or girl following this date is a criminal offence with criminal and commercial charges. That Nicola Willis has the means to pay off the national debt and if she is not sure how will meet with her to determine the steps to action this.

10. That the debtors release in the media that the national debt is paid off/cancelled over every man, woman, boy and girl living in the land known as New Zealand by 4pm on 6th day of September 2024 where the New Zealand government heads announce through either Chris Luxon or Nicola Willis this point and all following points that individual and corporate and trust taxation has been reduced to maximum of ten percent backdated to 19 July 2024 and that full accountability be in place where the people of New Zealand are fully informed of spending of all claimed tax money and have a vote and say how this tax money is spent.

11. That backdated to nineteenth day of July 2024 property taxes be reduced to one thousand per year per property with full accountability and releasing of the information to the people on how this money is spent with the people having a vote and say on how this money is spent.

12. That backdated to nineteenth day of July 2024 petrol and fuel tax be completely removed as well as road user charge and toll charges plus public parking fees be removed so that travel on New Zealand roads and parking be free for freedom of movement throughout New Zealand and in doing so me, the benefactor of behalf of all will release further funds for upgrading of New Zealand roads.

13. That as a result of fuel taxes and road user charges and other taxes being dropped that this would have an immediate flow on effect of food and products and services in New Zealand costing less, as it is costing less to provide food and products to the people.
